Item 5 Fees and Compensation

Monument Investments, Inc. offers investment advisory services based on a percentage of assets under management. The fee charged is in addition to the management fees and other expenses charged by any investment companies (i.e. money market or mutual funds in which clients are invested).

The Fee will be calculated on a monthly or quarterly basis depending upon the agreement with the particular client through direct debit of the customer's account within the first ten business days of the first month following the most recently completed calendar month/quarter. The fee will be calculated based upon the market value of the portfolio, including cash equivalents, determined as of the close of business of the last day of such preceding calendar month/quarter. In the case of a new client, it will be based on the day the portfolio account is opened. The client's account will be debited automatically for such fees due within the first ten business day of such immediately following month. If the debt has not been paid within 30 days after the first day the charge has accrued, securities positions within the accounts may be liquidated to cover the amount due. The portfolio fee may also be a fixed fee as agreed upon between the client and Monument Investments, Inc.

Monument Investments, Inc. will determine each client's portfolio management fee on an individual basis taking into account the complexities of the case, the amount of continuing in-depth financial analysis that will be required and the time estimated to manage the client's portfolio. The fee for portfolio management services will range from .05 to 2% (computed on a per annum basis) of the value of the portfolio as determined in the manner set forth above, and will be approved by the client upon the execution of the Advisory Services Agreement between the client and Monument Investments, Inc. All percentage fee amounts described herein are quoted on a per annum basis; for partial months/quarters, the percentage fee amount shall be prorated, calculated based on the actual number of days elapsed.

Clients shall have the right to terminate the Advisory Services Agreement, without penalty, at any time within five (5) business days after the date of the client's signature. Thereafter, the client or Monument Investments, Inc. may terminate the Advisory Services Agreement at any time and for any reason, upon thirty (30) days prior written notice to the other party. Upon notice of termination, Monument Investments, Inc. may charge a termination fee of up to 1% of the value of the portfolio.
