Item 4 Services, Fees and Compensation

A.

INVESTMENT ADVISORY SERVICES / WRAP FEE PROGRAM

Pivotal Planning Group, LLC (the “Registrant”) is the sponsor and investment manager of the Pivotal Planning Group Wrap Fee Program (hereinafter the “Program”). Under the Program, the Registrant is able to offer participants discretionary investment management services for a single specified annual Program fee, which covers our money management fees, certain transaction costs, and custodial and administrative costs.

Registrant’s Program fee will also include, to the extent requested by a client, financial planning and consulting services. In the event the client requires extraordinary planning and/or consultation services (to be determined in the sole discretion of the Registrant), the Registrant may determine to charge for such additional services pursuant to a stand-alone Financial Planning Agreement (see below).

To commence the investment advisory process, an investment adviser representative will first determine each client’s investment objectives and then allocate and/or recommend that the client allocate investment assets consistent with the designated investment objectives. Once allocated, the Registrant provides ongoing monitoring and review of account performance and asset allocation as compared to client investment objectives, and may periodically execute or recommend execution of account transactions based upon such reviews.

The Program fee has not changed at all from the way that we previously charged for our services. The only difference is that we are now responsible for the Asset-Based Fee (defined below) that your account’s custodian charges for executing transactions in your account. The Program fee is based upon a percentage (%) of the market value and type of assets placed under the Registrant’s management as follows:

<u>Market Value of Portfolio</u>	<u>Annual fee as % of Assets</u>
On the first \$250,000	1.50%
On the next \$250,000	1.25%
On the next \$500,000	1.00%
On the next \$4,000,000	0.75%
On amounts over \$5,000,000	0.50%

HYPOTHETICAL EXAMPLE: A client with a \$2 million household would be subject to a blended fee of approximately 0.97%, which is calculated as follows: 1.50% on the first \$250,000, 1.25% on the next \$250,000, 1.00% on the next \$500,000 and 0.75% on the next \$1,000,000.

SEI Private Trust Co. (“SEI”), TD Ameritrade, Inc. (“TDA”), and/or Charles Schwab & Co., Inc. (“Schwab”) serve as the custodians for Program accounts.

Custodians such as SEI, TDA, and Schwab are compensated for their services that include, but are not limited to, execution, custody and reporting. Because wrap program transaction fees and/or commissions are being paid by Registrant to the relevant account custodian/broker-dealer, the Registrant could have an economic incentive to maximize its compensation by seeking to minimize the number of trades in the client’s account. In an attempt to mitigate or eliminate this conflict of interest, Registrant has determined to

enter into an asset-based pricing arrangement with Schwab. Under an asset-based pricing arrangement, the amount that Registrant will pay to Schwab for account commission/transaction fees is based upon a percentage (%) of the market value of Registrant's wrap fee client accounts. This differs from transaction-based pricing, which assesses a separate commission/transaction fee for each transaction. Such asset-based pricing arrangement was instituted in an effort to counter Registrant's economic incentive to minimize trading in client wrap fee accounts by establishing a fixed cost for transactions regardless of the level of trading activity in wrap fee accounts. **Registrant's Chief Compliance Officer, John Marchisotta, remains available to address any questions that a client or prospective client may have regarding its prospective engagement and the corresponding conflict of interest presented by such engagement.**

Please Note: Registrant receives certain economic benefits from SEI, TDA, and Schwab, which are more fully detailed in Registrant's Form ADV Part 2A, at Item 12. In addition to the benefits described therein, Registrant will receive additional benefits as part of Registrant's process of transitioning client custodial relationships to Schwab. Pursuant to an agreement between Registrant and Schwab, Schwab has agreed to make payments on Registrant's behalf to a third-party vendor to cover certain costs associated with transitioning clients to Schwab's custodial platform. Under the terms of this agreement, the amount of such payments are dependent on the amount of assets transferred to Schwab, with a maximum of \$125,000 in total payments. In addition, Schwab has agreed to reimburse Registrant's clients up to an aggregate amount of \$40,000 to defray client-borne expenses associated with custodial account closing and transfer fees. As a result, Registrant has a conflict of interest in recommending Schwab as a custodian, as the recommendation could be made on the basis of maximizing the value of these additional benefits, rather than on a particular client's needs.

Fee Calculation: The Program fee is prorated and paid quarterly, in advance, based upon the market value of the assets on the last business day of the previous quarter. Certain of Registrant's clients also maintain legacy fee arrangements which provide for billing in arrears the terms of which are set forth in such clients' Investment Advisory Agreement. Clients authorize the Registrant to directly debit the Program fee. The Program fee is negotiable at Registrant's discretion, depending upon objective and subjective factors including but not limited to: the amount of assets to be managed; portfolio composition; the scope and complexity of the engagement; the anticipated number of meetings and servicing needs; related accounts; future earning capacity; anticipated future additional assets; the professional(s) rendering the service(s); prior relationships with the Registrant and/or its representatives, and negotiations with the client. Because of these factors, similarly situated clients could pay different fees, the services to be provided by the Registrant to any particular client could be available from other advisers at lower fees, and certain clients may have fees different than those specifically set forth above. **The Registrant's Chief Compliance Officer, John Marchisotta, remains available to address any questions that a client or prospective client may have regarding the above fee determination.**

Termination of Advisory Relationship: The Investment Advisory Agreement between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the Investment Advisory Agreement. For clients who pay fees in advance, upon termination, the Registrant shall refund the account for the pro-rated portion of the advanced advisory fee based upon the number of days that

services were provided during the billing quarter. For clients who pay fees in arrears, upon termination, the Registrant shall debit the account for the pro-rated portion of the fee due, based upon the number of days services were provided during the billing quarter.

Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear, including the complete loss of principal investment. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level.

- B. The Program fee charged by Registrant for participation in the Program may be higher or lower than those charged by other sponsors of comparable wrap fee programs.
- C. The Program fee does not include certain charges and administrative fees, including, but not limited to, fees charged by Independent Managers, transaction charges (including mark-ups and mark-downs) resulting from trades effected through or with a broker-dealer other than the custodian of the client's account, transfer taxes, odd lot differentials, exchange fees, interest charges, American Depositary Receipt agency processing fees, and any charges, taxes or other fees mandated by any federal, state or other applicable law or otherwise agreed to with regard to client accounts. These fees and expenses are in addition to the Program fee.
- D. Registrant's related persons who recommend the Program to clients do not receive compensation as a result of a client's participation in the wrap fee program.

Item 5 Account Requirements and Types of Clients

The Registrant's clients generally include individuals, high net worth individuals, business entities, pension and profit sharing plans, trusts, estates and charitable organizations. The Registrant does not generally require an annual minimum fee or asset level for investment advisory services, but generally imposes a \$2,000,000 minimum asset level requirement to provide retirement plan services. The Registrant, in its sole discretion, may reduce its minimum asset level requirement or charge a lesser investment management or consulting fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 6 Portfolio Manager Selection and Evaluation

- A. The Registrant may invest or recommend that the client invest using unaffiliated independent investment managers ("Independent Managers"). Any investment or recommendation to invest with an Independent Manager will be made in accordance with the client's designated investment objective(s). In such situations, the Independent Manager(s) shall have day-to-day responsibility for the active discretionary management of the client's assets according to the terms and conditions of a separate agreement executed between the client and the Independent Manager. The Registrant shall continue to render investment advisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives.

Factors that the Registrant considers in recommending Independent Managers include the client's designated investment objectives, and the manager's management style, performance, reputation, financial strength, reporting capabilities, pricing structure, and published research. The investment management fees charged by the designated Independent Manager(s) are exclusive of, and in addition to, Registrant's ongoing investment advisory fee.

- B. The Registrant acts as the primary portfolio manager for the Program. In certain instances, the Registrant will recommend or select Independent Managers for clients, but the Registrant is the default manager on all Program accounts.
- C. Please see the Registrant's Form ADV Part 2A for additional services provided by the Registrant.

MISCELLANEOUS ADVISORY SERVICES DISCLOSURES

Limitations of Non-Investment Consulting/Implementation Services. To the extent requested by the client, the Registrant may provide consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Neither the Registrant, nor any of its representatives, serves as an attorney and no portion of the Registrant's services should be construed as legal services. Accordingly, the Registrant and its representatives do not prepare estate planning documents. To the extent requested by a client, the Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance, etc.), including the Registrant's representatives in their separate licensed capacities as discussed in Item 10.C. below. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. Clients are responsible for promptly notifying the Registrant if there is ever any change in their financial situation or investment objectives so that the Registrant can review, and if necessary, revise its previous recommendations or services.

Client Obligations. The Registrant will not be required to verify any information received from the client or from the client's other professionals and is expressly authorized to rely on the information in its possession. Clients are responsible for promptly notifying the Registrant if there is ever any change in their financial situation or investment objectives so that the Registrant can review, and if necessary, revise its previous recommendations or services.

Retirement Plan Rollovers. A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer's plan, if permitted, (ii) roll over the assets to the new employer's plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account ("IRA"), or (iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). If the Registrant recommends that a client roll over their retirement plan assets into an account to be managed by the Registrant, such a recommendation creates a conflict of

interest if the Registrant will earn a new (or increase its current) advisory fee as a result of the rollover. To the extent that Registrant recommends that clients roll over assets from their retirement plan to an IRA managed by Registrant, then Registrant represents that it and its investment adviser representatives are fiduciaries under the ERISA, or the Internal Revenue Code, or both. **No client is under any obligation to roll over plan assets to an IRA managed by the Registrant or to engage the Registrant to monitor and/or manage the account while maintained at the client's employer. Registrant's Chief Compliance Officer, John Marchisotta, remains available to address any questions that a client or prospective client may have regarding its prospective engagement and the corresponding conflict of interest presented by such engagement.**

ERISA / IRC Fiduciary Acknowledgment. If the client is: (i) a retirement plan ("Plan") organized under ERISA; (ii) a participant or beneficiary of a Plan subject to Title I of ERISA or described in section 4975(e)(1)(A) of the Internal Revenue Code, with authority to direct the investment of assets in his or her Plan account or to take a distribution; (iii) the beneficial owner of an IRA acting on behalf of the IRA; or (iv) a Retail Fiduciary with respect to a plan subject to Title I of ERISA or described in section 4975(e)(1)(A) of the Internal Revenue Code: then the Registrant represents that it and its representatives are fiduciaries under ERISA or the Internal Revenue Code, or both, with respect to any investment advice provided by the Registrant or its representatives or with respect to any investment recommendations regarding an ERISA Plan or participant or beneficiary account.

Use of Mutual Funds and ETFs: While the Registrant may recommend allocating investment assets to mutual funds that are not available directly to the public, the Registrant may also recommend that clients allocate investment assets to publicly available mutual funds and ETFs that the client could obtain without engaging Registrant as an investment adviser. However, if a client or prospective client determines to purchase securities without engaging Registrant as an investment adviser, the client or prospective client would not receive the benefit of Registrant's initial and ongoing investment advisory services. Other mutual funds, such as those issued by Dimensional Fund Advisors ("DFA"), are generally only available through registered investment advisers. Registrant may invest in DFA mutual funds. Therefore, upon the termination of Registrant's services to a client, restrictions regarding transferability and/or additional purchases of, or reallocation among DFA funds will apply.

ByAllAccounts. In conjunction with the services provided by "ByAllAccounts," the Registrant may also provide periodic comprehensive reporting services, which can incorporate all of the client's investment assets including those investment assets that are not part of the assets managed by the Registrant (the "Excluded Assets"). The Registrant's service relative to the Excluded Assets is limited to reporting services only, which does not include investment implementation. Because the Registrant does not have trading authority for the Excluded Assets, to the extent applicable to the nature of the Excluded Assets (assets over which the client maintains trading authority vs. trading authority designated to another investment professional), the client (and/or the other investment professional), and not the Registrant, shall be exclusively responsible for directly implementing any recommendations relative to the Excluded Assets. The client and/or their other advisors that maintain trading authority, and not the Registrant, shall be exclusively responsible for the investment performance of the Excluded Assets. Without limiting the above, the Registrant shall not be responsible for any implementation error

(timing, trading, etc.) relative to the Excluded Assets. In the event the client desires that the Registrant provide non-discretionary investment management services (whereby the Registrant would have trading authority) with respect to the Excluded Assets, the client may engage the Registrant to do so pursuant to the terms and conditions of the Investment Advisory Agreement between the Registrant and the client.

PERFORMANCE BASED FEES AND SIDE-BY-SIDE MANAGEMENT

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

The Registrant may utilize the following methods of security analysis:

- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)

Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear, including the complete loss of principal investment. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

The Registrant's method of analysis and investment strategy does not present any significant or unusual risks. However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases and Short Term Purchases - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy.

Currently, the Registrant invests using various open-ended mutual funds, individual equity securities (including exchange traded funds and preferred stocks), fixed income securities (including individual bonds and bond funds) and Independent Managers, on a

discretionary and/or non-discretionary basis in accordance with the client's designated investment objectives.

VOTING CLIENT SECURITIES

The Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.

The Registrant will not be responsible and each client has the right and responsibility to take any action, and the right to initiate or pursue any legal proceeding with respect to transactions, securities or other investments held in the client's account or the issuers thereof.

Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 7 Client Information Provided to Portfolio Managers

The Registrant is the Program's portfolio manager. The Registrant provides investment advisory services specific to needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objectives. Thereafter, the Registrant shall allocate investment assets consistent with the designated investment objective(s). The client may impose reasonable restrictions, in writing, on the Registrant's services.

Item 8 Client Contact with Portfolio Managers

The client shall have reasonable access to the Program's portfolio manager.

Item 9 Additional Information

A.

DISCIPLINARY INFORMATION

The Registrant has not been the subject of any disciplinary actions.

OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

Neither the Registrant, nor its representatives, are registered or have an application pending to register as a broker-dealer or a registered representative of a broker-dealer, a futures commission merchant, a commodity pool operator, a commodity trading advisor, or a representative of the foregoing.

Certified Public Accountant. The Registrant is principally owned by Satty, Levine & Ciacco, P.C., (“SL&C”), a certified public accounting firm that shares office space and administrative personnel with the Registrant. Certain of the Registrant’s representatives also serve as certified public accountants with SL&C. To the extent that a client requires accounting advice and/or tax preparation services, the Registrant, if requested, will recommend the services of SL&C, all of which services shall be rendered independent of the Registrant pursuant to a separate agreement between the client and SL&C. The Registrant shall not receive any of the fees charged by SL&C, referral or otherwise.

The recommendation by Registrant’s representatives that a client utilize the accounting services SL&C presents a conflict of interest, as the indirect receipt of payment for accounting advice and/or tax preparation services may provide an incentive to recommend accounting advice and/or tax preparation services based on payments received, rather than on a particular client’s need. No client of the Registrant is required to engage SL&C for accounting services, and vice versa. **The Registrant’s Chief Compliance Officer, John Marchisotta, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest**

Affiliated Insurance Agency/ Licensed Insurance Agents. Pivotal Insurance Agency (“PIA”) is an affiliated licensed insurance agency. Certain of Registrant’s representatives are also licensed insurance agents of PIA. The recommendation by Registrant’s representatives that they engage PIA for insurance services would present a material conflict of interest. However, to eliminate this conflict of interest, Registrant has implemented a strict zero-tolerance policy prohibiting its representatives from recommending any insurance products on a commission basis to any of Registrant’s clients. Therefore, Registrant’s clients cannot engage Registrant’s representatives, even in a separate and individual capacity, to execute insurance commission transactions through PIA.

- B. The Registrant does not recommend or select other investment advisers for its clients for which it receives direct or indirect fees from the other investment adviser.

CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant’s overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant’s representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.

The Registrant and/or representatives of the Registrant may buy or sell securities that are

also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. Practices such as “scalping” (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (i.e., personal trades executed prior to those of the Registrant’s clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant’s “Access Persons”. The Registrant’s securities transaction policy requires that an Access Person of the Registrant must provide the Chief Compliance Officer or a designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or a designee with a written report of the Access Person’s current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects

The Registrant and/or representatives of the Registrant may buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. As indicated above, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant’s Access Persons.

REVIEW OF ACCOUNTS

For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by Roger Ciacco and/or John Marchisotta. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.

The Registrant may conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.

Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

CLIENT REFERRALS AND OTHER COMPENSATION

Registrant receives from SEI, TDA, and/or Schwab (and potentially other broker-dealers, custodians, investment platforms, unaffiliated investment managers, vendors, or fund

sponsors) free or discounted support services and products. Certain of these products and services assist the Registrant to better monitor and service client accounts maintained at these institutions. The support services that Registrant obtains can include investment-related research; pricing information and market data; compliance or practice management-related publications; discounted or free attendance at conferences, educational or social events; or other products used by Registrant to further its investment management business operations.

Certain of the support services or products received may assist the Registrant in managing and administering client accounts. Others do not directly provide this assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected or assets maintained at SEI, TDA, and/or Schwab, or other broker-dealers and custodians, because of these arrangements. There is no corresponding commitment made by the Registrant to any broker-dealer or custodian or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products because of the above arrangements.

The Registrant's Chief Compliance Officer, John Marchisotta, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

If a client is introduced to the Registrant by either a solicitor, Registrant may pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any referral fee is paid solely from the Registrant's investment advisory fee, and will not result in any additional charge to the client. If the client is introduced to the Registrant by an unaffiliated solicitor, the solicitor will provide each prospective client with a copy of the current version of this Brochure and a separate written disclosure statement disclosing the terms of the arrangement between the Registrant and the solicitor, including the compensation to be paid by the Registrant to the solicitor.

FINANCIAL INFORMATION

The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts. The Registrant has not been the subject of a bankruptcy petition.

ANY QUESTIONS: The Registrant's Chief Compliance Officer, John Marchisotta, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.
