Item 4 – Advisory Business

Saling Simms Associates, Inc. was established in 1983 and incorporated in 1988. We were granted the status of Registered Investment Advisor by the Securities and Exchange Commission in April of 1989. We provide a wholistic approach to financial planning and offer a range of investment advisory services to our clients.

The services include review of all aspects of an individual's current financial situation, with an emphasis on income tax planning, estate planning, insurance planning, retirement planning, and capital needs planning. To the extent other services are needed, we will assist the individual in those areas in which we are competent to give advice.

As a follow-up, Saling Simms Associates, Inc. will also help the client coordinate the information of any recommendations made. This includes the referral to other practicing professionals whose services may be required.

The initial step in the financial planning process involves a meeting with the client for the purpose of defining the scope of the engagement. Once defined, the client and Saling Simms Associates, Inc. will enter into an Investment Advisory Agreement disclosing the terms of the engagement and the fees to be charged.

After engagement is formalized, the client may be requested to provide Saling Simms Associates, Inc. with the necessary financial information, including information on sources of income, assets owned, insurance policies owned, liabilities and will, trusts, business agreements, tax returns, investments, and personal and family obligations. In addition, the client will be requested to provide financial goals and objectives both long and short term.

Saling Simms Associates, Inc. will then target a date for anticipated completion of the plan. Upon completion, a personal presentation of the written plan may be made. At this meeting, the client will be provided with recommendations compatible with the goal and objectives established. An implementation schedule will then be reviewed with the client to determine which steps will be pursued and with whom those steps can be accomplished. The client will be under no obligation to use RJFS and may choose to apply or implement all recommendations in any manner which is most expedient and the clients' best interest.

3) RAYMOND JAMES CONSULTING SERVICES

Raymond James Consulting Services (RJCS), a division of RJA, selects portfolio managers ("sub-advisors") for the RJCS program, establishes custodial facilities, monitors performance of Client accounts, provides Clients with accounting and other administrative services and assists portfolio managers with certain trading activities. Based upon the Client's financial needs and investment objectives, the IAR assists the Client in selecting the appropriate sub-advisor(s). The Investment Management Agreement is solely between RJA and the Client, and there is no direct agreement between the sub-advisor and the Client. Clients may contact the sub-advisor, but generally do so through their IAR or the RJCS Client Services Department.

The FREEDOM Account ("FREEDOM") is an investment advisory account which allocates Client assets, through discretionary mutual fund or exchange traded fund ("ETF") management, based upon their financial objectives and risk tolerances. The client appoints Raymond James as their investment adviser in selecting a compatible investment strategy developed by the AMS Investment Committee, and in recommending, selecting and monitoring affiliated and unaffiliated open-end mutual funds with which Raymond James has entered into a selling agreement with the fund company, or exchange-traded funds, as the client may select. These services are offered nationwide in all fifty states, the District of Columbia, and Puerto Rico.

The client will complete a Client Profile setting forth their investment objectives, financial situation, time horizon, risk tolerance, investment restrictions, and any additional instructions. Raymond James relies on the financial and other information provided by the client, and the client agrees to inform Raymond James of any material change in the information provided in the Profile or in their financial circumstances which might affect the manner in which their assets are invested. Raymond James' recommendation of a Strategy to a client will be based on Raymond James' determination that the Strategy

chosen by the client is consistent with the client's investment objectives as stated in the Profile. The client's financial advisor provides assistance in evaluating available Strategies to determine suitability, but ultimately it is the client that chooses the most appropriate Strategy to meet their needs.

Leveraging off the research performed by AMS Manager Research & Due Diligence, the AMS Investment Committee constructs multiple investment Strategies comprised of a combination of Funds or, if selected by the client, ETFs representing a broad array of asset classes and investment styles. The AMS Investment Committee identifies asset classes and investment styles that perform differently under varying market conditions, yet are complementary to one another. The composition of a given Strategy may include domestic and international equity and fixed income Funds/ETFs, as well as real estate investment trusts and commodity Funds/ETFs to enhance diversification. Strategies available in the FREEDOM Program include: Aggressive Equity, Growth Equity, Balanced with Growth, Balanced, Conservative Balanced, High Income, Conservative and Early, Mid and Senior Retirement Income Solution strategies. In addition, tax free Municipal Fund portfolios are available in the Conservative Balanced, Balanced and Balanced with Growth Strategies. Target allocations for the above Strategies are available upon request through your financial advisor.

The target allocation of the above Strategies applies at the time the client establishes a FREEDOM account. Additions to and withdrawals from an account will generally be invested based on the target allocation. Fluctuations in the market value of securities, as well as other factors, however, will affect the actual asset allocation at any given time. Raymond James will annually rebalance the client's account, based on the anniversary date of its establishment, if at such time the actual asset allocation varies by more than certain predetermined percentages from the target allocation, as established by the AMS Investment Committee. Raymond James may rebalance an account upon the client's request. The AMS Investment Committee reserves the right to modify the target allocation based on changes to its capital markets outlook.

There is a minimum investment of \$100,000 for FREEDOM Retirement Income Solution Strategies, and \$50,000 for all other Strategies, although smaller accounts may be accepted based on the specific circumstances of an account.

Upon the client's selection of a Strategy, the client authorizes Raymond James to assume all investment duties with respect to assets held in the client's FREEDOM account and shall have sole investment authority with respect to such assets. Raymond James will thereafter invest and reinvest the assets of each account, based upon the Strategy selected by the client, in such Funds, ETFs, or other property of any kind as it deems in the best interest of Client in order to achieve the investment objective(s) identified by the client, without regard to holding period, portfolio turnover or resulting gain or loss. While Strategies are generally comprised of either Funds or ETFs, the client should understand that Raymond James may decide to invest a certain portion of the client's account in alternative securities to maintain trading flexibility and/or market exposure, or to enhance diversification. For

example, the AMS Investment Committee may determine that a Fund should be replaced, but may not have an immediate replacement Fund candidate. In such an event, the AMS Investment Committee may redeem the current Fund in its entirety and invest the proceeds in an ETF(s) until a suitable replacement fund(s) is selected, or may elect to invest in an ETF or an alternative investment if it believes doing so would potentially enhance the diversification within a given Strategy. The AMS Investment Committee may elect to invest in securities other than Funds or ETFs as it deems is in the client's best interest in order to achieve the investment objective(s) identified by the client, without regard to holding period, portfolio turnover or resulting gain or loss. In the event AMS changes its opinion of an investment such that it is no longer able to recommend that security within a given Strategy, Raymond James reserves the right to remove and replace the Fund, ETF or alternative security with another investment without the client's prior consent.

Eagle Asset Management, Inc. is registered as an investment company with the Securities and Exchange Commission and is wholly-owned subsidiary of RJF. The participation of affiliated Funds may create an incentive for Raymond James to recommend an affiliated Fund over a similarly qualified and suitable non-affiliated Fund. Each Strategy available in the FREEDOM Program has been constructed by the AMS Investment Committee to offer an alternative that does not contain an affiliated Fund, at each minimum asset level. Tax-qualified retirement accounts will be automatically invested in the selected Strategy that does not invest in affiliated Funds, as federal regulations prohibit affiliated Funds from being purchased in tax-qualified retirement advisory accounts.

Municipal strategies are not available for investment by tax-qualified retirement accounts. Municipal strategy selections made on behalf of tax-qualified retirement accounts will be automatically invested in the non-Municipal Fund Strategy. For example, IRA and/or ERISA accounts that select the Balanced Municipal Strategy will be automatically invested in the Balanced Strategy.

Dividend Reinvest is not available for ETF strategies. If no selection is made, all dividends will be paid in cash for the High Income and Retirement Income Solution strategies. All other strategies will reinvest dividends if no alternative selection is made.

The advisory fees for FREEDOM Program are as follows:

All Strategies except Conservative & High Income:

	Advisory Fee
First \$200,000	1.75%
Next \$300,000	1.50%
Over \$500,000	1.00%

Conservative & High Income Strategies:

	Advisory Fee
First \$200,000	1.25%

Clients may also incur charges for other account services provided by RJFS not directly related to the execution and clearing of transactions including, but not limited to, IRA custodial fees, safekeeping fees, and fees for legal or courtesy transfers of securities.

Some fees are subject to negotiation.

When a separate investment advisory agreement is needed the specific manner in which fees are charged by Saling Simms Associates is established in a client's written agreement with Saling Simms Associates. Saling Simms Associates will generally bill its fees on a quarterly basis. Clients may elect to be billed in advance or arrears each calendar quarter. Clients may also elect to be billed directly for fees or to authorize Saling Simms Associates to directly debit fees from client accounts. Management fees shall not be prorated for each capital contribution and withdrawal made during the applicable calendar quarter. Accounts initiated or terminated during a calendar quarter will be charged a prorated fee. Upon termination of any account, any prepaid, unearned fees will be promptly refunded, and any earned, unpaid fees will be due and payable.

Saling Simms Associates's fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses which shall be incurred by the client. Clients may incur certain charges imposed by custodians, brokers, third party investment and other third parties such as fees charged by managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees, which are disclosed in a fund's prospectus. INVESTMENT OF CASH RESERVES

With respect to cash reserves of advisory Client accounts, the custodian of the account assets will determine where cash reserves are held. The custodian may offer one or multiple options to different account types (such as non-taxable and managed accounts). In addition, the custodian may, among other things, consider terms and conditions, risks and features, conflicts of interest, current interest rates, the manner by which future interest rates will be determined, and the nature and extent of insurance coverage (such as deposit protection from the Federal Deposit Insurance Corporation and the Securities Investor Protection Corporation). The custodian may change an investment option at any time by providing the Client with thirty (30) days advance written notice of such change, modification or amendment. As of October 2008, Cash Sweep Options include the Raymond James Bank Deposit Program ("RJBDP"), the Credit Interest Program ("CIP") sponsored by RJA, and the "Eagle Class - JP Morgan Money Market Funds") of the JP Morgan Prime Money Market Fund and JP Morgan Tax Free Money Market Fund, managed by J.P. Morgan Investment Management, Inc. offered by Eagle Asset Management, Inc. ("Eagle," an affiliate of Raymond James).

Raymond James Bank, and the interest rate it offers may differ from the yield on the Eagle Class - J.P. Morgan Money Market Funds and the CIP, but Raymond James Bank generally earns more than the interest it pays on such balances. The Eagle Class - JP Morgan Money Market Funds are offered by Eagle through an agreement with J.P. Morgan. Under the agreement, Eagle, Eagle Fund Services, Inc. and Eagle Fund Distributors, Inc., (together, the "Eagle Affiliates") and Raymond James and its affiliate Raymond James Financial Services, Inc. are compensated by the Eagle Class - JP Morgan Money Market Funds and J.P. Morgan for, among other things, distribution costs, shareholder record-keeping activities, and the coordination and administration of the funds. Raymond James & Associates generally earns a higher rate of interest on CIP balances than the interest rate it pays on such balances. The income earned by the Eagle Affiliates and RJA is in addition to the asset-based fees that SSAI receives from these accounts.

Where an unaffiliated third party acts as custodian of account assets, Client and/or the custodian will determine where cash reserves are held.

Cash balances arising from the sale of securities, redemptions of debt securities, dividend and interest payments and funds received from customers are invested automatically on a daily basis. When securities are sold, funds are deposited on the day after settlement date. Funds placed in a Client's account by personal check usually will not be invested until the second business day following the day that the deposit is credited to the Client's account. Due to the foregoing practices, RJA may obtain federal funds prior to the date that deposits

are credited to Client accounts and thus may realize some benefit because of the delay in investing such funds.

For further information please refer to the Cash Sweep Options disclosure statement, a copy of which is available from your IAR, or is available on the Raymond James public website, www.raymondjames.com.

Participants in the FREEDOM, PASSPORT, Russell, and AMBASSADOR programs may be entitled to a discounted asset-based fee if they maintain one or more related accounts within these programs.

Participants in the IMPAC program may be entitled to a discounted asset based fee if they maintain one or more related account within the IMPAC program. This discount is independent of any discount offered for participants of the FREEDOM, PASSPORT, Russell, and Ambassador programs.

Related Accounts are accounts of an individual, his or her spouse, and their children under the age of twenty-one. The term includes individually owned accounts, individual retirement accounts (IRAs), self-directed accounts (i.e., directed by individual participants) under an employee benefit plan (ERISA plan) and ERISA plan accounts in which an individual is the sole participant. Thus, Related Accounts of the FREEDOM, PASSPORT, Russell and AMBASSADOR programs may be aggregated for advisory fee purposes, so that each account will pay a fee which is calculated on the basis of the total of all Related Accounts. It is the Client's responsibility to include all Related Accounts for purposes of qualifying for an aggregated account fee discount. While RJFSA may attempt to identify related accounts, it shall not be held responsible for failing to consider any related accounts not listed by the Client.

Administrative-Only Assets

Certain securities may be held in the client's AMBASSADOR or PASSPORT account and designated "Administrative-Only" assets. Such assets will not be assessed the standard advisory fee, but will be assessed an Administrative-Only fee according to the following schedule:

First \$1,000,000 in aggregate assets	0.09%
Aggregate assets over \$1,000,000	0.05%

Administrative-Only assets may be designated as such by financial advisors not wanting to collect an advisory fee on certain assets or by Raymond James in conformance with internal policy. Administrative-Only fee rates are calculated on the aggregate Related Account assets.

Item 16 – Investment Discretion

Saling Simms Associates does accept discretionary control over certain client accounts only after receiving a signed AMBASSADOR discretionary or Passport discretionary contract from the client. Adviser shall assume all investment duties with respect to assets held in the AMBASSADOR discretionary or Passport discretionary account in such stocks, bonds, mutual funds, or other property of any kind as it deems in the best interest of the Client to achieve the investment objective designated by Client. Adviser may take any action or non-action as it deems appropriate, with or without other consent or authority from the Client, and may exercise its discretion and invest such assets exactly as fully and freely as the Client might do as owner, except that Adviser is not authorized to withdraw any monies or securities from the account regardless of the length of time they have been held. Adviser shall further be free to make investment changes regardless of the resulting rate of portfolio turnover when it, in its sole discretion, shall determine that such changes will promote the investment objective of the account.

The right to take any actions with respect to legal proceedings, including shareholder litigation, with respect to transactions, securities or other investments held in a client account is expressly reserved to the client.
