Item 4 – Advisory Business

LCG&D Wealth Management is wholly owned by an affiliated accounting firm, Lefkowitz, Garfinkel, Champi & Derienzo, Inc. and has been providing advisory services since 2003.

As of December 31, 2011, LCG&D Wealth Management managed \$22,929,523 on a discretionary basis and \$6,759,984 on a nondiscretionary basis.

Investment Management Services:

LCG&D Wealth Management manages investment portfolios for individuals, qualified retirement plans, trusts and small businesses. LGC&D Wealth Management will work with a client to determine the client's investment objectives and investor risk profile and will design a written investment policy statement. LGC&D Wealth Management uses investment and portfolio allocation software to evaluate alternative portfolio designs. LGC&D Wealth Management evaluates the client's existing investments with respect to the client's investment policy statement. LGC&D Wealth Management works with new clients to develop a plan to transition from the client's existing portfolio to the portfolio recommended by LGC&D Wealth Management. LGC&D Wealth Management will then continuously monitor the client's portfolio holdings and the overall asset allocation strategy and hold review meetings with the client regarding the account as necessary.

LGC&D Wealth Management will typically create a portfolio of no-load mutual funds, and may use model portfolios if the models match the client's investment policy. LGC&D Wealth Management will allocate the client's assets among various investments taking into consideration the overall management style selected by the client. LGC&D Wealth Management primarily recommends portfolios consisting of passively managed asset class and index mutual funds. LGC&D Wealth Management primarily recommends mutual funds offered by Dimensional Fund Advisors (DFA). DFA sponsored mutual funds follow a passive asset class investment philosophy with low holdings turnover. Client portfolios may also include some individual equity securities in situations where disposition of these securities would present an overriding tax implication or the client specifically requests they be retained for a personal reason. These situations will be specifically identified in the client's Investment Policy Statement (IPS).

LGC&D Wealth Management manages mutual fund and equity portfolios on a non-discretionary basis. The client may impose any reasonable restrictions on LGC&D Wealth Management's discretionary authority, including restrictions on the types of securities in which LGC&D Wealth Management may invest client's assets and on specific securities, which the client may believe to be appropriate.

LGC&D Wealth Management may also recommend fixed income portfolios to investment management clients, which consist of managed accounts of individual bonds. LGC&D Wealth Management will request discretionary authority from investment management clients to manage fixed income portfolios, including the discretion to retain a third party fixed income manager. LGC&D Wealth Management will prepare a Fixed Income Investment Policy Statement for any client qualifying for separate fixed income portfolio services.

Pursuant to its discretionary authority, LGC&D Wealth Management will retain a fixed income securities manager. The fixed income securities manager will be provided with the discretionary authority to invest client assets in fixed income securities consistent with the client's Fixed Income Investment Policy Statement. The manager will also monitor the account for changes in credit ratings, security call provisions, and tax loss harvesting opportunities (to the extent that the manager is provided with cost basis information). The manager will obtain LGC&D Wealth Management's consent prior to the sale of any client securities.

On an ongoing basis, LGC&D Wealth Management will answer clients' inquiries regarding their accounts and review periodically with clients the performance of their accounts. LGC&D Wealth Management will periodically, and at least annually, review clients' investment policy, risk profile and discuss the re-balancing of each client's accounts to the extent appropriate. LGC&D Wealth Management will provide to investment manager any updated client financial information or account restrictions necessary for investment manager to provide sub-advisory services.

In addition to managing the client's investment portfolio, LGC&D Wealth Management will consult with clients on various financial areas including income and estate tax planning, business sale structures, college financial planning, retirement planning, insurance analysis, personal cash flow analysis, establishment and design of retirement plans and trust designs, among other things.

Employee Benefit Plan Services:

LGC&D Wealth Management also provides advisory services to employee retirement benefit plans. LGC&D Wealth Management will analyze the plan's current investment platform, and assist the plan in creating an investment policy statement defining the types of investments to be offered and the restrictions that may be imposed. LGC&D Wealth Management will recommend investment options to achieve the plan's objectives, provide

participant education meetings, and monitor the performance of the plan's investment vehicles.

LGC&D Wealth Management will recommend changes in the plan's investment vehicles as may be appropriate from time to time. LGC&D Wealth Management generally will review the plan's investment vehicles and investment policy as necessary.

Item 5 – Fees and Compensation

In certain circumstances, all fees, account minimums and their applications to family circumstances may be negotiable. Minimum account sizes may also be waived when a person demonstrates an ability to meet the minimum account size in a reasonable period of time through additional contributions.

LGC&D Wealth Management has contracted with BAM Advisor Services, LLC (BAM), for services including trade processing, collection of management fees, record maintenance, report preparation, marketing assistance, and research. LGC&D Wealth Management has also contracted with BAM for sub-advisory services with respect to clients' fixed income accounts. LGC&D Wealth Management pays a fee for BAM services based on management fees paid to LGC&D Wealth Management on accounts that use BAM Advisor Services. The fee paid by LGC&D Wealth Management to BAM consists of a portion of the fee paid by clients to LGC&D Wealth Management and varies based on the total client assets participating in BAM Advisor Services through LGC&D Wealth Management. These fees are not separately charged to advisory clients.

The specific manner in which fees are charged by LGC&D Wealth Management is established in a client's written agreement with LGC&D Wealth Management. For investment management & employee benefit plan services, clients will be invoiced in advance at the beginning of each calendar quarter based upon the value (market value or fair market value in the absence of market value) of the client's account at the end of the previous quarter. New accounts are charged a prorated fee for the remainder of the quarter in which the account is incepted (date of first trade).

LGC&D Wealth Management will request authority from the client to receive quarterly payments directly from the client's account held by an independent custodian. Clients may provide written limited authorization to LGC&D Wealth Management or its designated service provider, BAM, to withdraw fees from the account. Clients will receive custodial statements showing the advisory fees debited from their account(s).

All fees are calculated as described above and are not charged on the basis of a share of capital gains upon or capital appreciation of the funds or any portion of the funds of an advisory client.

A client agreement may be canceled at any time, by either party, for any reason upon receipt of 30 days written notice. Upon termination of any account, any prepaid, unearned fees will be promptly refunded.

LGC&D Wealth Management's fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses which shall be incurred by the client. Clients may incur certain charges imposed by custodians, brokers, third party investment and other third parties such as fees charged by managers, custodial fees, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees, which are disclosed in a fund's prospectus. These fees will generally include a management fee and other fund expenses. All fees paid to LGC&D Wealth Management for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and ETFs to their shareholders.

Such charges, fees and commissions are exclusive of and in addition to LGC&D Wealth Management's fee, and Wealth Management shall not receive any portion of these commissions, fees, and costs.

Advisory Fees

Investment Management Services:

The annual fee for investment management services will be charged as a percentage of assets under management, according to the schedule below:

Assets under management	Annual Fee (%)
Up to \$1,000,000	1.00%
\$1,000,001 - \$3,000,000	0.75%
\$3,000,001 - \$5,000,000	0.50%
\$5,000,001 - \$10,000,000	0.25%
\$10,000,001 - \$30,000,000	0.20%
\$30,000,000 and greater	0.10%

All accounts for members of the client's family (husband, wife and dependent children) or related businesses may be assessed fees based on the total balance of all accounts.

Pre-existing advisory clients will continue to be billed management fees as originally contracted for. This fee rate applies to new investment management clients.

LGC&D Wealth Management's fee schedule for Non Profits:

The annual advisory (consulting) fee is calculated as follows:

0.20 percent on the first \$20 million and 0.05 percent on balances thereafter. There is a minimum fee of \$10,000.

In certain circumstances, the fee schedule and minimum fee for Non-Profits may be negotiable based on the requirements of the client and the complexity of the services provided. All fees are agreed upon prior to entering into a contract with any client.

Employee Benefit Plan Services:

The annual fee for employee benefit retirement plan services will be charged as a percentage of assets within the plan.

Item 6 – Performance-Based Fees and Side-By-Side Management

LGC&D Wealth Management does not charge any performance-based fees (fees based on a share of capital gains on or capital appreciation of the assets of a client). All fees are calculated as described above and are not charged on the basis of income or capital gains or capital appreciation of the funds or any portion of the funds of an advisory client.

Item 7 – Types of Clients

LGC&D Wealth Management provides services to individuals, qualified retirement plans, trusts and small businesses.

A minimum of \$1,000,000 of assets under management or a minimum annual fee of \$10,000 is generally required for investment management services. A minimum account size of \$400,000 is generally required for fixed income portfolio management services. LGC&D Wealth Management may waive these account minimums and minimum annual fee for clients of its affiliated accounting firm, Lefkowitz, Garfinkel, Champi & DeRienzo, P.C. These account sizes and minimum fees may be negotiable under certain circumstances.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis and Investment Strategy

LGC&D Wealth Management's services are based on long-term investment strategies incorporating the principles of Modern Portfolio Theory. LGC&D Wealth Management's investment approach is firmly rooted in the belief that markets are "efficient" over periods of time and that investors' long-term returns are determined principally by asset allocation decisions, rather than market timing or stock picking. LGC&D Wealth Management recommends diversified portfolios, principally through the use of passively managed, asset class mutual funds. LGC&D Wealth Management selects or recommends to clients portfolios of securities, principally broadly-traded open end mutual funds or conservative fixed income securities to implement this investment strategy.

Although all investments involve risk, LGC&D Wealth Management's investment advice seeks to limit risk through broad diversification among asset classes and, as appropriate for particular clients the investment directly in conservative fixed income securities to represent the fixed income class. LGC&D Wealth Management's investment philosophy is designed for investors who desire a buy and hold strategy. Frequent trading of securities increases brokerage and other transaction costs that LGC&D Wealth Management's strategy seeks to minimize.

In the implementation of investment plans, LGC&D Wealth Management therefore primarily uses mutual funds and, as appropriate, portfolios of conservative fixed income securities. LGC&D Wealth Management may also utilize Exchange Traded Funds (ETFs) to represent a market sector.

Clients may hold or retain other types of assets as well, and LGC&D Wealth Management may offer advice regarding those various assets as part of its services. Advice regarding such assets will generally not involve asset management services but may help to more generally assist the client.

LGC&D Wealth Management's strategies do not utilize securities that we believe would be classified as having any unusual risks, and we do not recommend frequent trading, which can increase brokerage and other costs and taxes.

LGC&D Wealth Management receives supporting research from BAM Advisor Services and from other consultants, including economists affiliated with Dimensional Fund Advisors ("DFA"). LGC&D Wealth Management utilizes DFA mutual funds in client portfolios. DFA mutual funds follow a passive asset class investment philosophy with low holdings

turnover. DFA provides historical market analysis, risk/return analysis, and continuing education to LGC&D Wealth Management.

Analysis of a Client's Financial Situation

In the development of investment plans for clients, including the recommendation of an appropriate asset allocation, LGC&D Wealth Management relies on an analysis of the client's financial objectives, current and estimated future resources, and tolerance for risk. To derive a recommended asset allocation, LGC&D Wealth Management may use a Monte Carlo simulation, a standard statistical approach for dealing with uncertainty. As with any other methods used to make projections into the future, there are several risks associated with this method, which may result in the client not being able to achieve their financial goals. They include:

- The risk that expected future cash flows will not match those used in the analysis
- The risk that future rates of return will fall short of the estimates used in the simulation
- The risk that inflation will exceed the estimates used in the simulation
- For taxable clients, the risk that tax rates will be higher than was assumed in the analysis

Risk of Loss

Investing in securities involves risk of loss that clients should be prepared to bear.

All investments present the risk of loss of principal – the risk that the value of securities (mutual funds, ETFs and individual bonds), when sold or otherwise disposed of, may be less than the price paid for the securities. Even when the value of the securities when sold is greater than the price paid, there is the risk that the appreciation will be less than inflation. In other words, the purchasing power of the proceeds may be less than the purchasing power of the original investment.

The mutual funds and ETFs utilized by LGC&D Wealth Management may include funds invested in domestic and international equities, including real estate investment trusts (REITs), corporate and government fixed income securities and commodities. Equity securities may include large capitalization, medium capitalization and small capitalization stocks. Mutual funds and ETF shares invested in fixed income securities are subject to the same interest rate, inflation and credit risks associated with the underlying bond holdings.

Among the riskiest mutual funds used in LGC&D Wealth Management investment strategies funds are the U.S. and International small capitalization and small capitalization value

funds, emerging markets funds, and commodity futures funds. Conservative fixed income securities have lower risk of loss of principal, but most bonds (with the exception of Treasury Inflation Protected Securities, or TIPS) present the risk of loss of purchasing power through lower expected return. This risk is greatest for longer-term bonds.

Certain funds utilized by LGC&D Wealth Management may contain international securities. Investing outside the United States involves additional risks, such as currency fluctuations, periods of illiquidity and price volatility. These risks may be greater with investments in developing countries.

More information about the risks of any particular market sector can be reviewed in representative mutual fund prospectuses managing assets within each applicable sector.

Margin transactions are utilized solely as a short-term source of liquidity when it may be inconvenient or inappropriate to liquidate a client's investment positions. LGC&D Wealth Management does not advocate and will not utilize margin transactions as a tool to leverage investment positions.

Item 9 – Disciplinary Information

Registered investment advisers are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of LGC&D Wealth Management or the integrity of LGC&D Wealth Management's management. LGC&D Wealth Management has no information applicable to this Item.

Item 10 – Other Financial Industry Activities and Affiliations

Affiliated Accounting Firm

The Manager of Wealth Management, Jerrold Dorfman, is also the Vice President of the accounting firm, Lefkowitz, Garfinkel, Champi & DeRienzo, PC. ("LGC&D PC"). Mr. Dorfman will spend a substantial majority of his business time on his accounting practice. LGC&D PC is the sole member of LGC&D Wealth Management. LGC&D PC may recommend LGC&D Wealth Management to accounting clients in need of advisory services. LGC&D Wealth Management may recommend LGC&D PC to advisory clients in need of accounting services. Accounting services provided by LGC&D PC are separate and distinct from the advisory services of LGC&D Wealth Management, and are provided for separate and typical compensation. There are no referral fee arrangements between LGC&D Wealth

Management and LGC&D PC for these recommendations. No LGC&D Wealth Management client is obligated to use LGC&D PC for any accounting services.

Affiliated Insurance Agency

LGC&D Wealth Management's sole member, LGC&D PC, is also the sole member of an insurance agency, LGC&D Insurance Services, LLC, ("LGC&D Insurance"). LGC&D Wealth Management may recommend LGC&D Insurance to advisory clients in need of insurance. LGC&D Insurance may recommend LGC&D Wealth Management to insurance clients in need of advisory services. Insurance services provided by LGC&D Insurance are separate and distinct from the advisory services of LGC&D Wealth Management, and are provided for separate and typical compensation. There are no referral fee arrangements between LGC&D Wealth Management and LGC&D Insurance. No LGC&D Wealth Management client is obligated to use LGC&D Insurance for any insurance services.

While LGC&D Wealth Management and its employees endeavor at all times to put the interest of the clients first as part of its fiduciary duty, clients should be aware that the receipt of additional compensation creates conflicts of interest, and may affect the judgment of LGC&D Wealth Management when making recommendations.

BAM Advisor Services, LLC

As described above in Item 4, LGC&D Wealth Management may exercise discretionary authority provided by a client to select an independent third party investment manager for the management of portfolios of individual fixed income securities. LGC&D Wealth Management selects BAM Advisors Services, LLC for such fixed income management. LGC&D Wealth Management also contracts with BAM Advisor Services, LLC for back office services and assistance with portfolio modeling. LGC&D Wealth Management has a fiduciary duty to select qualified and appropriate managers in the client's best interest, and believes that BAM Advisor Services, LLC effectively provides both the back office services that assist with its overall investment advisory practice and fixed income portfolio management services. The management of LGC&D Wealth Management continuously makes this assessment. While LGC&D Wealth Management has a contract with BAM Advisor Services, LLC governing a time period for back office services, LGC&D Wealth Management has no such fixed commitment to the selection of BAM Advisor Services, LLC for fixed income management services and may select another investment manager for clients upon reasonable notice to BAM Advisor Services, LLC.

Item 11 – Code of Ethics

LGC&D Wealth Management has adopted a Code of Ethics expressing the firm's commitment to ethical conduct. LGC&D Wealth Management's Code of Ethics describes the firm's fiduciary duties and responsibilities to clients and sets forth LGC&D Wealth Management's practice of supervising the personal securities transactions of employees with access to client information. Individuals associated with LGC&D Wealth Management may buy or sell securities for their personal accounts identical or different than those recommended to clients. It is the expressed policy of LGC&D Wealth Management that no person employed by the firm shall prefer his or her own interest to that of an advisory client or make personal investment decisions based on investment decisions of advisory clients.

To supervise compliance with its Code of Ethics, LGC&D Wealth Management requires that anyone associated with this advisory practice with access to advisory recommendations provide annual securities holding reports and quarterly transaction reports to the firm's principal. LGC&D Wealth Management also requires such access persons to receive approval from the Chief Compliance Officer prior to investing in any IPO's or private placements (limited offerings).

LGC&D Wealth Management's Code of Ethics further includes the firm's policy prohibiting the use of material non-public information and protecting the confidentiality of client information. LGC&D Wealth Management requires that all individuals must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices. Any individual not in observance of the above may be subject to discipline.

LGC&D Wealth Management will provide a complete copy of its Code of Ethics to any client or prospective client upon request.

It is LGC&D Wealth Management's policy that the firm will not affect any principal or agency cross securities transactions for client accounts. LGC&D Wealth Management will also not cross trades between client accounts. Principal transactions are generally defined as transactions where an advisor, acting as principal for its own account or the account of an affiliated broker-dealer, buys from or sells any security to any advisory client. A principal transaction may also be deemed to have occurred if a security is crossed between an affiliated private fund and another client account. An agency cross transaction is defined as a transaction where a person acts as an investment advisor in relation to a transaction in which the investment advisor, or any person controlled by or under common

control with the investment advisor, acts as broker for both the advisory client and for another person on the other side of the transaction. Agency cross transactions may arise where an advisor is dually registered as a broker-dealer or has an affiliated broker-dealer.

Item 12 – Brokerage Practices

LGC&D Wealth Management arranges for the execution of securities transactions with the assistance of BAM Advisor Services. Through BAM, LGC&D Wealth Management may participate in the Schwab Advisor Services (SAS) program offered to independent investment advisers by Charles Schwab & Company, Inc., member FINRA/SIPC, and the Fidelity Institutional Wealth Services (FIWS) program offered to independent investment advisers, sponsored by Fidelity Brokerage Services, LLC ("Fidelity"), member FINRA/SIPC. Schwab and Fidelity are unaffiliated SEC-registered broker dealers and FINRA member broker dealers.

The Schwab and Fidelity brokerage programs will generally be recommended to advisory clients for the execution of mutual fund and equity securities transactions. LGC&D Wealth Management regularly reviews these programs to ensure that its recommendations are consistent with its fiduciary duty. These trading platforms are essential to LGC&D Wealth Management's service arrangements and capabilities, and LGC&D Wealth Management may not accept clients who direct the use of other brokers. As part of these programs, LGC&D Wealth Management receives benefits that it would not receive if it did not offer investment advice (See the disclosure under Item 14 of this Brochure).

As LGC&D Wealth Management will not request the discretionary authority to determine the broker dealer to be used or the commission rates to be paid for mutual fund and equity securities transactions, clients must direct LGC&D Wealth Management as to the broker dealer to be used. In directing the use of a particular broker or dealer, it should be understood that LGC&D Wealth Management will not have authority to negotiate commissions among various brokers or obtain volume discounts, and best execution may not be achieved. Not all investment advisers require clients to direct the use of specific brokers.

LGC&D Wealth Management will not exercise authority to arrange client transactions in fixed income securities. Clients will provide this authority to a fixed income manager retained by LGC&D Wealth Management on client's behalf by designating the portfolio manager with trading authority over client's brokerage account. Clients will be provided with the Disclosure Brochure (Form ADV Part 2) of portfolio manager.

SAS and FIWS do not generally charge clients a custody fee and are compensated by account holders through commissions or other transaction-related fees for securities trades that are executed through the broker or that settle into the clients' accounts at the brokers. Trading client accounts through other brokers may result in fees (including mark-ups and mark-downs) being charged by the custodial broker and an additional broker. While LGC&D Wealth Management will not arrange transactions through other brokers, the authority of the fixed income portfolio manager includes the ability to trade client fixed income assets through other brokers.

LGC&D Wealth Management does not have any arrangements to compensate any broker dealer for client referrals.

LGC&D Wealth Management does not maintain any client trade error gains. LGC&D Wealth Management makes client whole with respect to any trade error losses incurred by client caused by LGC&D Wealth Management.

LGC&D Wealth Management generally does not aggregate any client transactions in mutual fund or other securities. Client accounts are individually reviewed and managed, and transaction costs are not saved by aggregating orders in almost all circumstances in which LGC&D Wealth Management arranges transactions. BAM Advisor Services, LLC, in the management of fixed income portfolios, will aggregate certain transactions among client accounts that it manages, in which case an LGC&D Wealth Management client's orders may be aggregated with an order for another client of BAM Advisor Services, LLC who is not an LGC&D Wealth Management client. See BAM Advisor Services, LLC Form ADV Part 2.

Employee Benefit Plan Services:

LGC&D Wealth Management does not arrange for the execution of securities transactions for 401k plans as a part of this service. Transactions are executed directly through employee plan participation.

Item 13 – Review of Accounts

Reviews:

Investment Management Services

Account assets are supervised continuously and formally reviewed quarterly by Jerrold Dorfman, Manager of LGC&D Wealth Management. The review process contains each of the following elements:

- a. assessing client goals and objectives;
- b. evaluating the employed strategy(ies);
- c. monitoring the portfolio(s); and
- d. addressing the need to rebalance.

Additional account reviews may be triggered by any of the following events:

- a. a specific client request;
- b. change in client goals and objectives;
- c. an imbalance in a portfolio asset allocation; and
- d. market/economic conditions.

For fixed income portfolios, certain account review responsibilities are delegated to a third party investment manager as described above in Item 4.

Employee Benefit Retirement Plan Services:

Retirement plan assets are reviewed no more than quarterly, and according to the standards and situations described above for investment management accounts.

Reports:

All clients will receive quarterly performance reports, prepared by BAM and reviewed by LGC&D Wealth Management, that summarize the client's account and asset allocation. Clients will also receive monthly statements from their account custodian, which will outline the client's current positions and current market value.

Item 14 – Client Referrals and Other Compensation

As indicated under the disclosure for Item 12, SAS and FIWS each respectively provide LGC&D Wealth Management with access to services, which are not available to retail investors. These services generally are available to independent investment advisors on an unsolicited basis at no charge to them.

These services benefit LGC&D Wealth Management but may not benefit its clients' accounts. Many of the products and services assist LGC&D Wealth Management in managing and administering clients' accounts. These include software and other technology that provide access to client account data (such as trade confirmations and account statements), facilitate trade execution (and allocation of aggregated trade orders for multiple client accounts), provide research, pricing information and other market data, facilitate payment of LGC&D Wealth Management's fees from its clients' accounts, and assist with back-office functions, recordkeeping and client reporting. Many of these services generally may be used to service all or a substantial number of LGC&D Wealth Management's accounts. Recommended brokers also make available to LGC&D Wealth Management other services intended to help LGC&D Wealth Management manage and further develop its business enterprise. These services may include consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance, and marketing. LGC&D Wealth Management does not, however, enter into any commitments with the brokers for transaction levels in exchange for any services or products from brokers. While as a fiduciary, LGC&D Wealth Management endeavors to act in its clients' best interests, LGC&D Wealth Management's requirement that clients maintain their assets in accounts at Schwab or FIWS may be based in part on the benefit to LGC&D Wealth Management of the availability of some of the foregoing products and services and not solely on the nature, cost or quality of custody and brokerage services provided by the brokers, which may create a potential conflict of interest.

LGC&D Wealth Management also receives software from DFA, which LGC&D Wealth Management utilizes in forming asset allocation strategies and producing performance reports. DFA also provides continuing education for LGC&D Wealth Management personnel. These services are designed to assist LGC&D Wealth Management plan and design its services for business growth.

Item 15 – Custody

Clients should receive at least quarterly statements from the broker dealer, bank or other qualified custodian that holds and maintains client's investment assets. LGC&D Wealth Management urges you to carefully review such statements and compare such official custodial records to the account statements that we may provide to you. Our statements may vary from custodial statements based on accounting procedures, reporting dates, or valuation methodologies of certain securities.

Item 16 – Investment Discretion

LGC&D Wealth Management requests that it be provided with written authority to determine which securities and the amounts of securities that are bought or sold. For fixed income securities, this authority will include the discretion to retain a third party money manager for fixed income accounts. Any limitations on this discretionary authority shall be included in this written authority statement. Clients may change/amend these limitations as required. Such amendments shall be submitted in writing.

When selecting securities and determining amounts, LGC&D Wealth Management observes the investment policies, limitations and restrictions of the clients for which it advises. Investment guidelines and restrictions must be provided to LGC&D Wealth Management in writing.

Item 17 – Voting Client Securities

Proxy Voting: As a matter of firm policy and practice, LGC&D Wealth Management does not accept the authority to and does not vote proxies on behalf of advisory client. Clients retain the responsibility for receiving and voting proxies for any and all securities maintained in client portfolios. Clients will receive applicable proxies directly from the issuer of securities held in clients' investment portfolios. LGC&D Wealth Management, however, may provide advice to clients regarding the clients' voting of proxies.

Class Actions, Bankruptcies and Other Legal Proceedings: Clients should note that LGC&D Wealth Management will neither advise nor act on behalf of the client in legal proceedings involving companies whose securities are held or previously were held in the client's account(s), including, but not limited to, the filing of "Proofs of Claim" in class action settlements. If desired, clients may direct LGC&D Wealth Management to transmit copies of

class action notices to the client or a third party. Upon such direction, LGC&D Wealth Management will make commercially reasonable efforts to forward such notices in a timely manner.

Item 18 – Financial Information

Registered investment advisers are required in this Item to provide you with certain financial information or disclosures about LGC&D Wealth Management's financial condition. LGC&D Wealth Management has no financial commitment that impairs its ability to meet contractual and fiduciary commitments to clients, and has not been the subject of a bankruptcy proceeding.

Item 19 – Requirements for State-Registered Advisers

Please see Part 2B for information about Jerrold Dorman's education and business background. There is no other applicable information about management persons of LGC&D to be reported here.
