SERVICES PROVIDED

Portfolio Management

At the outset of each client relationship, Strickland Davis Advisors LLC spends time with the client, asking questions, discussing the client's investment experience and financial circumstances, and reviewing options for the client. Based on its reviews, Strickland Davis Advisors LLC generally develops an Investment Policy Statement ("IPS") with each client. The IPS is based on the client's financial circumstances and goals, risk tolerance level and investment objectives. Income tax, retirement and estate planning are also integral parts of the IPS. The IPS will be updated from time to time when requested by the client, or when determined to be necessary or advisable by Strickland Davis Advisors LLC based on updates to the client's financial or other circumstances.

Strickland Davis Advisors LLC analyzes existing assets, including allocation among asset classes, and suggests changes to the allocation based on the IPS. Strickland Davis Advisors LLC manages portfolios directly. After agreeing to a target asset allocation, Strickland Davis then implements that allocation using investment products which may include, but are not limited to, cash (to include money market funds), stocks, mutual funds, ETFs (exchange traded funds) and bonds. Strickland Davis Advisors LLC has discretionary authority over the client's investment portfolio. As a discretionary investment adviser, Strickland Davis Advisors LLC will have the authority to supervise and direct the portfolio without prior consultation with the client.

Notwithstanding the foregoing, clients may impose certain written restrictions on Strickland Davis Advisors LLC in the management of their investment portfolios, such as prohibiting the inclusion of certain types of investments in an investment portfolio or prohibiting the sale of certain investments held in the account at the commencement of the relationship. Each client should note, however, that restrictions imposed by a client may adversely affect the composition and performance of the client's investment portfolio. Each client should also note that his or her investment portfolio is treated individually by giving consideration to each purchase or sale for the client's account. For these and other reasons, performance of client investment portfolios within the same investment objectives, goals and/or risk tolerance may differ, and clients should not expect that the composition or performance of their investment portfolios would necessarily be consistent with similar clients of Strickland Davis Advisors LLC.

Retirement Plan Services

Establishing a sound fiduciary governance process is vital to good decision-making and to ensuring that prudent procedural steps are followed in making investment decisions. Strickland Davis Advisors LLC, in conjunction with Savant Wealth Management, will provide Retirement Plan consulting services to Plans and Plan Fiduciaries as described below. The particular services provided will be detailed in the consulting agreement. The appropriate Plan Fiduciary(ies) designated in the Plan documents (e.g., the Plan sponsor or named fiduciary) will (i) make the decision to retain our firm; agree to the scope of the services that we will provide; and (iii) make the ultimate decision as to accepting any of the recommendations that we may provide. The Plan Fiduciaries are free to seek independent advice about the appropriateness of any recommended services for the Plan. Retirement Plan consulting services may be offered individually or as part of a comprehensive suite of services.

The Employee Retirement Income Security Act of 1974 (“ERISA”) sets forth rules under which Plan Fiduciaries may retain investment advisers for various types of services with respect to Plan assets. For certain services, Strickland Davis Advisors LLC will be considered a fiduciary under ERISA. For example, Strickland Davis Advisors LLC will act as an ERISA § 3(21) fiduciary when providing non-discretionary investment advice to the Plan Fiduciaries.

Strickland Davis Advisors LLC has contracted with Savant Wealth Management for assistance with providing retirement plan services to its clients. Such services include administrative, consulting, and marketing support, as well as Savant Wealth Management’s service as an ERISA 3(38) Investment Manager with full discretion for investment selection and monitoring. Retirement Plan clients, through the Plan Fiduciaries, will enter into separate agreements with both Strickland Davis Advisors LLC and Savant Wealth Management.

With respect to any account for which Strickland Davis LLC meets the definition of a fiduciary under Department of Labor rules, Strickland Davis LLC acknowledges that both Strickland Davis LLC and its Related Persons are acting as fiduciaries. Additional disclosure may be found elsewhere in this Brochure or in the written agreement between Strickland Davis LLC and Client.

ASSET ALLOCATION THROUGH ADVISOR SERVICES PROGRAM

The Adviser offers an asset allocation program through the Advisor Services program (formerly Partners+Program™) by Savant Wealth Management, an independent investment adviser registered with the SEC (“Savant Wealth Management”). The Adviser will work with the client to determine the client’s investment objectives, risk and return characteristics and types of investments and provide the client with a written investment policy statement. The Adviser assists clients in selecting the investment strategies that are consistent with the client’s investment policy statement. The Adviser evaluates the client’s existing investments with respect to the client’s investment policy statement and individual performance. The Adviser then works with clients to develop a transition plan in order to move from the client’s existing asset allocation to the desired asset allocation. The Adviser will direct the investment and reinvestment of the assets in the client’s account. The Adviser will monitor the performance of the assets as well as the asset allocation strategy and then meet with the client as requested to review performance reports provided to the client.

The Adviser provides ongoing investment supervisory services on the client’s behalf. These services include the following:

- A. Prepare the client’s investment policy statement.

- B. Review the client's risk profile.
- C. Recommend options to achieve the client's financial objectives.
- D. Implement investment strategies; and
- E. Report to client and monitor performance of the client's investments.

The Adviser has contracted with Savant Wealth Management for services including portfolio management, trade processing, collection of portfolio management fees, report preparation and maintenance, marketing assistance and research, and access to certain lower cost institutional class mutual funds.

The Adviser will supervise client accounts and otherwise provide services to clients and conduct its activities in a manner that satisfies all applicable conditions of the Investment Advisers Act of 1940, as amended (the "Advisers Act"), and Rule 3a-4 under the Investment Company Act of 1940, as amended, including: (i) obtaining information from the client about the client's particular financial situation and investment objectives (including any reasonable investment restrictions that the client may wish to impose on the management of its account); (ii) contacting each client at least annually to determine whether there have been any changes in the client's financial situation or investment objective, or whether the client wishes to impose any reasonable restrictions on the management of the account or modify an existing restriction in a reasonable manner; and (iii) notifying each client in writing at least quarterly to contact the Adviser if there have been any changes in the client's financial situation or investment objectives, or if the client wishes to impose or clarify an investment restriction.

Upon receipt of the funds, Savant Wealth Management will retain its agreed upon percentage and remit the remaining amount to Strickland Davis Advisors LLC.

Item 6 - Performance-Based Fees and Side-By-Side Management

Strickland Davis Advisors LLC does not have any performance-based fee arrangements. "Side-by-Side Management" refers to a situation in which the same firm manages accounts that are billed based on a percentage of assets under management and at the same time manages other accounts for which fees are assessed on a performance fee basis. Because Strickland Davis Advisors LLC has no performance-based fee accounts, it has no side-by-side management.

Item 7 - Types of Clients

Strickland Davis Advisors LLC serves individuals, pension and profit-sharing plans, trusts, and estates. Portfolios managed directly by Strickland Davis Advisors LLC, there is generally no minimum portfolio or minimum fee.

Item 8 - Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

In accordance with the IPS, Strickland Davis Advisors LLC can invest in mutual funds, exchange traded funds, as well as individual stocks or bonds for client accounts.

Mutual funds and ETFs are generally evaluated and selected based on a variety of factors, including, without limitation, past performance, fee structure, portfolio manager, fund sponsor, overall ratings for safety and returns, and other factors.

Investment Strategies

The strategic approach of Strickland Davis Advisors LLC is to invest each portfolio in accordance with the IPS that has been developed specifically for each client. Strickland Davis Advisors LLC is generally a long-term investor, meaning that securities are purchased with the expectation that the value of those securities will grow over a relatively long period of time, generally greater than one year.

Risk of Loss

While Strickland Davis Advisors LLC seeks to diversify clients' investment portfolios across various

asset classes consistent with their IPS in an effort to reduce risk of loss, all investment portfolios are subject to risks. Accordingly, there can be no assurance that client investment portfolios will be able to fully meet their investment objectives and goals, or that investments will not lose money.

Below is a description of several of the principal risks that client investment portfolios face.

Management Risks. While Strickland Davis Advisors LLC manages client investment portfolios, or recommends one or more Managers, based on its experience, research and proprietary methods, the value of client investment portfolios will change daily based on the performance of the underlying securities in which they are invested. Accordingly, client investment portfolios are subject to the risk that Strickland Davis Advisors LLC allocates client assets to individual securities and/or asset classes that are adversely affected by unanticipated market movements, and the risk that its specific investment choices could underperform their relevant indexes.

Risks of Investments in Mutual Funds, ETFs and Other Investment Pools. As described above, Strickland Davis Advisors LLC or a Manager will generally invest client portfolios in mutual funds, ETFs and other investment pools ("pooled investment funds"). Investments in pooled investment funds are generally less risky than investing in individual securities because of their diversified portfolios; however, these investments are still subject to risks associated with the markets in which they invest. In addition, pooled investment funds' success will be related to the skills of their particular managers and their performance in managing their funds. Pooled investment funds are also subject to risks due to regulatory restrictions applicable to registered investment companies under the Investment Company Act of 1940.

Equity Market Risks. Strickland Davis Advisors LLC and any Managers will invest portions of client assets directly into equity investments, primarily pooled investment funds that invest in the stock market. As noted above, while pooled investments have diversified portfolios that may make them less risky than investments in individual securities, funds that invest in stocks and other equity securities are nevertheless subject to the risks of the stock market. These risks include, without limitation, the risks that stock values will decline due to daily fluctuations in the markets, and that stock values will decline over longer periods (e.g., bear markets) due to general market declines in the stock prices for all companies, regardless of any individual security's prospects.

Fixed Income Risks. Strickland Davis Advisors LLC and any Managers may invest portions of client assets directly into fixed income instruments, such as bonds and notes, or may invest in pooled investment funds that invest in bonds and notes. While investing in fixed income instruments, either directly or through pooled investment funds, is generally less volatile than investing in stock (equity) markets, fixed income investments nevertheless are subject to risks. These risks include, without limitation, interest rate risks (risks that changes in interest rates will devalue the investments), credit risks (risks of default by borrowers), or maturity risk (risks that bonds or notes will change value from the time of issuance to maturity).

Foreign Securities Risks. Strickland Davis Advisors LLC and any Managers may invest portions of client assets into pooled investment funds that invest internationally. While foreign investments are important to the diversification of client investment portfolios, they carry risks that may be different from U.S. investments. For example, foreign investments may not be subject to uniform audit, financial reporting or disclosure standards, practices or requirements comparable to those found in the U.S. Foreign investments are also subject to foreign withholding taxes and the risk of adverse changes in

investment or exchange control regulations. Finally, foreign investments may involve currency risk, which is the risk that the value of the foreign security will decrease due to changes in the relative value of the U.S. dollar and the security's underlying foreign currency.

Item 9 - Disciplinary Information

Registered investment advisers are required to disclose all material facts regarding any legal or disciplinary events that would be material to a client's evaluation of Strickland Davis Advisors LLC or the integrity of its management. Strickland Davis Advisors LLC has no disciplinary events to report.

Item 10 - Other Financial Industry Activities and Affiliations

Kendyl C. Strickland is a CPA and Principal of Strickland & Company, P.C., an accounting firm which shares office space with Strickland Davis Advisors LLC. Strickland Davis Advisors LLC may recommend Strickland & Company, P.C. to advisory clients in need of accounting and/or tax services. Accounting and tax services provided by this accounting firm are separate and distinct from the advisory services of Strickland Davis Advisors LLC and are provided for separate and typical compensation. Strickland Davis Advisors LLC will receive no referral fees for such recommendations. No Strickland Davis Advisors LLC client is obligated to use the firm for any accounting services. Accounting services do not include the authority to sign checks. Mr. Strickland may spend approximately 50% of his time on this activity.

Investment Advisor Representatives of Strickland Davis may also be licensed insurance agents. From time to time, they may offer clients advice or products from those activities. Clients should be aware that these services pay a commission and involve a possible conflict of interest, as commissionable products can conflict with the fiduciary duties of a registered investment adviser. Strickland Davis Advisors LLC always acts in the best interest of the client; including the sale of commissionable products to advisory clients. Clients are in no way required to implement the plan through any representative of Strickland Davis Advisors LLC in their capacity as an insurance agent.

Item 11 - Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics and Personal Trading

Strickland Davis Advisors LLC has adopted a Code of Ethics ("the Code"), the full text of which is available to you upon request. The Strickland Davis Advisors LLC Code has several goals. First, the Code is designed to assist Strickland Davis Advisors LLC in complying with applicable laws and regulations governing its investment advisory business. Under the Investment Advisers Act of 1940, Strickland Davis Advisors LLC owes fiduciary duties to its clients. Pursuant to these fiduciary duties, the Code requires persons associated with Strickland Davis Advisors LLC (managers, officers and employees) to act with honesty, good faith and fair dealing in working with clients. In addition, the Code prohibits such associated persons from trading or otherwise acting on insider information.

Next, the Code sets forth guidelines for professional standards for associated persons of Strickland Davis Advisors LLC. Under the Code's Professional Standards, Strickland Davis Advisors LLC expects its associated persons to put the interests of its clients first, ahead of personal interests. In this regard, Strickland Davis Advisors LLC associated persons are not to take inappropriate advantage of their positions in relation to Strickland Davis Advisors LLC clients.

Third, the Code sets forth policies and procedures to monitor and review the personal trading activities of associated persons. From time to time, the associated persons of Strickland Davis Advisors LLC may invest in the same securities recommended to clients. Under its Code, Strickland Davis Advisors LLC has adopted procedures designed to reduce or eliminate conflicts of interest that this could potentially cause. The Code's personal trading policies include procedures for limitations on personal securities transactions of associated persons, reporting and review of such trading and pre-clearance of certain types of personal trading activities. These policies are designed to discourage and prohibit personal trading that would disadvantage clients. The Code also provides for disciplinary action as appropriate for violations.

Participation or Interest in Client Transactions

Strickland Davis Advisors LLC's Code of Ethics includes guidelines for professional standards of conduct for our Associated Persons. Our goal is to protect client interests at all times and to demonstrate our commitment to fiduciary duties of honesty, good faith, and fair dealing. All of Strickland Davis Advisors LLC's Associated Persons are expected to strictly adhere to these guidelines. Persons associated with Strickland Davis Advisors LLC are also required to report any violations to the Code of Ethics. Additionally, the firm maintains and enforces written policies reasonably designed to prevent the misuse or dissemination of material, non-public information about our clients or client accounts by persons associated with our firm.

Strickland Davis Advisors LLC and its employees may buy or sell securities that are also held by clients. It is the expressed policy of the advisor that no person employed by our firm purchase or sell any security prior to the transaction being implemented for an advisory account; therefore, preventing such employees from benefiting from transactions placed on behalf of the advisory clients.

The advisor may have an interest or position in a certain security, which may also be recommended to the client. As these situations may present a conflict of interest, the advisor has established the following restrictions in order to ensure its fiduciary responsibilities should this issue ever arise:

1. A director, officer or employee of the advisor shall not buy or sell a security for their personal portfolio(s) where their decision is substantially derived, in whole or part, by reason of his or her employment, unless the information is also available to the investing public. No owner/employee of Strickland Davis Advisors LLC shall prefer their own interest to that of the client.
2. The advisor maintains a list of all securities held by the company and all directors, officers, and employees. These holdings are reviewed on a quarterly basis by the principal of the firm.
3. The advisor requires that all employees must act in accordance with all applicable Federal and State regulations governing registered investment advisors.
4. The advisor may block personal trades with those of clients but will ensure that clients are not at a disadvantage.

Strickland Davis Advisors LLC's Code of Ethics is available to you upon request. You may obtain a copy of our Code of Ethics by contacting Chip Davis at Strickland Davis Advisors LLC.

Consistent with the foregoing, Strickland Davis Advisors LLC maintains policies regarding participation in initial public offerings ("IPOs") and private placements in order to comply with applicable laws and avoid conflicts with client transactions. If a Strickland Davis Advisors LLC associated person wishes to participate in an IPO or invest in a private placement, he or she must submit a pre-clearance request and obtain the approval of the Chief Compliance Officer.

Finally, if associated persons trade with client accounts (i.e., in a bundled or aggregated trade), and the trade is not filled in its entirety, the associated person's shares will be removed from the block, and the balance of shares will be allocated among client accounts in accordance with Strickland Davis Advisors LLC's written policy.

Item 12 - Brokerage Practices

Best Execution and Benefits of Brokerage Selection

When given discretion to select the brokerage firm that will execute orders in client accounts, Strickland Davis Advisors LLC seeks "best execution" for client trades, which is a combination of a number of factors, including, without limitation, quality of execution, services provided and commission rates. Therefore, Strickland Davis Advisors LLC may use or recommend the use of brokers who do not charge the lowest available commission in the recognition of research and securities transaction services, or quality of execution. Research services received with transactions may include proprietary or third-party research (or any combination) and may be used in servicing any or all of the clients of Strickland Davis Advisors LLC. Therefore, research services received may not be used for the account for which the particular transaction was effected.

Strickland Davis Advisors LLC recommends that clients establish brokerage accounts with Charles Schwab & Co., Inc. ("Schwab"), a FINRA registered broker-dealer, member SIPC, as the qualified custodian to maintain custody of clients' assets. Strickland Davis Advisors LLC will also effect trades for client accounts at Schwab, or may in some instances, consistent with Strickland Davis Advisors LLC's duty of best execution and specific agreement with each client, elect to execute trades elsewhere. Although Strickland Davis Advisors LLC may recommend that clients establish accounts at Schwab, it is ultimately the client's decision to custody assets with Schwab. Strickland Davis Advisors LLC is independently owned and operated and is not affiliated with Schwab.

Schwab Advisor Services provides Strickland Davis Advisors LLC with access to its institutional trading, custody, reporting and related services, which are typically not available to Schwab retail investors. Schwab also makes available various support services. Some of those services help Strickland Davis Advisors LLC manage or administer our clients' accounts while others help Strickland Davis Advisors LLC manage and grow our business. These services generally are available to independent investment advisors on an unsolicited basis, at no charge to them. These services are not soft dollar arrangements but are part of the institutional platform offered by Schwab. Schwab's brokerage services include the execution of securities transactions, custody, research, and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment.

For Strickland Davis Advisors LLC client accounts maintained in its custody, Schwab generally does not charge separately for custody services but is compensated by account holders through commissions and other transaction-related or asset-based fees for securities trades that are executed through Schwab or that settle into Schwab accounts. Schwab Advisor Services also makes available to Strickland Davis Advisors LLC other products and services that benefit Strickland Davis Advisors LLC but may not directly benefit its clients' accounts. Many of these products and services may be used to service all or some substantial number of Strickland Davis Advisors LLC accounts, including accounts not maintained at Schwab.

Schwab's products and services that assist Strickland Davis Advisors LLC in managing and administering clients' accounts include software and other technology that (i) provide access to client account data (such as trade confirmations and account statements); (ii) facilitate trade execution and allocate aggregated trade orders for multiple client accounts; (iii) provide pricing and other market data; (iv) facilitate payment of Strickland Davis Advisors LLC's fees from its clients' accounts; and (v) assist with back-office functions, recordkeeping and client reporting.

Schwab Advisor Services also offers other services intended to help Strickland Davis Advisors LLC manage and further develop its business enterprise. These services may include: (i) technology, compliance, legal and business consulting; (ii) publications and conferences on practice management and business succession; and (iii) access to employee benefits providers, human capital consultants and insurance providers. Schwab may make available, arrange and/or pay third-party vendors for the types of services rendered to Strickland Davis Advisors LLC. Schwab Advisor Services may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to Strickland Davis Advisors LLC. Schwab Advisor Services may also provide other benefits such as educational events or occasional business entertainment of Strickland Davis Advisors LLC personnel. In evaluating whether to recommend that clients custody their assets at Schwab, Strickland Davis Advisors LLC may take into account the availability of some of the foregoing products and services and other arrangements as part of the total mix of factors it considers and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which may create a potential conflict of interest.

Directed Brokerage

Strickland Davis Advisors LLC does not generally allow directed brokerage accounts.

Aggregated Trade Policy

Strickland Davis Advisors LLC typically directs trading in individual client accounts as and when trades are appropriate based on the client's IPS, without regard to activity in other client accounts.

Item 13 - Review of Accounts

Managed portfolios are reviewed at least annually but may be reviewed more often if requested by the client, upon receipt of information material to the management of the portfolio, or at any time such review is deemed necessary or advisable by Strickland Davis Advisors LLC. These factors generally include but are not limited to, the following: change in general client circumstances (marriage, divorce, retirement); or economic, political or market conditions. Kendyl C. Strickland or Chip Davis, Strickland Davis Advisors LLC's Members, reviews all accounts.

Account custodians are responsible for providing monthly or quarterly account statements which reflect the positions (and current pricing) in each account as well as transactions in each account, including fees paid from an account. Account custodians also provide prompt confirmation of all trading activity, and year-end tax statements, such as 1099 forms. Strickland Davis Advisors LLC will provide additional written reports as needed or requested by the client.

Item 14 - Client Referrals and Other Compensation

As noted above, Strickland Davis Advisors LLC receives an economic benefit from Schwab in the form of support products and services it makes available to Strickland Davis Advisors LLC and other

independent investment advisors whose clients maintain accounts at Schwab. These products and services, how they benefit our firm, and the related conflicts of interest are described in **Item 12 - Brokerage Practices**. The availability of Schwab's products and services to Strickland Davis Advisors LLC is based solely on our participation in the programs and not in the provision of any particular investment advice. Neither Schwab nor any other party is paid to refer clients to Strickland Davis Advisors LLC.

Item 15 - Custody

Schwab is the custodian of nearly all client accounts at Strickland Davis Advisors LLC. From time to time however, clients may select an alternate broker to hold accounts in custody. In any case, it is the custodian's responsibility to provide clients with confirmations of trading activity, tax forms and at least quarterly account statements. Clients are advised to review this information carefully, and to notify Strickland Davis Advisors LLC of any questions or concerns. Clients are also asked to promptly notify Strickland Davis Advisors LLC if the custodian fails to provide statements on each account held.

For client accounts that our employees or associated persons are trustees of, we do have custody. We are required to have an annual surprise audit by an unaffiliated CPA of these accounts. Our most recent surprise audit results are on file with the SEC.

From time to time and in accordance with its agreement with clients, Strickland Davis Advisors LLC will provide additional reports. The account balances reflected on these reports should be compared to the balances shown on the brokerage statements to ensure accuracy. At times there may be small differences due to the timing of dividend reporting and pending trades.

Some clients may execute limited powers of attorney or other standing letters of authorization that permit the firm to transfer money from their account with the client's independent qualified Custodian to third-parties. This authorization to direct the Custodian may be deemed to cause our firm to exercise limited custody over your funds or securities and for regulatory reporting purposes, we are required to keep track of the number of clients and accounts for which we may have this ability. We do not have physical custody of any of your funds and/or securities. Your funds and securities will be held with a bank, broker-dealer, or other independent, qualified custodian. You will receive account statements from the independent, qualified custodian(s) holding your funds and securities at least quarterly.
