This brochure provides information about the qualifications and business practices of PathMont LLC. If you have any questions about the contents of this brochure, please contact us at (206) 399-0454 or robyn@pathmont.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Registration with the SEC or with any state securities authority does not imply a certain level of skill or training.

Additional information about PathMont LLC also is available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 299217.

Item 2 Material Changes

After our initial filing of this Brochure, this Item will be used to provide our clients with a summary of new and/or updated information. We will inform you of the revision(s) based on the nature of the updated information.

Consistent with the new rules, we will ensure that you receive a summary of any material changes to this and subsequent Brochures within 120 days of the close of our business' fiscal year. Furthermore, we will provide you with other interim disclosures about material changes as necessary.

Item 3 Table of Contents

Item 16	Investment Discretion	12
Item 17	Voting Client Securities	13
Item 18	Financial Information	13
Item 19	Requirements for Registered Advisers	13

Item 4 Advisory Business

PathMont LLC is a registered investment adviser with its principal place of business located in Seattle, WA. PathMont LLC was formed on October 24, 2018 and was registered as an investment adviser on December 4, 2018.

As of December 31, 2023, PathMont LLC is managing \$144,474,689 in assets under management. All assets are managed on a discretionary basis.

Listed below are the firm's principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company).

- Robyn Pomprowitz Meyer, Managing Director/Chief Compliance Officer

PathMont LLC offers the following advisory services to our clients:

INVESTMENT SUPERVISORY SERVICES ("ISS") INDIVIDUAL PORTFOLIO MANAGEMENT

Our firm provides continuous advice to a client regarding the investment of client funds based on the individual needs of the client. Through personal discussions in which goals and objectives based on a client's particular circumstances are established, we develop a client's personal investment policy and create and manage a portfolio based on that policy. During our data-gathering process, we determine the client's individual objectives, time horizons, risk tolerance, and liquidity needs. As appropriate, we also review and discuss a client's prior investment history, as well as family composition and background.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., maximum capital appreciation, income, growth and income, or growth), as well as tax considerations.

Clients may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors.

Our investment recommendations are not limited to any specific product or service offered by a broker-dealer or insurance company and will generally include advice regarding the following securities:

- Exchange-listed securities
- Corporate debt securities (other than commercial paper)
- Municipal securities
- Mutual fund shares
- United States governmental securities
- Options contracts on securities

Because some types of investments involve certain additional degrees of risk, they will only be implemented/recommended when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

Item 5 Fees and Compensation

INVESTMENT SUPERVISORY SERVICES ("ISS") INDIVIDUAL PORTFOLIO MANAGEMENT FEES

The annualized fee for Investment Supervisory Services is charged as a percentage of assets under management, according to the following schedule:

Assets Under Management	Annual Fee
First \$2,000,000	1%
Next \$8,000,000	0.5%
Assets over \$10,000,000	0.25%

Our fees are billed quarterly, in advance, at the beginning of each calendar quarter based upon the value (market value or fair market value in the absence of market value), of the client's account at the end of the previous quarter. Fees will be debited from the account in accordance with the client authorization in the Client Services Agreement. In all instances, the Adviser will send the client a written invoice, including the fee, the formula used to calculate the fee, the fee calculation itself, the time period covered by the fee, and, if applicable, the amount of assets under management on which the fee was based and the name of the custodian(s). The Adviser will send these to the client concurrent with the request for payment or payment of the Adviser's advisory fees. We urge the client to compare this information with the fees listed in the account statement

A minimum of \$500,000 of assets under management is required for this service. This account size may be negotiable under certain circumstances. PathMont LLC may group certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

Limited Negotiability of Advisory Fees: Although PathMont LLC has established the aforementioned fee schedule(s), we retain the discretion to negotiate alternative fees on a client-by-client basis and fees will not exceed our maximum fee of 1% outlined in the schedule above. Client facts, circumstances and needs are considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets; related accounts; portfolio style, account composition, reports, among other factors. The specific annual fee schedule is identified in the contract between the adviser and each client.

We may group certain related client accounts for the purposes of achieving the minimum account size requirements and determining the annualized fee.

Discounts, not generally available to our advisory clients, may be offered to family members and friends of associated persons of our firm.

GENERAL INFORMATION

Termination of the Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of written notice. As disclosed above, certain fees are paid in advance of services provided. Upon termination of any account, any prepaid, unearned fees will be promptly refunded. In calculating a client's reimbursement of fees, we will pro-rate the reimbursement

according to the number of days remaining in the billing period. If the client does not receive the brochure at least 48 hours prior to entering into an investment advisory agreement, the advisory client has a right to terminate the contract without penalty within five business days after entering into the contract.

Mutual Fund Fees: All fees paid to PathMont LLC for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

Wrap Fee Programs and Separately Managed Account Fees: PathMont LLC does not participate in a wrap fee program.

Additional Fees and Expenses: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker-dealers, including, but not limited to, any transaction charges imposed by a broker-dealer with which an independent investment manager affects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

Grandfathering of Minimum Account Requirements: Pre-existing advisory clients are subject to PathMont LLC's minimum account requirements and advisory fees in effect at the time the client entered into the advisory relationship. Therefore, our firm's minimum account requirements will differ among clients.

Advisory Fees in General: Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for similar or lower fees.

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$500 more than six months in advance of services rendered.

Item 6 Performance-Based Fees and Side-By-Side Management

PathMont LLC does not charge performance-based fees.

Item 7 Types of Clients

PathMont LLC provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Charitable organizations

- Corporations or other businesses

As previously disclosed in Item 5, our firm has established certain initial minimum account requirements, based on the nature of the services being provided. For a more detailed understanding of those requirements, please review the disclosures provided in each applicable service.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

METHODS OF ANALYSIS

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Asset Allocation. Rather than focusing primarily on securities selection, we attempt to identify an appropriate ratio of securities, fixed income, and cash suitable to the client's investment goals and risk tolerance.

A risk of asset allocation is that the client may not participate in sharp increases in a particular security, industry or market sector. Another risk is that the ratio of securities, fixed income, and cash will change over time due to stock and market movements and, if not corrected, may no longer be appropriate for the client's goals.

Risks for all forms of analysis. Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We use the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-term purchases. We purchase securities with the idea of holding them in the client's account for a year or longer. Typically, we employ this strategy when:

- we believe the securities to be currently undervalued, and/or
- we want exposure to a particular asset class over time, regardless of the current projection for this class.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantage of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Risk of Loss. Securities investments are not guaranteed, and you may lose money on your investments. We ask that you work with us to help us understand your tolerance for risk. Clients should understand that investing in any securities, including mutual funds, involves a risk of loss of both income and

principal.

Option writing. We may use options as an investment strategy. An option is a contract that gives the buyer the right, but not the obligation, to buy or sell an asset (such as a share of stock) at a specific price on or before a certain date. An option, just like a stock or bond, is a security. An option is also a derivative, because it derives its value from an underlying asset.

The two types of options are calls and puts:

- A call gives us the right to buy an asset at a certain price within a specific period of time. We will buy a call if we have determined that the stock will increase substantially before the option expires.
- A put gives us the holder the right to sell an asset at a certain price within a specific period of time. We will buy a put if we have determined that the price of the stock will fall before the option expires.

We will use options to speculate on the possibility of a sharp price swing. We will also use options to "hedge" a purchase of the underlying security; in other words, we will use an option purchase to limit the potential upside and downside of a security we have purchased for your portfolio.

We use "covered calls", in which we sell an option on a security you own. In this strategy, you receive a fee for making the option available, and the person purchasing the option has the right to buy the security from you at an agreed-upon price.

We use a "spreading strategy", in which we purchase two or more options contracts (for example, a call option that you buy and a call option that you sell) for the same underlying security. This effectively puts you on both sides of the market, but with the ability to vary price, time, and other factors.

A risk of covered calls is that the option buyer does not have to exercise the option, so if we want to sell the stock prior to the end of the option agreement, we have to buy the option back from the option buyer, for a possible loss.

A risk of spreading strategies is that the ability to fully profit from a price swing is limited.

Option Risk of Loss. Option investments are not guaranteed, and you may lose money on your investments. We ask that you work with us to help us understand your tolerance for risk.

Item 9 Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

Item 10 Other Financial Industry Activities and Affiliations

Our firm and our related persons are not engaged in other financial industry activities and have no other industry affiliations.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

PathMont LLC and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

PathMont LLC's Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to robyn@pathmont.com, or by calling us at (206) 399-0454.

PathMont LLC and individuals associated with our firm are prohibited from engaging in principal transactions.

PathMont LLC and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities, and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell, for their personal accounts, securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in certain securities which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm

complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer.
6. We have established procedures for the maintenance of all required books and records.
7. Clients can decline to implement any advice rendered, except in situations where our firm is granted discretionary authority.
8. Our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
9. We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm.
10. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
11. Any individual who violates any of the above restrictions may be subject to termination.

Item 12 Brokerage Practices

PathMont LLC does not have any soft-dollar arrangements and does not receive any soft-dollar benefits.

PathMont LLC requires that clients provide us with written authority to determine the broker-dealer to use and the commission costs that will be charged to our clients for these transactions.

These clients must include any limitations on this discretionary authority in this written authority statement. Clients may change/amend these limitations as required. Such amendments must be provided to us in writing.

As a matter of policy and practice, PathMont LLC does not generally block client trades and, therefore, we implement client transactions separately for each account. Consequently, certain client trades may be executed before others, at a different price and/or commission rate. Additionally, our clients may not receive volume discounts available to advisers who block client trades.

PathMont LLC recommends that clients establish brokerage accounts with the Schwab Institutional division of Charles Schwab & Co., Inc. ("Schwab"), a FINRA registered broker-dealer, member SIPC, to maintain custody of clients' assets and to effect trades for their accounts. Although we recommend that clients establish accounts at Schwab, it is the client's decision to custody assets with Schwab. PathMont

LLC is independently owned and operated and not affiliated with Schwab.

Schwab provides PathMont LLC with access to its institutional trading and custody services, which are typically not available to Schwab retail investors. These services generally are available to independent investment advisers on an unsolicited basis, at no charge to them so long as a total of at least \$10 million of the adviser's clients' assets are maintained in accounts at Schwab Institutional. These services are not contingent upon our firm committing to Schwab any specific amount of business (assets in custody or trading commissions). Schwab's brokerage services include the execution of securities transactions, custody, research, and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment.

For our client accounts maintained in its custody, Schwab generally does not charge separately for custody services but is compensated by account holders through commissions and other transaction-related or asset-based fees for securities trades that are executed through Schwab or that settle into Schwab accounts.

Schwab Institutional also makes available to our firm other products and services that benefit PathMont LLC but may not directly benefit our clients' accounts. Many of these products and services may be used to service all or some substantial number of our client accounts, including accounts not maintained at Schwab.

Schwab's products and services that assist us in managing and administering our clients' accounts include software and other technology that

- i. provides access to client account data (such as trade confirmations and account statements);
- ii. facilitates trade execution and allocates aggregated trade orders for multiple client accounts;
- iii. provides research, pricing, and other market data;
- iv. facilitates payment of our fees from clients' accounts; and
- v. assists with back-office functions, record-keeping, and client reporting.

Schwab Institutional also offers other services intended to help us manage and further develop our business enterprise. These services may include:

- i. compliance, legal and business consulting;
- ii. publications and conferences on practice management and business succession; and
- iii. access to employee benefits providers, human capital consultants, and insurance providers.

Schwab may make available, arrange and/or pay third-party vendors for the types of services rendered to PathMont LLC. Schwab Institutional may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third party providing these services to our firm. Schwab Institutional may also provide other benefits such as educational events or occasional business entertainment for our personnel. In evaluating whether to recommend or require that clients custody their assets at Schwab, we may take into account the availability of some of the foregoing products and services and other arrangements as part of the total mix of factors we consider and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which may create a potential conflict of interest.

Item 13 Review of Accounts

INVESTMENT SUPERVISORY SERVICES ("ISS") INDIVIDUAL PORTFOLIO MANAGEMENT

REVIEWS: While the underlying securities within Individual Portfolio Management Services accounts are continually monitored, these accounts are reviewed at least quarterly. Accounts are reviewed in the context of each client's stated investment objectives and guidelines. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

These accounts are reviewed by: Robyn Pomprowitz Meyer, Managing Director

REPORTS: In addition to the monthly statements and confirmations of transactions that clients receive from their broker-dealer, we may provide reports summarizing account performance, balances and holdings.

Item 14 Client Referrals and Other Compensation

It is PathMont LLC's policy not to engage solicitors or to pay related or non-related persons for referring potential clients to our firm.

PathMont LLC's policy is not to accept or allow our related persons to accept any form of compensation, including cash, sales awards, or other prizes, from a non-client in conjunction with the advisory services we provide to our clients.

Item 15 Custody

In the "Fees and Compensation" section (Item 5) of this Brochure, we previously disclosed that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is the financial adviser's fiduciary responsibility to verify the accuracy of the calculation of the advisory fee. However, clients are urged to carefully review their custodial statements and contact the adviser directly if they believe there may be an error on their statement.

PathMont LLC is also deemed to have custody of clients' funds or securities when clients have standing authorizations with their custodian to move money from a client's account to a third-party ("SLOA") and under that SLOA authorize us to designate the amount or timing of transfers with the custodian.

Item 16 Investment Discretion

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- Determine the security to buy or sell; and/or
- Determine the amount of the security to buy or sell

Clients give us discretionary authority when they sign a discretionary agreement with our firm and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

Item 17 Voting Client Securities

As a matter of firm policy, we do not vote proxies on behalf of clients. Therefore, although our firm may provide investment advisory services relative to client investment assets, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Clients are responsible for instructing each custodian of the assets, to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

We do not offer any consulting assistance regarding proxy issues to clients.

Item 18 Financial Information

As an advisory firm that maintains discretionary authority for client accounts as disclosed above, is required to provide a copy of our firm's balance sheet, we are also required to disclose any financial condition that is reasonably likely to impair our ability to meet our contractual obligations. PathMont LLC has no such financial circumstances to report.

Under no circumstances do we require or solicit payment of fees in excess of \$500 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement. PathMont LLC has not been the subject of a bankruptcy petition at any time during the past ten years.

Item 19 Requirements for Registered Advisers

The following individuals are the principal executive officers and management persons of PathMont LLC:

- Robyn Pomprowitz Meyer, Managing Director

Information regarding the formal education and business background of each of these individuals is provided in their respective Brochure Supplements.

Please refer to Item 10, "Other Financial Industry Activities and Affiliations", for information regarding other business activities of the firm and its management personnel.

We are required to disclose all material facts regarding certain legal or disciplinary events pertaining to arbitration awards or other civil, regulatory or administrative proceedings in which our firm or management personnel were found liable or against whom an award was granted.

Our firm and our management personnel have no reportable disciplinary events to disclose.

As previously disclosed in "Other Financial Industry Activities and Affiliations" (Item 10), neither PathMont LLC nor our management personnel have a relationship or arrangement with any issuer of securities.
