Description of Professional Designations

Chartered Financial Analyst (CFA)

This designation is an international professional certification given by the CFA Institute that measures the competence and integrity of financial analysts. Candidates are required to pass three levels of exams covering areas such as accounting, economics, ethics, money management and security analysis. A CFA charterholder must have four years of investment/financial career experience and hold a bachelor's degree. A CFA charterholder is also obligated to adhere to a strict Code of Ethics and Standards governing their professional conduct.

Chartered Alternative Investment Analyst (CAIA)

This designation is an international professional certification given by the CAIA Association. The CAIA Association is a global professional body dedicated to creating greater alignment, transparency, and knowledge for all investors, with a specific emphasis on alternative investments. Candidates are required to pass two levels of exams covering specific alternative investment products as well as the related investment strategies, risk management techniques, and due diligence. A CAIA charterholder must have four years of experience in the alternative investment analysis or hold a bachelor's degree and one year of professional experience in the field of alternative investment analysis. A CAIA charterholder is obligated to adhere to their Member Agreement.

Fellow of the Society of Actuaries (FSA)

This designation is an professional certification given by the Society of Actuaries (SOA). The SOA is a professional body dedicated to the advancement of actuarial knowledge and to enhance the ability of actuaries to provide expert advice and relevant solutions for financial, business and societal challenges. Requirements to attain the FSA designation include exams, e-Learning courses and modules, a proctored project assessment, validation of educational experiences outside the SOA Education system, a professionalism seminar and the Fellowship Admissions Course.
