5. Education and Business Standards.

Are there any general standards of education or business experience that applicant requires of those involved in determining or giving investment advice to clients?..... ☒ Yes ☐ No

(If yes, describe these standards on Schedule F.)

6. Education and Business Background.

For:

- each member of the investment committee or group that determines general investment advice to be given to clients, or
- if the applicant has no investment committee or group, each individual who determines general investment advice given to clients (if more than five, respond only for their supervisors)
- each principal executive officer of applicant or each person with similar status or performing similar functions.

On Schedule F, give the:

- name
- formal education after high school
- year of birth
- business background for the preceding five years

7. Other Business Activities. (check those that apply)

- ☐ A. Applicant is actively engaged in a business other than giving investment advice.
- ☒ B. Applicant sells products or services other than investment advice to clients.
- ☐ C. The principal business of applicant or its principal executive officers involves something other than providing investment advice.

(For each checked box describe the other activities, including the time spent on them, on Schedule F.)

8. Other Financial Industry Activities or Affiliations. (check those that apply)

- ☐ A. Applicant is registered (or has an application pending) as a securities broker-dealer.
- ☐ B. Applicant is registered (or has an application pending) as a futures commission merchant, commodity pool operator or commodity trading adviser.

(For each checked box in C, on Schedule F identify the related person and describe the relationship and the arrangements.)

D. Is applicant or a related person a general partner in any partnership in which clients are solicited to invest?..... ☒ Yes ☐ No

(If yes, describe on Schedule F the partnerships and what they invest in.)

9. Participation or Interest in Client Transactions.

Applicant or a related person: (check those that apply)

- ☒ A. As principal, buys securities for itself from or sells securities it owns to any client.
- ☐ B. As broker or agent effects securities transactions for compensation for any client.
- ☐ C. As broker or agent for any person other than a client effects transactions in which client securities are sold to or bought from a brokerage customer.
- ☒ D. Recommends to clients that they buy or sell securities or investment products in which the applicant or a related person has some financial interest.
- ☒ E. Buys or sells for itself securities that it also recommends to clients.

(For each box checked, describe on Schedule F when the applicant or a related person engages in these transactions and what restrictions, internal procedures, or disclosures are used for conflicts of interest in those transactions.)

Describe, on Schedule F, your code of ethics, and state that you will provide a copy of your code of ethics to any client or prospective client upon request.

- 10. Conditions for Managing Accounts.** Does the applicant provide investment supervisory services, manage investment advisory accounts or hold itself out as providing financial planning or some similarly termed services *and* impose a minimum dollar value of assets or other conditions for starting or maintaining an account?..... ☒ Yes ☐ No

(If yes, describe on Schedule F)

- 11. Review of Accounts.** If applicant provides investment supervisory services, manages investment advisory accounts, or holds itself out as providing financial planning or some similarly termed services:

- A. Describe below the reviews and reviewers of the accounts. **For reviews**, include their frequency, different levels, and triggering factors. **For reviewers**, include the number of reviewers, their titles and functions, instructions they receive from applicant on performing reviews, and number of accounts assigned each.

At least one of Registrant's principals reviews each client account and the BCA Partners Fund, LP on an ongoing basis during each quarter, (except that neither principal reviews account information for the other's family) and will continue to do so until the account base is large enough to make involvement in each account by the principals impractical, by which time Registrant will have hired sufficient qualified staff for the task. Each account will undergo a formal review at the end of each quarter. This review begins with the generation of reports detailing periodic performance and current asset values. Registrant then independently reconciles account information against bank and brokerage statements as further verification of account values. The review then focuses on the performance of the investments in each account and on whether the current asset allocation remains in line with the objectives outlined by the client or, in the case of BCA Partners Fund, LP, in line with the fund's objectives.

Reviews address account investment objectives, account classification, account diversification, whether the investments meet the investment standards applicable to the account, and whether the retention or purchase of concentrations of securities of a single company are authorized by the terms of the account's contract with Registrant, written objectives, governing instrument or local law. As part of each review, the Registrant monitors the proper implementation and execution of investment decisions with respect to purchases or sales for individual accounts.

- B. Describe below the nature and frequency of regular reports to clients on their accounts.

Consulting Clients

A complete set of accounting and performance reports are provided to clients on a quarterly basis. Registrant will provide clients with an asset list, showing both cost basis and current market price information for each investment. Investments will also be classified by category and grouped to determine whether asset allocation targets are being met. Where the classification of an investment is unclear, Registrant will use its best judgment in determining the appropriate asset class for that investment. Performance reports include both inception-to-date and year-to-date time-weighted rates of return for the total portfolio and by asset class.

BCA Partners Fund, LP

On a quarterly basis, limited partners receive capital account statements and performance results. Annually, limited partners receive Schedule K-1 and audited financial statements.

12. Investment or Brokerage Discretion.

A. Does applicant or any related person have authority to determine, without obtaining specific client consent, the:

(1) securities to be bought or sold? ☒ Yes ☐ No

(2) amount of the securities to be bought or sold? ☒ Yes ☐ No

(3) broker or dealer to be used? ☒ Yes ☐ No

(4) commission rates paid? ☒ Yes ☐ No

B. Does applicant or a related person suggest brokers to clients? ☒ Yes ☐ No

For each yes answer to A describe on Schedule F any limitations on the authority. For each yes to A(3), A(4) or B, describe on Schedule F the factors considered in selecting brokers and determining the reasonableness of their commissions. If the value of products, research and services given to the applicant or a related person is a factor, describe:

- the products, research and services
- whether clients may pay commissions higher than those obtainable from other brokers in return for those products and services
- whether research is used to service all of applicant's accounts or just those accounts paying for it; and
- any procedures the applicant used during the last fiscal year to direct client transactions to a particular broker in return for products and research services received.

13. Additional Compensation.

Does the applicant or a related person have any arrangements, oral or in writing, where it:

A. is paid cash by or receives some economic benefit (including commissions, equipment or non-research services) from a non-client in connection with giving advice to clients? ☐ Yes ☒ No

B. directly or indirectly compensates any person for client referrals? ☐ Yes ☒ No

(For each yes, describe the arrangements on Schedule F.)

14. Balance Sheet. Applicant must provide a balance sheet for the most recent fiscal year on Schedule G if applicant:

- has custody of client funds or securities; or
- requires prepayment of more than \$500 in fees per client and 6 or more months in advance

Has applicant provided a Schedule G balance sheet? ☐ Yes ☒ No

Advisory Services and Fees

1.A.(1)

Services

Registrant provides investment supervisory services to managed accounts and also serves as general partner of BCA Partners Fund, LP, an investment partnership. Registrant has discretionary authority for investment decisions.

Consulting Clients

Registrant provides investment supervisory services by making investment decisions for clients based on the individual needs of each client. The individual needs of each client are assessed through a review of the client's overall financial objectives, risk tolerance, and specific investment goals. The selection of investment alternatives is then made based on Registrant's assessment of the potential risk-adjusted returns to the client after fees and taxes have been taken into account.

BCA Partners Fund, LP

Registrant serves as general partner of BCA Partners Fund, LP, an investment limited partnership. The selection of investment alternatives is made based on Registrant's assessment of the potential risk-adjusted returns to the partnership after fees and taxes have been taken into account.

For Both Consulting Clients and BCA Partners Fund, LP

Registrant expects to invest primarily in mutual funds, exchange traded funds, unit investment trusts, private investment partnerships, hedge funds, and similar pooled vehicles managed by third parties unaffiliated with Registrant (together, "Pooled Vehicles"). These Pooled Vehicles consist of both actively managed and passive or indexed pools. Certain of these Pooled Vehicles are privately offered only to sophisticated and otherwise eligible investors and are not registered with the Securities and Exchange Commission. While all Pooled Vehicles entail their own risks and an additional layer of fees and expenses borne by the client, private funds may involve higher fees and risks, including exotic investment strategies, conflicts of interest and illiquidity that may limit a client's ability to redeem its investment. The Registrant expects that, in most cases, Pooled Vehicles will be managed by outside investment managers who are experts in various niches of the financial markets. It is the Registrant's belief that it can best add value to clients by finding best-in-class managers in each asset class in which the client is invested.

Registrant's principals have extensive experience in the analysis of individual securities, and may choose to maintain client investments in individual securities where applicable. In particular, Registrant may manage individual securities on behalf of client when Registrant acts as a successor advisor or such securities are otherwise in the client's account at the inception of client's advisory contract with Registrant.

In addition, Registrant may hire one or more subadvisors to manage separate client accounts by selecting individual securities.

Registrant also may utilize short sales, may sell covered call options, and may enter into forward currency contracts, primarily for hedging purposes but also for speculation. Registrant also maintains reserves of cash and cash equivalents including money market instruments.

The policies and procedures of the investment advisors of Pooled Vehicles with respect to the various topics described throughout this Schedule F (which may differ from policies of the Registrant), and the fees and expenses of such products, may be disclosed in the publicly available prospectus for the Pooled Vehicle or Form ADV of the pool's advisor. For private Pooled Vehicles,

such information may appear in documents provided to the Registrant, which client may request.

While both of the principals of Registrant are involved in the investment supervisory process, John Touchton as Chief Investment Officer will have primary and ultimate investment responsibility.

Registrant does not offer custody and safekeeping services.

1.A.(3) & (7)

Other Advisory Services

Registrant may offer limited financial planning services, including coordinating clients' selection of insurance and estate planning services from third parties unrelated to Registrant and other similar ancillary services typically offered by "family office" businesses. Registrant generally provides such intermediary services only on rare occasions and will not charge a fee, although Registrant may in the future offer such services more frequently and charge a fee.

1.D.

Fees

Consulting Clients

Registrant offers such services for a fee based on an annual percentage of assets under management, according to the schedule below:

Minimum Account Size	\$20,000,000
First \$20 million	0.75% of assets
Over \$20 million	0.35% of assets

This fee will be paid exclusively to the Registrant and will not cover the fees and expenses charged by pooled funds and other investments; these other investment fees will be paid separately by the client. Clients whose assets are invested in mutual funds and/or use sub-advisors to manage a portion of their portfolio will pay more than one advisory fee. In that case, clients will pay fees to both Registrant and to the mutual fund managers and/or sub-advisors used. Clients who invest in mutual funds may incur additional fees such as administrative fees and 12b-1 fees.

Fees are payable quarterly in arrears of the services rendered. Either Registrant or the client may terminate the account at any time on 30 days written notice; the parties may terminate on shorter notice upon mutual agreement in writing. Furthermore, the client may terminate the account without penalty within five business days immediately following the signing of the investment advisory agreement. In the event of termination, fees are generally charged on a pro rata basis through the date of termination. In the event of a termination within six months of the effective date of the investment advisory agreement (but following the initial five-day period), the client, in order to compensate the Registrant for up-front costs related to establishing the account, will pay the greater of (i) the pro-rated amount owed through the termination date, and (ii) the difference between (A) \$20,000, and (B) the amount of fees paid by client to Registrant since inception of the account.

BCA Partners Fund, LP

Minimum Account Size	\$1,000,000
Fee	1.5% of assets

For Both Consulting Clients and BCA Partners Fund, LP

Fees are assessed on the last business day of the calendar quarter and are determined based on the value of assets as of the last business day of the calendar quarter. Registrant ordinarily deducts fees

from client assets.

Registrant may reduce fees at its sole discretion and may waive the minimum account size at its sole discretion.

In addition to the Fees noted above, brokerage and other transaction costs apply. Registrant's fees do not include custody charges.

Fixed Fees

Registrant performed one engagement for a fixed fee. Registrant views this arrangement as a special circumstance, and it does not expect to enter into such engagements in the future. Registrant expects that its fees will be primarily based on an annual percentage of assets under management, as detailed above. If Registrant does decide to enter into a fixed fee relationship in the future, these fees will be determined in advance with the client and will be for specific and limited services.

3.

Types of Investments

3.K.3

As first described in Section 1.A.1 above, Registrant may invest Client assets in various investment partnerships, or "hedge funds." These partnerships invest in myriad different strategies. Registrant performs careful due diligence on the managers of these partnerships, and Registrant carefully considers the suitability of each of these investments before committing client capital.

4.

Methods of Analysis, Sources of Information, and Investment Strategies

4.A.

Methods of Analysis

As discussed in earlier sections, Registrant expects to direct its client and partnership assets primarily to Pooled Vehicles managed by third parties. Registrant's selection process for the appropriate Pooled Vehicle is driven first by an analysis of the market in which the investment will be made. In "efficient" markets where information is disseminated more quickly and completely, Registrant expects to direct client and partnership assets into passive investment vehicles with lower costs and greater tax efficiency than more actively managed vehicles. Cost, tax efficiency, and liquidity are the primary criteria for these passive vehicles. In markets which Registrant believes are less efficient, Registrant expects to allocate client and partnership assets to outside managers with more active investment strategies. Registrant's selection criteria for active managers are driven by whether such managers will be able to outperform relevant benchmarks over long periods of time after taking into account the impact of fees, taxes, and risk.

Registrant conducts an extensive due diligence process on prospective outside managers. While some attention is paid to past results, Registrant believes that a detailed analysis of the investment process yields a better indication of future results. This due diligence process for each manager includes the following:

- A detailed discussion of the strategy being employed by the manager
- A review of current and historical portfolio holdings, to confirm that the strategy has been consistently applied
- Meetings with and background checks on significant personnel, with an examination of the role that each manager has in the execution of the strategy
- A review of personal investment by management in the vehicle being considered

- Discussions with auditors, prime brokers, and other affiliated service firms who are involved in the manager's daily operation

Registrant believes strongly that client portfolios and BCA Partners Fund, LP should be broadly diversified; therefore, Registrant invests client assets across a broad range of investment strategies. These strategies should achieve diversification across asset class, geography, market capitalization, and investment style.

4.C.

Investment Strategies

Registrant is responsible for the management of individual securities in some cases, most often when such securities are inherited in the transfer of an existing portfolio of a new client. Registrant analyzes such securities with attention being paid to their investment value as analyzed through traditional fundamental means, their effect on the overall diversification of the portfolio, and the tax impact of further transactions with such securities. Registrant intends to maintain a long-term investment horizon on securities which it manages directly, but it is driven in its trading decisions by valuation, which could result in shorter holding periods during more volatile times. Registrant may engage in short sales and option writing on client assets managed directly, but most likely such strategies will be employed for hedging purposes.

Pooled Vehicles managed for clients and for BCA Partners Fund, LP by outside parties may engage in all of the strategies listed in this section. Registrant will continue to monitor the performance of these Pooled Vehicles, verifying that the investment processes and personnel that led Registrant to invest in these Pooled Vehicles continue to be in place.

5.

Education and Business Standards

Those Registrant personnel involved in determining advice to clients must have personal investment management or related experience with a trust company or similar organization. A four-year college degree, thorough understanding of investment management, strong organizational and personal skills, and demonstrated integrity and concern for client welfare are required.

8.

Other Financial Industry Activities or Affiliations

8.C.(3)

The Registrant is a related person of certain private investment firms (some of which may be clients of Registrant). Such firms are operated separately from Registrant, but may be deemed to be under common control with Registrant. The Registrant and such private firms may share the following:

- (1) certain corporate support services (including compliance, government relations, marketing, legal services, communications, public relations, and purchasing services);
- (2) certain human resource services (including staffing matters, employee relations, training, payroll administration, and administration of employee benefit programs;
- (3) certain financial services (including tax, treasury, corporate accounting, strategic planning, consulting, and cash management);
- (4) certain management information system services (including designing, maintaining, and operating the computing environment and the network infrastructure);
- (5) centralized system services (mail sorting and processing, telephone systems, and technology support); and
- (6) office quarters.

In addition to her position as Principal of Registrant, Tready Smith is CEO of ASAP Capital Partners, a family investment firm.

In addition to his position as Principal of Registrant, John T. Touchton, Jr. is Vice President of Tarnwick Partners LLLP and is President of Witoco Holdings LLC. Both are family investment entities.

8.D.

Registrant is the general partner of BCA Partners Fund, LP, an investment limited partnership, in which Registrant's clients may be solicited to invest. BCA Partners Fund, LP invests in the types of investments indicated in Item 3 of Form ADV Part II. Additional terms and disclosures regarding BCA Partners Fund, LP are contained throughout Form ADV Part II and Schedule F.

In addition, Witoco Holdings LLC, the family investment entity mentioned in 8.C.(3) above, that is owned and controlled by the Touchton family, is a passive, minority general partner in an investment firm (the "Affiliated Manager") in which Registrant's clients may invest. In the event that Registrant's clients do invest in the Affiliated Manager, Registrant's clients will have their fees reduced by the amount that Witoco Holdings LLC would receive as a result of that client's investment in the Affiliated Manager. With this reduction, Registrant will not benefit from a client's investment in the Affiliated Manager.

9.A.

Generally, Registrant or related persons may not purchase securities from, or sell securities to a client or BCA Partners Fund, LP. However, in one instance, related persons sold securities to a client upon the client's request and under client's instructions. In accordance with Section 203(3) of the Investment Advisors Act of 1940, as amended, and the interpretations thereunder, prior to the completion of such transaction, Registrant disclosed to the client in writing that related persons will be acting in a principal capacity. Prior to the completion of such transaction, Registrant obtained client's specific consent to the transaction. In no event will a client of Registrant or BCA Partners Fund, LP be obligated to enter into, or consent to, any such "principal" transaction with Registrant.

9.D. and 9.E.

Both principals of the Registrant are involved with the management of "family offices." As such, each is involved in varying degrees in the investment of his or her family's assets. In fact, the source of management's interest in creating the Registrant is the ability to leverage the investment expertise developed through the work that the principals have done on behalf of their families.

Registrant and its related persons may buy or sell similar or different securities than those purchased for, or recommended to, client accounts or BCA Partners Fund, LP.

When limited opportunities for investment exist, Registrant allocates such opportunities among all eligible clients, including BCA Partners Fund, LP, for whom such investments are optimal, including Registrant's related persons, in a manner that is fair and reasonable based on account size. In some cases, this procedure may lead to an account obtaining less of a Pooled Vehicle than it might have without participation by related person accounts. Registrant believes that to the extent its investments for clients primarily consist of Pooled Vehicles, its policy permitting simultaneous trading in the same security by principals on behalf of their families (and indirectly themselves) and clients does not pose the potential for abuses that many advisors' more restrictive personal trading policies are designed to prevent. Moreover, for private Pooled Vehicles, black-out periods and delayed purchases or redemptions by related persons are not feasible because of the often infrequent liquidity opportunities provided by such funds.

For private Pooled Vehicles, which do not trade or have a market value, the Registrant believes simultaneous trading will not prejudice any unrelated clients or unjustly enrich related persons. The same is true for open-end mutual funds and index products.

Registrant may recommend that the Registrant's clients buy or sell securities in which a related person has some financial interest.

Registrant has written procedures to ensure that its employees understand and follow the SEC's requirements, including the applicant's Policy Statement on Insider Trading Prohibitions.

Pursuant to the SEC requirements, certain personnel and other access persons are required to report personal securities transactions. John Touchton as compliance officer reviews such reports on an annual basis. Tready Smith, as the other principal, reviews this report for John Touchton as compliance officer.

Code of Ethics

Applicant adopted a Code of Ethics (the "Code") effective January 7, 2005, and as amended thereafter, that sets forth standards of conduct required of applicant, its employees and its principals. The Code requires compliance with Federal securities laws. Among other things, the Code includes policies and procedures relating to the personal investment activities of the person subject to the Code, including transactions involving securities that applicant has recommended to its clients and that are held by its clients. Depending upon a person's functions, duties and obligations, these policies and procedures may require pre-clearance and / or reporting of personal securities transactions, timing and other restrictions on transactions, outright prohibitions and compliance certification. The Code also requires the maintenance and review of certain records as well as

Conditions for Managing Accounts

Consulting Clients

Registrant requires a minimum account size of \$20 million, though Registrant can waive this minimum account size at its own discretion. This minimum payment will be pro-rated for partial years but will in all cases exceed \$20,000.00 for the first year of a client's account.

BCA Partners Fund, LP

Registrant requires a minimum account size of \$1 million, though Registrant can waive this minimum account size at its own discretion.

12.

Investment and Brokerage Discretion

12.A.(1) & (2)

Registrant will have discretionary authority to manage accounts for its clients and to manage BCA Partners Fund, LP, including the authority to select the securities to be bought or sold, and to determine the prices and quantities of such securities. For consulting clients only, limitations on Registrant's discretionary authority depend on the specific arrangement between Registrant and the client.

For consulting clients only, the Investment Advisory Agreement of each client may specify the type of securities which may or may not be purchased for the client's account, and may also place limits on the amount of the client's assets which may be invested in certain securities, including limits on investments in certain types of securities, securities of certain issuers, and securities of certain industries.

As described earlier, Registrant provides investment advice primarily through the selection of Pooled Vehicles advised by outside managers. Registrant will negotiate on behalf of its clients and on behalf of BCA Partners Fund, LP to attempt to secure admission into the lowest-price share class of the Pooled Vehicle, although the selection of Pooled Vehicles is based on assessment of the best risk-adjusted returns after fees and taxes have been paid by the client. Registrant does not expect to invest in Pooled Vehicles that charge clients a load or sales charge, and will not invest in Pooled Vehicles that pay Registrant a fee.

**12.A.(3) & (4)
12.B.**

For its consulting clients, Registrant operates under a directed brokerage policy; therefore clients must direct Registrant as to the particular broker-dealer to be used in the execution of portfolio transactions for the account. Registrant does recommend certain broker-dealers to its clients. For BCA Partners Fund, LP, Registrant will determine the broker or dealer to be used. In deciding which broker-dealers to recommend to clients or to select for BCA Partners Fund, LP, Registrant will evaluate broker-dealers' qualifications, paying particular attention to the following factors:

- Financial condition;
- Cost of execution
- Knowledge of the market, specific securities and industries;
- Access to sources of supply or the market;
- Ability to handle block trades;

Answer

- Timely and accurate record-keeping;
- Record of good and timely delivery and payment on trades;
- Quality of research material and services, such as earnings reports and news bulletins; and
- Availability of cost-effective research.

To the extent that any of these services benefit Registrant, conflicts of interest may exist. The management fee paid by a client will not be reduced because Registrant receives such services.

As Registrant operates under a directed brokerage policy for its consulting clients, it should be understood that Registrant may not have the authority to negotiate commissions or obtain volume discounts on behalf of the client, and best execution may not be achieved. In addition, a disparity in commission charges may exist between client accounts.

Consulting clients subject to Registrant's directed brokerage policy should understand that they may, if they desire, with Registrant's consent negotiate commission rates with a brokerage firm. Such clients should understand that unless a lower rate has been negotiated by client on their own behalf, they should expect that the brokerage firm selected by Registrant will charge commissions based upon the firm's established, non-discounted commission schedule. Such clients should further understand that certain of Registrant's clients may have negotiated for and received commission discounts in varying amounts and, therefore, some clients may pay lower commissions than other clients in similar transactions. Registrant may "bunch" or "block" transactions so that securities are purchased or sold for more than one client, the Registrant and its affiliates in a single transaction.

To the extent that Registrant's primary active investment supervisory services currently consist of selecting or recommending Pooled Vehicles, many of which may be purchased directly from the fund's principal underwriter without commissions, such transactions generally will not involve Registrant's procedures for brokerage selection and trade allocation described above.

If a consulting client directs Registrant to use any particular broker-dealer that Registrant reasonably believes could hinder Registrant from providing effective and quality advisory services and/or hinder Registrant's fiduciary obligations to the client, then Registrant reserves the right to refuse that client account.
