ITEM 2. SUMMARY OF MATERIAL CHANGES

Securities America Advisors, Inc. filed its last annual amendment to its Form ADV Part 2A Brochure and this Wrap Fee Program Brochure on March 29, 2018. On April 6, 2018, the SEC entered an order against SAA in connection with SAA's mutual fund share class selection practices. SAA cooperated with the SEC staff and undertook remedial measures. SAA made an offer of settlement that was accepted by the SEC, resulting in the SEC issuing an order in which SAA was instructed to cease and desist from committing or causing violations of Sections 206(2), 206(4) and 207 of the Advisers Act and Rule 206(4)-7 thereunder. SAA was also censured and required to pay disgorgement, prejudgment interest and a monetary penalty. SAA neither admitted nor denied the SEC's findings. See Item 9 for additional information regarding this matter.

We may update this Wrap Fee Program Brochure at any time. If we make any material changes relating to Item 9 (disciplinary information) of the Form ADV Part 2A we will provide you either (i) a copy of the Wrap Fee Program Brochure that includes or is accompanied by a summary of material changes or (ii) a summary of material changes that includes an offer to provide a copy of the current Wrap Fee Program Brochure. We urge you to carefully review all subsequent summaries of material changes as they will contain important information about any significant changes to our advisory services, fee structure, business practices, conflicts of interest and disciplinary history.

To receive a complete copy of our Brochure at no charge, please visit our website at www.securitiesamerica.com or contact us at 800-747-6111.

ITEM 4. SERVICES, FEES AND COMPENSATION

Advisory Business

Ownership

Securities America Advisors, Inc. (SAA) and Securities America, Inc. (SAI), an affiliated broker/dealer, are wholly-owned subsidiaries of Securities America Financial Corporation (SAFC). SAFC is a wholly-owned subsidiary of Ladenburg Thalmann Financial Services, Inc. (LTFS). LTFS provides a diverse array of financial products and services through a number of subsidiaries and is listed on the NYSE Amex Exchange under the symbol LTS. Dr. Philip Frost and related entities, Gamma Trust, and Nevada Trust, are beneficial owners of over 25% of LTFS. LTFS has several other affiliates registered as investment advisors, an investment company, insurance broker, broker/dealers, and a trust company. LTFS is a holding company primarily engaged in business through its subsidiaries.

Securities America Financial Corporation is also majority owner of Arbor Point Advisors, LLC (APA). APA is an investment advisor firm registered with the Securities and Exchange Commission (SEC).

Firm Description

SAA is an investment advisor firm registered with the SEC since January 1994 and provides a variety of programs that can be used by it, its investment advisor representatives (SAA representatives) and independent registered investment advisor firms to provide investment advice to you. SAA representatives and investment advisor representatives affiliated with independent investment advisors (independent IA representatives) may be registered representatives of SAI, a full service broker/dealer affiliated with SAA. References to "your representative" or "representative" refer to the SAA representative or the independent IA representative providing services to you. References to "we", "our", "us" or "our firm" refer exclusively to SAA. Independent investment advisor firms that use our programs are generally registered as investment advisors with the SEC or with the state or jurisdictions where they maintain a place of business in accordance with the regulations for each individual state or jurisdiction. We are not affiliated as an investment advisor with the independent investment advisor firms.

Type of Services Offered

We provide a diverse range of advisory programs and services, all of which are described in greater detail in the Securities America Advisors, Inc. Firm Brochure (Part 2A of Form ADV). Our investment advice can include investment supervisory services, which we define as giving you continuous advice or making investments for you based on your individual goals. We also offer a range of services that do not involve providing continuous advice to you, such as financial planning services and retirement plan services.

Once you've decided to establish an advisory account, you will need to complete certain account opening documents that provide information regarding the custodian's name, address and manner in which the funds or securities are maintained. If you wish to use our investment advisory services, you generally will sign a client services agreement describing the services provided to you. When possible, assets in our programs are invested primarily in lower cost mutual funds and/or exchange traded funds, usually through clearing firms or fund companies. Fund companies charge each fund shareholder an investment management fee that is disclosed in the fund prospectus. Clearing firms can charge a transaction fee when you buy funds. Stocks and bonds can be bought or sold through a brokerage account when appropriate. SAI, our broker/dealer affiliate, charges a fee for stock and bond trades. Charges for these products can be higher or lower than commissions you may be able to obtain if transactions were implemented through another broker/dealer.

Participant Retirement Program

We provide a diverse range of investment supervisory and administrative services to you through our Participant Retirement Program and other advisory programs. Generally, SAA considers the Participant Retirement Program to be a wrap fee program. In a wrap fee program, advisory services as well as transaction and other services are provided for one fee that is calculated based on the value of the assets under management. Advisory services can include portfolio management or advice regarding selecting other investment advisors while other services can include, for example, brokerage, custody and performance review. We receive a portion of the wrap fee for the investment management services we provide. Our firm and the representatives do not manage wrap fee accounts from other programs.

Participants in an employer sponsored retirement plan (Plan) can retain SAA and its representatives (collectively, "advisor" or "us") to provide investment advisory services with respect to their tax-exempt retirement plan account assets custodied and maintained through the Participant Retirement Program.

Under the Participant Retirement Program, you elect to have SAA manage your contributions to the Plan, any contributions by your employer or Plan sponsor on your behalf and any other additions to the Plan on behalf of or attributable to you (collectively "Plan Assets"). Through its representatives, SAA provides advice with respect to Plan Assets in your account only, including additions, substitutions and proceeds. SAA is not responsible for the actions or non-actions of predecessor investment advisors, managing any assets other than the Plan Assets allocated to your account or the administration of the Plan. In managing your account, SAA will, but is not required to, consider any other securities, cash or other investments owned by you.

You maintain the ability to impose reasonable restrictions on the management of your account, including the ability to instruct us not to purchase certain investments or securities. Your representative will contact you at least annually to discuss any changes or updates regarding your financial situation, risk tolerance, investment objectives, investment time horizon or restrictions you may wish to impose on the account.

At no time will SAA act as custodian of the Plan or have direct access to the Plan's funds and/or securities. Fidelity Institutional Wealth Services maintains custody of all Plan Assets in your account and will process the orders for securities transactions in your account in its broker/dealer capacity as your representative enters such orders.

The client agreement can be terminated at any time for any reason; however, services will continue until either party gives written notice of termination to the other party. Closing the account will cause the agreement to be terminated. Termination is effective upon receipt of notice, although transactions in progress will be completed in the normal course of business. Terminating the agreement will not affect either party's liabilities or obligations arising out of transactions initiated prior to termination or the provisions regarding arbitration, all of which will survive any expiration or termination of the agreement.

Upon termination, you have the exclusive responsibility to monitor the securities in your account, and we will have no further obligation to act or provide investment services with respect to those assets. If you terminate the agreement within 5 business days of signing it, you will receive a full refund of all fees and expenses. If the agreement is terminated more than 5 days after its execution, any prepaid, unearned management fees will be calculated and promptly refunded based upon the number of days remaining in the billing period after the termination date.

Fees and Compensation

Fees

Management fees charged in our programs are separate and distinct from fees and expenses charged by mutual funds, exchange-traded funds, variable annuities or other investments that can be recommended to you. A description of these fees and expenses are available in each investment prospectus. The ongoing management fee for investment management services can cost you more than if the assets were held in a traditional brokerage account. In a brokerage account, you are charged a commission for each transaction, and the representative has no duty to provide ongoing advice with respect to the account. If you plan to follow a buy and hold strategy for the account or do not wish to

receive ongoing investment advice or management services, you should consider opening a brokerage account rather than an advisory account. Fees charged in our programs can be more than the cost of purchasing the same services separately. You may be able to obtain similar services for a lesser fee from other advisors. The fees charged vary among our programs and our advisors.

Our firm can also invest a portion of your assets in mutual funds, exchange traded funds, variable annuities or other investments and charge a management fee on your assets invested in these securities. Therefore, you will pay two levels of fees for the management of your assets, one directly to our firm and one indirectly to the managers of the mutual funds, exchange traded funds, variable annuities or other investments held in your portfolios. In addition, your representative can manage variable annuity account(s) held by insurance company custodians even though those annuity accounts are not linked to an SAA advisory account. If annuity management service is provided, it is provided on a discretionary basis only, and you can be subject to additional advisory fees. The underlying assets may be bought directly through the mutual fund company or variable annuity company. Therefore, you could generally avoid the second layer of fees by making your own decisions regarding the mutual fund, exchange traded fund, variable annuity investment or other investments. However, in that case, you would not receive the investment management services provided by your representative.

SAA will not impose an asset-based advisory fee on unit investment trusts (UITs) and variable annuities that were subject to an up-front load or sales charge and sold by an SAI representative at the time of purchase. Any variable annuity that had an asset-based advisory fee prior to June 9, 2017, may continue to be charged. Variable annuities that were purchased with an advisory share class (e.g., I shares) may be linked for the purpose of collecting a management fee and/or exercising discretion. Please consult with your representative if you have any questions regarding this policy. Please consult with your representative if you have any questions regarding this policy.

In addition, SAA will exclude the value of any investment it designates as an "alternative investment product" from an asset-based advisory fee if you purchased it in a commission-based account through a registered representative of SAI and then transferred it to an advisory account. However, if an alternative investment product was purchased at Net Asset Value ("NAV") (in other words, purchased with no commission), then that alternative investment product can be subject to an asset-based advisory fee.

Representatives will receive either an advisory fee or a commission, but not both. If an advisor received an upfront commission, or is receiving ongoing trail commissions or 12b-1 fees, the advisor may not charge an additional advisory fee except as described above for variable annuities.

In addition, advisors using third-party money managers for funds held directly with the product sponsor may not receive an additional solicitor's fee if they received an upfront commission, ongoing trails or 12b-1 fees.

Representatives may charge advisory fees and/or receive solicitor's fees for advisory class products that do not pay upfront commissions or ongoing trails, such as institutional mutual fund share classes and advisory share class variable annuities.

Representatives may recommend that products on which they previously received a commission be converted to a fee-based advisory account. This recommendation can be deemed to be a conflict of interest, and we manage the conflict through written disclosure to you and by imposing reasonable controls designed to monitor for this activity. Mutual funds moved from a commission account to a fee-based advisory account will be converted to a lower-cost share class available and included on the Approved Product List (discussed below). Recently purchased A share mutual funds, however, cannot be transferred to fee-based accounts. Other commissionable products can be transferred in-kind to an advisory account (i.e. equities and ETFs) but will have a look-back period, and recently received commissions will be reimbursed to the client. We do not allow the systematic conversion of recently purchased commission-based products to fee-based advisory accounts. "Recently purchased" is defined as a minimum of 90 days with a best practice of 12 months; this time can be extended back further to address the best interest standard.

SAA requires its investment advisor representatives to make all mutual fund purchases in advisory accounts in the share class specified for each mutual fund on an approved products list created and updated by SAA (the Approved

Products List). SAA uses its best efforts to include only the lowest-cost share class available to SAA's investors for each mutual fund on the Approved Products List. In some instances, a fund share class may not be included on the Approved Products List because it has a high or prohibitive minimum purchase requirement. Thus, a lower-cost fund share class may be offered by a fund family but not on the Approved Product List. Clients seeking to make such an investment should speak to their representative about the ability to purchase funds in share classes not on the Approved Products List through SAA granting an exception to its policy.

In addition to an asset-based advisory fee, you can incur brokerage commissions, transaction charges and other fees, including "ticket charges," related to the purchase and sale of stocks, bonds and other securities. More specifically, stocks, bonds and other securities traded in advisory accounts can be subject to commissions, mark-ups and mark-downs. With respect to mark-ups and mark-downs, they are paid to market makers and neither SAA nor SAI receive any portion of the mark-ups or mark-downs.

SAA representatives will either absorb commissions, transaction charges and other fees (in other words, the representative pays the commission, transaction charges or other fees) or the commissions, transaction charges and other fees will be in addition to the investment management fee (in other words, you pay these commissions, transaction charges or other fees). However, commissions, transaction fees and other fees that are charged to you prior to the holdings being in an advisory account will not be waived or credited toward the investment management fee. Please contact your representative for more information about commissions and transaction charges.

While SAA (or an entity on its behalf) has designed reasonable controls to monitor for the accuracy of advisory fees, we also encourage you to check the accuracy of your advisory fee billings.

SAA and your representative do not retain 12b-1 fees paid by funds for either qualified or non-qualified accounts. SAA has implemented a policy requiring that IARs complete all new purchases of mutual funds in advisor directed accounts at the lowest cost share class. Further, SAA has implemented a policy requiring that 12b-1 trails be credited back to all existing advisory accounts (qualified and non-qualified) that hold positions in higher-fee share classes.

Fees in the Participant Retirement Program

In the Participant Retirement Program, you pay management fees to SAA and your representative pursuant to the provisions of a client fee schedule, with a maximum 3% annual fee charged. The fee can be a fixed percentage fee on the total assets in your account or a tiered fee schedule whereby the percentage-based fee is lowered as assets in your accounts increase. The exact fee charged or fee schedule used is disclosed to you prior to services being provided.

Fees are negotiated based on the complexity of your financial situation, the investment services to be provided, the experience and standard fees charged by your representative and the nature and total dollar value of the Plan Assets maintained in your account. The management fee covers only the investment management services provided by us and does not include brokerage commissions or other costs associated with the purchase and sale of securities, custodial fees, interest, taxes or other account expenses.

SAA retains up to 25 basis points (.25%) of the annual fee charged to your account for the administrative and support services we provide. Although not required, we can bundle your related accounts to achieve a break on management fees. Account bundling does not reduce our administrative fee; each account is priced separately for purposes of the administrative fee. Account bundling can be done on accounts with the same fee schedule and with clients in the same immediate family or under the same qualified plan. When accounts are bundled, the total average daily balance or total period ending balance for all of the bundled accounts is used to determine the applicable fee percentage from the client fee schedule. This percentage is then applied to each account and a fee charged to each respectively.

Fees are calculated at the beginning of each period (monthly or quarterly) based on either the average daily balance (ADB) or the period ending balance (PEB) of the account assets under management for the previous period. Frequency (monthly or quarterly) and basis (ADB or PEB) will be disclosed in the fee schedule. Management fees will be billed either in advance or arrears, as disclosed in the fee schedule, with the exception of the initial fee. The initial fee is billed

in arrears based on the number of days that services are provided during the first billing period. SAA retains the right to change the basis (ADB or PEB) upon which the management fee is calculated and/or the timing of billing (advance or arrears). At its discretion, SAA and/or our representative can exclude certain assets from the calculation of management fees.

If your account has not maintained adequate cash in the account to pay management or other fees, SAA reserves the right to direct Fidelity Institutional Wealth Services to liquidate, at any time, a portion of the other Plan Assets to cover the charges. You should review the documents establishing the Fidelity account for details on the tax reporting treatment of deducting management fees.

Depending upon the investment services provided, assets in excess of a threshold amount (as such amount is determined from time to time by SAA), deposited into or withdrawn from the account by you can be charged or refunded a pro-rated portion of the management fee based on the number of days during the billing period the assets were held in the account.

Compensation for the Sale of Securities or Other Investment Products

Your representative receives compensation as a result of your participation in our programs or for providing advisory services to you. Fees for investment supervisory services can vary and can be more than the cost of purchasing the same services separately. You may be able to obtain similar services for a lesser fee from other advisors not affiliated with our firm or SAI. The amount of compensation SAA or your representative can receive in a particular program can be more than would be received if you participated in other SAA programs or paid separately for investment advice, brokerage and other services. For example, recommending one Participant Retirement Program portfolio over another Participant Retirement Program portfolio can create a financial incentive for your representative. Your representative is not under any obligation to promote or use one money manager over another. You may want to consider the following factors when determining the reasonableness of the fees charged, including the following:

1. The cost of developing investment strategies and managing the assets.
2. The cost of producing performance reports covering the managed assets.
3. The cost of administrative, marketing and website services.
4. Transaction and custody costs or other miscellaneous fees, taxes or charges, as well as commissions or mark-ups and mark-downs on the buy and sale of securities. Neither SAA nor SAI receive any portion of mark-ups or mark-downs but market makers may receive this type of compensation.
5. The value of the services provided in assisting you in designing, establishing and monitoring the managed assets.
6. The cost of the additional administrative, marketing, asset management and other support services that may be provided in the management of a program account.

Your representative is a registered representative of SAI and able to effect securities transactions and receive commissions in that separate capacity. Your representative may be licensed as an insurance agent and sell insurance products for commissions in that separate capacity. SAI registered representatives have the discretion to determine the amount of commission charged to clients on products other than mutual funds or insurance products. Representatives generally waive any securities commissions from recommended securities transactions affected in the Participant Retirement Program. In addition, your representative can reduce his or her advisory fee to offset commissions received when transactions are effected. Load mutual funds and bonds may be bought in some managed accounts on an exception basis at your direction.

In determining the amount of any commissions charged, SAI registered representatives will take into account the Financial Industry Regulatory Authority's (FINRA's) 5% guideline policy, the type of security involved, the availability of the security in the market, the price of the security and the amount of money involved in the transaction.

Clients are not obligated to engage SAA representatives to implement advisory recommendations. Nor are clients obligated to engage SAA representatives in their separate capacity as SAI registered representatives or licensed

insurance agents when implementing recommendations. Implementing any or all recommendations is solely at clients' discretion.

Commissions charged for securities and/or insurance products may be higher or lower than commissions you may be able to obtain if transactions were implemented through another broker/dealer or insurance broker. You may buy the same investment product from a non-affiliated broker or implement transactions without the services offered by the representative. In that case, you would not receive the services provided by your representative.

Receiving compensation from a variety of sources can be considered a conflict of interest. In addition to the fees disclosed in your advisory agreement or commissions you pay for the purchase of securities and insurance products, your representative can receive additional compensation (including bonuses and non-cash compensation) for selling certain securities or other investment products. Examples of non-cash compensation can include receiving due diligence and/or marketing allowance payments from certain sponsors. While the arrangements with each sponsor can vary, each product sponsor can pay a due diligence or marketing allowance fee based upon the amount of assets held at the sponsor or on the gross amount of each sale, depending upon the product. In certain cases, additional payments are paid or directed to SAA/SAI for selling these products. This can create a conflict of interest based on the amount of compensation SAA/SAI receives when recommending one investment product over another. As a result, certain incentives and conflicts of interest can exist for your representative if you buy certain products or services recommended by him or her. We encourage you to review this ADV closely and discuss any conflicts of interest with your representative.

With respect to advisory services provided under the Participant Retirement Program Agreement, affiliates of SAA can provide securities brokerage, recordkeeping or other retirement services to plans and receive variable compensation for these services. A conflict of interest may arise where SAA recommends the retirement services of those affiliates.

SAI, our employees and your representative can benefit from the compensation paid to us and can directly or indirectly receive a portion of those fees, commissions or other compensation paid by retirement services clients. Those clients can also use other products or retirement services available from or through us and in such case pay additional compensation. This practice creates a potential conflict of interest that can give us and your representative an incentive to recommend advisory retirement services based on the compensation received. Additionally, fees and commissions can also be higher for some brokerage products, services or retirement services. The remuneration and profitability to us, our representatives and affiliates resulting from transactions involving some accounts can be greater than the remuneration and profitability resulting from other advisory accounts, products or retirement services. We manage this conflict through written disclosure to you and by imposing reasonable controls designed to address the suitability of advisor products offered to you. We can also offset or refund additional compensation when required by law.

Other Fees

Representatives may sell various investment products and insurance products offered by subsidiaries of LTFS. Representatives can make referrals for investment banking services and trust services through LTFS and/or its subsidiaries. SAFC, the parent of SAI and SAA is a wholly-owned subsidiary of LTFS and, therefore, a potential conflict of interest can exist when representatives recommend these products or services. Due to the interrelationship of these entities, conflicts of interest can arise that are not readily apparent to you. Through SAI and LTFS, SAFC can engage in marketing re-allowance or sponsorship arrangements with third parties, sub-advisors and brokerage firms to promote the distribution of investment products, including variable annuity and insurance products, mutual funds, managed accounts and customized portfolios. These additional engagements may not necessarily result in additional assets under management with our firm. However, representatives are under no obligation to sell these products or to meet any selling quotas related specifically to these products. We encourage you to review this ADV closely and discuss any potential conflicts of interest with your representative.

SAI, our broker/dealer affiliate, can execute securities transactions for you on our behalf or on behalf of your representative. SAI receives various forms of revenue from our clearing firms National Financial Services, LLC (NFS) and Pershing, LLC (Pershing), based upon your activity as well as the amount of assets we have with these firms. In

general, these revenue sources include a percentage or portion of fees and transaction charges collected by the clearing firms and shared with our firm or SAI, such as: (1) ticket charges, (2) margin interest charges, (3) IRA fees, (4) inactivity fees, (5) mutual fund 12b-1 trails and/or other fees. Additional details are provided below:

1. Transfer Charges: You can be assessed transfer charges on account transactions and other miscellaneous charges by NFS or Pershing on account transactions.
2. Margin Interest Charges: To the extent margin is available in a retirement plan advisory program, such accounts must meet certain risk tolerance requirements.. When margin is used to buy additional securities, the total value of eligible program assets increases as your asset-based fees increase. In addition, you can be charged margin interest on debit balances in your account. An increase in the asset-based fee you pay can provide an incentive for your representative to recommend the use of margin.
3. Mutual Fund 12b-1 Trails: SAA and your representative do not retain 12b-1 fees paid by funds for either qualified or non-qualified accounts.
4. Principal Transaction Fees: "Mark-up" and "mark-downs" or "dealer spreads" that broker/dealers, including affiliates of SAA, can receive when acting as principal in certain transactions. Neither SAA nor SAI receive any portion of mark-ups or mark-downs but market makers may receive this type of compensation.
5. Other Fees: Fees charged in our programs are separate and distinct from fees and expenses charged by mutual funds, exchange-traded funds, variable annuities and other investments that may be recommended to you. A description of these fees and expenses are available in each investment prospectus.
6. Miscellaneous Fees: We also reserve the right to charge additional fees to close an account except when your state of residence prohibits an account closing fee. Refer to your agreement for specific fees and additional information.

Representatives can receive fees for referring you to Premier Trust for trust services. Representatives can also receive fees for referring you to Ladenburg Thalmann for investment banking services or Ladenburg Thalmann Asset Management's \$ymbil Program. These fees may be paid on an ongoing basis and can continue even if your relationship with the representative and/or Securities America is terminated.

Your representative and SAA can refer you to a third party lending institution should you wish to obtain a loan using your securities as collateral. SAA can receive a fee for such a referral; any fee received will not reduce your advisory management fee. Additionally, similar securities-based loans may be available to you for a lower overall cost from other providers. If the assets securing the loan are in an advisory account, the management fee is still being assessed to the entire account, plus any interest charged by the third party lender.

Certain securities, such as over-the-counter stocks and fixed income securities are traded primarily in "dealer" markets. In such markets, securities are directly purchased from, or sold to, a financial institution acting as a dealer, or "principal." Dealers executing principal trades typically include a "mark-up," "mark-down," and/or spread in the net price at which transactions are executed. Your representative can recommend certain bond trade transactions on a discretionary or non-discretionary basis using the Ladenburg Thalmann Fixed Income desk. In these instances, our affiliate, Ladenburg Thalmann & Co., Inc. (LTCO) executes a transaction for a security traded in the dealer markets; LTCO will either execute the transaction as agent through a dealer unaffiliated with LTCO, or as principal in accordance with applicable law. Those accounts covered under the *Employee Retirement Income Security Act of 1974*, as amended (*ERISA*) are exempt from principal transactions. Clients in our advisory program may not pay commissions or separate transaction charges to LTCO in connection with these transactions; however, the client will bear the cost (including any mark-up, mark-down, and/or spread) imposed by the dealer as part of the price of the security. Thus, the dealer will receive compensation in connection with most principal trades. SAA has a conflict of interest in using LTCO to execute principal transactions because LTCO will receive compensation in connection with the trade as dealer, which is in addition to the advisory program fee. For more information about how this conflict of interest is addressed, see the "Policy Regarding Engaging in Principal Trading Involving Advisory Accounts" section below.

Offerings and Special Transactions

Clients can purchase securities through broker/dealers in initial public offerings, secondary offerings and special purpose acquisition company transactions. An affiliate of our firm can act as an underwriter or manager for such offerings, and as such, will receive compensation equal to either all or a portion of "gross spread" (the difference between the price the client pays for the security and the price at which it purchased the securities). Our firm can also receive a portion of the gross spread as a member of the syndicate offering. The advisory fee is not reduced to offset this compensation. The amount of the gross spread is described in the relevant prospectus, offering circular or official statement.

Our firm can share a portion of payments received from a mutual fund or in connection with an initial public offering, a secondary offering and/or a private placement with your representative. This conflict of interest is heightened when your representative recommends securities where our firm is a member of the syndicate offering because your representative typically receives more compensation in connection with these securities than in connection with other types of securities. Your representative can also have a heightened conflict of interest when recommending funds that pay compensation because your representative can receive a portion of that compensation. Your representative can favor certain clients when offering initial public offerings, secondary offerings and other follow-on offerings. Trade allocation will be determined on a basis that is fair, reasonable and equitable to those selected clients and that meets the clients' investment objectives. Factors such as the size of the account and the account's investment objectives can be taken into account when allocating investments. When an order is only partially filled, the security will be allocated to accounts pro-rata to the allocation of the original order quantities. Commission and transaction costs will be allocated to each account pro-rata.

With respect to initial public offerings, secondary offerings and other follow-on offerings, an allocation pro-rata to the original order quantity will be applied where demand exceeds supply. Where it is not possible to apply this policy in any particular trade, efforts will be made to allocate the next investment opportunities so that clients participating in the offerings over time, irrespective of account size, receive equitable treatment in the filling of orders.

Retirement Services

Our representatives also provide services to clients' retirement accounts, such as individual retirement accounts (IRAs) and retirement plans. Our services to IRA clients include those described above. Please note: a client leaving an employer typically has four options (and may engage in a combination of these options):

- (i) Leave the money in the former employer's plan, if permitted
- (ii) Roll over the assets to the new employer's plan, if one is available and rollovers are permitted
- (iii) Rollover to an IRA or
- (iv) Cash out the account value (which could, depending upon the client's age, result in adverse tax consequences)

Our representatives may recommend an investor roll over plan assets to an IRA which our representative would manage. As a result, we may earn an asset-based fee. In contrast, a recommendation that a client or prospective client leave his or her plan assets with his or her old employer, or roll the assets to a plan sponsored by a new employer, will generally result in no compensation to us (unless we are engaged to monitor and/or consult on the account while maintained at the existing plan). Therefore, our representatives may have an economic incentive to encourage an investor to roll plan assets into an IRA that we will manage or encourage an investor to engage us to monitor and/or consult on the account maintained at the existing plan.

There are various factors that we may consider before recommending a rollover, including but not limited to:

- (i) The investment options available in the plan versus the investment options available in an IRA
- (ii) Fees and expenses in the plan versus the fees and expenses in an IRA

- (iii) The services and responsiveness of the plan's investment professionals versus ours
- (iv) Strategies for the protection of assets from creditors and legal judgments
- (v) Required minimum distributions and age considerations and
- (vi) Employer stock tax consequences, if any

The following exception to the early withdrawal penalty applies only to distributions from a qualified retirement plan other than an IRA: distributions made to you after you separated from service with your employer if the separation occurred in or after the year you reached age 55.

No client is under any obligation to rollover plan assets to an IRA managed by us or to engage our representative to monitor and/or consult on an account maintained at an existing plan. Please note that a recommendation to roll assets out of an employer-sponsored plan into an IRA will most likely result in more expenses and charges than if the assets were to remain in the plan.

Please speak to your representative to address any questions that a client or prospective client may have regarding its prospective engagement and the corresponding conflict of interest presented by such engagement.

Performance-Based Fees and Side-by-Side Management

SAA and your representative do not accept performance-based fees for investment management services.

We do not provide side-by-side management of mutual funds and other assets.

ITEM 5. ACCOUNT REQUIREMENTS AND TYPES OF CLIENTS

Types of Clients

We generally provide investment advice to:

- (1) Individuals;
- (2) Banks or thrift institutions;
- (3) Pension and profit sharing plans;
- (4) Trusts, estates or charitable organizations;
- (5) Corporations or business entities; and
- (6) State and municipal governmental entities.

There is no minimum account requirement for the Participant Retirement Program.

Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Security analysis methods can include (1) fundamental analysis, (2) technical analysis and (3) cyclical analysis.

- Fundamental analysis involves analyzing individual company information such as its financial statements, product line, experience and expertise of management and the outlook for the company. Similar information relating to the industry or other market sectors is also analyzed. The resulting data is used to measure the "true value" of the security compared to the current market value. Fundamental analysis can involve risk, since the information obtained may be incorrect and/or the security may be already fairly valued based on factors not apparent in the analysis.

- Technical analysis involves using chart patterns, momentum, volume, relative strength and similar measures of a stock's historical performance in an effort to select securities that may outperform their relevant market index. However, there is no assurance of accurate forecasts or that trends will develop in the markets followed. In the past, there have been periods without discernable trends and similar periods can occur in the future. Even where such trends develop, unforeseen factors could them. Another limitation of technical analysis is that it requires price movement data, which can translate into price trends sufficient to dictate a market entry or exit decision. In a trendless or erratic market, a technical method may fail to identify trends requiring action. In addition, technical methods may suggest investment decisions be made in response to minor price movements or establishing positions contrary to overall price trends, which may result in losses. Finally, a technical trading method may underperform other trading methods when fundamental factors dominate price moves within a given market.
- Cyclical analysis is a type of technical analysis that involves evaluating recurring price patterns and trends based upon business cycles. Economic/business cycles may not be predictable and may have many fluctuations between long-term expansions and contractions. The lengths of economic cycles may be difficult to predict with accuracy. Therefore, the risk of cyclical analysis is the difficulty in predicting economic trends and consequently the changing value of securities that would result from these changing trends.

The main sources of information include (1) financial newspapers and magazines, (2) inspections of corporate activities, (3) research materials prepared by others, (4) timing services, (5) annual reports, prospectuses, filings with the Securities and Exchange Commission and (6) company press releases.

Your representative has access to third party vendors that provide programs or software to analyze individual securities. We also offer your advisor access to third party vendors that provide support services in portfolio design and strategy implementation. One of our affiliates, LTCO, provides research designed to help clients capitalize on inefficiencies in the market. Their institutional quality research provides their partners with value-added insights that enables their decision-making processes, informs their strategies and allows them to address critical market issues. Your representative can use the services of LTCO in addition to other third-party services made available. Refer to the section titled "Other Financial Industry Activities and Affiliations" for more information about our affiliates.

Investment Strategies

Various investment strategies can be employed in our programs and when providing advisory services, including (1) long-term purchases (securities held at least one year), (2) short-term purchases (securities sold within a year), (3) trading (securities sold within 30 days), (4) short sales, (5) margin transactions and (6) option writing (including covered options, uncovered options or spreading strategies).

Strategic and tactical asset allocation model portfolios are also employed in SAA programs. In addition, model mutual fund and variable annuity asset allocation portfolio programs, provided by a number of institutional investment managers and strategists, may be used when managing client assets. Investment strategies and philosophies used within our managed programs or when providing advisory services vary based on the advice provided by your representative. Models and strategies used by one representative can be different than models and strategies used by other representatives. Some representatives limit their advice to mutual funds and others will provide advice on a full range of securities that include equities, mutual funds, options, fixed income and other types of investments. Some representatives will develop models or strategies that are generally applied to their clients while other representatives will develop individualized portfolios for each client.

In the Participant Retirement Program and other SAA investment advisory programs, a specific investment strategy or investment policy is determined for you focusing on your specific financial situation, goals and stated investment objectives. Your representative is responsible for developing and determining the investment strategies used with your accounts. He or she is also responsible for monitoring your accounts and re-allocating them as may be appropriate

based on changing market conditions, changes in your individual circumstances or other factors. If your accounts are managed on a discretionary basis, re-allocations are implemented without prior notice to you. If your accounts are managed on a non-discretionary basis, you will be consulted prior to any securities being reallocated.

In order to help identify the investment strategies to be used, your representative typically:

- Gathers information from you about your financial situation, investment objectives, risk tolerance and investment time horizon and any reasonable restrictions you wish to impose on management of the account;
- Periodically reviews reports provided to you and consults with you;
- Contacts you at least annually to review your financial situation and objectives;
- Communicates information to the third-party investment advisor as warranted; and
- Assists you in understanding and evaluating the services provided by the third-party investment advisor.

If your individual situation changes, you should notify your representative, who will assist you in revising the current portfolio and/or prepare an updated client profile so that he/she can determine if a different model portfolio would be appropriate to your new situation. You can also directly contact a third-party advisor managing the account at the same time you notify your representative and/or SAA. Any subsequent changes directed by you to the initial portfolio(s) will be reflected in a verification update letter provided to you, and the changes will also appear on your statement.

It is important that you understand the concept and risks inherent in exchanging an investment from one position to another. Some investment decisions result in profit and others in losses. SAA and your representative cannot guarantee that the objectives of any investment program will be achieved. Furthermore, it is important that you understand that exchanging one mutual fund for shares of another mutual fund is treated as a sale for federal income tax purposes and that capital gains or losses may be realized unless you are eligible for tax deferral under a qualified retirement plan.

In limited circumstances, your representative or a third-party money manager can engage in a strategy involving frequent trading. You should consider the following points before entering into an advisory relationship where such trading occurs:

- Active trading can be extremely risky and is not appropriate for someone of limited resources and limited investment trading or trading experience and low risk tolerance. You should not invest funds necessary to meet your regular, on-going personal needs. In particular, you should not fund this type of trading with retirement savings, student loans, second mortgages, emergency funds, funds set aside for purposes such as education or home ownership, or funds required to meet your living expenses.
- Active trading can result in few or no profits and, worse, can lead to large financial losses very quickly. Active trading requires in-depth active knowledge of the securities market and of sophisticated and disciplined trading techniques and strategies. Also, you must compete with professional, licensed traders employed by securities firms and other knowledgeable, experienced and well-trained traders. You should have appropriate knowledge and experience before engaging in active trading. You should be familiar with a securities firm's business practices, including the operation of the firm's order execution systems and procedures. Under certain conditions, you may find it difficult or impossible to liquidate a position quickly at a reasonable price. Your success will be affected by strengths and weaknesses and the methods and practices of the brokerage firm in executing trades. You should develop an intimate knowledge of these matters before you engage in an active trading strategy.
- Active trading can involve aggressive trading, and you can generally expect to pay commissions, ticket and transaction charges on each trade. The total daily commissions you pay on your trades will add to your losses or significantly reduce your earnings. For instance, assuming each trade costs \$16 and an average of 29 transactions are conducted per day, you would need to generate an annual profit of \$111,360 just to cover trading costs.

- Active trading can result in tax consequences can be affected due to shorter-term purchases and sells. You may want to consult your tax professional for advice. Your portfolio may tend to be more volatile with shorter term or more active trading.

Risk of Loss

Investment portfolios, programs, models, asset allocations or strategies entail the risk of loss; and values and returns fluctuate over time. While we seek to limit any losses, there have been periods of loss in the past, and there will likely be others in the future. SAA and the representatives emphasize investment returns, particularly over shorter time periods, that depend highly on trends in the various investments markets. Thus, our investment management services are generally suitable only for long-term investment objectives or strategies, rather than for short-term trading purposes. Diversification does not guarantee a profit or guarantee to protect you against loss, and there is no guarantee that your investment objectives will be achieved. These programs, portfolios, models, asset allocations and strategies are not FDIC insured and the investments in them may lose value. All investment programs have certain risks that are borne by you. Our investment approach constantly keeps the risk of loss in mind. You face the following investment risks:

- Market Risk: This type of risk is caused by external factors independent of a security's particular underlying circumstances. Markets can, as a whole, go up or down on various news releases for no understandable reason at all. This sometimes means that the price of specific securities can go up or down without any real reason and take some time to recover any lost value. Adding securities does not help to minimize this risk since all securities may be impacted by market fluctuations.
- Short-Term Trading Risk: These types of transactions may result in short-term gains or losses for federal and state tax purposes, which may be taxed at a higher rate than long-term strategies. SAA and your representative attempt to invest your assets in a tax efficient manner, but you should consult with your tax professional regarding transactions in your account.
- Investment Term Risk: If you require us to liquidate your portfolio during a period in which the price of the security is low, you will not realize as much value as you would had the investment had the opportunity to increase or regain its value (as investments frequently do) or had we been able to reinvest in another security.
- Short Sales Risk: Short sales are motivated by the belief that a security's price will decline, enabling it to be bought back at a lower price to make a profit. The maximum gain on a short sale is limited but the maximum loss is theoretically infinite. Short sales also involve significant expenses, dividend responsibilities, possible regulatory prohibitions and critical timing considerations that impact potential profitability.
- Margin Risk: If you engage in margin transactions then you are borrowing funds to purchase securities using loans for which your portfolio serves as collateral for repayment. Use of margin increases a portfolio's risk as price swings are amplified and, if the value of your securities declines, you can lose more funds than you originally deposited. The lender or custodian may be required to cease trading or liquidate securities to meet a margin call or credit line demand. When using margin as a strategy, you can lose more than your original investment.
- Option Risk: An option holder runs the risk of losing the entire amount paid for the option in a relatively short period of time, reflecting the nature of the option as a wasting asset becoming worthless when it expires. If you don't sell an option in the secondary market or exercise it prior to expiration, you will lose your entire investment in the option.

- Interest-Rate Risk: Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- Reinvestment Risk: This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e., interest rate). This primarily relates to fixed income securities.
- Inflation Risk: The risk is that the rate of inflation will exceed the rate of return on an investment. The investment value itself does not decline but its relative value does.
- Currency Risk: Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- Political Risk: Most investments have a global component, even domestic stocks. Political events anywhere in the world may have unforeseen consequences to markets around the world.
- Regulatory Risk: Changes in law and regulations from any government can change the value of a given company and its accompanying securities. Certain industries are susceptible to government regulation. Changes in zoning, tax structure or laws impact the return on these investments.
- Business Risk: These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They generally carry a higher risk of profitability than an electric company, which may generate much of its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- Concentrated Investment Risk: Certain investment strategies may be concentrated in a specific sector, industry or individual security. In this case, your portfolio will be more likely to sharply increase or decrease in value with changes in the market. This strategy is more volatile because the risk associated with each security represents a large percentage of your overall portfolio.
- Liquidity Risk: Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid while real estate properties are not.
- Financial or Default Risk: Excessive borrowing to finance a business' operations increases the risk of profitability because the company must meet the terms of its obligations and service its debts in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value. Ratings provided by several rating services help to identify those companies with more risk.
- Risks Specific to Sub-Advisors and Other Managers: If we invest some of your assets with another advisor (including private placement), there are additional risks. For example, the other manager may not be as qualified as we believe them to be, the investments those managers use may not be as liquid as we would normally use, or the managers' risk guidelines may be more liberal than we would normally employ.

You should understand there are risks inherent in all financial decisions and transactions, and there is no guarantee your investment objectives will be achieved. Our firm and our affiliated entities make no promises, representations, warranties or guarantees that any of its services to be rendered will result in a profit to you. Our firm and our affiliated entities do not guarantee the future performance or any specific level of performance, the success of any investment decision or strategy our firm and any of our affiliated entities may use or the success of our overall management. You should understand that SAA, its representatives and our affiliated entities will not be liable for any loss incurred with respect to your account, except where such loss directly results from such party's negligence or malfeasance. Nothing in this section is intended to be a waiver of any right of action you may have under applicable securities laws or your rights in the event SAA, the representative or SAA's affiliated subsidiaries breach any fiduciary duty owed to you.

SAA monitors accounts based on standard deviation thresholds. For information about these thresholds, please visit www.securitiesamerica.com under Investors/Investor Information.

ITEM 6. PORTFOLIO MANAGER SELECTION AND EVALUATION

In the Participant Retirement Program, your representative can serve as the portfolio manager and is selected by you at the time you enter into an agreement with our firm to manage your account. In this case, your representative manages your portfolio and determines which investments are bought, sold, reallocated or redeemed. Please refer to the section titled "Investment Analysis" for more information. In other cases, your portfolio manager can be another individual or entity unaffiliated with our firm. In that case, another party you select manages your portfolio and determines which investments are bought, sold, reallocated or redeemed.

ITEM 7. CLIENT INFORMATION PROVIDED TO PORTFOLIO MANAGERS

The principal source of information used by your representative is the data provided by you, such as your personal data, assets and liabilities, income expectations, short-term and long-term financial goals, risk tolerance associated with goals and other relevant information. This information is collected as part of the new account form, subsequent account updates or a financial planning agreement. If you select your representative to manage your portfolio, he or she uses this information to make decisions to buy, sell, redeem, or reallocate the portfolios based on changing market conditions, client specific changes to their suitability and financial information. Should you wish to update your suitability and financial information, please contact your representative. Based on your response, your representative will then evaluate whether or not to change your investment portfolio based on your responses to the questionnaire. If you select another party to manage your portfolio, your information will be collected by the other party for purposes of managing your account.

ITEM 8. CLIENT CONTACT WITH PORTFOLIO MANAGERS

There are no restrictions on your ability to consult with your representative.

ITEM 9. ADDITIONAL INFORMATION

Disciplinary Information

Registered investment advisors are required to disclose all material facts regarding any legal or disciplinary events that would be material to a client's evaluation of the advisor or the integrity of their management. While SAA neither admitted nor denied the SEC's findings, the SEC found that SAA breached its fiduciary duty, had inadequate disclosures and was deficient in its compliance policies and procedures in connection with SAA's mutual fund share selection practices.

During February 1, 2012 to December 31, 2016 (the relevant period), the SEC found that SAA's IARs invested advisory clients in mutual fund share classes charging 12b-1 fees and that SAI, SAA's affiliated broker/dealer, received 12b-1 fees based on those investments. SAI then paid a portion of the 12b-1 fees to its registered representatives who also acted as SAA IARs. The SEC found that SAA's disclosure documents failed to adequately inform clients that this was a conflict of interest because less expensive share classes were available for the same fund and that this made SAA's practice inconsistent with its duty to seek best execution for its clients' transactions.

Also during the relevant period, the SEC found that SAA failed to adopt and implement written policies and procedures reasonably designed to prevent violations of the Advisers Act and its Rules. The SEC found SAA's conduct violated Sections 206(2), 206(4) and 207 of the Advisers Act and Rule 206(4)-7.

On December 14, 2017, without admitting or denying the SEC's findings, SAA submitted an Offer of Settlement. On April 6, 2018, the SEC entered an order against SAA (File Number 3-18424) in which SAA was instructed to cease and desist from committing or causing violations of Sections 206(2), 206(4) and 207 the Advisers Act and Rule 206(4)-7 thereunder. SAA was also censured and ordered to pay disgorgement of \$4,473,025.50, prejudgment interest of \$580,423.14 and a civil penalty of \$775,000.00. Clients can also refer to Investment Adviser Public Disclosure at www.adviserinfo.sec.gov for additional information.

Prior to the entry of the SEC's order, SAA implemented several policies to address the mutual fund share class selection practices described in the SEC's order. SAA now requires that its IARs complete all new purchases of mutual funds in advisory accounts at the lowest cost share class available to SAA, and SAA has worked with its clearing platforms to ensure compliance with this policy. Additionally, SAA has taken steps to convert mutual fund investments in all Class A shares (or comparable classes) to the lowest cost share classes available for the same funds at no costs or tax consequences to its existing advisory clients. For those shares that cannot be or have not yet been converted, SAA has implemented a policy to credit back any newly incurred 12b-1 fees to existing advisory clients.

Other Industry Activities and Affiliations

Financial Industry Activities

SAA conducts activities with some affiliates who are "related persons" as defined in the SEC's Form ADV Instructions. These activities can be material to our investment advisory business or our advisory clients. These affiliates include companies under common control with us by virtue of their status as subsidiaries of Securities America Financial Corporation. SAA and SAI are wholly-owned subsidiaries of Securities America Financial Corporation. APA, another investment advisor firm, is a majority-owned subsidiary of Securities America Financial Corporation. APA is registered with the SEC, under common control with SAA and shares a principal office and place of business with SAA. Although our services are similar to those provided by APA, our investment advisor representatives do not provide advisory services for APA or utilize the programs sponsored by APA.

Securities America Financial Corporation is a wholly-owned subsidiary of Ladenburg Thalmann Financial Services. Ladenburg Thalmann Financial Services provides financial products and services through subsidiaries and several of those are registered as investment advisors, broker/dealers, an investment company, a trust company and insurance companies or agencies.

Other companies owned by LTFS and thus affiliated with SAA are:

| | |
|--|--------------------|
| Ladenburg Thalmann Asset Management (LTAM) | 100% owned by LTFS |
| Ladenburg Thalmann Fund Management, LLC (LTFM) | 50% owned by LTFS |
| Ladenburg Thalmann & Co., Inc. (LTCO) | 100% owned by LTFS |
| Ladenburg Capital Agency Inc. | 100% owned by LTFS |

| | |
|---|--------------------|
| Ladenburg Thalmann Annuity Insurance Services LLC | 100% owned by LTFS |
| Ladenburg Thalmann Alternative Inc. | 100% owned by LTFS |
| Triad Advisors, Inc. | 100% owned by LTFS |
| Triad Hybrid Solutions, LLC | 100% owned by LTFS |
| Highland Capital Brokerage | 100% owned by LTFS |
| Investacorp, Inc. | 100% owned by LTFS |
| Investacorp Advisory Services | 100% owned by LTFS |
| SSN Advisory, Inc. | 100% owned by LTFS |
| Premier Trust, Inc. | 100% owned by LTFS |
| KMS Financial Services, Inc. | 100% owned by LTFS |
| Securities Services Network, Inc. | 100% owned by LTFS |

Ladenburg Thalmann Asset Management, Investacorp Advisory Services, Inc., Triad Hybrid Solutions, LLC, Triad Advisors, Inc., KMS Financial Services, Inc. and SSN Advisory, Inc. are SEC registered investment advisors and are wholly-owned subsidiaries of Ladenburg Thalmann Financial Services. Ladenburg Thalmann Alternative Inc. is also an investment advisor but is exempt from registration due to its limited regulatory assets under management. Ladenburg Thalmann Asset Management owns 50% of Ladenburg Thalmann Fund Management, LLC, which is a registered investment advisor. We are also affiliated with Ladenburg Thalmann & Co., Inc., Investacorp, Inc., Triad Advisors, Inc., KMS Financial Services, Inc. and Securities Service Network, Inc., which are registered full service broker/dealers. Triad Advisors, Inc. is also a licensed insurance entity, as is Ladenburg Capital Agency, Inc. and Highland Capital Brokerage. Ladenburg Thalmann Annuity Insurance Services LLC is a full-service processing and marketing firm for fixed and equity-indexed annuities.

Due to the interrelationship of these entities, conflicts of interest can arise that are not readily apparent to the client. In the course of its business operations, Securities America Financial Corporation, through SAI, SAA, APA and Ladenburg Thalmann Financial Services, can engage in marketing reallowance or sponsorship arrangements with third parties, sub-advisors and brokerage firms to promote the distribution of investment products, including variable annuity and insurance products, mutual funds, managed accounts and customized portfolios. These additional engagements have the potential to, but may not necessarily, result in additional assets under management with our firm.

A potential conflict of interest can exist when representatives recommend these products, as Ladenburg Thalmann Financial Services stands to receive earnings from the internal fees of the recommended securities as well as earnings from a portion of the investment advisory fee received by our firm. Please refer to the section titled "Compensation for the Sale of Securities or Other Investment Products" for more information.

Ladenburg Thalmann Financial Services is a publically traded company with a substantial interest, both financial and with respect to its reputation, in assuring new and/or additional shares of their securities are being purchased. Our investment advisor representatives can recommend Ladenburg Thalmann Financial Services securities on a non-discretionary basis. We can have an incentive to recommend investment in these offerings because of our affiliation with Ladenburg Thalmann Financial Services rather than investment based on a client's needs. To address this conflict, we have policies and procedures in place to make sure Ladenburg Thalmann Financial Services securities are recommended only to clients for whom they are suitable given the client's investment objectives and assets.

Furthermore, because of our affiliation with Ladenburg Thalmann Financial Services, clients might infer a recommendation is being made based on private information known to our investment advisor representative because of the affiliation. Representatives generally do not have access to material non-public information concerning Ladenburg Thalmann Financial Services or its securities. Any recommendation based on such material non-public

information would be considered insider trading and a violation of industry regulations. Should representatives become aware of such information they are prohibited from using it in any way. Clients should understand any recommendation to purchase Ladenburg Thalmann Financial Services securities must be based solely on the client's financial needs.

Your representative can recommend Premier Trust to provide trust and administrative services. Premier Trust provides full disclosure with respect to its trust and administrative services and related costs.

The principal executive officers, other employees and representatives can be separately licensed as registered representatives and registered principals of SAI and/or agents or brokers of various insurance companies. As such, these individuals are able to effect securities transactions and can receive separate compensation for effecting any securities transactions. These individuals can spend the majority of their time involved in all or a portion of these activities

The majority of SAA's representatives are independent contractors and not employees of SAA or SAI. Some representatives can be employees of SAA or our affiliated broker/dealer. Representatives may own, operate, be employed by or otherwise maintain affiliations with other business entities such as insurance agencies, law firms, real estate or mortgage companies, financial planning firms, investment advisors and/or accounting firms. Many of these representatives market their services under a different marketing name and/or as an outside business activity.

SAA conducts its business through a network of independent investment advisor representatives who operate offices located throughout the United States. The representatives may operate under their own business name(s) or "doing business as" names (DBAs). These business names, DBAs and logos may appear on their sales and marketing materials and the representatives may offer and provide other services through those business names and DBAs. However, the representatives must disclose on all materials and correspondence that advisory services are offered through Securities America Advisors, Inc. All sales and marketing materials used by the representatives are reviewed and approved by Securities America home office personnel. The business names, DBAs and logos used by the representatives are separate from and are not owned or controlled by Securities America Advisors. Information about the representatives' other businesses can be found in their respective Form ADV Part 2B Supplemental Brochure, which also contains more detailed information about their educational backgrounds, business experience and disciplinary history (if any).

Certain representatives of our broker/dealer affiliate have their own registered investment advisory businesses. These independent investment advisor firms are separate business entities and are not under common control or ownership with SAA or any of our affiliated subsidiaries. Advisory services and recommendations provided under agreement with an independent investment advisor is solely the responsibility of the independent investment advisor, not SAI. The independent investment advisor firms market these services under a different marketing name or/and under an outside business activity.

SAA and independent investment advisor representatives can be separately registered as representatives of SAI, our affiliated broker/dealer, and can use SAA programs when managing their clients' assets. Your representative can engage our firm to assist them in providing advisory services. In certain circumstances, the separate independent investment advisor firms can perform services similar to those offered by us for fees that may be greater or less than the fees charged by our firm. We will only engage these firms and their associated persons to provide advice on our behalf when the engagement is in compliance with applicable SEC and state regulations. Please refer to the "Advisory Business" section for information about these programs.

OSJ managers (supervisors) who are responsible for the direct supervision of your representative can receive a percentage of commissions or fees as an override to compensate them for their supervisory services. This can be perceived as a conflict of interest. However, your representative and his/her supervisor maintain their independence because they are committed to meeting their client duties and regulatory obligations. The payments of an override, fee or commission is not the determining factor when making a recommendation or providing investment advice. You are under no obligation to purchase products or services recommended by your representative.

Your representative can also recommend clients invest in securities issued in an initial public and secondary offering (new issue) transactions for which LTCO, an affiliated broker-dealer, acts as a manager, an underwriter and/or a member of the selling syndicate or SAA or SAI acts as a member of the selling syndicate. Our firm has a conflict of interest in recommending these securities for several reasons. First, our affiliated broker-dealer, LTCO, receives all or a portion of the gross spread – the difference between the price paid by the client for the security and the price LTCO purchases the security for -- in connection with such sales. This gross spread is generally 7% but can be higher or lower in connection with certain offerings. If our firm is a member of the selling syndicate, we also receive a portion of the gross spread. Your representative generally receives a portion of this compensation in his or her capacity as a registered representative for SA . In addition, LTCO has a substantial interest—both financial and with respect to its reputation—in assuring the offering is successful by having a large number of the securities purchased. Finally, in connection with certain offerings, LTCO has an obligation to purchase and resell a certain number of securities. Thus, because of our affiliation with LTCO, we have incentives to recommend these investments in these offerings for these reasons, rather than based on a client's needs. To address these conflicts, we have policies and procedures in place to make sure securities in initial public offerings are recommended only to clients for whom they are suitable given the client's investment objectives and assets. In addition, clients are generally given transaction specific disclosure prior to the client's decision to invest in such securities.

Affiliations

We have established an agreement with Hanson McClain Retirement Network, LLC (HMRN), a registered broker/dealer and investment advisor in which the associated persons of HMRN provide consultation and marketing support services to representatives to assist them in obtaining more clients. As a result of this relationship, we pay HMRN a portion of the fees from any clients obtained as a result of the services provided by HMRN.

Banking or Thrift Institution

SAI, our brokerage affiliate, markets its services through banks and thrifts. In some circumstances, investment management services are also marketed through these banks and thrifts, provided that such marketing is done in compliance with applicable SEC and state regulations.

Accounting Firm

Representatives may be separately licensed as accountants and may offer accounting services to advisory clients for separate and typical compensation. You are not obligated to use any of these individuals to provide accounting services.

Law Firm

Representatives may be separately licensed as attorneys and, as such, may offer to provide legal advice for separate and typical compensation. You are not obligated to use any of these individuals to provide legal services.

Insurance Company or Agency

Some principal executive officers, representatives and other employees of our firm are agents and/or brokers of various insurance companies. Some individuals are able to effect insurance and/or annuity transactions if you elect to have insurance recommendations implemented and will receive separate compensation when doing so. You are not obligated to use any of these individuals for insurance product purchases. You are free to use any insurance agent or insurance broker you choose.

We have arrangements that are material to our advisory business with related persons who are insurance companies or agencies. SAI, our broker/dealer affiliate, is also a licensed insurance agency and can receive commissions in connection with the sale of fixed insurance products by registered representatives who are licensed to sell these products. SAI, in addition to receiving commissions on the sale of these insurance products, receives payments from certain insurance sponsors for marketing, training and distribution support. None of these additional payments are

paid or directed to any registered representative/insurance agent who sells these products. The registered representative/insurance agent does not receive a greater or lesser commission for sales of these insurance products from which our broker/dealer affiliate receives revenue sharing payments. However, the marketing, educational and distribution activities paid with revenue sharing could potentially lead a registered representative/insurance agent to focus more on products offered by insurance sponsors that make revenue sharing payments to our broker/dealer affiliate, than those of sponsors that do not make such payments when recommending insurance products to their clients.

Pension Consultant

Representatives may be separately engaged in providing pension-consulting services. If you are in need of these services, you may engage these individuals for separate and typical compensation. You are not obligated to use any of these individuals to provide this service. In addition, representatives may establish relationships with outside parties that provide pension-consulting services. In such instances, representatives may refer you to pension consultants and may receive a solicitor referral fee. Such arrangements are fully disclosed to you at the time of referral.

Real Estate Broker or Dealer

Representatives may be separately licensed as real estate agents. As such, these individuals will, for a separate commission or fee, provide real estate brokerage and/or appraisal services for clients who require these services. You are not obligated to use these individuals for real estate services.

Recommendation or Selection of Other Investment Advisors for Our Clients and Compensation Received

For a discussion of our compensation arrangements involving the recommendation or selection of other investment advisors for our clients, please refer to the section titled "Client Referrals and Other Compensation."

Board of Directors

The Board of Directors for Securities America serves as board members for several of our affiliated companies. There may be a perceived conflict of interest. You should be aware that the Board of Directors does not make decisions for our firm without following the process set forth in our firm's by-laws.

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Our Approach to Conflicts of Interest

Conflicts of interest that can arise in the course of providing investment management services are described throughout this Brochure, as are some of our policies and procedures designed to address specific conflicts of interest, such as our Code of Ethics and personal trading practices.

We have a compliance program in place that is intended to identify, mitigate and, in some instances, prevent actual and potential conflicts of interest, ensure compliance with legal and regulatory requirements and ensure compliance with client investment guidelines and restrictions. Our compliance program includes written policies and procedures we believe to be reasonably designed to prevent violations of applicable law and regulations.

We maintain various committees, which provide oversight and review of compliance across functional boundaries, including several operating committees, whose membership is comprised of personnel from the impacted business area(s). These committees receive input from compliance and legal as appropriate to help ensure compliance with some of these policies and procedures. Some of the key committees (or subcommittees) supporting our compliance program efforts include those committees (or subcommittees) responsible for proxy voting, trading, best execution and new products.

Code of Ethics

We have established a Code of Ethics to comply with the requirements of Section 204A-1 of the *Investment Advisers Act of 1940 (Advisers Act)* reflecting our fiduciary obligations and those of our supervised persons and requiring compliance with federal securities laws. Our Code of Ethics covers all individuals who are classified as “supervised persons.” All Securities America employees (including Securities America Financial Corporation, SAA, and SAI, our affiliated broker/dealer), SAA officers, SAA directors, SAA representatives and their associated persons are classified as supervised persons. We require our advisory affiliates and their supervised persons to consistently act in their clients’ best interests in all advisory activities. We impose certain requirements on our advisory affiliates and supervised persons to ensure they meet the firm’s fiduciary responsibilities to their clients. The standard of conduct required is higher than ordinarily required and encountered in commercial business and includes compliance with applicable federal securities laws and regulations and with the Code of Ethics. Under the Code of Ethics, supervised persons who are required to report their personal securities holdings and transactions, may be required to pre-clear certain investments or may be restricted with respect to the timing of certain investments or prohibited from making certain investment. All supervised persons are required to conduct all personal trades through designated broker/dealers unless an exception has been granted. This response is only intended to provide you with a summary description of our Code of Ethics.

If you wish to review our Code of Ethics in its entirety, a copy can be obtained by calling us at (800)747-6111 or writing to the RIA Compliance Department at Securities America, Inc., 12325 Port Grace Blvd., La Vista, NE, 68128.

Participation or Interest in Client Transactions

SAI, our affiliated broker/dealer, can execute securities transactions on our behalf or on behalf of your representative. SAA, SAI and/or your representative can receive advisory fees and broker/dealer commissions for the sale of securities placed under our management. Receiving compensation from a variety of sources can be considered a conflict of interest. We encourage you to review this ADV closely and discuss any potential conflicts of interest with your representative.

We will process brokerage security transactions through SAI so long as we determine that executing the transactions through our affiliated broker/dealer fulfills our duty of best execution. We consider certain factors when selecting a broker/dealer and determining the reasonableness of commissions. Please refer to the section titled “Brokerage Practices” for more information.

Representatives can sell mutual fund, unit investment trust, collective investment trust and insurance products offered by subsidiaries of Ladenburg Thalmann Financial Services. Therefore, a potential conflict of interest can exist when representatives recommend these products because Ladenburg Thalmann Financial Services stands to receive earnings from the internal fees of the recommended securities as well as earnings from a portion of the investment advisory fee received by our firm. Representatives are not under any obligation to sell these products or to meet any selling quotas related specifically to these products. We refer you to the section titled “Other Financial Industry Activities and Affiliations” and encourage you to review this ADV closely and discuss any potential conflicts of interest with your representative.

Policy Regarding Engaging in Agency Cross Transactions in Advisory Accounts

It is SAA’s policy to prohibit agency cross transactions where representatives act as brokers for both buying and selling a single security between two different clients where representatives are compensated through an agency commission or principal mark-up for the trades. If we adopt a different policy in this area, we will observe all rules and regulations in accordance with the disclosure and consent requirements of Section 206(3) of the *Advisers Act*. Additionally, we are aware that such transactions can only occur if we can ensure that we meet our duty of best execution for the client.

Policy Regarding Engaging in Principal Trading Involving Advisory Accounts

Ladenburg Thalmann & Co., Inc., our affiliate, acts as a dealer with respect to certain securities, and as such, can execute transactions for SAA clients as principal unless the account is covered under *ERISA*. Principle transactions

are prohibited in *ERISA* accounts. As a dealer, Ladenburg Thalmann & Co., Inc. will receive a "mark-up," "mark-down," and/or spread in the net price at which principal transactions are executed. This compensation is in addition to other compensation paid to SAA and its affiliates under your advisory program. Thus, SAA has a conflict of interest in deciding to execute trades through Ladenburg Thalmann & Co., Inc. on a principal basis. SAA has policies in place to address this conflict of interest. After receiving disclosures about a specific principal transaction with Ladenburg Thalmann & Co., Inc. clients have the opportunity to reject the transaction before it is completed, to the extent required by applicable law. In addition, SAA has policies and procedures in place to assure clients receive best execution with respect to principal trades, regardless of whether the trade is executed by Ladenburg Thalmann & Co., Inc. or an unaffiliated dealer.

Personal Trading

SAA, representatives and our supervised persons can recommend securities to buy, sell or hold a position in securities identical to the securities recommended to you, at or about the same time they or a related person buys or sells the same securities for their own or a related person's account. It is SAA's policy that no supervised person will put his/her interest before your interests. SAA and our representatives may not trade ahead of any client or trade in a way that would cause the supervised person to obtain a better price than the price a client would obtain.

Pre-Clearance and Restricted Securities Policy

Due to our affiliation with another investment company, investment advisors, and broker dealers, we maintain a Restricted and Pre-Clearance Equity List, which can limit our firm and the representative's ability to transact in certain equities on your behalf in a discretionary advisory program. Your representative may not be able to place certain transactions or may experience delays in submitting certain transactions on your behalf based on any pre-clearance or pre-approval requirements implemented by the firm. You can receive a worse price than what you might receive if you placed the transaction through another investment advisor representative not affiliated with SAI and not subject to any trading restrictions. These trading restrictions are subject to change without notice.

Insider Trading Policy

SAA and our supervised persons may come into possession of material nonpublic information which, if disclosed, might affect an investor's decision to buy, sell or hold a security. Under applicable law, our firm and our supervised persons are prohibited from improperly disclosing or using such information for their personal benefit or for the benefit of any other person, regardless of whether such other person is a client. Accordingly, should SAA or our supervised persons come into possession of material non-public information with respect to any company, we and they are prohibited from communicating such information to, or using such information for the benefit of, our respective clients. In addition, we and they have no obligation or responsibility to disclose such information to, nor responsibility to use such information for the benefit of, our clients when following policies and procedures designed to comply with law.

SAA and our affiliated entities have adopted an "Insider Trading Policy" in accordance with Section 204A of the *Advisers Act*, which establishes procedures to prevent the misuse of material nonpublic information by our firm and our supervised persons. If your representative maintains a personal investment account with another advisory firm or broker/dealer, your representative must make arrangements with that outside firm or broker/dealer to send at least quarterly statements to SAI. The representative must complete an annual certification concerning their personal securities activities, and provide such additional information about personal trading activities as may be required under the Insider Trading Policy and the Code of Ethics. Supervised persons who violate this policy will be subject to sanctions imposed by our firm.

Policy Governing Contributions to Local and State Elected Officials and Candidates

SAA requires that its supervised persons seeking to make a political contribution to or volunteer for a state or local candidate, political action committee or political party to pre-clear their political contributions or activity through the firm. We do not require our supervised persons to pre-clear contributions to federal candidates, unless the candidate is currently a state or local government official running for federal office. However, we do require supervised persons to

notify us of any contributions made to or volunteer activity done on behalf of federal candidates, political action committees or political parties. SAA and your representative will also be subject to local and state pay-to-play rules in addition to federal securities rules and regulations.

Brokerage Practices

We do not receive research or other products or services other than execution from a broker/dealer or third-party for client securities transactions.

Brokerage services are made available through National Financial Services, Pershing and/or Fidelity Institutional Wealth Services. SAA, SAI or another affiliated company have an agreement with the clearing firms to introduce customer accounts to the clearing firm, on a fully disclosed basis. In exchange, these clearing firms provide clearing and execution services for transactions that are executed for our customers. On SAA's behalf, SAI approves and opens accounts and accepts securities order instructions with respect to the accounts.

Generally, brokerage transactions are processed by SAI and cleared by National Financial Services or Pershing, although Fidelity Institutional Wealth Services clears transactions for the Participant Retirement Program. National Financial Services, Pershing and Fidelity Institutional Wealth Services are not affiliated with SAA or SAI. We have also entered into agreements with various insurance companies that allow for the managing and valuation of client's variable annuity accounts within various advisory programs as well as accounts created through our providing retirement plan advisory services. The insurance company custodians maintain custody of all variable annuity accounts. SAA and SAI do not act as a custodian for any account. Generally, SAA and SAI do not maintain custody of client funds or securities. Outside custodians maintain custody of all funds and securities. Because some of the programs described in this document allow for the direct deduction of advisory fees from client accounts, SAA, SAI or your representative can be deemed to have limited custody of client assets. SAA and SAI can also be deemed to have limited custody for certain transmittal policies. For example, SAI can be deemed to have limited custody by giving you the ability to transfer funds between accounts you own and that are titled in the same name or, if you specifically request it, transferring funds between accounts you own that are titled in different names. SAI can also be deemed to have limited custody by giving you the ability to have funds sent from your account to your address of record or, if you specifically request, to some other address. Outside custodians maintain custody of all funds and securities.

Selecting Brokerage Firms

We recognize your unrestricted right to select and choose any broker or dealer you wish, except in situations where SAA or a recommended manager is given discretionary authority over your account. We will process brokerage security transactions through SAI, our affiliated broker/dealer, so long as we determine that executing the transactions through SAI fulfills its duty of best execution. Refer to the section titled "Best Execution" for information as to the factors considered by our firm when selecting a broker/dealer.

Stocks, bonds and other securities can be traded in managed accounts and are subject to normal spreads, mark-ups and mark-downs paid to market makers of those securities. SAI does not make markets in securities. SAI and SAA do not receive any portion of the spreads, mark-ups or mark-downs.

Transaction charges can apply to securities sales, purchases and exchanges. The charges vary for mutual funds, variable products, stocks, bonds and option transactions. Factors that determine transaction charges include size of purchase, type of transaction, mutual fund family, variable product sponsor, the representative involved and processing method (on-line/phone/systematic). Full transaction charges cannot apply to certain transactions associated with mutual fund product sponsors participating in the Strategic Partners Program (see description below). At the representative's discretion, he/she can pass these transaction charges to you. For more information on these transaction charges or commissions, please ask your representative or visit www.securitiesamerica.com under Investors/Investor Information.

SAA may also receive additional payments called revenue sharing payments and/or marketing allowances from certain product sponsors under special agreements with those firms ("Strategic Partners".) Additional details concerning the

Strategic Partners Program and Non-Publicly Traded Products are set forth below. We also maintain revenue and marketing allowance payment programs involving certain REITs. Representatives of product sponsors, often referred to as “wholesalers,” work with Ladenburg Thalmann and its representatives to promote their products. These product sponsors are generally granted access to our representatives to promote their products. Consistent with rules set out by FINRA, these wholesalers and/or their firms may pay Ladenburg Thalmann for training or education of our representatives. Product sponsors also make payments to Ladenburg Thalmann to promote the marketing of their products to clients, including covering in whole or in part the cost of seminars for clients and potential clients. These firms also invite representatives to due diligence or continuing education meetings regarding their products. From time to time Ladenburg Thalmann allows its representatives to attend off-site training sessions sponsored or co-sponsored by these product sponsors. Ladenburg Thalmann prohibits promoting any product, including those issued by fund families, insurance carriers or sponsors, over another based solely on additional payments or other considerations received from the sale or marketing of products. Representatives are required to make recommendations to clients based on client needs and objectives; however, receiving reimbursements could create an incentive to your representative to recommend products that provide such payments. We encourage you to talk with your representative about any fees or compensation they receive from the sale of investment products.

For the most current list of Strategic Partner program participants, please ask your representative or visit www.securitiesamerica.com under Investors/Investor information.

Ladenburg Thalmann and its affiliates are also affiliated with SEC registered investment advisory firms, including Ladenburg Thalmann Asset Management Inc., SAA, Arbor Point Advisors, LLC, Triad Advisors, Inc., Triad Hybrid Solutions, LLC, SSN Advisory, Inc., Investacorp Advisory Services, Inc., and KMS Financial Services, Inc., (together the Ladenburg Thalmann Advisors). Ladenburg Thalmann Advisors has also created the Strategic Partners Program for independent investment advisors. These independent firms are selected to participate based on several criteria, including investment strategy, investment performance, transaction reporting capabilities and training and wholesaling support. In exchange for certain benefits, such as an opportunity to participate in Ladenburg Thalmann’s national conferences and broader access to our representatives, the advisors pay to participate in the Strategic Partners Program by sharing with Ladenburg Thalmann Advisors a portion of the revenue generated by distributing their products and services and or paying a specified annual dollar amount. Ladenburg Thalmann Advisors representatives may also receive reimbursements, marketing and distribution allowances, due diligence fees, or other compensation based on deposits and/or assets under management directly from third-party asset manager program sponsors for the costs of marketing, distribution, business and client development, educational enhancement, and/or due diligence reviews incurred by Ladenburg Thalmann Advisors and/or Ladenburg Thalmann Advisors representatives relating to promoting or distributing the program sponsor’s products or services. Ladenburg Thalmann Advisors’ Strategic Partners pay a flat annual fee of up to \$400,000 per year. In addition, Strategic Partners pay basis points on asset sales or a percentage of the Partner’s net advisory fee derived from assets invested through their models. It is important to understand that none of the payments made by the Strategic Partners participating in the program are paid or directed to any representative who utilizes the services of these Strategic Partners.

Ladenburg Thalmann created the Income Distribution Partner Program for certain third-party money managers, variable products, mutual fund and fixed insurance product sponsors. These product sponsors are selected to participate based on several criteria including brand recognition, product breadth, investment performance, training and wholesaling support. In exchange for certain benefits, such as broader access to Ladenburg Thalmann representatives, sponsors participating in the Income Distribution Partners program are required to pay Ladenburg Thalmann for participation. The Ladenburg Thalmann income distribution planning desk is available to assist with developing distribution for you. The income distribution plans use suitable products available from both the Income Distribution Sponsor Partners and products on the Ladenburg Thalmann approved product list. Ladenburg Thalmann representatives using the income distribution desk planning services are not required to use the products included in the proposal and do not receive a greater or lesser commission for utilizing these products. The marketing, educational and distribution activities paid for with revenue sharing, however, could lead representatives to consider products that make revenue sharing payments to Ladenburg Thalmann, as opposed to sponsors that do not make such payments.

For the most current list of Income Distribution Partner program participants, please ask your representative or visit www.securitiesamerica.com under Investors/Investor Information.

Ladenburg Thalmann focuses on a select group of mutual fund, variable annuity and investment management companies providing them greater access to our representatives to provide training, education presentations and product information. The purpose is to identify creative ways to help these companies increase field visibility, identify meaningful representative networking opportunities, present timely products and grow assets. In return for these increased services, these sponsors compensate Ladenburg Thalmann in the form of revenue sharing payments. In addition to the customary sales commissions paid in connection with sales of mutual funds, variable annuities, third party models and money market funds, these companies make payments to Ladenburg Thalmann to participate in the Program. The payments consist of amounts up to 10 basis points on a sponsor company's sales and up to 5 basis points on assets. In addition, Ladenburg Thalmann may be reimbursed by the Distribution Partner for expenses incurred for various promotional activities including, but not limited to, sales meetings, conferences and seminars held in the ordinary course of business. Ladenburg Thalmann may receive a flat fee of up to \$300,000 per year per sponsor for such reimbursements.

For the most current list of Distribution Partner program participants, ask your representative or visit www.securitiesamerica.com under Investors/Investor Information

In addition to revenue sharing received from our custodians and Strategic Partners programs, as described above, we can also participate in revenue sharing arrangements with specific money managers having their own mutual funds and using those funds in their managed programs. In all cases where we receive revenue sharing from managers using their own funds, we reduce the platform fee to the client.

Consistent with prudent product approval practices, SAA can require that an independent due diligence analyst conduct a thorough review of an investment company, investment advisor or one of their products or services prior to making the product or service available for solicitation to the general public by representatives. SAA and SAI can incur costs in connection with the analysis provided by the due diligence analyst. SAA and SAI can in turn require the investment company or investment advisor to reimburse us for such expenses. In addition, SAA and SAI can at our discretion, require investment companies to pay annual fees to reimburse us for ongoing due diligence and product administration expenses.

Ladenburg Thalmann Initial Public Offering (IPO) Allocations

IPO allocations through Ladenburg Thalmann are only available to clients through investment advisor representatives who have completed SAA's required IPO training. Consequently, advisory clients serviced by a representative who has not received the required training will not be allocated any shares in IPO securities.

Best Execution

SAA will process brokerage security transactions through our affiliated broker/dealer so long as we determine executing the transactions through SAI fulfills our duty of best execution. We consider the following factors when selecting a broker/dealer and determining the reasonableness of commissions:

- Electronic download of trades;
- Balances;
- Efficiencies achieved in utilizing integrated front and back office technology systems;
- A dedicated service team;
- Electronic download of duplicate statements, and confirmations; and
- The ability to deduct advisory fees directly from client accounts.

We will exercise reasonable diligence to ensure best execution is obtained for all clients when implementing any client transaction by considering the back office services, technology provided and pricing of services offered. On SAA's

behalf, SAI conducts trade reviews to determine the duty of best execution is being met by its trade execution and clearing firms.

Soft Dollars

SAA does not have any soft dollar arrangements.

Brokerage for Client Referrals

Directed Brokerage

We pay a set commission rate on trades for securities traded with a commission. We do not negotiate commissions on a trade-by-trade basis or directed brokerage basis.

Order Aggregation

While not required by firm policy, SAA and your representative can aggregate client transactions or allocate orders when possible. Mutual funds held in client accounts do not lend themselves to aggregate or block trades. To the extent other securities are purchased that lend themselves to aggregation or block trading (e.g., stocks or exchange traded funds), SAA and your representative can aggregate client transactions or allocate orders whenever possible. SAA and our representatives will allocate trades to advisory clients in a fair and equitable manner that will be applied consistently to all clients. When trades are not aggregated, clients may not enjoy the effects of lower transaction per share costs that often occurs as a result of aggregating trades. As a result, you can pay a higher transaction cost than could be received elsewhere. Personal accounts of representatives, associated persons and family members will not be treated more favorably than any other client account. You should be aware that if an order is not aggregated, you can pay higher brokerage costs.

Handling Trade Errors Made by SAA or a Representative

If SAA or our supervised persons make a trade error in your account, the error will be corrected and your account will be restored to where it would have been had the trade error not occurred. Any profit or loss from the trade correction will be maintained by our firm.

Review of Accounts

Frequency of Account Reviews

Participant Retirement Program accounts and other investment advisory agreements (where SAA or the representative is the advisor) are reviewed as needed, as required and as appropriate by SAA supervisors (SAI principals) and your representative. The nature and timing of the reviews can vary by your representative. In all accounts, reviews are conducted at least annually.

Review Triggers

Factors triggering an account review can include material market, economic or political events, changes in your financial or personal situation or performance of the account in general.

Reports and Account Statements

You will receive monthly statements from the account custodian or clearing firm, if your account(s) have activity during the month. If the account does not have any monthly activity, an account statement is provided by the account custodian or clearing firm at least quarterly. The statements will show any activity in the account as well as period

ending position balances. You will also receive a confirmation from the custodian or clearing firm of each purchase and sale transaction that occurs within Participant Retirement Program accounts.

To the extent you receive performance reports from your representative, we urge you to compare performance reports received with account statements received from the custodian. Inquiries or concerns regarding the account, including performance reports, should be directed to the representative at the phone number listed on the account statement. Performance reports can be provided to you in the Participant Retirement Program by us through your representative. Each representative then decides whether to provide these reports to his or her clients. Performance information provided by your representative is believed to be accurate but cannot be guaranteed. Your representative can include variable annuity account position information within performance reports. Neither our firm nor your representative can guarantee the accuracy of fund values, securities and other information obtained from third parties.

Accounts not receiving reports from our firm will be reviewed and monitored at the discretion of the representative assigned to the account or the independent investment advisor firm, their representatives and money managers handling the accounts. No other parties review accounts for accuracy of performance information. These individuals are available to answer your questions and to review an account at your request.

For retirement plan advisory services accounts, representatives can furnish to the plan sponsor consolidated performance reports of the model portfolios in the plan at least quarterly. Such reports are provided in accordance with the services agreed upon by the representative and the plan. When such services are contracted for, plan portfolios are reviewed as needed and as appropriate by your representative and also as required by SAA supervisors (SAA principals). Review triggering factors can include material market, economic or political events.

Client Referrals and Other Compensation

Incoming Referrals - Our Use of Solicitors/Payment of Referral Fee

We enter into agreements with solicitors (referring parties) to refer clients to us. The referral agreements between our firm and referring parties are designed to comply with SEC regulations as set out in 17 CFR Section 275.206(4)-3. If a referred client enters into an investment advisory agreement with our firm, and a cash referral is paid to the referring party. Written disclosure regarding the referral fees we pay are provided to you prior to or at the time of entering into our investment advisory or financial planning agreements. The referral fee disclosed to you will be payable to the referring party for the duration of SAA's advisory relationship with you, whether or not our investment or trading strategies, or your investment objectives, change over time. We will have no further referral fee obligation if the referring parties' representations and warranties outline in our referral agreement become inaccurate or untrue or if our investment advisory agreement with you is terminated for any reason. In those states that require solicitors to be licensed or filed as a registered investment advisor, we may require the solicitor to be licensed or filed under our registration.

The compensation to be paid in connection with these agreements is subject to negotiation between our firm, the representative and the referring party. The referral agreements between any referring party and our firm do not result in any charges to you in addition to the normal level of advisory fees charged. However, these situations can create a financial incentive to recommend one SAA program over another or over other investment advisors and broker/dealer programs, products and services. The representative or an independent investment advisor firm recommending our programs receives compensation as a result of your participation in our programs.

Fees for investment management can be more than the cost of purchasing the same services separately. You may be able to obtain similar services for a lesser fee from other advisors. The fees charged may vary among investment management services. The amount of compensation a representative can receive in a particular program can be more than would be received if you participated in other programs or paid separately for investment advice, brokerage and other services. In addition, the compensation a representative receives for recommending one program portfolio option over another portfolio option can vary and can create a financial incentive for our firm and representative. Your representative is not under any obligation to promote or use one money manager over another. You are not under any obligation to engage these individuals when considering implementation of advisory recommendations. You are free

to select any broker/dealer you wish to implement recommendations and execute transactions. You can purchase the same investment product from a non-affiliated broker or could implement securities transactions without the services offered by your representative. In that case, you would not receive the services provided by your representative.

In addition, we can award separate non-cash compensation to representatives, the independent investment advisor firms and the independent investment advisor representative for client referrals.

Outgoing Referrals - SAA as Solicitor for Other Investment Advisors/Receipt of Referral Fee

We have entered into solicitation agreements with independent third-party investment advisors, pursuant to which our firm and the independent investment advisor firm and the representative receive solicitation compensation from the third-party investment advisor in return for referral of accounts. SAA's broker/dealer affiliate, SAI and the representative, in his or capacity as a registered representative, can serve as broker/dealer and/or representative of record on accounts managed by the independent third-party investment advisor. In such case, SAI and the representatives can receive normal and customary compensation (e.g. commissions) from the sale of mutual funds, exchange traded funds or variable annuities in such accounts. This compensation can be in addition to the solicitor fee paid by the third-party investment advisor.

We have established a relationship with LTAM's \$ymbil program. Representatives of SAA can provide clients access to LTAM's \$ymbil program through the individual representative's website. SAA receives a portion of the asset management fee that LTAM charges. These fees can be paid on an ongoing basis and can continue even if your relationship with the representative and/or Securities America is terminated.

We have established a relationship with Hanson McClain Retirement Network, LLC (HMRN), a registered broker/dealer and investment advisor. The associated persons of HMRN provide consultation and marketing support services to the representative to assist representatives in obtaining more clients. As a result of this relationship, SAA pays HMRN a portion of the fees from any clients obtained as a result of the services provided by HMRN.

You should be aware SAA and your representative can receive solicitor/referral fees for recommending certain portfolios to you. Therefore, a potential conflict of interest can exist because these circumstances can result in your representative having a financial incentive to recommend one portfolio over another. However, it is our policy that portfolios will be selected and recommended to you based on your individual needs, goals and objectives. Your representative has no obligation to sell any particular product or to meet any selling quotas related specifically to these products. You are not under any obligation to engage the representative when considering implementing advisory recommendations. You are free to select any broker/dealer you wish when implementing recommendations and executing transactions. You may purchase the same investment product from a non-affiliated broker or could implement securities transactions without the services offered by your representative. We encourage you to review this ADV closely and discuss any potential conflicts of interest with your representative.

Lead Generation Programs

Our representatives may utilize the services of lead generation or business development firms. Generally, prospects will contact that firm directly or online and receive the names of several financial service providers in the prospect's area. The prospect can then review the list and make a decision whether or not to contact a selected financial service provider. The firm does not provide the prospect any advice or recommendations concerning the list of advisors. Typically, advisors pay a subscription or membership fee to be included in the firm's network or association. In addition, some firms can provide marketing resources.

Other Compensation

SAA or our affiliated broker/dealer, SAI, can form alliances and networking and referral arrangements with financial institutions such as community banks, credit unions, credit union service organizations and farm credit services (Third-Party Financial Institutions). These alliances and arrangements allow representatives to offer financial planning services and certain other non-deposit investment and insurance products and services, to customers/members of those Third-Party Financial Institutions. Our firm can lease space in selected branches of the Third-Party Financial

Institutions and then sub-lease it to your representative, if he or she conducts business from these locations. As a result of these alliances or networking arrangements, your representative may not be able to offer certain products that are otherwise available through our firm. Also as a result of these alliances or networking arrangements, Third-Party Financial Institutions can receive compensation representing payment for the use of the facilities and equipment of the Third-Party Financial Institutions. Compensation can be in the form of a program support or rent payment and/or a portion of advisory fees or securities and insurance commissions paid to representatives for sales to customer/members of the institutions.

If SAA or our affiliated broker/dealer, SAI, refers an existing or new representative to Fidelity Institutional Wealth Services, SAA receives 3 basis points (.03%) on the assets under management of the referred representative. This fee is not shared with the representative.

These relationships can create compliance issues relative to consumer protection. The joint guidelines of regulators of the depository institution call for at a minimum written and verbal disclosure at or prior to the time securities products are purchased or sold. Also, the securities products:

- Are not insured by the Federal Deposit Insurance Corporation or National Credit Union Share Insurance Fund, the Federal Deposit Insurance Corporation, the National Credit Union Administration, or any other federal or state deposit guarantee fund or other government agency;
- Are not endorsed or guaranteed by the bank or credit union or their affiliates;
- Are not deposits or obligations of the depository institutions and are not guaranteed by the depository institutions;
- Are subject to investment risks, including possible loss of principal invested.

SAI can also receive reimbursement from the clearing firms it uses, for all or a portion of any asset transfer fees you can incur upon the transfer of accounts from other clearing providers. SAI can retain all or a portion of such reimbursements or, at its discretion, can pass through all or a portion of such reimbursements to you and/or its representatives.

Your representative can have an incentive to join and remain affiliated with Securities America through certain compensation arrangements which could include bonuses, enhanced pay-outs, forgivable loans and/or business transition loans. Furthermore, there can be production goals associated with the recommendation of a transaction from your representative. Receiving such compensation can be considered to be a conflict of interest. We encourage you to review this ADV closely and discuss any potential conflicts of interest with your representative.

We can offer incentives to your representative for meeting certain production levels above and beyond compensation he or she receives for selling products and services through Securities America. Receiving incentives can be considered a conflict of interest. We encourage you to review this ADV closely and discuss any potential conflicts of interest with your representative.

Our firm, our officers and our representatives can receive reimbursements from marketing and distribution allowances, due diligence fees and travel expenses. Other compensation or reimbursement can also be received based on deposits and/or assets under management directly from third-party asset manager program sponsors for the costs of marketing, distribution, business and client development, educational enhancement and/or due diligence reviews incurred by our firm or your representatives relating to the promotion or sale of the program sponsor's products or services.

Travel expense reimbursements are typically a result of attendance at due diligence and/or investment training events hosted by product sponsors. Marketing expense reimbursements are typically the result of informal expense sharing arrangements in which product sponsors can underwrite costs incurred for marketing such as advertising, publishing and seminar expenses. Although receipt of these travel and marketing expense reimbursements are not predicated upon specific sales quotas, the product sponsor reimbursements are typically made by those sponsors for which sales have been made or it is anticipated sales will be made.

In order to help cover or defray the costs of transitioning from another RIA to SAA, our representatives can receive various forms and amounts of transition assistance. Such transition assistance can include a promissory note loan, rent, technology services and equipment, legal expenses, administrative support, termination fees associated with moving accounts, and regulatory services, with such transition assistance based on production, reimbursement of fees, free or reduced-cost marketing material, attendance to conferences and events, or access to preferred pricing.

SAI can issue payments in the form of loans to representatives which can be forgivable based on years of service with SAI or the extent of their production with SAI. This practice can create a conflict of interest in that the representative can have a financial incentive to recommend a client engage SAA for advisory services in order for the loan to be forgiven. However, if you engage SAA for an Advisor Managed Account, your representative will obtain the necessary financial data from you, assist you in determining the suitability for the Advisor Managed Account and help you set appropriate investment objectives. Your representative will then be able to purchase and sell securities in accordance with your investment objectives. SAA periodically reviews advisory accounts to ensure suitability and adherence to investment objectives. Please consult with your representative if you have questions regarding this issue.

Custody

Generally, we do not maintain custody of your funds or securities other than the direct deduction of advisory fees from your accounts within the programs described in the "Advisory Business" section above. However, SAI, our affiliated broker/dealer can serve as an introducing broker/dealer and collect physical stock certificates or engage in certain asset transmittal practices such that we can be deemed to have custody of such assets. SAI can be deemed to have limited custody of your assets by giving you the ability to transfer funds between accounts you own that are titled in the same name; or if you specifically request it, transferring funds between accounts you own that are titled in different names. Because our affiliated broker/dealer, SAI, maintains limited custody of our client assets as described above, SAA is required by SEC regulation to undergo an examination at least annually provided by a qualified independent public accountant. Additionally, SAA must undergo an independent verification of client assets under its control.

Account Statements

You will receive account statements from investment sponsors, brokerage firms, insurance companies and other money managers at least quarterly. You may also receive monthly account statements from investment sponsors, brokerage firms, insurance companies and other money managers monthly, if there is any activity in your account. We have verified that each custodian or investment provider used for our investment management services is a qualified custodian and provides statements to clients directly at their address of record at least quarterly. We encourage you to carefully review your account statement.

Performance Reports

If you receive performance reports from your representative, we urge you to compare the account statements received directly from their custodians to the performance report statements provided by our firm or your representative. Inquiries or concerns regarding your account, including performance reports, should be directed to SAA, the independent investment advisor firm or your representative.

Investment Discretion

Limited Discretionary Trading Authority

If you grant SAA or your representative limited discretionary trading authority, we have the authority to determine, without obtaining your specific consent, the securities to be bought or sold, the amount of the securities to be bought or sold and when to buy or sell those securities. Upon receiving the written authority to engage in limited trading authority on your behalf, SAA and your representative will commence engaging in discretionary trading transactions. Discretionary trading authority facilitates placing trades in your accounts on your behalf so that SAA and your representative can promptly implement the investment policy you have approved in writing.

Limited Power of Attorney for Trading

If a limited power of attorney for trading is signed by you, we consult with you prior to placing each trade. You sign a limited power of attorney so we can execute the trades you have approved.

We accept discretionary authority to manage accounts on your behalf. For discretionary clients, we request that you provide written authority to determine which securities and the amounts to be bought or sold. Any limitations on this discretionary authority by you should be included in this written authority statement. You can change/amend these limitations as required. Such amendments must be submitted in writing.

Voting Client Securities

If a Participant Retirement Program account is established with our firm, our firm and representatives will not perform proxy voting services on behalf of clients. If the account is for a pension or other employee benefit governed by *ERISA*, the right to vote proxies is expressly reserved for the plan's trustees or other plan fiduciary and not our firm. All proxy notices will be sent directly to you. You should read through the information provided with the proxy materials and make a determination based on the information provided. Upon your request, representatives can provide a recommendation or clarification based on their understanding of issues presented in the proxy materials, but you are solely responsible for all proxy voting decisions.

Financial Information

We do not have any financial impairment that will preclude us from meeting our contractual commitments to you. We do not serve as a custodian for your funds or securities. At no time will fees of more than \$1,200 be charged six or more months in advance of services being provided by our firm or a representative. On our behalf, our affiliated broker/dealer, SAI, has established policies and procedures designed to prevent the collection of fees greater than \$1,200 six or more months in advance of services being provided. As such, a balance sheet is not required to be provided to you at this time.
