Burgess Chambers & Associates, Inc. (BCA) is a registered investment adviser based in Winter Park, Florida. The firm is organized as a corporation under the laws of the State of Florida and has been providing investment consulting services since 1988. Burgess B. Chambers is the principal owner.

- **Consulting Services**
- **Recommendation of Portfolio Managers (PM)**

The following paragraphs describe our services and fees. Please refer to the description of each investment consulting service listed below for information on how we tailor our consulting services to your individual needs. As used in this brochure, the words "we", "our" and "us" refer to Burgess Chambers & Associates, Inc. (BCA) and the words "you", "your" and "client" refer to you as either a client or prospective client of our firm. Also, you may see the term Associated Person throughout this brochure. As used in this brochure, our Associated Persons are our firm's officers, employees, and all individuals providing investment advice on behalf of our firm.

Consulting Services

We specialize in institutional investment consulting. We focus on directing risk controlled investment programs for operating funds, pension assets, endowments and foundations, and wealth management. Initially, we identify your return and risk objectives. The appropriate asset classes are then determined to achieve those objectives. The optimal asset allocation is developed utilizing mean variance models. We incorporate tactical and strategic asset allocation models to determine relative valuations of asset classes and make recommendations accordingly. We then prepare an Investment Policy Statement in conjunction with you and based on any limitations you set or that are required by law.

We utilize both third party and internal databases to search for suitable portfolio managers. We complete subjective due diligence on each manager and each manager's performance is evaluated and often back-tested against various combinations of other managers that represent the total mix of asset classes. The optimal correlation and manager combination is then created to provide the highest amount of return with the lowest amount of risk and the appropriate portfolio manager is recommended to the client.

Client portfolios are monitored and evaluated each quarter. In addition, portfolios are reviewed quarterly for compliance to the IRS and appropriate statutes. Each manager is held accountable to the investment policy statement. Portfolio characteristics are measured on a quarterly basis, as well as peer group rankings and style drift. Any significant changes in the management team or structure are reported to the client.

Our compensation for services is calculated and paid quarterly based on the market value of the assets. Alternatively, some clients are charged a flat fixed quarterly fee. Our fee arrangements with clients are negotiated during the contract award process. Compensation is payable in arrears following the end of each quarter. Our stated minimum fee is \$20,000 per year.

You may terminate BCA's consultant agreement upon 30-days written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the agreement, which means you will incur consulting fees only in proportion to the number of days in the quarter for which you are a client.

Recommendation of Portfolio Managers

As part of our investment consulting services, we recommend that you use the services of Portfolio Manager(s) ("PM") to manage your investment portfolio. Factors that we take into consideration when making our recommendation(s) include, but are not limited to, the following: the PM's performance, methods of analysis, fees, your financial needs, investment goals, risk tolerance, and investment objectives. We will periodically monitor the PM's performance to ensure its management and investment style remains aligned with your investment goals and objectives.

Typically, portfolio manager recommendations and portfolio manager searches are included in our fee. However, in certain situations additional fees may be charged as agreed upon. We will not share in the advisory fee you pay directly to the PM. Advisory fees that you pay to the PM are established and payable in accordance with the Form ADV Part 2A or other equivalent disclosure documents provided by each PM to whom you are referred. These fees may or may not be negotiable. You should review the recommended PM's brochure or prospectus for information on its fees and services.

You may be required to sign an agreement directly with the recommended PM(s). You may terminate your advisory relationship with the PM according to the terms of your agreement with the PM. You should review each PM's brochure or prospectus for specific information on how you may terminate your advisory relationship with the PM and how you may receive a refund, if applicable. You should contact the PM directly for questions regarding your advisory agreement.

Types of Investments

We offer advice on asset allocation which may include information on equity securities, corporate debt securities, commercial paper, certificates of deposit, municipal securities, investment company securities, US Government securities, real estate, convertibles and other asset classes that may be appropriate in meeting client objectives.

Assets Under Management

As of December 31, 2011, we advise on \$2,500,000,000 in client assets on a non-discretionary basis.

Item 5 Fees and Compensation

Please refer to the "Advisory Business" section in this brochure for information on our advisory fees, fee deduction arrangements, and refund policy according to each service we offer.

Additional Fees and Expenses

As part of our investment consulting services to you, we may recommend that you invest in mutual funds and exchange traded funds. The fees that you pay to our firm for investment consulting services are separate and distinct from the fees and expenses charged by mutual funds or exchange traded funds (described in each fund's prospectus) to their shareholders. These fees will generally include a management fee and other fund expenses. You will also incur transaction charges and/or brokerage fees when purchasing or selling securities. The broker-dealer or custodian through whom your account transactions are executed typically imposes these charges and fees. We do not share in any portion of the brokerage fees/transaction charges imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by mutual funds, exchange traded funds, our firm, and others.

Item 6 Performance-Based Fees and Side-By-Side Management

We do not accept performance-based fees or participate in side-by-side management. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance-based fees.

Performance-based fees are fees that are based on a share of capital gains or capital appreciation of a client's account. Our fees are calculated as described in the *Advisory Business* section above, and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds in your advisory account.

Item 7 Types of Clients

We offer investment consultant services to banks and thrift institutions, pension and profit sharing plans, trusts, estates, charitable organizations, corporations, and other business and governmental entities.

BCA does not have a minimum account size requirement. We target an annual minimum fee of \$20,000, which may be negotiated in special circumstances.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

Our Methods of Analysis and Investment Strategies

We recommend asset allocation strategies and Portfolio Managers that we believe will meet specific objectives rather than recommending specific securities. The Portfolio Managers (PM) will perform the actual security analysis.

BCA's recommendation may vary depending upon each client's specific financial situation and the limitations imposed by the client or applicable law. As such, we determine allocations based upon your predefined objectives, risk tolerance, time horizon, financial horizon, financial information, liquidity needs, and other various suitability factors. Your restrictions and guidelines may affect the composition of your portfolio.

We do not perform quantitative or qualitative analysis of individual securities. Instead, we will advise you on how to allocate your assets among various classes of securities or portfolio managers. We may recommend replacing the PM if there is a significant deviation in characteristics or performance from the stated strategy and/or benchmark.

Our strategies and investments may have unique and significant tax implications. However, unless we specifically agree otherwise, and in writing, tax efficiency is not our primary consideration in the management of your assets. Regardless of your account size or any other factors, we recommend that you consult with a tax professional prior to and throughout the investing of your assets.

Risk of Loss

Investing involves risk of loss. We do not represent or guarantee that our services or methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate clients from losses due to market corrections or declines. We cannot offer any guarantees or promises that your financial goals and objectives will be met. Past performance is in no way an indication of future performance.

Recommendation of Particular Types of Securities

As disclosed under the "Advisory Business" section in this Brochure, we offer advice on various asset classes and Portfolio Managers that may include information on; equity securities, corporate debt securities, commercial paper, certificates of deposit, municipal securities, investment company securities, US Government securities, real estate, convertibles and other asset classes that may be appropriate in meeting client objectives. Each type of security has its own unique set of risks associated with it and it would not be possible to list here all of the specific risks of every type of investment. Even within the same type of investment, risks can vary widely. However, in very general terms, the higher the anticipated return of an investment, the higher the risk of loss associated with it.

Item 9 Disciplinary Information

Prior to joining BCA, Larry Cole worked for Merrill Lynch, Pierce, Fenner & Smith, Inc. in Ponte Vedra, FL. Mr. Cole worked remotely from his home near Orlando, Florida. In 2003 and 2004, Mr. Cole did not have access to Merrill Lynch's internal e-mail system. Mr. Cole's e-mails were often forwarded to him and he did have access when he visited the Ponte Vedra office periodically. Without admitting or denying the findings, Mr. Cole consented to the sanctions and entry of findings that instead of taking the required continuing education firm element training in 2003 and 2004, he allowed a subordinate to complete the modules and take the applicable proficiency tests using his user ID and password. FINRA suspended Larry Cole who is our Executive Vice President, for 10 days and fined him \$5,000.00.
