## Item 4 – Advisory Services

---

### A. Firm Information

Requisite Capital Management, LLC ("Requisite Capital" or the "Advisor") is a registered investment advisor with the U.S. Securities and Exchange Commission. Requisite Capital is organized as a Limited Liability Company ("LLC") under the laws of the State of Delaware and is located in the State of Texas. Requisite Capital was founded in June 2017 and is owned and operated by Douglas G. John (Managing Partner). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Requisite Capital.

### B. Advisory Services Offered

Requisite Capital offers investment advisory services to individuals, high net worth individuals, trusts, estates, pooled investment vehicle and charitable organizations (each referred to as a "Client").

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

#### Wealth Management Services

Requisite Capital may provide Clients with wealth management services, which generally includes a broad range of comprehensive financial planning, consulting services, asset allocation and financial reporting in connection with discretionary management of investment portfolios. These services are described below.

*Investment Management Services* – Requisite Capital provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary and non-discretionary investment management and related advisory services. Requisite Capital works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Requisite Capital will then construct an investment portfolio consisting of but not limited to:

- Exchange-traded funds ("ETFs")
- Private Equity Funds
- Private Credit Funds
- Direct Investments
- Hedge Funds
- Option Contracts
- Equities
- Preferred Securities
- International Securities
- Fixed Income
- Master Limited Partnerships
- Margin transactions
- Structured Products
- Mutual Funds

The Advisor may retain certain legacy investments based on portfolio fit and/or tax considerations. Requisite Capital's investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Requisite Capital will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the

opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Requisite Capital evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Requisite Capital may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Requisite Capital may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

*Use of Independent Managers* – Requisite Capital may recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively "Independent Managers") for all or a portion of a Client's investment portfolio. In such instances, the Client may be required to authorize and enter into an advisory agreement with the Independent Manager[s] that defines the terms in which the Independent Manager[s] will provide investment management and related services. The Advisor may also assist in the development of the initial policy recommendations and managing the ongoing Client relationship. The Advisor will perform initial and ongoing oversight and due diligence over the selected Independent Manager[s] to ensure the Independent Managers' strategies and target allocations remain aligned with its clients' investment objectives and overall best interests. The Client, prior to entering into an agreement with unaffiliated investment manager[s] or investment platform[s], will be provided with the Independent Manager's Form ADV 2A (or a brochure that makes the appropriate disclosures).

Under certain circumstances, Requisite Capital may accept or maintain custody of Client's funds or securities. Please see Item 15 – Custody for more information.

*Private Fund Investments* – The Advisor may provide investment advice regarding unaffiliated private investment funds. The Advisor's role relative to the private investment funds shall be limited to its initial and ongoing due diligence and investment monitoring services. If a Client determines to become a private fund investor, the amount of assets invested in the fund[s] shall be included as part of "assets under management" for purposes of the Advisor calculating its investment advisory fee. The Advisor's Clients are under no obligation to consider or make an investment in a private investment fund[s]. The Advisor may receive an incentive fee for certain investments into the Private Funds. The Advisor will not charge an advisory fee when an incentive fee is received.

As noted in Item 10 below, the Advisor may introduce Clients to a private investment fund for which Requisite Capital serves as the Investment Advisor (herein the "Fund"). The Advisor will not charge an advisory fee on client assets invested in the Fund. The Advisor's Clients are under no obligation to consider or make an investment in the Fund. For additional information, please see Item 5, Item 6, and Item 10 – Other Financial Industry Activities and Affiliations below.

*Financial Planning Services* – Requisite Capital will typically provide a variety of financial planning and consulting services to Clients. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Requisite Capital may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

*Reporting Services* – Requisite Capital may provide Clients with periodic evaluation reports of accounts and each portion managed by the Advisor or an Independent Manager. The report details the performance and asset allocation of the account[s] managed by the respective managers. Requisite receives its information from account custodians, Independent Managers and other third parties. To the extent that erroneous information is provided due to inaccurate data from a third-party, the Advisor is not responsible for any inaccuracies which are contained in the report. At the Client's request, Requisite Capital will consider the asset classes of investments that are not managed by the Advisor for asset allocation purposes and may report the performance of those investments relative to an appropriate benchmark, but will not otherwise provide due diligence or monitoring services on such assets. Including outside investments in performance reports does not constitute investment advice or a recommendation or endorsement by Requisite Capital.

### **C. Client Account Management**

Prior to engaging Requisite Capital to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Requisite Capital, in connection with the Client, may develop a strategy that seeks to achieve the Client's goals objectives.
- Asset Allocation – Requisite Capital will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.
- Portfolio Construction – Requisite Capital will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Requisite Capital will provide investment management and ongoing oversight of the Client's investment portfolio.

### **D. Wrap Fee Programs**

Requisite Capital may include securities transaction fees together with its investment advisory fees. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. The Advisor sponsors the Requisite Capital Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. The Advisor will confirm annually if it is in the best interest of the Client to remain in the Wrap Fee Program. Please see Appendix 1 – Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

**E. Assets Under Management**

As of December 31, 2018, Requisite oversees \$1,003,056,890 in assets including: (i) regulatory assets under management of \$799,217,350 (\$210,576,262 Discretionary / \$588,641,088 Non-Discretionary) and (ii) assets under advisement ("AUA") of \$203,839,540.

**Item 5 – Fees and Compensation**

---

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more written agreements with the Advisor.

**A. Fees for Advisory Services**Wealth Management Services

For Clients engaged for comprehensive wealth management services, the Client will be charged a single combined fee for investment management and financial planning services based on the market value of assets under management.

Investment advisory fees are prorated and paid quarterly, in advance of each calendar quarter, pursuant to the terms of the agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees are prorated for any deposits and withdrawals throughout the quarter and reflected in the next quarter's fee. Investment advisory fees generally range from 0.35% to 1.00%, or an agreed upon fixed fee, annually based on several factors, including: the complexity of the services to be provided, wealth planning services, reporting needs, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee. The Client may elect to be charged a fixed annual fee for the Advisor's wealth management services.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Requisite Capital will be independently valued by the designated Custodian. Requisite Capital will not have the authority or responsibility to value portfolio securities.

For non-wrap fee arrangements, the Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee may be separately billed or deducted from the Client's account[s] by the Independent Manager.

Financial Planning Services

Requisite Capital offers financial planning services for a fixed fee engagement fee ranging from \$2,500 to \$25,000.00. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total costs will be determined prior to establishing the advisory relationship.

Private Funds

Fees for the Fund are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the Fund's operating agreements and subscription documents. The Advisor charges an investment management fee at

an annual rate of up to 1.50%. Additionally, the Advisor may also charge performance-based fees. Please see Item 6 below for additional information.

## **B. Fee Billing**

### Wealth Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (# of days in the quarter divided by 365) to the total assets under management with Requisite Capital at the end of the prior to each quarter. Requisite will then calculate the average daily balance during the respective billing period, taking into account assets that are deposited into or withdrawn from an account[s]. The investment advisory fee is then adjusted at the end of the quarter to reflect the actual average daily balance during the billing period. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Requisite Capital directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

### Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee may be separately billed or deducted from the Client's account[s] with the respective manager and a portion of the investment advisory fee may be provided to Requisite Capital.

### Financial Planning Services

Financial planning fees may be invoiced up to twenty-five percent (25%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s].

### Private Fund

The amount due to the Advisor for management of the Fund is calculated by applying the quarterly rate (annual rate divided by 4) to the net invested capital or net asset value, pursuant to the operating agreements and subscription documents.

## **C. Other Fees and Expenses**

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Requisite Capital includes securities transactions costs as part of its overall investment advisory fee through the Requisite Capital Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

In addition, all fees paid to Requisite Capital for investment advisory services or part of the Requisite Capital Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Requisite Capital, but would not receive the services provided by Requisite Capital which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged

by the fund[s] and the fees charged by Requisite Capital to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

#### Private Fund

Investors in the Fund may incur certain fees or charges imposed by third parties, in connection with investment made on behalf of the Fund. The Fund (and indirectly the investors) are responsible for all custody and securities execution fees charged by the Custodian and executing broker-dealer, if applicable. The fees charged by underlying investments are also indirectly included in the value of an Investor's account.

### **D. Advance Payment of Fees and Termination**

#### Wealth Management Services

Requisite Capital is compensated for its services in advance of the quarter in which investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance notice to the other party. At termination, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

#### Use of Independent Managers

In the event that a Client should wish to terminate their relationship with the Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and that Independent Manager. Requisite Capital will assist the Client with the termination and transition as appropriate.

#### Financial Planning Services

Requisite Capital requires an advance deposit as described above. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for the percentage of the engagement scope completed by the Advisor. The Advisor will refund any unearned, prepaid planning fees from the effective date of termination. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

### **E. Compensation for Sales of Securities**

Requisite Capital does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

## **Item 6 – Performance-Based Fees and Side-By-Side Management**

The Advisor may receive a performance fee based upon specific gains obtained in the accounts of "Qualified Clients" pursuant to the terms of the investment advisory agreement. Only Qualified Clients with either \$1,000,000 under management with the Advisor or a net worth of \$2,100,000 will be charged a performance-based fee.

Qualified Clients will be charged the investment advisory fee described in Item 5 – Fees and Compensation billed quarterly in advance.

## Item 7 – Types of Clients

---

Requisite Capital offers investment advisory services to individuals, high net worth individuals, trusts, estates, pooled investment vehicle and charitable organizations. The amount of each type of Client is available on Requisite Capital's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Typically, Requisite Capital requires either a minimum relationship size of \$5,000,000 or a minimum investment advisory fee of a \$35,000. The minimum relationship size or fee may be waived at the sole discretion of the Advisor.

## Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

---

### A. Methods of Analysis

Requisite Capital primarily employs fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from Requisite Capital is derived from numerous sources, including third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Requisite Capital will be able to accurately predict such a reoccurrence.

As noted above, Requisite Capital generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Requisite Capital will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Requisite Capital may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

### B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Requisite Capital will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Following are some of the risks associated with the Advisor's strategies:

#### Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

#### ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

#### Mutual Fund Risks

The performance of mutual funds are subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

#### Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

#### Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

#### Short Sales

A short sale involves the sale of a security that the Client does not own in the hope of purchasing the same security at a later date at a lower price. To make delivery to the buyer, the Client must borrow the security and is obligated to return the security to the lender, which is accomplished by a later purchase of the security. The Client realizes a profit or a loss as a result of a short sale if the price of the security decreases or increases respectively between the date of the short sale and the date on which the Client covers its short position, i.e., purchases the security to replace the borrowed security. A short sale involves the

theoretically unlimited risk of an increase in the market price of the security that would result in a theoretically unlimited loss.

#### Alternative Investments (Limited Partnerships)

The performance of alternative investments (limited partnerships) is typically shown quarterly and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

#### International Investments

Investing in, or having exposure to, foreign domiciled investments may involve risk of capital loss from unfavorable fluctuation in currency values, withholding taxes, from differences in generally accepted accounting principles or from economic or political instability in other nations.

**Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.**

### **Item 9 – Disciplinary Information**

---

**There are no legal, regulatory or disciplinary events involving Requisite Capital or any of its Supervised Persons.** Requisite Capital values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov) by searching by our firm name or our CRD# 283107.

### **Item 10 – Other Financial Industry Activities and Affiliations**

---

#### **Insurance Agency Affiliations**

Advisory Persons of Requisite Capital may serve as licensed insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person's role with Requisite Capital. As insurance professionals, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending insurance products. Clients are under no obligation to implement any recommendations made the Advisor or its Advisory Persons.

#### Private Fund

As noted in Item 4 – Advisory Services, there is an affiliation due to common ownership between Requisite Capital and RCM GP, LLC ("RCM GP"). Requisite Capital serves as the Investment Advisor to the Requisite Energy Fund I LP (the "Requisite Fund"). Additionally, Mr. John serves as sole portfolio manager to the Requisite Fund. Advisory Persons may make such vehicles available for investment by Qualified Purchasers. This may cause a conflict of interest as the Advisor has an incentive to recommend investments in the Funds due to the common ownership and the receipt of a management fee. The conflict is mitigated by an internal policy mandating that the Advisor will not charge a separate investment advisory fee for the management of the assets placed in the Fund.

## Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

### A. Code of Ethics

Requisite Capital has implemented a Code of Ethics (the "Code") that defines our fiduciary commitment to each Client. This Code applies to all persons associated with Requisite Capital (our "Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Requisite Capital and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Requisite Capital's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact us at (214) 295-7155.

### B. Personal Trading with Material Interest

Requisite Capital allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Requisite Capital does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Requisite Capital does not have a material interest in any securities traded in Client accounts.

### C. Personal Trading in Same Securities as Clients

Requisite Capital allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Requisite Capital requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

### D. Personal Trading at Same Time as Client

While Requisite Capital allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Requisite Capital, or any Supervised Person of Requisite Capital, transact in any security to the detriment of any Client.**

## Item 12 – Brokerage Practices

### A. Recommendation of Custodian[s]

Requisite Capital does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Requisite Capital to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Requisite Capital does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Requisite Capital does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by Requisite Capital. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Typically, Requisite Capital will recommend that Clients establish their account[s] with either Raymond James Financial Services, Inc. ("RJFS"), Interactive Brokers LLC ("Interactive Brokers") or Fidelity Clearing & Custody Solutions, and related entities

of Fidelity Investments, Inc. (collectively "Fidelity"). RJFS, Interactive Brokers and Fidelity (collectively the "Custodians") serve as a "qualified custodian" for Client accounts. The Advisor maintains institutional relationships with RJFS, Interactive Brokers and Fidelity. Please see Item 14 below.

Factors which the Advisor considers in recommending RJFS, Interactive Brokers or Fidelity to Clients include their respective financial strength, reputation, execution, pricing, and research service. The commissions and/or transaction fees charged by RJFS, Interactive Brokers and Fidelity may be higher or lower than those charged by other financial institutions. The Advisor maintains an institutional relationship with RJFS, Interactive Brokers and Fidelity, whereby the Advisor receives certain benefits. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

**1. Soft Dollars** - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealers/custodians in exchange for research and other services. **Requisite Capital does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14 below.**

**2. Brokerage Referrals** - Requisite Capital does not receive any compensation from any third party in connection with the recommendation for establishing an account.

**3. Directed Brokerage** - All Clients are serviced on a "directed brokerage basis", where Requisite Capital will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Requisite Capital will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated Custodian.

## **B. Aggregating and Allocating Trades**

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Requisite Capital will execute its transactions through the Custodian as authorized by the Client. Requisite Capital may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

## **Item 13 – Review of Accounts**

### **A. Frequency of Reviews**

Securities in Client accounts are monitored on a regular and continuous basis by Bryn Talkington, Chief Compliance Officer of Requisite Capital. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

### **B. Causes for Reviews**

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation,

and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Requisite Capital if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

### C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

## Item 14 – Client Referrals and Other Compensation

---

### A. Compensation Received by Requisite Capital

#### Participation in Institutional Advisor Platform

Requisite Capital has established institutional relationship with the Custodians to assist the Advisor in managing Client account[s]. The Advisor receives access to software and related support as part of its relationship with the Custodians. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor receives the following benefits from the Custodians: reimbursement to Clients for transfer costs to the platform/custodian; financing services; receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

### B. Client Referrals from Solicitors

Requisite Capital does not engage paid solicitors for Client referrals.

## Item 15 – Custody

---

In Douglas John's role as the managing member of the Requisite Private Funds, the Advisor has custody of the assets and securities of the fund. Requisite Capital complies with Rule 206(4)-2(b) by distributing audited financial statements, prepared in accordance with generally accepted accounting principles, to investors within 120 days of the end of the fiscal year of the investments.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Requisite Capital to utilize the Custodian for the Client's security transactions. **Clients are urged to compare statements provided by the Custodian to any reports provided by Requisite Capital to ensure accuracy**, as the custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

**Item 16 – Investment Discretion**

---

Requisite Capital generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Requisite Capital. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Requisite Capital will be in accordance with each Client's investment objectives and goals.

For certain engagements, Requisite Capital does not have discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior approval from the Client. For these non-discretionary engagements, the Advisor will contact the Client and obtain approval prior to executing trades or allocating investment assets.

**Item 17 – Voting Client Securities**

---

Requisite Capital does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

**Item 18 – Financial Information**

---

Neither Requisite Capital, nor its management, have any adverse financial situations that would reasonably impair the ability of Requisite Capital to meet all obligations to its Clients. Neither Requisite Capital, nor any of its Advisory Persons, has been subject to a bankruptcy or financial compromise. Requisite Capital is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

## Item 4 – Services Fees and Compensation

---

### A. Services

Requisite Capital Management, LLC ("Requisite Capital" or the "Advisor") provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the Requisite Capital Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Requisite Capital as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, Requisite Capital includes normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a "Wrap Fee Program". The Advisor sponsors the Requisite Capital Wrap Fee Program.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single "bundled" investment advisory fee. This Wrap Fee Program Brochure references back to the Requisite Capital Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Requisite Capital's investment philosophy and related services.**

### B. Program Costs

Advisory services provided by Requisite Capital are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to Requisite Capital. As the level of trading in a Client's account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client's account[s]. A Wrap Fee structure has a potential conflict of interest as the Advisor may have an incentive to limit the number of trades placed in the Client's account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

### C. Fees

For Clients engaged for comprehensive wealth management services, the Client will be charged a single combined fee for investment management and financial planning services based on the market value of assets under management.

Investment advisory fees are prorated and paid quarterly, in advance, pursuant to the terms of the agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees are prorated for any deposits and withdrawals throughout the quarter and reflected in the next quarter's fee. Investment advisory fees range from 0.35% to 1.00% annually based on several factors, including: the complexity of the services to be provided, wealth planning services, reporting needs, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Requisite Capital will be independently valued by the designated Custodian. Requisite Capital will not have the authority or responsibility to value portfolio securities.

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary investment management services provided by Requisite Capital. Securities transaction fees for Client-directed trades may be charged back to the Client.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Under this Wrap Fee Program, Requisite Capital includes securities transactions costs as part of its overall investment advisory fee.

In addition, all fees paid to Requisite Capital for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, fees for trades executed away from the Custodian and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Requisite Capital to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

#### **D. Compensation**

Requisite Capital is the sponsor and portfolio manager of this Wrap Fee Program. Requisite Capital receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the costs associated with the normal trading activity in the Client's account[s].

### **Item 5 – Account Requirements and Types of Clients**

---

Requisite Capital offers investment advisory services to individuals, high net worth individuals, trusts, estates, pooled investment vehicle and charitable organizations. The amount of each type of Client is available on Requisite Capital's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Typically, Requisite Capital requires either a minimum relationship size of \$5,000,000 or a minimum investment advisory fee of a \$35,000. The minimum relationship size or fee may be waived at the sole discretion of the Advisor.

### **Item 6 – Portfolio Manager Selection and Evaluation**

---

#### **Portfolio Manager Selection**

Requisite Capital serves as sponsor and as portfolio manager for the services under this Wrap Fee Program.

#### **Related Persons**

Requisite Capital personnel serve as portfolio managers for this Wrap Fee Program.

#### **Performance-Based Fees**

The Advisor may receive a performance fee based upon specific gains obtained in the accounts of "Qualified Clients" pursuant to the terms of the investment advisory agreement. Only Qualified Clients with either \$1,000,000 under management with the Advisor or a net worth of \$2,100,000 will be charged a performance-based fee.

Qualified Clients will be charged the investment advisory fee described in Item 5 – Fees and Compensation billed quarterly in advance.

Who is a "Qualified Client"?

The Investment Advisers Act of 1940 (the "Advisers Act"), Rule 205-3(d)(1) defines a "Qualified Client" who is financially sophisticated and meets one or more of the following conditions:

- Client is a natural person who, or a company that, immediately prior to entering into the contract has a net worth (together, in the case of a natural person, with assets held jointly with a spouse) of more than \$2,100,000 at the time the contract is entered into.

Private Fund

Only Qualified Purchasers will qualify for the investments a private investment fund for which Requisite Capital serves as the Investment Advisor. Qualified Purchasers that are invested into fund will not be charged an investment advisory fee by Requisite.

Who is a "Qualified Purchaser"?

A Qualified Purchaser means the Investor meets at least one of the following criteria:

- (i) An individual that is a natural person (including any person who will hold a joint, community property or other similar shared ownership interest in the Fund with that person's qualified purchaser spouse) who owns not less than \$5,000,000 in "investments."
- (ii) A company, partnership or trust that owns not less than \$5,000,000 in "investments" and that is owned directly or indirectly by or for two or more natural persons who are related as siblings or spouse (including former spouses), or direct lineal descendants by birth or adoption, spouses of such persons, the estates of such persons, or foundations, charitable organizations or trusts established by or for the benefit of such persons (a "Family Company").
- (iii) A trust that is not a Family Company as to which the trustee or other person authorized to make decisions with respect to the trust, and each settlor or other person who has contributed assets to the trust, is considered a "qualified purchaser" (other than by reason of the provisions of this paragraph).
- (iv) A person, acting for its own account or the accounts of other qualified purchasers, who in the aggregate owns and invests on a discretionary basis not less than \$25,000,000 in "investments."
- (v) A qualified institutional buyer as defined in paragraph (a) of Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"), acting for its own account, the account of another qualified institutional buyer, or the account of a qualified purchaser; provided, that (i) a dealer described in paragraph (a)(1)(ii) of Rule 144A shall own and invest on a discretionary basis at least \$25 million in securities of issuers that are not affiliated persons of the dealer; and (ii) a plan referred to in paragraph (a)(1)(i)(D) or (a)(1)(i)(E) of Rule 144A, or a trust fund referred to in paragraph (a)(1)(i)(F) of Rule 144A that holds the assets of such a plan, will not be deemed to be acting for its own account if investment decisions with respect to the plan are made by the beneficiaries of the plan, except with respect to investment decisions made solely by the fiduciary, trustee or sponsor of such plan.

(vi) A company, partnership or trust, each beneficial owner of the securities of which is a qualified purchaser.

The receipt of a performance fee by certain Clients results in a potential conflict of interest, where Requisite Capital has the potential for higher compensation from a Client. Requisite Capital will not charge an investment advisory fee to Clients that are charged a performance fee.

### **Supervised Persons**

Requisite Capital Advisory Persons serve as portfolio managers for all accounts, including the services described in this Wrap Fee Program Brochure. Details of the advisory services provided are included in Item 4.A. of the Disclosure Brochure.

### **Methods of Analysis**

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on the research and analysis methods employed by the Advisor.

### **Risk of Loss**

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Requisite Capital will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

**Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.**

### **Proxy Voting**

### CERTIFIED FINANCIAL PLANNER™ ("CFP®")

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP® (with flame design) marks (collectively, the "CFP® marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP® Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

#### Certified Investment Management Analyst<sup>SM</sup> (CIMA®)

The CIMA certification signifies that an individual has met initial and ongoing experience, ethical, education, and examination requirements for investment management consulting, including advanced investment management theory and application. To earn CIMA certification, candidates must: submit an application, pass a background check and have an acceptable regulatory history; pass an online Qualification Examination; complete an in-person or online executive education program at an AACSB accredited university business school; pass an online Certification Examination; and have an acceptable regulatory history as evidenced by FINRA Form U-4 or other regulatory requirements and have three years of financial services experience at the time of certification.

CIMA certificants must adhere to IMCA's Code of Professional Responsibility, Standards of Practice, and Rules and Guidelines for Use of the Marks. CIMA designees must report 40 hours of continuing education credits, including two ethics hours, every two years to maintain the certification. The designation is administered through Investment Management Consultants Association (IMCA).
