Material Changes

Annual Update

The Material Changes section of this brochure will be updated annually when material changes occur since the previous release of the Firm Brochure.

Material Changes since the Last Update

The U.S. Securities and Exchange Commission issued a final rule in July 2010 requiring advisers to provide a Firm Brochure in narrative “plain English” format. The new final rule specifies mandatory sections and organization.

Full Brochure Available

Whenever you would like to receive a complete copy of our Firm Brochure, please contact us by telephone at: 908-735-4000 or by email at: brian@economicconcepts.com.

Advisory Business

Firm Description

Economic Concepts Advisory Services, Inc. was founded in 1985.

Economic Concepts Advisory Services, Inc. provides personalized confidential financial planning and investment management to individuals, trusts, estates, charitable organizations and small businesses. Advice is provided through consultation with the client and may include: determination of financial objectives, identification of financial problems, cash flow management, tax planning, insurance review, investment management, education funding, retirement planning, and estate planning.

Economic Concepts Advisory Services, Inc. is strictly a fee-only financial planning and investment management firm. Investment management is conducted through the Financial Advisors Program, a wrap fee program sponsored by Securities America Advisors, Inc. and the Lifeguide Program, also sponsored by Securities America Advisors, Inc.

Economic Concepts Advisory Services, Inc. does not directly sell annuities, insurance, stocks, bonds, mutual funds, limited partnerships, or other commissioned products. The firm is affiliated with entities that sell financial products or securities. No commissions in any form are accepted. No finder's fees are accepted.

Principal Owners

Brian D. Fischer is a 65% stockholder. Scott E. Cooper is a 35% stockholder.

Types of Advisory Services

Economic Concepts Advisory Services, Inc. provides investment supervisory services, also known as asset management services; manages investment advisory accounts not involving investment supervisory services; furnishes investment advice through consultations.

On more than an occasional basis, Economic Concepts Advisory Services, Inc. furnishes advice to clients on matters not involving securities, such as financial planning matters, taxation issues, insurance and trust services that often include estate planning.

As of December 31, 2010, Economic Concepts Advisory Services, Inc. manages approximately \$43,800,000 in assets for approximately 84 clients. Because all of our client assets are managed on a discretionary basis, none are under non-discretionary management.

Tailored Relationships

The goals and objectives for each client are documented in our client relationship management system. Investment policy statements are created

that reflect the stated goals and objective. Clients may impose restrictions on investing in certain securities or types of securities.

Agreements may not be assigned without client consent.

Types of Agreements

The following agreements define the typical client relationships.

Financial Planning Agreement

A financial plan is designed to help the client with all aspects of financial planning without ongoing investment management after the financial plan is completed.

The financial plan may include, but is not limited to: a net worth statement; a cash flow statement; a review of investment accounts, including reviewing asset allocation and providing repositioning recommendations; strategic tax planning; a review of retirement accounts and plans including recommendations; a review of insurance policies and recommendations for changes, if necessary; one or more retirement scenarios; estate planning review and recommendations; and education planning with funding recommendations.

Detailed investment advice and specific recommendations are provided as part of a financial plan. Implementation of the recommendations is at the discretion of the client.

The fee for a financial plan is predicated upon the facts known at the start of the engagement. The fee range is \$250 to \$5000 and is negotiable. Since financial planning is a discovery process, situations occur wherein the client is unaware of certain financial exposures or predicaments.

In the event that the client's situation is substantially different than disclosed at the initial meeting, a revised fee will be provided for mutual agreement. The client must approve the change of scope in advance of the additional work being performed when a fee increase is necessary.

After delivery of a financial plan, future face-to-face meetings may be scheduled as necessary for up to one month. Follow-up on implementation work is billed separately at the rate of \$350 per hour.

Advisory Service Agreement

Most clients choose to have Economic Concepts Advisory Services, Inc. manage their assets in order to obtain ongoing in-depth advice and life planning. All aspects of the client's financial affairs are reviewed, including those of their children. Realistic and measurable goals are set and objectives to reach those goals are defined. As goals and objectives change over time, suggestions are made and implemented on an ongoing basis.

The scope of work and fee for an Advisory Service Agreement is provided to the client in writing prior to the start of the relationship. An Advisory Service

Agreement includes: cash flow management; insurance review; investment management (including performance reporting); education planning; retirement planning; estate planning; and tax preparation, as well as the implementation of recommendations within each area.

The annual Advisory Service Agreement fee is based on a percentage of the investable assets according to the following schedule:

1.00% on the first \$1,000,000

.50% on the assets above \$1,000,000.

The minimum annual fee is \$1,000 and is negotiable. Current client relationships may exist where the fees are higher or lower than the fee schedule above.

Although the Advisory Service Agreement is an ongoing agreement and constant adjustments are required, the length of service to the client is at the client's discretion. The client or the investment manager may terminate an Agreement by written notice to the other party. At termination, fees will be billed on a pro rata basis for the portion of the quarter completed. The portfolio value at the completion of the prior full billing quarter is used as the basis for the fee computation, adjusted for the number of days during the billing quarter prior to termination.

Tax preparation work is not performed as an integral part of the Advisory Service Agreement.

Retainer Agreement

In some circumstances, a *Retainer Agreement* is executed in lieu of an *Advisory Service Agreement* when it is more appropriate to work on a fixed-fee basis. The annual fee for a *Retainer Agreement* is \$2,500 and is negotiable.

Investment Management Agreement

An *Investment Management Agreement* may be executed when financial planning is not provided as part of the relationship. The annual fee for an *Investment Management Agreement* is \$2,500 and is negotiable.

Tax Preparation Agreement

Tax preparation work is not included in the Advisory Service Agreement or Retainer Agreement scope of work.

Hourly Planning Engagements

Economic Concepts Advisory Services, Inc. provides hourly planning services for clients who need advice on a limited scope of work. The hourly rate for limited scope engagements is \$250.

Asset Management

Assets are invested primarily in no-load or low-load mutual funds and exchange-traded funds, usually through discount brokers or fund companies. Fund companies charge each fund shareholder an investment management fee that is disclosed in the fund prospectus. Discount brokerages may charge a transaction fee for the purchase of some funds.

Stocks and bonds may be purchased or sold through a brokerage account when appropriate. The brokerage firm charges a fee for stock and bond trades. Economic Concepts Advisory Services, Inc. does not receive any compensation, in any form, from fund companies.

Investments may also include: equities (stocks), warrants, corporate debt securities, commercial paper, certificates of deposit, municipal securities, investment company securities (variable life insurance, variable annuities, and mutual funds shares), U. S. government securities, options contracts, futures contracts, and interests in partnerships.

Initial public offerings (IPOs) are not available through Economic Concepts Advisory Services, Inc.

Termination of Agreement

A Client may terminate any of the aforementioned agreements at any time by notifying Economic Concepts Advisory Services, Inc. in writing and paying the rate for the time spent on the investment advisory engagement prior to notification of termination. If the client made an advance payment, Economic Concepts Advisory Services, Inc. will refund any unearned portion of the advance payment.

Economic Concepts Advisory Services, Inc. may terminate any of the aforementioned agreements at any time by notifying the client in writing. If the client made an advance payment, Economic Concepts Advisory Services, Inc. will refund any unearned portion of the advance payment.

Fees and Compensation

Description

Economic Concepts Advisory Services, Inc. bases its fees on a percentage of assets under management, hourly charges, or fixed fees.

Some *Retainer Agreements* may be priced based on the complexity of work, especially when asset management is not the most significant part of the relationship.

Financial plans are priced according to the degree of complexity associated with the client's situation.

Fees are not negotiable.

Economic Concepts Advisory Services, Inc. has a material relationship with Economic Concepts, Inc. Any investment products may be purchased through Economic Concepts, Inc. and if so, commissions may be earned. Clients are not obligated to use Economic Concepts, Inc. and may use the services of other brokers or agents.

Fee Billing

Investment management fees are billed quarterly, in advance, meaning that we invoice you before the three-month billing period has begun. Payment in full is expected upon invoice presentation. Fees are usually deducted from a designated client account to facilitate billing. The client must consent in advance to direct debiting of their investment account.

Fees for financial plans are billed 20% in advance, with the balance due upon delivery of the financial plan.

Other Fees

Custodians may charge transaction fees on purchases or sales of certain mutual funds and exchange-traded funds. These transaction charges are usually small and incidental to the purchase or sale of a security. The selection of the security is more important than the nominal fee that the custodian charges to buy or sell the security.

Economic Concepts Advisory Services, Inc., in its sole discretion, may waive its minimum fee and/or charge a lesser investment advisory fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with clients, etc.).

New Advisory Service Agreement fees are calculated on a formula basis and adjusted for complexity of individual situations. *The formula is based on gross income, gross assets and other financial considerations.*

Expense Ratios

Mutual funds generally charge a management fee for their services as investment managers. The management fee is called an expense ratio. For example, an expense ratio of 0.50 means that the mutual fund company charges 0.5% for their services. These fees are in addition to the fees paid by you to Economic Concepts Advisory Services, Inc..

Performance figures quoted by mutual fund companies in various publications are after their fees have been deducted.

Past Due Accounts and Termination of Agreement

Economic Concepts Advisory Services, Inc. reserves the right to stop work on any account that is more than 180 days overdue. In addition, Economic Concepts Advisory Services, Inc. reserves the right to terminate any financial planning engagement where a client has willfully concealed or has refused to

provide pertinent information about financial situations when necessary and appropriate, in Economic Concepts Advisory Services, Inc.'s judgment, to providing proper financial advice. Any unused portion of fees collected in advance will be refunded within 7 days.

Performance-Based Fees

Sharing of Capital Gains

Fees are not based on a share of the capital gains or capital appreciation of managed securities.

Economic Concepts Advisory Services, Inc. does not use a performance-based fee structure because of the potential conflict of interest. Performance-based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.

Types of Clients

Description

Economic Concepts Advisory Services, Inc. generally provides investment advice to individuals, trusts, estates, or charitable organizations, corporations or business entities.

Client relationships vary in scope and length of service.

Account Minimums

The minimum account size is \$100,000 of assets under management, which equates to an annual fee of \$1,000.

When an account falls below \$100,000 in value, the minimum annual fee of \$1,000 is charged. Depending upon circumstances, Economic Concepts Advisory Services, Inc. will sign an *Hourly Agreement* with the client if assets have diminished significantly below \$100,000.

Economic Concepts Advisory Services, Inc. has the discretion to waive the account minimum. Accounts of less than \$100,000 may be set up when the client and the advisor anticipate the client will add additional funds to the accounts bringing the total to \$100,000 within a reasonable time. Other exceptions will apply to employees of Economic Concepts Advisory Services, Inc. and their relatives, or relatives of existing clients.

Clients receiving ongoing asset management services will be assessed a \$1,000 minimum annual fee. Clients with assets below the minimum account size may pay a higher percentage rate on their annual fees than the fees paid by clients with greater assets under management.

Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Security analysis methods may include charting, fundamental analysis, technical analysis, and cyclical analysis.

The main sources of information include financial newspapers and magazines, inspections of corporate activities, research materials prepared by others, corporate rating services, timing services, annual reports, prospectuses, filings with the Securities and Exchange Commission, and company press releases.

Other sources of information that Economic Concepts Advisory Services, Inc. may use include Morningstar Principia mutual fund information, Morningstar Principia stock information, Charles Schwab & Company's "SchwabLink" service, Advisor Intelligence, and the World Wide Web.

Investment Strategies

The primary investment strategy used on client accounts is strategic asset allocation utilizing a core approach. Portfolios are globally diversified to control the risk associated with traditional markets.

The investment strategy for a specific client is based upon the objectives stated by the client during consultations. The client may change these objectives at any time. Each client executes an Investment Policy Statement that documents their objectives and their desired investment strategy.

Other strategies may include long-term purchases, short-term purchases, trading, short sales, margin transactions, and option writing (including covered options, uncovered options or spreading strategies).

Risk of Loss

All investment programs have certain risks that are borne by the investor. Our investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks:

- **Interest-rate Risk:** Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- **Market Risk:** The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances. For example, political, economic and social conditions may trigger market events.
- **Inflation Risk:** When any type of inflation is present, a dollar today will not buy as much as a dollar next year, because purchasing power is eroding at the rate of inflation.

- **Currency Risk:** Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- **Reinvestment Risk:** This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- **Business Risk:** These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company, which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- **Liquidity Risk:** Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.
- **Financial Risk:** Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

Disciplinary Information

Legal and Disciplinary

The firm and its employees have not been involved in legal or disciplinary events related to past or present investment clients.

Other Financial Industry Activities and Affiliations

Financial Industry Activities

Economic Concepts Advisory Services, Inc. is not registered as a securities broker-dealer, or a futures commission merchant, commodity pool operator or commodity trading advisor.

Both Brian D. Fischer and Scott E. Cooper are registered representatives of Securities America, Inc. and as such can earn commissions for the sale of products. While this could be construed as a conflict of interest, all clients are made aware that they can purchase securities from other agents or brokers.

Affiliations

Economic Concepts Advisory Services, Inc. has arrangements that are material to its advisory or its clients with a broker-dealer (Securities America), and an insurance company or agency (Economic Concepts, Inc.).

Again, while this could be construed as a conflict of interest, all clients are made aware that they can purchase securities from other agents or brokers.

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics

The employees of Economic Concepts Advisory Services, Inc. have committed to a Code of Ethics that is available for review by clients and prospective clients upon request. The firm will provide a copy of the Code of Ethics to any client or prospective client upon request.

Participation in Client Transactions

Economic Concepts Advisory Services, Inc. and its employees may buy or sell securities that are also held by clients. Individual securities trading, while highly discouraged, are allowed and subject to heightened review practices. Employees may not trade their own securities ahead of client trades. Employees comply with the provisions of the Economic Concepts Advisory Services, Inc. A copy of our compliance manual is available by calling our office at 908-735-4000.

Personal Trading

The Chief Compliance Officer of Economic Concepts Advisory Services, Inc. is Brian D. Fischer. He reviews all employee trades each quarter. His trades are reviewed by Scott E. Cooper. The personal trading reviews ensure that the personal trading of employees does not affect the markets, and that clients of the firm receive preferential treatment. Since most employee trades are small mutual fund trades or exchange-traded fund trades, the trades do not affect the securities markets.

Brokerage Practices

Selecting Brokerage Firms

Economic Concepts Advisory Services, Inc does not have any affiliation with product sales firms. Specific custodian recommendations are made to Clients based on their need for such services. Economic Concepts Advisory Services, Inc. recommends custodians based on the proven integrity and financial responsibility of the firm and the best execution of orders at reasonable commission rates. No soft dollar compensation is received.

Economic Concepts Advisory Services, Inc. recommends discount brokerage firms and trust companies (qualified custodians), such as National Financial Services/Securities America, Inc. Economic Concepts Advisory Services, Inc. is an advisor with Securities America, Inc.

Economic Concepts Advisory Services, Inc. does receive fees or commissions from any of these arrangements.

Best Execution

Economic Concepts Advisory Services, Inc. reviews the execution of trades at each custodian each quarter. The review is documented in the Economic Concepts Advisory Services, Inc. *Compliance Manual*. Trading fees charged by the custodians is also reviewed on a quarterly basis. Economic Concepts Advisory Services, Inc. does not receive any portion of the trading fees.

Order Aggregation

Most trades are mutual funds or exchange-traded funds where trade aggregation does not garner any client benefit. No aggregated purchases are made.

Review of Accounts

Periodic Reviews

Account reviews are performed quarterly by advisors Brian D. Fischer and Scott E. Cooper. Reviews will focus on areas such as individual fund performance, overall account performance, amount and per-cent of distributions from accounts and overall diversification. Account reviews are performed more frequently when market conditions dictate.

Review Triggers

Other conditions that may trigger a review are changes in the tax laws, new investment information, and changes in a client's own situation.

Regular Reports

Account reviewers are members of the firm's Investment Committee. They are instructed to consider the client's current security positions and the likelihood that the performance of each security will contribute to the investment objectives of the client.

Clients receive periodic communications on at least an annual basis. *Advisory Service Agreement* clients, *Investment Management* clients, and *Retainer Agreement* clients receive written quarterly updates. The written updates may include a net worth statement, portfolio statement, tax return (if the client requests tax preparation services), and a summary of objectives and progress towards meeting those objectives.

Client Referrals and Other Compensation

Incoming Referrals

Economic Concepts Advisory Services, Inc. has been fortunate to receive many client referrals over the years. The referrals came from current clients, estate planning attorneys, accountants, employees, personal friends of employees and other similar sources. The firm does compensate referring parties for these referrals.

Referrals Out

Economic Concepts Advisory Services, Inc. does not accept referral fees or any form of remuneration from other professionals when a prospect or client is referred to them. No third party money managers are used.

Custody

Account Statements

All assets are held at qualified custodians, which means the custodians provide account statements directly to clients at their address of record at least quarterly.

Performance Reports

Clients are urged to compare the account statements received directly from their custodians to the performance report statements provided by Economic Concepts Advisory Services, Inc..

Net Worth Statements

Clients are frequently provided net worth statements and net worth graphs that are generated from our client relationship management system. Net worth statements contain approximations of bank account balances provided by the client, as well as the value of land and hard-to-price real estate. The net worth statements are used for long-term financial planning where the exact values of assets are not material to the financial planning tasks.

Investment Discretion

Discretionary Authority for Trading

Economic Concepts Advisory Services, Inc. accepts discretionary authority to manage securities accounts on behalf of clients. Economic Concepts Advisory Services, Inc. has the authority to determine, without obtaining specific client consent, the securities to be bought or sold, and the amount of the securities to be bought or sold. However, Economic Concepts Advisory Services, Inc. consults with the client prior to each trade to obtain concurrence if a blanket trading authorization has not been given.

The client approves the custodian to be used and the commission rates paid to the custodian. Economic Concepts Advisory Services, Inc. does not receive any portion of the transaction fees or commissions paid by the client to the custodian on certain trades.

Discretionary trading authority facilitates placing trades in your accounts on your behalf so that we may promptly implement the investment policy that you have approved in writing.

Limited Power of Attorney

A limited power of attorney is a trading authorization for this purpose. You sign a limited power of attorney so that we may execute the trades that you have approved.

Voting Client Securities

Proxy Votes

Economic Concepts Advisory Services, Inc. does not vote proxies on securities. Clients are expected to vote their own proxies.

When assistance on voting proxies is requested, Economic Concepts Advisory Services, Inc. will provide recommendations to the Client. If a conflict of interest exists, it will be disclosed to the Client.

Financial Information

Financial Condition

Economic Concepts Advisory Services, Inc. does not have any financial impairment that will preclude the firm from meeting contractual commitments to clients.

A balance sheet is not required to be provided because Economic Concepts Advisory Services, Inc. does not serve as a custodian for client funds or securities, and does not require prepayment of fees of more than \$500 per client, and six months or more in advance.

Business Continuity Plan

General

Economic Concepts Advisory Services, Inc. has a Business Continuity Plan in place that provides detailed steps to mitigate and recover from the loss of office space, communications, services or key people.

Disasters

The Business Continuity Plan covers natural disasters such as snow storms, hurricanes, tornados, and flooding. The Plan covers man-made disasters such as loss of electrical power, loss of water pressure, fire, bomb threat, nuclear emergency, chemical event, biological event, T-1 communications line outage, Internet outage, railway accident and aircraft accident. Electronic files are backed up daily and archived offsite.

Alternate Offices

Alternate offices are identified to support ongoing operations in the event the main office is unavailable. It is our intention to contact all clients within five days of a disaster that dictates moving our office to an alternate location.

Information Security Program

Information Security

Economic Concepts Advisory Services, Inc. maintains an information security program to reduce the risk that your personal and confidential information may be breached.

Privacy Notice

Economic Concepts Advisory Services, Inc. is committed to maintaining the confidentiality, integrity and security of the personal information that is entrusted to us.

The categories of nonpublic information that we collect from you may include information about your personal finances, information about your health to the extent that it is needed for the financial planning process, information about transactions between you and third parties, and information from consumer reporting agencies, e.g., credit reports. We use this information to help you meet your personal financial goals.

With your permission, we disclose limited information to attorneys, accountants, and mortgage lenders with whom you have established a relationship. You may opt out from our sharing information with these nonaffiliated third parties by notifying us at any time by telephone, mail, fax, email, or in person. With your permission, we share a limited amount of information about you with your brokerage firm in order to execute securities transactions on your behalf.

We maintain a secure office to ensure that your information is not placed at unreasonable risk. We employ a firewall barrier, secure data encryption techniques and authentication procedures in our computer environment.

We do not provide your personal information to mailing list vendors or solicitors. We require strict confidentiality in our agreements with unaffiliated third parties that require access to your personal information, including financial service companies, consultants, and auditors. Federal and state

securities regulators may review our Company records and your personal records as permitted by law.

Personally identifiable information about you will be maintained while you are a client, and for the required period thereafter that records are required to be maintained by federal and state securities laws. After that time, information may be destroyed.

We will notify you in advance if our privacy policy is expected to change. We are required by law to deliver this *Privacy Notice* to you annually, in writing.

Brochure Supplement (Part 2B of Form ADV)

Education and Business Standards

Economic Concepts Advisory Services, Inc. requires that advisors in its employ have a bachelor's degree and further coursework demonstrating knowledge of financial planning and tax planning. Examples of acceptable coursework include: an MBA, a CFP®, a CFA, a ChFC, JD, CTFA, EA or CPA. Additionally, advisors must have work experience that demonstrates their aptitude for financial planning and investment management.

Professional Certifications

Employees have earned certifications and credentials that are required to be explained in further detail.

Certified Financial Planner (CFP): Certified Financial Planners are licensed by the CFP Board to use the CFP mark. CFP certification requirements:

- Bachelor's degree from an accredited college or university.
- Completion of the financial planning education requirements set by the CFP Board (www.cfp.net).
- Successful completion of the 10-hour CFP® Certification Exam.
- Three-year qualifying full-time work experience.
- Successfully pass the Candidate Fitness Standards and background check.

Chartered Financial Analyst (CFA): Chartered Financial Analysts are licensed by the CFA Institute to use the CFA mark. CFA certification requirements:

- Hold a bachelor's degree from an accredited institution or have equivalent education or work experience.
- Successful completion of all three exam levels of the CFA Program.
- Have 48 months of acceptable professional work experience in the investment decision-making process.
- Fulfill society requirements, which vary by society. Unless you are upgrading from affiliate membership, all societies require two sponsor statements as part of each application; these are submitted online by your sponsors.
- Agree to adhere to and sign the Member's Agreement, a Professional Conduct Statement, and any additional documentation requested by CFA Institute.

Enrolled Agent (EA): Enrolled Agents are enrolled by the Internal Revenue Service and authorized to use the EA designation. EA enrollment requirements:

- Successful completion of the three-part IRS Special Enrollment Examination (SEE), or completion of five years of employment by the IRS in a position which regularly interpreted and applied the tax code and its regulations.
- Successfully pass the background check conducted by the IRS.
