Material Changes

Annual Update

The Material Changes section of this brochure will be updated annually when material changes occur since the previous release of the Firm Brochure.

Material Changes since the Last Update

The U.S. Securities and Exchange Commission issued a final rule in July 2010 requiring advisers to provide a Firm Brochure in narrative “plain English” format. The new final rule specifies mandatory sections and organization.

Benjamin Swim, Marketing Director for RIA and Institutional Investors, left the firm in June 2011.

Other Business Activities and Additional Compensation information was added to Brochure Supplement (Part 2B of form ADV) for David J. Thompson and George E. Jacques as of March 2012

Full Brochure Available

Whenever you would like to receive a complete copy of our Firm Brochure, please contact us by telephone at: (952) 541-1605 or by email at: sai@symmetricadvisors.com.

Advisory Business

Firm Description

Symmetric Advisors, Inc., ("SAI") was founded in 2000. There are currently three Investment Advisers including one Certified Financial Planner™ designee. The firm is federally registered with the SEC (Securities and Exchange Commission) as a Registered Investment Adviser.

Symmetric Advisors, Inc., primarily provides personalized asset management to individuals, banks or thrift institutions, pension and profit sharing plans, trusts, estates, foundations, private pools, charitable organizations, corporations and governmental units. The firm may offer other services to potential and current clients, such as, but not limited to, business and estate planning, and financial planning.

The firm's compensation is solely from fees paid directly by clients. The firm does not receive commission based on the client's purchase of any financial product. No commissions in any form are accepted. No referral fees are paid or accepted. No benefits are received from custodians/broker-dealers based on client securities transactions ("soft dollar benefits").

Assets under the direct management of SAI are held by independent custodians, including Fidelity Investments, Ameritas Advisor Services, or others, in the client's name. The firm does not act as a custodian of client assets. The client always maintains asset control. The firm places trades for clients under a limited power of attorney.

Other professionals (e.g., lawyers, accountants, insurance agents, etc.) are engaged directly by the client on an as-needed basis. Conflicts of interest will be disclosed to the client in the unlikely event they should occur.

The initial meeting, which may be by telephone, is free of charge and is considered an exploratory interview to determine the extent to which asset management may be beneficial to the client.

Principal Owners

Symmetric Advisors, Inc. is a wholly owned subsidiary of Island Investment Services, Inc., (IIS), an international business corporation in Nevis.

Types of Advisory Services

Symmetric Advisors, Inc. provides investment supervisory services, also known as asset management services; manages investment advisory accounts not involving investment supervisory services; furnishes investment advice through consultations.

The Client completes an Investment Objectives/Managed Account Application or provides a written investment policy and participates in interviews to

provide SAI with information about the Client's investment objectives, time horizons, benchmark comparison requests, asset allocation ranges, and any special considerations.

SAI will allocate Account assets among securities with the intent to achieve the investment objectives of the client as stated in the client's provided information. Assets are allocated primarily among equity securities to selected managers of pools of money ("Fund Managers") with various investment styles and managing securities with varying corporate capitalizations.

SAI manages the Account assets on a discretionary basis, changing asset allocation, Fund Managers, and securities with the intent of achieving the objectives of the Client. SAI has sole responsibility for the investment selections in the Account.

Financial planning services may include identification of financial problems, cash flow and budget management, tax planning, risk exposure review, investment management, education funding, retirement planning, estate planning, charitable goals, small business planning issues, fringe benefits, special needs planning or other issues specific to the client. A written evaluation of the client's current situation and their goals is provided to the client. The engagement also includes implementation of recommendations accepted by client, telephone support, meetings as required, on-going financial planning services, reminders of the specific courses of action that need to be taken, and quarterly, semi-annual or annual written portfolio reviews as negotiated with each client. More frequent reviews may occur but are not necessarily communicated to the client unless immediate changes are recommended.

In performing its services, Symmetric Advisors, Inc. is not required to verify any information received from the client or from the client's other professionals. Each client is advised that it remains his/her responsibility to promptly notify Symmetric Advisors, Inc. when there is any change in his/her financial situation and/or financial objectives for the purpose of reviewing, evaluating, or revising previous recommendations and/or services.

Managed Assets

As of 3/26/2012, Symmetric Advisors, Inc. manages approximately \$29,840,536 in assets for approximately 288 accounts. Approximately \$29,791,230 is managed on a discretionary basis, and \$49,306 is managed on a non-discretionary basis.

Tailored Relationships

At Symmetric Advisors, Inc., the goals and objectives for each client are documented in our client relationship management system and in client files, either in hard copy or in electronic files. Investment policy statements are created that reflect the stated goals and objective.

Clients may impose restrictions on investing in certain securities or types of securities. This must be done in writing and be signed by the client and Symmetric Advisors, Inc.

Agreements may not be assigned without client consent.

Fees and Compensation

Description

Symmetric Advisors, Inc. bases its fees on a percentage of assets under management, hourly charges, and/or fixed fees.

Fees for investment management services are a maximum of 2.0% of the Account assets per year, and are payable monthly in arrears. Fees are negotiable within the SAI approved fee system.

Should the SAI schedule of fees change, the Client will be notified in writing. Unless a written reply not accepting the change of fees is received by SAI within 30 days of dated notification, the new fee schedule will begin.

Symmetric Advisors, Inc., in its sole discretion, may waive its minimum fee and/or charge a lesser investment advisory fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with clients, etc.).

SAI generates over 99% of its income from the fee billings for the Asset Management Services it provides.

Financial Planning, Business Planning, Estate Planning, and other special projects are billed at \$300/hour. Estimates are provided and a deposit requested. Since the nature of the work often involves variables or circumstances unknown at the start of the engagement, estimates are not guaranteed.

Fee Billing

For Asset Management services, each monthly fee is based on the Account asset value at the end of the previous month plus any transaction costs incurred during the month, and the Client consents to the withdrawal of the monthly fee from the Account.

If the Client desires to pay the fee with assets outside the Account, the fee is due 15 within days from date of billing. Any overdue payments will be debited to the Client's Account 14 business days past the due date. This arrangement must be established 30 days in advance of the fees due date, and agreed upon in writing by all parties.

Other Fees

Fees do not cover brokerage fees or taxes, including transfer taxes, underwriting discounts and commissions, and interest on debit balances in margin accounts, which are charged like any normal securities transaction. Fees do not cover custodial costs outside SAI.

Custodians may charge transaction fees on purchases or sales of certain mutual funds and exchange-traded funds. These transaction charges are usually small and incidental to the purchase or sale of a security. The selection of the security is more important than the nominal fee that the custodian charges to buy or sell the security.

SAI's selection and use of mutual funds, closed end funds, ETFs, and SMAs impose certain expenses on their Client's Accounts. Accounts with mutual funds, closed end funds, ETFs, and SMAs indirectly pay a proportionate amount of the expenses for managing the fund, including investment advisory, management, custodial and certain other administrative fees and expenses. Some mutual funds also pay a service fee or a continuing selling fee, known as a 12b-1 fee, to the broker dealer of record. SAI receives no compensation for these fees.

SAI's selection and use of insurance variable contracts impose certain expenses on their Client's Accounts. The principal of the variable contracts is invested in mutual funds with investment advisory, management custodial and certain other administrative expenses. Insurance companies also charge certain administrative costs and insurance premiums to the account. These selling expenses are recovered by the variable contract issuer over time, and will be charged to the Client's Account if the variable contract is liquidated within a certain time period, often 7-10 years. SAI receives no compensation for these commissions.

Investors in money market mutual funds ("Funds") indirectly pay a proportionate amount of the expenses for managing the fund, including investment advisory, management, custodial and certain other administrative fees and expenses. Because SAI will not waive its fee under this agreement, if and to the extent that the Client's uninvested cash balances may be deposited in money market, the Client will indirectly pay duplicate advisory and other fees in connection with such deposits (i.e., fees to SAI directly under this Agreement and, indirectly, fees and expenses of the Fund. The interest rate payable on the account is adjusted by Funds periodically to reflect the interest earned on the underlying security positions. The difference between what is earned and what is paid to account holders (the spread) is retained by the Funds. SAI receives no compensation for these commissions.

Additionally, fees will be charged at inception date based on the inception value and asset type, planning complexity for the Account and for outside assets. These fees are negotiated between the Investment Adviser and Client prior to any provision of fee based services by the Investment Adviser. If

agreed to, these inception fees are payable 5 business days from acceptance by SAI.

Expense Ratios

Mutual funds generally charge a management fee for their services as investment managers. The management fee is called an expense ratio. For example, an expense ratio of 0.50 means that the mutual fund company charges 0.5% for their services. These fees are in addition to the fees paid by you to Symmetric Advisors, Inc.

Performance figures quoted by mutual fund companies in various publications are after their fees have been deducted.

Past Due Accounts and Termination of Agreement

Symmetric Advisors, Inc. reserves the right to stop work on any account that is more than 30 days overdue. This agreement may be terminated by either party at any time upon 30 days written notice to the other. Fees will be prorated to the date of termination. Any liquidation of securities after termination will incur regular brokerage or surrender charges.

Performance-Based Fees

Sharing of Capital Gains

Fees are not based on a share of the capital gains or capital appreciation of managed securities.

Symmetric Advisors, Inc. does not use a performance-based fee structure because of the potential conflict of interest. Performance-based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.

Types of Clients

Description

Symmetric Advisors, Inc. generally provides investment advice to individuals, families, banks or thrift institutions, investment companies, private pools, pension and profit sharing plans, trusts, estates, or charitable organizations, corporations or business entities. Client relationships vary in scope and length of service.

Account Minimums

Asset Management services are available for accounts of \$100,000.00 or more. Negotiated exceptions to the account size are possible.

Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Security analysis methods may include fundamental analysis, technical analysis, and cyclical analysis.

The main sources of information include financial newspapers and magazines, inspections of corporate activities, research materials prepared by others, corporate rating services, timing services, annual reports, prospectuses, filings with the Securities and Exchange Commission, and company press releases.

SAI will search available databases of individual securities and Fund Managers to provide appropriate choices of securities and pools of securities among those managing no-load mutual funds, load mutual funds on a no-load basis and load basis, closed end funds, ETF's, and SMA's or insurance variable contracts for the various selected asset categories. SAI's review of Fund Manager performance information is through review of the prospectus for packaged pools of securities such as mutual funds and variable contracts, and other information.

Other sources of information that Symmetric Advisors, Inc. may use include Morningstar Direct mutual fund information; newspapers, such as Investor's Business Daily and Wall Street Journal; magazines, such as Forbes, The Economist, and Bloomberg Businessweek, and other services on the World Wide Web.

Investment Strategies

As stated earlier, SAI will allocate Account assets among securities with the intent to achieve the investment objectives of the client as stated in the client's provided information. Assets are allocated primarily among equity securities or selected managers of pools of money ("Fund Managers") with various investment styles and managing securities with varying corporate capitalizations.

Equities, no-load mutual funds, load mutual funds purchased with and without loads, ETF's, SMA's, and mutual funds within insurance variable contracts are generally used to achieve diversification and to enable SAI to select from an adequate group of equities or Fund Managers. Closed-end funds and some individual securities may be chosen for some Accounts. Portfolios are generally globally diversified to control the risk associated with traditional markets, but may not be, depending on the focus of the investment portfolio. The fixed style investment programs generally offered are: The Prism Grid, The Balanced Prism Grid, and the Bond Prism Grid. The programs can be custom tailored to the individuals needs within a very narrow margin.

- The Prism Grid – comprised of equities using mutual funds primarily
- The Prism Bond Grid – comprised of bond mutual funds

- The Prism Balanced Grid – comprised of equity and bond mutual funds

The investment strategy for a specific client is based upon the objectives stated by the client during consultations. The client may change these objectives at any time. Each client executes an Investment Policy Statement with the Investment Objectives/Managed Account Application that documents their objectives and their desired investment strategy.

Other strategies may include long-term purchases, short-term purchases, trading, short sales, and margin transactions.

Risk of Loss

All investment programs have certain risks that are borne by the investor. Our investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks:

- **Interest-rate Risk:** Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- **Market Risk:** The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances. For example, political, economic and social conditions may trigger market events.
- **Inflation Risk:** When any type of inflation is present, a dollar today will not buy as much as a dollar next year, because purchasing power is eroding at the rate of inflation.
- **Currency Risk:** Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- **Reinvestment Risk:** This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- **Business Risk:** These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company, which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- **Liquidity Risk:** Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are

interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.

- **Financial Risk:** Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

Disciplinary Information

Legal and Disciplinary

The firm and its employees have not been involved in legal or disciplinary events related to past or present investment clients.

Other Financial Industry Activities and Affiliations

Financial Industry Activities

Symmetric Advisors, Inc. does not participate in any other industry business activities at this time.

Affiliations

Symmetric Advisors, Inc. does not have arrangements that are material to its advisory business or its clients with any related person.

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics

The employees of Symmetric Advisors, Inc. have committed to a Code of Ethics that is available for review by clients and prospective clients. The firm will provide a copy of the Code of Ethics to any client or prospective client upon request.

Participation or Interest in Client Transactions

Symmetric Advisors, Inc. and its employees may buy or sell securities that are also held by clients. Employees may not trade their own securities ahead of client trades. Employees comply with the provisions of the Symmetric Advisors, Inc. *Compliance Manual*.

Personal Trading

The Chief Compliance Officer of Symmetric Advisors, Inc. is Clancy Potter, CFP®. He reviews all employee trades each quarter. His trades are reviewed by David J. Thompson, Managing Partner. The personal trading reviews ensure that the personal trading of employees does not affect the markets, and that clients of the firm receive preferential treatment. Since most employee trades are small mutual fund trades or exchange-traded fund trades, the trades do not affect the securities markets.

Brokerage Practices

Selecting Brokerage Firms

Symmetric Advisors, Inc. does not have any affiliation with product sales firms. Specific custodian recommendations are made to clients based on their need for such services. Symmetric Advisors, Inc. recommends custodians based on the proven integrity and financial responsibility of the firm, best execution of orders at reasonable commission rates, and the quality of client service.

Symmetric Advisors, Inc. recommends discount brokerage firms and trust companies (qualified custodians), such as Fidelity and Ameritas Advisor Services. Symmetric Advisors, Inc. does not receive fees or commissions from any of these arrangements, although Symmetric Advisors, Inc. may benefit from electronic delivery of client information, electronic trading platforms and other services provided by custodians for the benefit of clients. Symmetric Advisors, Inc. may also benefit from other services provided by custodians, such as research, continuing education, and practice management advice. These benefits are standard in a relationship with these custodians and are not in return for client recommendations or transactions.

Symmetric Advisors, Inc. does not receive any portion of the trading fees.

Best Execution

Symmetric Advisors, Inc. reviews the execution of trades at each custodian each quarter. Trading fees charged by the custodians is also reviewed on a quarterly basis. Symmetric Advisors, Inc. does not receive any portion of the trading fees.

Soft Dollars

Symmetric Advisors, Inc. does not receive soft dollar benefits from the custodians to whom we recommend clients.

Order Aggregation

Most trades are mutual funds or exchange-traded funds where trade aggregation does not garner any client benefit.

Review of Accounts

Periodic Reviews

Accounts are reviewed on a monthly basis by a Managing Partner of SAI. The Accounts are reviewed for consistency of performance compared to the appropriate benchmark index and the Client's investment objectives. Account reviews are performed more frequently when market conditions dictate.

Review Triggers

Other conditions that may trigger a review are changes in the tax laws, new investment information, and changes in a client's own situation.

Regular Reports

SAI prepares quarterly portfolio performance reports for each Account. These individual quarterly performance reviews are reviewed by management and mailed directly to all clients along with the quarterly Symmetric Advisor newsletter.

Client Referrals and Other Compensation

Incoming Referrals

Symmetric Advisors, Inc. has been fortunate to receive many client referrals over the years. The referrals came from current clients, estate planning attorneys, accountants, employees, personal friends of employees and other similar sources.

Referrals to Other Professionals

Symmetric Advisors, Inc. does not accept referral fees or any form of remuneration from other professionals when a prospect or client is referred to them.

Custody

Account Statements

All assets are held at qualified a custodian, which means the custodian provides account statements directly to clients at their address of record at least quarterly.

Performance Statements Provided by Symmetric Advisors, Inc.

SAI prepares quarterly portfolio performance reports for each Account. Clients are urged to compare the account statements received directly from

their custodians to the performance report statements provided by Symmetric Advisors, Inc.

Net Worth Statements

SAI does not provide net worth statements.

Investment Discretion

Discretionary Authority for Trading

Symmetric Advisors, Inc. has a limited power of attorney to manage securities accounts on behalf of clients. Symmetric Advisors, Inc. has the authority to determine, without obtaining specific client consent, the securities to be bought or sold, and the amount of the securities to be bought or sold.

Discretionary trading authority facilitates placing trades in your accounts on your behalf so that we may promptly implement the investment policy that you have approved in writing.

Limited Power of Attorney

A limited power of attorney is a trading authorization for this purpose. You sign a limited power of attorney so that we may execute the trades that you have approved.

The Client authorizes SAI as his or her agent and attorney in fact to buy, sell and trade in stocks, bonds, mutual funds, ETF's, insurance company variable contracts, options, invest in SMA's, and any other securities on margin or otherwise in accordance with SAI, Fidelity Brokerage Services, LLC or National Financial Services, LLC terms and conditions for the Client's account and risk and in the Client's name, or number on the books of SAI, Fidelity Brokerage Services, LLC or National Financial Services, LLC terms and conditions for the Client's account and risk and in the Client's name, or number on the books of SAI, Fidelity Brokerage Services, LLC or National Financial Services, LLC. The Client agrees to indemnify and hold SAI harmless from and to pay promptly on demand, any and all losses arising from such transactions or the debit balances in these Accounts.

In all such purchases, sales or trades, Fidelity Brokerage Services, LLC or National Financial Services, LLC is authorized to follow the instructions of SAI in every respect concerning the Client's Account with Fidelity Brokerage Services, LLC or National Financial Services, LLC and SAI is authorized to act for the Client and in the Client's behalf in the same manner and with the same force and effect as the Client might or could do with respect to all other things necessary or incidental to the furtherance or conduct of such purchases, sales or trades.

The Client ratifies and confirms any and all transactions with Fidelity Brokerage Services, LLC or National Financial Services, LLC by SAI for the

Client's Account. This authorization and indemnity is in addition to (and in no way limits or restricts) any rights which Fidelity Brokerage Services, LLC or National Financial Services, LLC may have under any other agreement or agreements between the Client and Fidelity Brokerage Services, LLC or National Financial Services, LLC.

The trading Authorization must be approved by personnel in various SAI, Fidelity Brokerage Services, LLC or National Financial Services, LLC departments. Until the Trading Authorization is approved, securities purchases and sale transactions will be entered only as directed by the Client.

Voting Client Securities

Proxy Votes

Symmetric Advisors, Inc. does not vote proxies on securities. Clients are expected to vote their own proxies.

When assistance on voting proxies is requested, Symmetric Advisors, Inc. will provide recommendations to the Client. If a conflict of interest exists, it will be disclosed to the Client.

Financial Information

Financial Condition

Symmetric Advisors, Inc. does not have any financial impairment that will preclude the firm from meeting contractual commitments to clients.

A balance sheet is not required to be provided because Symmetric Advisors, Inc. does not serve as a custodian for client funds or securities, and does not require prepayment of fees of more than \$1,200 per client, and six months or more in advance.

Information Security Program

Information Security

Symmetric Advisors, Inc. maintains an information security program to reduce the risk that your personal and confidential information may be breached.

Privacy Notice

The Gramm-Leach-Bliley Act of Year 1999, requires Symmetric Advisors, Inc. and any of its affiliates or subsidiaries to provide, annually, information on the company's policy on disclosure of customer's personal information. In the course of normal business, SAI will collect non-public personal information about our customers from a new account form, personal financial planning

document, trading account activity, insurance application or other such sources.

“It is the company’s policy to not disclose any non-public personal information about our customers or former customers to anyone outside of the company or its affiliates, except as permitted by laws, required by third party investment providers or upon a client’s specific request”.

Symmetric Advisors, Inc. restricts access to non-public information about our customers to only those employees who need to know such information to provide products or services to you. Symmetric Advisors, Inc. maintains physical and electronic safeguards as well as having in place industry standards to protect the confidentiality and security of non-public information of our clients.

Symmetric Advisors, Inc. is committed to maintaining the confidentiality, integrity and security of the personal information that is entrusted to us.

We are required by law to deliver this *Privacy Notice* to you annually, in writing.
