The following tiered fee schedules apply to the total value of the client assets under management. As the client’s account value exceeds each tier, the portion of the account in excess of each tier will be billed at the next tier’s rate.

Collective Investment Funds. The Registrant also serves as the investment adviser to various collective investment funds (each reflecting a different investment strategy) sponsored by Hand Benefits & Trust Company (HB&T), a state-chartered trust company regulated by the Texas Department of Banking. These pooled funds are grouped into what is commonly referred to as a master trust account under the control of the fund custodian (here HB&T) which acts as the administrator. The Registrant generally receives an investment management fee between 0.35% and 0.80% for services rendered to the collective investment funds.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases, Short Term Purchases, and Trading - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy. Trading, an investment strategy that requires the purchase and sale of securities within a thirty (30) day investment time period, involves a very short investment time period but will incur higher transaction costs when compared to a short term investment strategy and substantially higher transaction costs than a longer term investment strategy.

- C. Currently, the Registrant primarily allocates client investment assets among various individual equity (stocks), debt (bonds) and fixed income securities, mutual funds and/or exchange traded funds on a discretionary and non-discretionary basis in accordance with the client's designated investment objective(s).

Item 9 – Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 – Other Financial Industry & Affiliations

- A. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C.
1. **Indirect Ownership Interest In NATC.** Steve Athanassie, a Principal of the Registrant, has a less than one percent (1.00%) ownership interest in a savings and loan company, National Advisors Holdings, Inc. ("NAH"), that has formed a federally chartered trust company, National Advisors Trust Company ("NATC"). NAH and NATC are regulated by the Office of Thrift Supervision. The trust company provides a low-cost alternative to traditional trust service providers. The Registrant intends to refer clients to NATC for trust services.

Conflict of Interest: The recommendation by the Registrant that a client engage the trust services of NATC presents a *conflict of interest*, as the receipt of residual compensation, by Mr. Athanassie, as an indirect owner of NATC, may provide an incentive to recommend NATC's trust services, rather than on a particular client's need. No client is obligated to engage NATC's trust services and clients are reminded that they may engage the trust services of other, non-affiliated trust companies. **The Registrant's Chief Compliance Officer, Dorothy Campbell, remains available to address any questions that a client or prospective client may have regarding the above conflicts of interest.**

2. **Related Mutual Fund/Conflict of Interest.** The Registrant provides research services to the AutoPilot Managed Growth Fund (AUTOX), a mutual fund registered under the Investment Company Act of 1940 (the Fund"). The Fund compensates the Registrant with an annual research fee equal to 0.25% of all Fund assets. The Registrant may purchase the Fund for client accounts. The Registrant will generally utilize the Fund for those individuals who seek to become clients but do not have (or wish to commit) the amount of assets to obtain the Registrant's investment management services. In such cases, the Registrant shall commence an advisory relationship with the client (by executing the Registrant's Investment Advisory Agreement). However, the Registrant shall limit the initial account purchase(s) for these clients to the Fund. In lieu of charging the client its customary investment advisory fee under the terms and conditions of the Investment Advisory Agreement, the Registrant shall be compensated exclusively and directly from the Fund (0.50% of such assets-in addition to its research fee referenced above) for all such client assets invested in the Fund. Those clients whose account is limited to the Fund must be willing to accept that its account shall not be as diversified as those of Registrant's larger clients. In addition, the Registrant may also purchase the Fund for its larger client accounts that receive the Registrant's investment advisory services. When so doing, the Registrant shall be compensated exclusively and directly from the Fund (0.50% of such assets-in addition to its research fee referenced above) and exclude the assets invested in the Fund from the calculation of its customary investment advisory fee. **Any client that wishes to direct the Registrant not to purchase the Fund for his/her/its account is**

Item 10 – Other Financial Industry & Affiliations

requested to advise the Registrant of such direction, in writing. In the event that any client has questions regarding the Fund and/or any corresponding perceived conflict of interest that the purchase of Fund for a client's account may present, he/she/it is encouraged to speak with the Registrant's Chief Compliance Officer, Dorothy Campbell.

6. **Accounting Firm.** The Registrant's Principal, Steve Athanassie, is also the Principal of the accounting firm Trademark Capital Tax & Accounting Services, Inc. To the extent that a client specifically requests accounting advice and/or tax preparation services, the Registrant may recommend the services of the accounting firm Trademark Capital Tax & Accounting Services, Inc. Any such accounting advice and/or tax preparation services shall be rendered independent of the Registrant pursuant to a separate agreement between the client and the accounting firm. The Registrant shall not receive any of the fees charged by the accounting firm, referral or otherwise.

Conflict of Interest: The recommendation by Registrant's representatives that a client engage the services of Trademark Capital Tax & Accounting Services, Inc., presents a *conflict of interest*. No client is under any obligation to engage the services of the accounting firm Trademark Capital Tax & Accounting Services, Inc. **The Registrant's Chief Compliance Officer, Dorothy Campbell, remains available to address any questions that a client or prospective client may have regarding the above conflicts of interest.**

8. **Licensed Insurance Agents.** Steve Athanassie and Dorothy Campbell in their individual capacities, are licensed insurance agents, and may recommend the purchase of certain insurance-related products on a commission basis. As referenced in Item 4 B above, clients can engage certain of Registrant's representatives to purchase insurance products on a commission basis.

Conflict of Interest: The recommendation by either Steve Athanassie and Dorothy Campbell that a client purchase an insurance commission product presents a *conflict of interest*, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from Steve Athanassie and Dorothy Campbell. Clients are reminded that they may purchase insurance products recommended by Registrant through other, non-affiliated insurance agents. **The Registrant's Chief Compliance Officer, Dorothy Campbell, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

- D. The Registrant does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, "front-running" (i.e., personal trades executed prior to those of the Registrant's clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant's "Access Persons". The Registrant's securities transaction policy requires that Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of the their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person's current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above in Item 11 C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant's Access Persons.

Item 12 – Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at *Schwab, Fidelity, National Advisors Trust Company and TD Ameritrade*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal *Asset Management Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending *Schwab, Fidelity and National Advisors Trust Company and TD Ameritrade* (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from *Schwab, Fidelity, National Advisors Trust Company and TD Ameritrade* (or another broker-dealer/custodian) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts.

Item 12 – Brokerage Practices

Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab, Fidelity, NATC* and *TD Ameritrade* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab, Fidelity, National Advisors Trust Company* and *TD Ameritrade* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, Dorothy Campbell, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

2. The Registrant does not receive referrals from broker-dealers
3. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant.

The Registrant's Chief Compliance Officer, Dorothy Campbell, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or "bunch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 – Review of Accounts

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's Principals and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.
- B. The Registrant may conduct account reviews on a periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Item 14 – Client Referrals & Other Compensation

- A. As referenced in Item 12.A.1 above, the Registrant may receive an indirect economic benefit from *Schwab, Fidelity, National Advisors Trust Company and TD Ameritrade*. The Registrant, without cost (and/or at a discount), may receive support services and/or products from *Schwab, Fidelity and National Advisors Trust Company and TD Ameritrade*.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab, Fidelity, National Advisors Trust Company and TD Ameritrade* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab, Fidelity, National Advisors Trust Company and TD Ameritrade* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, Dorothy Campbell, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest any such arrangement may create.

- B. If a client is introduced to the Registrant by either an unaffiliated or an affiliated solicitor, Registrant *may* pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any such referral fee shall be paid solely from the Registrant's investment management fee, and shall not result in any additional charge to the client. If the client is introduced to the Registrant by an unaffiliated solicitor, the solicitor, at the time of the solicitation, shall disclose the nature of his/her/its solicitor relationship, and shall provide each prospective client with a copy of the Registrant's written Brochure with a copy of the written disclosure statement from the solicitor to the client disclosing the terms of the solicitation arrangement between the Registrant and the solicitor, including the compensation to be received by the solicitor from the Registrant.

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a quarterly basis. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Please Note: To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian. **Please Also Note:** The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

Item 16 – Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, client shall be required to execute an *Asset Management Agreement*, naming the Registrant as client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at anytime, impose restrictions, **in writing**, on the Registrant's discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.).

Item 17 – Voting Client Securities

- A. The Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.
- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 18 – Financial Information

- A. The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance.
- B. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. The Registrant has not been the subject of a bankruptcy petition.

ANY QUESTIONS: The Registrant's Chief Compliance Officer, Dorothy Campbell, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.
