We will also reference the date of our last annual update of our brochure.

In the past, we have offered or delivered information about our qualifications and business practices to clients at least annually. Item 4 – Advisory Business

CAPTRUST Financial Advisors, also known as CapFinancial Partners, LLC, (“CAPTRUST” or “Adviser”) was established in April 2003 and approved as a Registered Investment Adviser in September 2003. The CapFinancial Group, Inc. is a 100% owner of CAPTRUST. James Fielding Miller is the CEO of CAPTRUST and the majority owner of The CapFinancial Group, Inc.

CAPTRUST is an Investment Adviser registered with the U.S. Securities and Exchange Commission (“SEC”) under the Investment Advisers Act of 1940. CAPTRUST provides advisory services to Retirement Plans including, 401K Plans, 403B Plans, pensions and profit sharing plans, non-qualified plans, foundations, endowments, corporations or other businesses not listed above, collectively (“Client” or “Plan Client”). Approximately 90% of CAPTRUST advisory fee revenue is derived from the continuous and regular investment supervisory services rendered to Plan Clients, however, this is typically done on a non-discretionary basis. CAPTRUST willingly accepts the designation as a “Co-Fiduciary” under ERISA 3(21)(A) or ERISA 3(38) as part of its normal course of business.

CAPTRUST also provides Wealth Management Services which are disclosed in a separate Disclosure Brochure (Form ADV Part 2A) which represents approximately 30% of advisory fee revenue.

CAPTRUST will require each Plan Client to make a selection of services *in writing* as part of the **Retirement Plan Services Agreement(s) (RPSA)**, which sets forth the rights and obligations of CAPTRUST and the Client. The **RPSA** is customized to state the negotiated fee.

Retirement Plan Advisory Services include, but are not limited to:

Plan Sponsor Investment Advisory Services

- Establishment of Investment Objectives
- Asset Allocation Analysis
- Asset Liability Modeling and Analysis
- Investment Policy Statement Development and Management
- Review and Analysis of Existing Managers/Mutual Funds
- Investment Manager/Mutual Fund Search and Selection
- Investment Manager /Mutual Fund Monitoring & Due Diligence
- Quarterly Performance Reporting and Review

Plan Participant Investment Advisory Services

- Establishment of Participant Communications Strategy
- Custom Communication Program
- Retiree Financial Planning Seminars
- Executive Financial and Estate Planning Sessions

Third Party Administrator/ Trustee Advisory Services

- Develop Plan Profile with Goals and Objectives for RFP Process
- Full Scope RFP Service
- Limited Scope RFP Service
- Serve as Plan Conversion Intermediary
- Establish/Review Non-Qualified Plan

Fiduciary Services

- Serve as Co-Fiduciary to Plan
- Fee and Expense Analysis of Current Plan
- Fiduciary Review
- Fiduciary Training and Education

Plan Clients typically name their Financial Advisor (an Investment Adviser Representative of CAPTRUST) as “broker of record” in his/her capacity as registered representative. This permits CAPTRUST to capture product revenue to reduce advisory fees as stated above. However, in the absence of an RPSA, the Financial Advisor is truly acting as *an agent* [Registered Representative] and not as an *Investment Advisory Representative* with respect to the Plan Client, in that case, CAPTRUST *may not act* as a Co-Fiduciary to the Plan.

Consultations. Adviser may occasionally furnish investment advice on a consulting basis with a Plan Sponsor or Board. To the extent it is requested to do so, Adviser may provide its Clients with investment advisory and consultation services on a “fee for service” basis. Fees for such consultations will be quoted to the Client prior to engagement.

Adviser may offer advice on private placements and/or limited partnerships that may be considered “alternative investments” for example limited partnerships that are known as a “fund of funds” (typically a fund of “hedge” funds). Adviser may also offer advice on private equity funds that contain investments in equities, futures, options, and other securities. Any such recommendation will be made only when determined to be suitable and must be accompanied by or preceded by prospectus or offering memorandum.

In performing its services, CAPTRUST shall not be required to verify any information received from the client or from the client’s other professionals, and is expressly authorized to rely thereon. If requested by the client, CAPTRUST shall recommend the services of other professionals for implementation purposes. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from CAPTRUST. It is each client’s responsibility to promptly notify CAPTRUST if there is ever any change in the client’s financial situation or investment objectives.

As of December 31, 2011, CAPTRUST held \$2,125,212,917 in discretionary assets (primarily individual Wealth Client assets) under management and \$66,473,679,754 in non-discretionary assets (institutional- which is comprised primarily of Plan Client assets) under advisement.

Item 5 – Fees and Compensation

CAPTRUST will require each Plan Client to make a selection of services *in writing* as part of the ***Retirement Plan Services Agreement(s) (RPSA)***, which sets forth the rights and obligations of CAPTRUST and the Client. The ***RPSA*** is customized to state the negotiated fee.

In General, fees charged for investment advisory services are payable quarterly, in advance, and are based upon the market value of the Client’s Plan assets on the last business day of the calendar quarter. Fees may be direct billed to the Client or to a third party administrator (“TPA”) or custodian at the Client’s instruction. Fees for Plan Clients engaging CAPTRUST in mid-quarter will be prorated and calculated on a per diem basis.

The ***RPSA*** will continue in effect until terminated by either party upon thirty (30) days written notice to the other party. However, if the Client has not received the CAPTRUST Form ADV Part 2 at least 48 hours prior to entering into the investment advisory agreement, the Client may terminate the agreement within five business days of entering into the agreement without penalty.

If any advisory relationship terminates before the last day of a quarter, fees are prorated accordingly, and the Adviser will refund any unearned fees due to the Client.

Fees for Retirement Plan Advisory Services are negotiated prior to the signing of the RPSA. *In general*, fees are expressed as a percentage of total Plan assets and do not exceed 1% annually.

Flat/Fixed Fee Service. To the extent so engaged by Client, the Adviser may charge a Flat or Fixed fee for investment advisory and consultation services. Fixed fees are negotiable, but generally range from **\$10,000.00 to \$250,000.00** on an annual basis, depending upon the level and scope of the services required. Fixed fee(s) will be charged quarterly in advance, (calculated on a per diem basis) upon the signing of an **RPSA** by the client. Fees for clients engaging Adviser mid-quarter will be prorated on a per diem basis.

Adviser may be compensated by general promotion, advertising, and distribution fees (12b-1 fees) in relation to Client purchases and sales of mutual fund shares. These 12b-1 fees will be taken into account when calculating the Plan Client advisory fee for service for a particular period and the typical fee reduced based on the 12b-1 fees received by the Adviser.

Transaction fees charged may be higher than those otherwise available if the services were provided separately for a discrete fee, or if an Investment Advisor were to select brokerage and negotiate commissions in the absence of the extra consulting service provided. Clients should consider the value of the additional consulting services when making such comparisons. The combination of custodial, consulting, and brokerage services may not be available separately or may require multiple accounts, documentation, and fees. A portion of the fees charged by CAPTRUST for advisory services may be paid to Investment Advisory Representatives employed by CAPTRUST. Investment Advisory Representatives may have a financial incentive to recommend advisory services over broker/dealer services. Costs and transaction fees arising out of transactions effected by entities other than CAPTRUST, Fidelity or Schwab or attributable to dealer mark-ups, mark-downs or “spreads” (in transactions where another entity acts as principal for its own account) will be separately borne by clients. All fees described herein may be subject to negotiation depending on a range of factors including, but not limited to, account size and overall range of services requested.

Please see Item 12 for a further description of the factors that CAPTRUST considers in selecting or recommending broker-dealers for *client* transactions and determining the reasonableness of their compensation (*e.g.*, commissions).

CAPTRUST’s fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses which shall be incurred by the Client. Clients may incur certain charges imposed by custodians, brokers, third party investment and other third parties such as fees charged by managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees, which are disclosed in a fund’s prospectus. Such charges, fees and commissions are exclusive of and in addition to CAPTRUST’s fee, and CAPTRUST shall not receive any portion of these commissions, fees, and costs. Please see Item 12 for a discussion on 12b1 fees that may be received by CAPTRUST.

Item 6 – Performance-Based Fees and Side-By-Side Management

CAPTRUST does not charge any performance-based fees (fees based on a share of capital gains on or capital appreciation of the assets of a client).

Item 7 – Types of Clients

CAPTRUST provides advisory services to Retirement Plans including, 401K Plans, 403B Plans, pensions and profit sharing plans, non-qualified plans, foundations, endowments, corporations or other businesses not listed above. CAPTRUST also provides investment advisory services to wealthy individuals (“Wealth Clients”), on a continuous and regular basis, but those services are disclosed separately, in CAPTRUST’s Wealth Advisory Services Disclosure Brochure.

For Plan Clients, Adviser does not require a minimum account size, but may impose a minimum annual consulting fee. Adviser retains the right to waive minimum initial account sizes should Adviser feel it is necessary.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

Investment recommendations are based on an analysis of the Plan Client’s specific needs, and are drawn from research and analysis. Each Plan is analyzed separately paying particular attention to the limitations on the investment lineup as determined by the Plan documents, the Plan’s current service providers/platform and whether the Plan’s current platform has an opened or closed architecture. However, in general, security analysis methods include fundamental analysis as well as quantitative and qualitative research on a given investment vehicle. Information for this analysis may be drawn from financial newspapers, magazines and databases, research materials prepared by others, annual reports, corporate filings and prospectuses. Additional sources of information utilized by CAPTRUST include meetings and discussions with Investment Managers employed by Investment Companies, Separate Account Manager of Portfolio Funds, statistical summaries and analysis and such other sources CAPTRUST’s professionals personnel deem appropriate. CAPTRUST may utilize services of sub-advisers and established third party research services to assist CAPTRUST with formulating asset allocation, industry and sector selection, and investment recommendations in managing the Funds. Technical Analysis may be used when analyzing indices and/or securities other than open-ended mutual funds.

It is important to note that investing in securities involves certain risks that are borne by the investor. For any risks associated with Investment Company products, please refer to the prospectuses for additional details about these risks. Our investment approach constantly keeps the risk of loss in mind. In general, risks associated with investing include, but are not limited to:

- Interest-rate Risk: Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- Market Risk: The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security’s particular underlying circumstances. For example, political, economic and social conditions may trigger market events.

- **Inflation Risk:** When any type of inflation is present, a dollar today will not buy as much as a dollar next year, because purchasing power is eroding at the rate of inflation.
- **Reinvestment Risk:** This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- **Business Risk:** These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company, which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- **Liquidity Risk:** Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.
- **Financial Risk:** Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

Item 9 – Disciplinary Information

Registered investment advisers are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of CAPTRUST or the integrity of CAPTRUST's management. CAPTRUST has no information applicable to this Item.

Item 10 – Other Financial Industry Activities and Affiliations

CAPTRUST is both a FINRA broker-dealer (member SIPC) and an Investment Adviser registered under the Investment Advisers Act of 1940. CAPTRUST is also registered as a Commodity Trading Advisor with the National Futures Association because occasionally CAPTRUST renders investment advice with respect to commodities and/or futures.

CapFinancial Partners, LLC has a business entity insurance license and many Financial Advisors are life insurance licensed in order to act as "agent of record" for those Plan Clients whose retirement plans are funded with group variable insurance products. Additionally, Financial Advisors at CAPTRUST may occasionally recommend fixed or variable annuities or life insurance to their Wealth Clients when assisting them in executing their financial plan.

As a registered broker-dealer, Adviser offers individual [Wealth Clients] and institutional [Plan Clients] general securities [investment] services. The Investment Adviser Representatives with Adviser are simultaneously registered as Registered Representatives. The Adviser generally spends 20% of his/her time on work done for Clients on activities consistent with the definition of broker/dealer activities. If a trade error were to occur, it may result in profit or loss to the firm. The firm has controls in place to limit such trade errors. Investment Adviser Representatives will not participate in any profits resulting from such errors.

As a result of certain investment related recommendations (or other investment advisory services) provided to its Clients, the Adviser may facilitate certain securities purchases and/or sales; or insurance product purchases and/or sales on behalf of Clients. Such transactions may be facilitated by Adviser, in

its capacity as a registered broker/dealer or insurance agent (business entity). Commissions charged by its broker/dealer may be higher or lower than obtainable elsewhere. All related compensation is separate from advisory services. In general, product revenue associated with Plan Client assets is captured to reduce the plan advisory fee pursuant to the terms of the RPSA.

In general, CAPTRUST recommends that Wealth Clients establish brokerage accounts with Pershing (“Custodian”) to maintain custody of Clients’ assets and to effect trades for their accounts. However, some CAPTRUST Wealth Clients utilize Fidelity or Schwab for custodial and execution services (“other custodians”). Custodians are FINRA registered Broker-Dealers. Although CAPTRUST may recommend that Wealth Clients establish accounts at the Custodian, it is the Client’s decision. CAPTRUST is independently owned and operated and not affiliated with any Custodian. CAPTRUST does not typically recommend custodians to Plan Clients. Please note: Item 12 includes additional details regarding brokerage practices and related disclosures.

Item 11 – Code of Ethics

CAPTRUST has adopted a Code of Ethics for all supervised persons of the firm describing its high standard of business conduct, and fiduciary duty to its clients. The Code of Ethics includes provisions relating to the confidentiality of Client information, a prohibition on insider trading, a prohibition of rumor mongering, restrictions on the acceptance of significant gifts and the reporting of certain gifts and business entertainment items, and personal securities trading procedures, among other things. All supervised persons at CAPTRUST must acknowledge the terms of the Code of Ethics annually, or as amended.

Occasionally, associated persons of Adviser may recommend that Clients buy or sell the same securities or investment products that associated persons of the Adviser also own. In such circumstances, Adviser shall give precedence to Client transactions. CAPTRUST’s employees and persons associated with CAPTRUST are required to follow the Code of Ethics. The Code of Ethics is designed to assure that the personal securities transactions, activities and interests of the employees of CAPTRUST will not interfere with (i) making decisions in the best interest of advisory Clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts. Under the Code certain classes of securities have been designated as exempt transactions, based upon a determination that these would not materially interfere with the best interest of CAPTRUST’s Clients. In addition, the Code requires pre-approval of many transactions, and restricts trading in close proximity to client trading activity. Nonetheless, because the Code of Ethics in some circumstances would permit employees to invest in the same securities as Clients, there is a possibility that employees might benefit from market activity by a Client. Employee trading is continually monitored under the Code of Ethics to reasonably prevent conflicts of interest between CAPTRUST and its Clients.

Block Trades: Certain affiliated accounts may trade in the same securities with Client accounts on an aggregated basis when consistent with CAPTRUST's obligation of best execution. In such circumstances, the affiliated and Client accounts will share commission costs equally and receive securities at a total average price. CAPTRUST will retain records of the trade order (specifying each participating account) and its allocation, which will be completed prior to the entry of the aggregated order. Completed orders will be allocated as specified in the initial trade order. Partially filled orders will be allocated on a pro rata basis. Any exceptions will be explained on the order.

CAPTRUST's Clients or prospective clients may request a copy of the firm's Code of Ethics by contacting the Compliance Department at (919) 870-6822 or (800) 967-9948.

Item 12 – Brokerage Practices

Since CAPTRUST is also registered as a Broker/Dealer with FINRA, CAPTRUST may collect 12b1 fees or product commissions that may be used to **offset advisory fees** and are accounted for on a quarterly invoice to our Plan Clients in detail. In this case, CAPTRUST tracks all 12b-1 or product revenue (by plan Client) that actually received by CAPTRUST and offsets advisory fees on a quarterly basis in accordance with the RPSA. In the absence of an RPSA, a Plan Client may appoint CAPTRUST (only in its capacity as FINRA broker-dealer) as the "Broker of Record" in order to compensate CAPTRUST solely with product revenue. Consequently, Adviser's Investment Adviser Representatives, who are also Registered Representatives of CapFinancial Partners, LLC ("CAPTRUST"), may receive compensation in the form of commissions for each transaction if that Registered Representative is named as "Broker or Agent of Record" to investment company products that the Plan Client is invested in. Therefore, on rare occasions, a Registered Representative may be compensated by 12b-1 fees only.

Brokerage Practices affecting Wealth Clients are separately disclosed in its Wealth ADV Part IIA. Wealth disclosures include that the Adviser may, in its capacity as a FINRA Broker/Dealer, engage in riskless principal transactions giving its Wealth Clients access to investments which otherwise may not be accessible in a retail brokerage account. However, Adviser does not engage in such transactions on behalf of Plan Clients. The Investment Adviser Representatives of Adviser may also effect securities transactions for Clients as registered representatives of a broker/dealer. All FINRA, SEC, and other regulatory agencies disclosure requirements and policies are observed for all transactions. As noted in Item 10, Adviser may, in its capacity as a broker-dealer, effect certain securities transactions that may have been recommended as part of its investment advisory services. Further, Adviser or its associated persons may receive compensation for such transactions, where such compensation is separate and distinct from Adviser's compensation related to its investment advisory services. As stated in item 5, any product revenue stemming from an RPSA with an ERISA Plan Client captured by CAPTRUST will be used to offset advisory fees.

Some Plan Clients may use Bank of New York or an affiliate as a platform/custodian for their plan assets. Therefore it is material to disclose that as a broker-dealer, CAPTRUST has an existing relationship with Pershing, LLC ("Pershing"), an affiliate of Bank of NY in the form of a "Clearing Agreement"

Item 13 – Review of Accounts

Plan Client Accounts are advised by their Financial Advisor, the Investment Advisor Representatives (IAR) responsible for performing periodic reviews and consulting with the respective client. Additionally, investment company assets in Plans are monitored on a continuous and regular basis by CAPTRUST Consulting Research Group. Eric Freedman, Chief Investment Officer, heads up the Consulting Research Group. Plan Clients who are under an RPSA receive Quarterly Reviews produced by the Consulting Research Group for each Plan. Denise Buchanan, Chief Compliance Officer, heads up the Compliance Team that reviews and approves the commentary contained in the Quarterly Reports. Additionally, monthly and quarterly statements are provided by the custodian of the Plan Clients Assets, but additional reports may be provided by Third Party Administrators employed by the Plan Client.

Plan Clients agree to inform the firm in writing of any material changes to the Plan Client's financial circumstances that may affect advice being rendered to the Plan. Plan Clients may contact the firm during normal business hours to consult with the firm concerning any such material changes.

Item 14 – Client Referrals and Other Compensation

CAPTRUST, in some instances, may compensate third-party solicitors (or "Corporate Solicitor") for Client referrals. In order for a business entity to be compensated by CAPTRUST for referring a Client to CAPTRUST, the solicitor must be engaged by CAPTRUST under a Solicitor or Referral Agreement ("Agreement") in compliance with Section 206(4)-3 of the Investment Advisers Act of 1940. In general, a Corporate Solicitor is compensated by a percentage of the advisory fee collected for limited period of time specified in the Agreement. The Client pays no additional fee for the referral over and above CAPTRUST's quoted advisory fee; to the contrary, the fee the Adviser earns is reduced by the amount of the compensation to the Corporate Solicitor. A Client who is solicited will receive a Separate [additional] Solicitor's Disclosure Statement describing the arrangement in detail. Clients may request details regarding a particular Agreement by contacting us toll-free at (800)216-0645 or sending an email to compliance@captrustadvisors.com.

Item 15 – Custody

Clients should receive statements at least quarterly from their Custodian. CAPTRUST urges you to carefully review such statements and compare the official custodial records to any reports that we may provide you. Our reports may vary from custodial statements based on accounting procedures, reporting dates, or valuation methodologies of certain securities.

Item 16 – Investment Discretion

For certain CAPTRUST Clients, Adviser has the authority to determine, without obtaining specific client consent, both the securities to be bought and sold as well as the amount of the securities to be bought or sold. However, this discretion must be provided at the beginning of the Adviser/Client relationship and documented in the Advisory Services Agreement ("ASA") for Wealth Clients. *In general*, the RPSA (Retirement Plan Service Agreement) does not give CAPTRUST such discretionary authority. But occasionally, a Plan Client hires CAPTRUST to take discretion over the investment selection in a Plan.

CAPTRUST's separate Disclosure Brochure for its Wealth Management Services discloses the level of authority and discretion CAPTRUST is granted, in general, for its Wealth Management clients.

Adviser may have the authority to negotiate fees on behalf of the Plan Client with its other service providers. Specifically in its efforts to perform "Request(s)For Proposals" (RFP's) on behalf of Plan Clients, Advisers assists the Plan Client in determining the most suitable fee for services structure that can be obtained within the constraints of the Retirement Plan Document(s). However, CAPTRUST does not have any "control" over the fees or commissions charged by custodians or investment companies for the products or services they provide. Consequently, the Plan Client may pay fees or commissions higher than obtainable elsewhere for similar products or services.

Item 17 – Voting Client Securities

In general, where CAPTRUST has been provided discretionary authority by its clients, CAPTRUST has retained the right to vote proxies. It is CAPTRUST's aim to see that proxies are voted in the best interest of its clients. In General, the proxy voting guidelines are designed to be responsive to the wide range of

issues that can be raised in proxy situations. The Proxy Voting Policy contains detailed guidelines and specific methods by which conflicts of interests are addressed.

[Wrap] Accounts Managed By Outside Managers: CAPTRUST frequently recommends that Wealth Clients outside managers. Under those conditions, Clients relegate the right to vote proxies to their account manager. The manager's proxy voting policies will be detailed in their Disclosure Brochure.

To obtain a copy of CAPTRUST's Proxy Voting Policy or for a copy of CAPTRUST's Proxy Voting record, Clients can contact CAPTRUST directly at: (800) 216-0645 or (919) 870-6822 or may write to CAPTRUST "Compliance" at 4208 Six Forks Road #1700, Raleigh NC 27609 to obtain the information.

Item 18 – Financial Information

Registered Investment Advisers are required to provide you with certain financial information or disclosures about CAPTRUST's financial condition. CAPTRUST has no financial commitment that impairs its ability to meet contractual and fiduciary commitments to clients, and has not been the subject of any bankruptcy proceeding.

Privacy Policy

CapFinancial Partners, LLC ("CAPTRUST") recognizes that its clients have an expectation that CAPTRUST and its affiliates will maintain the confidentiality of Clients' nonpublic personal information. Consequently, CAPTRUST has adopted this Privacy Policy concerning information obtained during the servicing of Client's account(s).

Business Continuity Disclosure/Summary

CapFinancial Partners, LLC, doing business as CAPTRUST Financial Advisors, (“CAPTRUST”) is a federally registered investment adviser and an independent FINRA broker/dealer utilizing the clearing services of Pershing, LLC (“Pershing”). For many CAPTRUST Advisory Clients, Pershing provides custody, back-office and trade support, for CAPTRUST. Your account(s) and assets are either maintained and custodied by Pershing, or for Advisory Clients who were formerly Clients of Atlantic Capital Wealth Management, your accounts and assets are maintained and custodied at Fidelity Institutional or Schwab Institutional.

As a member of FINRA, Rule 3510(e) requires CAPTRUST to summarize the manner in which CAPTRUST’s Business Continuity Plan (BCP) addresses the possibility of significant business disruptions. Accordingly, CAPTRUST is furnishing this document to you to provide information about our efforts to ensure that impact to your business is minimized in the event of an emergency or disaster.

Securities Industry regulations require each member firm to create and maintain a business continuity plan reasonably designed to meet its obligations to its clients or other counter-parties. In accordance with these requirements, CAPTRUST has designed a business continuity plan to address possible scenarios in efforts to minimize any service impact to our clients.

In keeping with the regulatory requirements, the business continuity plan for CAPTRUST is designed to address key areas of concern - including but not limited to the following:

- Data back-up and recovery;
- Mission critical systems;
- Financial and operational assessments;
- Alternate means of communication between CAPTRUST and its clients;
- Alternate means of communication between CAPTRUST and its employees;

- Alternate physical locations of employees;
- Critical business constituent, bank and counter-party impact;
- Regulatory reporting;
- Communications with regulators; and
- How CAPTRUST will ensure that customers have access to their funds and securities in the event CAPTRUST determines it is unable to continue its business.

Since events creating business disruptions may vary in nature and scope, CAPTRUST has anticipated scenarios in which the following are affected:

- A primary CAPTRUST building at its headquarter location
- A CAPTRUST branch location
- A city wide area
- A regional area

Regardless of the scope of potential disruption, CAPTRUST intends to continue to provide service to its clients.

In the event of a significant business disruption, where the primary building or business district is located, we will move our staff from affected offices to the closest of our unaffected offices. The firm has four other locations from which to conduct business. Therefore, should the primary building or business district be affected by a disruption, the other locations can be used to help restore operations.

In the unlikely event of a citywide or regional disruption, both of CAPTRUST's other locations ("established recovery sites") are in other cities. The first established recovery site is approximately 170 miles from its headquarters and the other is approximately 400 miles.
