FORM ADV PART 2A BROCHURE

This brochure provides information about the qualifications and business practices of Third Street Advisors, LLC. If you have any questions about the contents of this brochure, contact us at 630-513-8815. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about Third Street Advisors, LLC is also available on the SEC's website at www.adviserinfo.sec.gov. The searchable IARD/CRD number for Third Street Advisors, LLC is 113212.

Third Street Advisors, LLC is a Registered Investment Adviser. Registration with the United States Securities and Exchange Commission or any state securities authority does not imply a certain level of skill or training.

Item 2 Summary of Material Changes

Form ADV Part 2 requires registered investment advisers to amend their brochure when information becomes materially inaccurate. If there are any material changes to an adviser's disclosure brochure, the adviser is required to notify you and provide you with a description of the material changes.

Since the filing of our last annual updating amendment dated February 17, 2023, we have the following material changes to report:

- We have changed our business address. Please refer to the Cover Page of this brochure for the new address location.
- We have updated information concerning our financial industry activities and affiliations. As of January 2024, persons providing investment advice on behalf of our firm are no longer registered representatives with Osaic Wealth, Inc. (fka. Sagepoint), they are now registered representatives of LPL Financial LLC. Consequently, we have revised this brochure to remove and replace any reference to Osaic Wealth, Inc. with LPL Financial LLC. Please see *Item 5 Fees and Compensation*, *Item 10 Other Financial Industry Activities and Affiliations* for additional information.

Item 4 Advisory Business

Third Street Advisors, LLC is a registered investment adviser based in Geneva, Illinois. Our firm is organized as a Limited Liability Company under the laws of the State of Illinois. We have been providing investment advisory services since 2001. Third Street Advisors, LLC is wholly owned by Alpha Dog Advisors, Inc., a corporation organized in the state of Wisconsin.

As used in this brochure, the words "we", "our" and "us" refer to Third Street Advisors, LLC and the words "you", "your" and "client" refer to you as either a client or prospective client of our firm. Also, you may see the term Associated Person throughout this Brochure. Our Associated Persons are our firm's members, employees, and all individuals providing investment advice on behalf of our firm.

Portfolio Management Services

We provide discretionary and non-discretionary portfolio management services on a continuous basis in accordance with your individual investment objectives. If you retain our firm for portfolio management services, we require you to grant us discretionary authority to manage your account. Subject to a grant of discretionary authorization, we have the authority and responsibility to formulate investment strategies on your behalf. Discretionary authorization will allow us to determine the specific securities, and the amount of securities, to be purchased or sold for your account without obtaining your approval prior to each transaction. We will also have discretion over the broker or dealer to be used for securities transactions, and over the commission rates to be paid. Discretionary authority is typically granted by the investment advisory agreement you sign with our firm, a power of attorney, or trading authorization forms.

We will meet with you to determine your investment objectives, risk tolerance, and other relevant information (the "suitability information") at the beginning of our advisory relationship. We will use the suitability information we gather to develop a strategy that enables our firm to give you continuous and focused investment advice and/or to make investment recommendations on your behalf. As part of our portfolio management services, we will evaluate your existing investments and where necessary we will develop a plan to transition existing investments into or out of your new portfolio strategy.

With your approval, the outgrowth of the process is a set of reasonable working guidelines for the management of an investment portfolio. We then implement the policy in accordance with currently prevailing market conditions and your investment expectations. Once we construct an investment portfolio for you, or select a model portfolio, we will monitor your portfolio's performance on an ongoing basis, and we will provide rebalancing recommendations as required based on changes in market conditions and/or your financial circumstances. In addition, reports are prepared quarterly for all accounts. Reports serve as your basis for monitoring interim progress.

You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing.

We may also offer non-discretionary portfolio management services. If you enter into non-discretionary arrangements with our firm, we must obtain your approval prior to executing any transactions on behalf of your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Our fee for portfolio management services is based on a percentage of your assets we manage. Maximum annualized asset management fees are set forth in the following fee schedule:

Assets Under Management

\$0 to \$100,000
\$100,001 to \$250,000
\$250,001 to \$500,000
\$500,001 to \$1,000,000
Over \$1,000,000

Annual Fee

2.00%
1.75%
1.50%
1.25%
Negotiable

Our portfolio management fee is billed and payable quarterly in advance based on the value of your account on the last day of the previous calendar quarter. For the initial quarter of portfolio management services, the first quarter's fees will be calculated on a pro rata basis, which means the advisory fee is payable in proportion to the number of days in the quarter for which you are a client. Additional deposits into the account are subject to the same fee procedures. Fees are negotiable, depending on individual client circumstances.

We will send you an invoice for the payment of our advisory fee, or we will deduct our fee directly from your account through the qualified custodian holding your funds and securities. We will deduct our advisory fee only when you have given our firm written authorization permitting the fees to be paid directly from your account. Further, the qualified custodian will deliver an account statement to you at least quarterly. These account statements will show all disbursements from your account. You should review all statements for accuracy. We will also receive a duplicate copy of your account statements.

You may terminate the portfolio management agreement upon 30-days' written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the portfolio management agreement, which means you will incur advisory fees only in proportion to the number of days in the quarter for which you are a client. If you have pre-paid advisory fees that we have not yet earned, you will receive a prorated refund of those fees.

IRA Rollover Recommendations

Effective December 20, 2021 (or such later date as the US Department of Labor ("DOL") Field Assistance Bulletin 2018-02 ceases to be in effect), for purposes of complying with the DOL's Prohibited Transaction Exemption 2020-02 ("PTE 2020-02") where applicable, we are providing the following acknowledgment to you.

When we provide investment advice to you regarding your retirement plan account or individual retirement account, we are fiduciaries within the meaning of Title I of the Employee Retirement Income Security Act and/or the Internal Revenue Code, as applicable, which are laws governing retirement accounts. The way we make money creates some conflicts with your interests, so we operate under a special rule that requires us to act in your best interest and not put our interest ahead of yours. Under this special rule's provisions, we must:

- Meet a professional standard of care when making investment recommendations (give prudent advice);
- Never put our financial interests ahead of yours when making recommendations (give loyal advice);
- Avoid misleading statements about conflicts of interest, fees, and investments;
- Follow policies and procedures designed to ensure that we give advice that is in your best interest;
- Charge no more than is reasonable for our services; and
- Give you basic information about conflicts of interest.

We benefit financially from the rollover of your assets from a retirement account to an account that we manage or provide investment advice, because the assets increase our assets under management and, in turn, our advisory fees. As a fiduciary, we only recommend a rollover when we believe it is in your best interest.

Types of Investments

When developing client portfolios, we employ a wide range of investment vehicles. Investment portfolios *may* include individual stocks, corporate debt securities, municipal bonds, equity and fixed income mutual funds, exchange traded funds as well as closed end funds. Additionally, we may recommend other types of investments since each client has different needs and different tolerances for risk. We may also advise you on any type of investment held in your portfolio at the inception of our advisory relationship, or on specific types of investments at your request.

You may request that we refrain from investing in particular securities or certain types of securities. You must provide these restrictions to our firm in writing.

Assets Under Management

As of December 31, 2023, we provide continuous management services for \$61,683,923 in client assets on a discretionary basis, and \$33,963,047 in client assets on a non-discretionary basis.

Item 5 Fees and Compensation

Refer to the *Advisory Business* section in this Brochure for information on our advisory fees, fee deduction arrangements, and refund policy according to each service we offer.

Additional Fees and Expenses

As part of our investment advisory services to you we may recommend that you invest, in mutual funds and exchange traded funds. The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds or exchange traded funds (described in each fund's prospectus) to their shareholders. These fees will generally include a management fee and other fund expenses. You will also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian through whom your account transactions are executed. We do not share in any portion of the brokerage fees/transaction charges imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by mutual funds, exchange traded funds, our firm, and others. For information on our brokerage practices, please refer to the *Brokerage Practices* section of this Disclosure Brochure.

Compensation for the Sale of Securities or Other Investment Products

Persons providing investment advice on behalf of our firm are registered representatives with LPL Financial LLC ("LPL Financial") a securities broker-dealer, and a member of the FINRA and the Securities Investor Protection Corporation. In their capacity as registered representatives, these persons may receive normal and customary commission-based compensation in connection with the purchase and sale of securities. These persons does not receive 12b-1 fee compensation from mutual funds that pay such fees. Compensation earned by these persons in their capacity as a registered representative is separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are insurance agents have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. This conflict is mitigated, however, because clients are under no obligation to implement investment through Associated Persons or LPL Financial. Commissions may be higher or lower at LPL Financial than other broker/dealers.

Associated Persons of our firm may be licensed as independent insurance agents with Equity Design Group, an affiliated licensed insurance agency under common ownership and control with Third Street Advisors, LLC. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by these persons are separate and in addition to our advisory fees. The insurance products sold are transacted with a variety of insurance companies on a commission basis. You are under no obligation to purchase or apply for insurance or to use Associated Persons as brokers for insurance product purchases. If you decide to purchase or apply for insurance, or use Associated Persons as the broker for insurance products, a conflict may exist between your interest and that of our Associated Person.

Item 6 Performance-Based Fees and Side-By-Side Management

We do not accept performance-based fees or participate in side-by-side management. Performance-based fees are fees that are based on a share of capital gains or capital appreciation of a client's account. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance-based fees. Our fees are calculated as described in the *Advisory Business* section above, and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds in your advisory account.

Item 7 Types of Clients

We offer investment advisory services to individuals, pension and profit sharing plans, trusts, estates, charitable organizations, corporations, and other business entities.

In general, we do not require a minimum dollar amount to open and maintain an advisory account; however, we have the right to terminate your Account if it falls below a minimum size which, in our sole opinion, is too small to effectively manage.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

Our security analysis methods include, but are not limited to, charting (using charts to track individual security or market movements over time); fundamental analysis (evaluating securities based upon its historical and projected financial performance); technical analysis (examining moves in the price of an issue based upon peer securities or comparisons to an investment sector or index); and cyclical analysis (determining the desirability of an issue based upon the status of an issue within the price cycle the security or similar securities have followed historically).

Our investment strategies and advice may include, but are not limited to, long term purchase (held in your account for at least one year after purchase), and short term purchases (securities sold within a year); however, our investment strategies will vary depending upon each client's specific financial situation. As such, we determine investments, strategies, and allocations based upon your predefined objectives, risk tolerance, time horizon, financial information, liquidity needs, and other various suitability factors. Your restrictions and guidelines may affect the composition of your portfolio.

Short-term trading is not a fundamental part of our overall investment strategy, but we may use this strategy occasionally when we determine that it is suitable given your stated investment objectives, tolerance for risk, and based on market conditions.

Our strategies and investments may have unique and significant tax implications. We generally take tax efficiency into consideration in the management of your assets. Nonetheless, regardless of your account size or any other factors, we recommend that you consult with a tax professional prior to and throughout the investing of your assets.

As a result of revised IRS regulations, custodians and broker-dealers will begin reporting the cost basis of equities acquired in client accounts on or after January 1, 2011. Custodians will default to the FIFO accounting method for calculating the cost basis of your investments. You are responsible for contacting your tax advisor to determine if this accounting method is the right choice for you. If your tax advisor believes another accounting method is more advantageous, please provide written notice to our firm immediately and we will alert your account custodian of your individually selected accounting method. Please note that decisions about cost basis accounting methods will need to be made before trades settle, as the cost basis method cannot be changed after settlement.

Risk of Loss

Investing in securities involves risk of loss that you should be prepared to bear. We do not represent or guarantee that our services or methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate clients from losses due to market corrections or declines. We cannot offer any guarantees or promises that your financial goals and objectives will be met. Past performance is in no way an indication of future performance.

Recommendation of Particular Types of Securities

As disclosed under the *Advisory Business* section in this Brochure, we recommend all types of securities and we do not necessarily recommend one particular type of security over another since each client has different needs and different tolerance for risk. Each type of security has its own unique set of risks associated with it and it would not be possible to list here all of the specific risks of every type of investment. Even within the same type of investment, risks can vary widely. However, in very general terms, the higher the anticipated return of an investment, the higher the risk of loss associated with it.

Item 9 Disciplinary Information

Third Street Advisors, LLC has been registered and providing investment advisory services since 2001. Neither our firm nor any of our associated persons has any reportable disciplinary information.

Item 10 Other Financial Industry Activities and Affiliations

Registrations with Broker-Dealer

Persons providing investment advice on behalf of our firm are registered representatives with LPL Financial, a securities broker-dealer, and a member of the FINRA and the Securities Investor Protection Corporation. Refer to the *Fees and Compensation* section above for additional disclosures on this topic.

Certain Associated Persons registered with our firm may also be employees of affiliated accounting firms. You may be offered accounting, management and tax services that are separate from the advisory services we provide. You are under no obligation to engage these affiliated firms for such services. Fees paid to our firm for investment advisory services are separate and distinct from fees paid to these affiliated entities.

We are affiliated with Equity Design Group, through common control and ownership. Persons providing investment advice on behalf of our firm may also be licensed as insurance agents. Please refer to the *Fees and Compensation* section above for additional disclosures on this topic.

These affiliated firms may otherwise be regulated by the professional organizations to which they belong and must comply with the rules of those organizations. These rules may prohibit paying or receiving referral fees to or from investment advisers that are not members of the same organization.

These referral arrangements we have with our affiliated entities present a conflict of interest because we may have a financial incentive to recommend our affiliates' services. While we believe that compensation charged by our affiliates are competitive, such compensation may be higher than fees charged by other firms providing the same or similar services. You are under no obligation to use our affiliates' services and may obtain comparable services and/or lower fees through other firms.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

We have adopted a Code of Ethics that sets the standard of conduct expected to comply with applicable securities laws. Our goal is to protect your interests at all times and to demonstrate our commitment to our fiduciary duties of honesty, good faith, and fair dealing with you. We adhere strictly to these guidelines. Additionally, we maintain and enforce written policies reasonably designed to prevent the misuse or dissemination of material, non-public information about you or your account holdings by persons associated with our firm. Clients or perspective clients may contact us at 630-513-8815 to request a copy of our Code of Ethics.

Participation or Interest in Client Transactions

Neither our firm nor any of our Associated Persons has any material financial interest in client transactions beyond the provision of investment advisory services as disclosed in this Brochure.

Personal Trading Practices

Our firm or persons associated with our firm may buy or sell the same securities that we recommend to you or securities in which you are already invested. A conflict of interest exists in such cases because we have the ability to trade ahead of you and potentially receive more favorable prices than you will receive. To mitigate this conflict of interest, it is our policy that we will only execute transactions for personal accounts in the same direction as, and not within the same day as, your customer account.

These requirements are not applicable to: (i) direct obligations of the Government of the United States; (ii) money market instruments, bankers' acceptances, bank certificates of deposit, commercial paper, repurchase agreements and other high quality short-term debt instruments, including repurchase agreements; (iii) shares issued by mutual funds or money market funds; and (iv) shares issued by unit investment trusts that are invested exclusively in one or more mutual funds.

Item 12 Brokerage Practices

We routinely recommend the brokerage and custodial services of Schwab Institutional a division of Charles Schwab & Co., Inc. ("Schwab Institutional"), an unaffiliated securities broker-dealer and member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation. Clients are advised that there may be transaction charges involved when purchasing or selling securities. Our firm does not share in any portion of the brokerage fees/transaction charges imposed by Schwab Institutional. Additionally, the commission/transaction fees charged by Schwab Institutional may be higher or lower than those charged by other broker-dealer/custodians.

Schwab Institutional provides our firm with access to its institutional trading and operations services, which are typically not available to Schwab retail investors. These services generally are available to independent investment advisers at no charge to them so long as a total of at least \$10 million of the adviser's clients account assets are maintained at Schwab Institutional. Schwab Institutional services may include research, brokerage, custody, access to mutual funds and other investments that are otherwise available only to institutional investors or would require significantly higher minimum initial investments. Schwab Institutional also makes available to our firm other products and services that benefit our firm but may not directly benefit its clients' accounts. These include software and other technology that provide access to client account data (such as trade confirmations and account statements), facilitate trade execution, provide research, pricing information and other market data, facilitate payment of our firm's fees from its clients' accounts, and assist with back-office support, recordkeeping and client reporting. The availability to our firm of the foregoing products and services is not contingent upon our firm committing to Schwab Institutional any specific amount of business.

We believe that Schwab Institutional provides quality execution services for you at competitive prices. Price is not the sole factor we consider in evaluating best execution. We also consider the quality of the brokerage services provided by Schwab Institutional, including the value of research provided, the firm's reputation, execution capabilities, commission rates, and responsiveness to our clients and our firm. In recognition of the value of research services and additional brokerage products and services Schwab Institutional provides, you may pay higher commissions and/or trading costs than those that may be available elsewhere.

There is no requirement that you use the broker that we recommend; however, we reserve the right to not accept your account if you choose to select a different broker or dealer.

Associated persons of our firm may, from time to time, attend conferences offered by various vendors and/or wholesalers. These conferences may be available to Associated Persons of our firm at no cost.

Brokerage for Client Referrals

We do not receive client referrals from broker-dealers in exchange for cash or other compensation, such as brokerage services or research.

Block Trades

We combine multiple orders for shares of the same securities purchased for discretionary advisory accounts we manage (this practice is commonly referred to as "aggregated trading"). We will then distribute a portion of the shares to participating accounts in a fair and equitable manner. Generally, participating accounts will pay a fixed transaction cost regardless of the number of shares transacted. In certain cases, each participating account pays an average price per share for all transactions and pays a proportionate share of all transaction costs on any given day. In the event an order is only partially filled, the shares will be allocated to participating accounts in a fair and equitable manner, typically in proportion to the size of each client's order. Accounts owned by our firm or persons associated with our firm may participate in aggregated trading with your accounts; however, they will not be given preferential treatment.

We do not aggregate trades for non-discretionary accounts. Accordingly, non-discretionary accounts may pay different costs than discretionary accounts pay. If you enter into non-discretionary arrangements with our firm, we may not be able to buy and sell the same quantities of securities for you and you may pay higher commissions, fees, and/or transaction costs than clients who enter into discretionary arrangements with our firm.

Item 13 Review of Accounts

Your advisory representative will contact you periodically and will meet with you at least annually to review the performance of your advisory account and any change in your finances, financial goals or profile. Moreover, you are encouraged to discuss your needs, goals, and objectives with our firm, and to keep us informed of any changes in this information. The frequency of contact during any particular year is determined by you and your advisor representative. Additional reviews may be conducted at your request, or based on various circumstances, including, but not limited to, contributions and withdrawals, year-end tax planning, market moving events, security specific events, and/or, changes in your risk/return objectives. Advisory representatives and/or our home office personnel are available during business hours to answer your questions or other inquiries.

Personnel currently performing portfolio reviews are the President, Jason Hohenstein, or his designee. The individuals conducting reviews may vary from time to time, as personnel join or leave our firm.

Item 14 Client Referrals and Other Compensation

We do not directly or indirectly compensate non-employee (outside) consultants, individuals, and/or entities (Solicitors) for client referrals.

Refer to the *Brokerage Practices* section above for disclosures on research and other benefits we may receive resulting from our relationship with your account custodian.

Persons providing investment advice on behalf of our firm are registered representatives with Sagepoint, a securities broker-dealer, and may be separately licensed as insurance agents. Refer to the *Fees and Compensation* section above for additional disclosures on this topic.

Item 15 Custody

We may directly debit your account(s) for the payment of our advisory fees. This ability to deduct our advisory fees from your accounts causes our firm to exercise limited custody over your funds or securities. We do not have physical custody of any of your funds and/or securities. Your funds and securities will be held with an independent qualified custodian. You will receive account statements from the independent, qualified custodian(s) holding your funds and securities at least quarterly. The account statements from your custodian(s) will indicate the amount of our advisory fees deducted from your account(s) each billing period. You should carefully review account statements for accuracy. If you have a question regarding your account statement or if you did not receive a statement from your custodian, please contact us at 630-513-8815.

Item 16 Investment Discretion

Before we can buy or sell securities on your behalf, you must first sign our discretionary management agreement and the appropriate trading authorization forms.

You may grant our firm discretion over the selection and amount of securities to be purchased or sold for your account(s), the broker or dealer to be used for each transaction, and over the commission rates to be paid without obtaining your consent or approval prior to each transaction. You may specify investment objectives, guidelines, and/or impose certain conditions or investment parameters for your account(s). For example, you may specify that the investment in any particular stock or industry should

not exceed specified percentages of the value of the portfolio and/or restrictions or prohibitions of transactions in the securities of a specific industry or security. Refer to the *Advisory Business* section in this Brochure for more information on our discretionary management services.

If you enter into non-discretionary arrangements with our firm, we will obtain your approval prior to the execution of any transactions for your account(s). You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Item 17 Voting Client Securities

Without exception, we will not vote proxies on behalf of your advisory accounts. At your request, we may offer you advice regarding corporate actions and the exercise of your proxy voting rights.

Item 18 Financial Information

We are not required to provide financial information to our clients because we do not:

- require the prepayment of more than \$1,200 in fees and six or more months in advance, or
- take custody of client funds or securities, or
- have a financial condition that is reasonably likely to impair our ability to meet our commitments to you.

Item 19 Requirements for State Registered Investment Advisers

We are a federally registered investment adviser; therefore, we are not required to respond to this item.

Item 20 Additional Information

Your Privacy

We view protecting your private information as a top priority. Pursuant to applicable privacy requirements, we have instituted policies and procedures to ensure that we keep your personal information private and secure.

We do not disclose any nonpublic personal information about you to any nonaffiliated third parties, except as permitted by law. In the course of servicing your account, we may share some information with our service providers, such as transfer agents, custodians, broker-dealers, accountants, consultants, and attorneys.

We restrict internal access to nonpublic personal information about you to employees, who need that information in order to provide products or services to you. We maintain physical and procedural safeguards that comply with regulatory standards to guard your nonpublic personal information and to ensure our integrity and confidentiality. We will not sell information about you or your accounts to anyone. We do not share your information unless it is required to process a transaction, at your request, or required by law.

You will receive a copy of our privacy notice prior to or upon signing an advisory agreement with our firm. Thereafter, we will deliver a copy of our current privacy notice to you on an annual basis. Please contact our home office at 630-513-8815 if you have any questions regarding this policy.

Trade Errors

In the event a trading error occurs in your account, our policy is to restore your account to the position it was in prior to when the trading error occurred. Depending on the circumstances, corrective actions may include canceling the trade, adjusting an allocation, and/or reimbursing the account.

Class Action Lawsuits

We do not determine if securities held by you are the subject of a class action lawsuit or whether you are eligible to participate in class action settlements or litigation nor do we initiate or participate in litigation to recover damages on your behalf for injuries as a result of actions, misconduct, or negligence by issuers of securities held by you.
