

**Keystone Wealth Management**  
**April 23, 2024**

**FORM CRS**

Keystone Wealth Management is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

**What investment services and advice can you provide me?**

We offer the following investment advisory services to retail investors: **Portfolio Management Services, Financial Planning Services, Financial Consulting Services and Retirement Plan Services.**

**Account Monitoring:** If you open an investment account with our firm, as part of our standard service we will monitor your investments on an ongoing basis and will conduct account reviews at least every four months, but more frequently and indirectly in practice via the use of models.

**Investment Authority:** We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We also offer **non-discretionary** investment management services whereby we will provide advice, but **you will ultimately decide** which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

**Investment Offerings:** We primarily offer advice on mutual funds. Additionally, we may advise you on various types of investments based on your stated goals and objectives.

**Account Minimums and Requirements:** In general, we do not require a minimum dollar amount to open and maintain an advisory account; however, we have the right to terminate your account if it falls below a minimum size which, in our sole opinion, is too small to manage effectively.

Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Items 4, 7, and 8 by clicking this link <https://adviserinfo.sec.gov/firm/brochure/304133>.

**Key Questions to Ask Your Financial Professional**

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

**What fees will I pay?**

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services.

- **Asset Based Fees** - Payable monthly in advance. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict especially for those accounts holding illiquid or hard-to-value assets;
- **Hourly Fees** - A deposit of 50% of the agreed upon fee will be due upon execution of the agreement and the balance will be due upon completion of the agreement.
- Clients pay the following addition fees and/or expenses: Examples of the most common fees and costs applicable to our clients are:
  - Custodian fees;
  - Account maintenance fees;

- Fees related to mutual funds and exchange-traded funds;
- Transaction charges when purchasing or selling securities; and
- Other product-level fees associated with your investments

**You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.**

**Key Questions to Ask Your Financial Professional**

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

**When we act as your investment adviser**, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- **Third-Party Payments:** Persons providing investment advice on behalf of our firm are licensed as independent insurance agents. These persons will earn commission-based compensation for selling insurance products. Insurance commissions are separate and in addition to our advisory fees. This practice presents a conflict of interest because they have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs.
- Because our revenue is derived from asset-based fees, we have an incentive to grow your account as much as possible. This could cause us to take overly aggressive positions in conflict with your interests in an attempt to grow your account, or could incentivize us to inflate the valuations of illiquid investments held in your account.

**Key Questions to Ask Your Financial Professional**

- **How might your conflicts of interest affect me, and how will you address them?**

Refer to our Form ADV Part 2A by clicking this link <https://adviserinfo.sec.gov/firm/brochure/304133> to help you understand what conflicts exist.

**How do your financial professionals make money?**

The financial professionals servicing your account(s) are compensated with salary, which is taken from a percentage of the advisory fees based on the amount of client assets they service.

**Do you or your financial professionals have legal or disciplinary history?**

Yes, our firm or our financial professionals currently have legal or disciplinary history to disclose. These events are disclosed in either our Form ADV or the specific individual's Form U4. These documents can be found by going to [Investor.gov/CRS](https://investor.gov/CRS).

**Key Questions to Ask Your Financial Professional**

- **As a financial professional, do you have any disciplinary history? For what type of conduct?**
