Part II, Page 5, #11A	<p>Financial planning services terminate upon presentation of the financial plan and so no reviews are conducted on these accounts. However, the applicant recommends that clients have their financial situation reviewed and updated at least annually. If clients elect to do these reviews and updates, a new client agreement may be required and additional fees may be incurred. Consultation services terminate upon completion of the required consultations.</p> <p>Managed accounts are reviewed at least monthly. Accounts at other money managers are reviewed when the applicant receives copies of account statements, usually quarterly.</p> <p>The applicant's associated persons are each responsible for reviewing their own accounts. The calendar is the main triggering factor, although more frequent reviews may be conducted due to client request, change in client circumstances or unusual market activity.</p> <p>SAA reviews the performance information in Managed Opportunities accounts to determine its accuracy. Performance information provided by SAA is believed to be accurate but cannot be guaranteed. Fund and other securities values and other information are obtained from third parties. Managed Opportunities accounts are reviewed as needed by SAA supervisors, SAI principals and the applicant's representatives. Triggering factors for reviews may include material market, economic or political events, changes in clients' personal or financial situations or performance of the accounts in general.</p>	
Part II, Page 5, #11B	<p>The applicant does not prepare any reports for clients. Clients will receive information at least quarterly from the investment company, broker/dealer, clearing firm or money manager at which their accounts are maintained.</p> <p>Clients participating in FAP or in the LifeGuide Program may receive quarterly, monthly or on-demand reports showing the investment performance of their accounts from SAA or the applicant. Clients participating in the Genworth Program will receive monthly account statements, transaction ledgers and quarterly reports showing the investment performance of their account from Genworth.</p> <p>Clients participating in Managed Opportunities will be able to view daily and quarterly performance reports on a web site prepared on behalf of SAA by Oberon which will describe the performance, holdings and other activity in clients' Managed Opportunities accounts. During any month in which there is activity in Managed Opportunities accounts, clients will receive monthly statements from the account custodian or clearing firm showing the activity in clients' accounts as well as positions held in the accounts at month end. Clients will also receive a confirmation of each purchase and sale transaction that occurs within Managed Opportunities accounts, unless clients provide SAA with written authorization to suppress confirm delivery. If there is no activity in the account, clients will receive statements no less than quarterly from the account custodian or clearing firm.</p>	
Part II, Page 6, #12A(1), 12A(2) & 12A(4)	<p>Upon receiving written authorization from the client, the applicant may manage client's assets on a limited discretionary basis. When it does so, discretionary authority is limited in that the applicant's associated persons will not have authority to withdraw funds and/or securities from a client's account except when written authorization has been provided to have fees automatically deducted from a client's account and paid directly to the applicant. Part II, Page 6, #12B	<p>In the Genworth Asset Allocation Program, the applicant offers clients model portfolios composed by a group of independent investment strategists. The independent investment strategists have no direct relationship with the applicant or the clients, make no analysis of the clients' circumstances or objectives and do not tailor the models portfolios to any specific client's needs. The applicant's associated persons assist the client in selecting the model portfolio(s) that best suit the client's objectives. The client then specifically directs the account to be invested in accordance with the chosen model portfolio. When the client selects the model portfolio, the client further directs that the account be automatically adjusted to reflect any adjustment in the model portfolio by the investment strategist. This client authorization would result in the purchase and sale of certain mutual funds or transfers between variable annuity sub-accounts without further authorization by the client at such time as the investment strategist changes the composition of the selected model portfolio. The applicant has no authority to cause any purchase or sale of securities in any client account, to change the model portfolio or to direct the account to be invested in any manner other than as previously authorized by the client.</p> <p>The applicant's associated persons are registered representatives of SAI, a full service broker/dealer, member FINRA/SIPC. When placing securities transactions through SAI in their capacity as registered representatives, they may earn sales commissions.</p> <p>Clients wishing to implement the advice of the applicant's associated persons are free to select any broker they wish and are so informed. If clients wish to have the associated persons implement the advice in their capacity as registered representatives, their broker/dealer, SAI, will be used. SAI has a wide range of approved securities products for which it performs due diligence when selecting. SAI's registered representatives are required to adhere to these products when implementing securities transactions through SAI. Commissions charged for these products may be higher or lower than commissions clients may be able to obtain if transactions were implemented through another broker/dealer.</p>	
Part II, Page 6, #13A	<p>The applicant's associated persons sell securities products in their separate capacity as registered representatives. In addition, they are also independently licensed insurance agents and sell insurance products. The associated persons can receive commissions when selling these products in these separate capacities. Some of the advice offered by them may involve investments in mutual fund products. Load and no-load mutual funds may pay annual distribution charges sometimes referred to as 12(b)-1 fees. The associated persons may receive a portion of these 12(b)-1 fees from some investment companies in their separate capacities as registered representatives. Clients should be aware that these 12(b)-1 fees come from fund assets, and thus, indirectly from client's assets. The receipt of these fees could represent an incentive for registered representatives to recommend funds with 12(b)-1 fees or higher 12(b)-1 fees over funds with no fees or lower fees, therefore creating a potential conflict of interest.</p> <p>From time to time, the applicant may receive expense reimbursement for travel and/or marketing expenses from distributors of investment and/or insurance products. Travel expense reimbursements are typically a result of attendance at due diligence and/or investment training events hosted by product sponsors. Marketing expense reimbursements are typically the result of informal expense sharing arrangements in which product sponsors may underwrite costs incurred for marketing such as advertising, publishing and seminar expenses.
