Item 4 – Advisory Business

Lesjak Planning Corporation, “LPC”, is a family owned financial planning firm and Registered Investment Advisor since 1980. The principal owners of the firm are David M. Lesjak and Michael J. Lesjak.

LPC offers financial planning and investment advisory services to our clients. We prepare specific financial plans for you based on a review of your individual situation, including tax status and investment objectives. Our financial planning services may also include advising you with regard to retirement, tax and estate planning, investment and insurance strategies and goal setting. It is your decision whether or not to implement the financial plan with LPC.

In addition to the financial plan development, LPC also offers new clients the PREMIER ASSET MANAGEMENT PROGRAM. We develop a profile of your specific investment objectives and risk comfort level based on discussions and information provided by you. We then create an allocation model for you among various asset categories such as equities (stocks), fixed income and Treasury securities. The allocation is designed to meet your investment objectives while remaining within your risk comfort level.

We then recommend the selection of specific money managers and mutual funds within the various categories. Specific criteria are used to select the money managers and mutual funds for your portfolio. These include, but are not limited to:

- Volatility
- Performance
- Manager Tenure
- Expenses

Upon your authorization, we will implement the portfolio and review on at least a quarterly basis. As your portfolio fluctuates, we will recommend the reallocation of assets within the portfolio to maintain consistency with your investment objectives and risk comfort level. Additionally, we will provide you with quarterly statements detailing the costs and current values of your individual investments.

The investment services we provide are on both a discretionary and non-discretionary basis. You may determine which is best for you by indicating your choice on the Advisory Agreement before services begin. Your choices are:

- A. LPC notifies you before making any transactions for your accounts. (Non-Discretionary)
- B. You give LPC authority to make transactions for your accounts as directed by your recommended portfolio and Investment Policy Statement. (Discretionary)

Any accounts not included by your authorization are noted in writing to LPC by you. Additionally, LPC does not have custody or possession of any investments or other assets in your accounts.

As of April 15, 2011, we manage \$162,000,000 of client assets on a discretionary basis and \$0 of client assets on a non-discretionary basis.

Item 5 – Fees and Compensation

The fee charged for the written financial plan is based upon the number of hours spent on the analysis and development of your plan. The fee rate is \$150 per hour. The fee is negotiable and payable at the presentation of the financial plan. The fee is not refundable. A client engagement agreement describes the cost and services to be provided in this planning phase and is provided prior to commencement of the work to be done.

Participating in the PREMIER ASSET MANAGEMENT PROGRAM is subject to terms of a separate agreement between you and LPC called the “PREMIER Advisory Services Agreement.” Once we receive your authorization, we will implement your portfolio based upon the recommended portfolio and Investment Policy Statement. LPC will not have custody of any of your assets.

Our fee for all the services under the PREMIER program, including newsletters and seminars, is based upon the following fee schedule:

1.25% of the first	\$1,000,000
1.00% of the next	\$1,000,000
.50% of amounts over	\$2,000,000

Your fee is calculated annually based upon the fair market value of the assets in your accounts at the beginning of each 12-month period as stated in the PREMIER Advisory Services Agreement. Fees are negotiable. Your fee is payable promptly and in full on a quarterly basis upon our invoice to you. There are two ways you can choose to pay your fees:

1. Automatically deduct from your investment accounts.
2. Pay directly via check to LPC.

Additionally, mutual funds and separate account managers charge indirectly a separate management fee for their own investment advisor, also known as mutual fund expenses. You may incur transaction costs in your accounts depending on the money managers recommended. Please refer to **Item 12 – Brokerage Practices** for further information.

The PREMIER Advisory Services Agreement can be terminated by you or LPC at any time with 10 days advance written notice. Any fees paid to us in advance will be refunded by LPC on a pro-rata monthly basis. Also, you may terminate the PREMIER Advisory Services Agreement at anytime within the first five days of its execution and all prepaid fees will be refunded.
