Part II, 1D	<p>Conlon &amp; Dart LLC, referred to as "The Company", offers the following investment advisory services to its clients:</p> <p><b>Investment Advisory Services</b></p> <p>The Company will invest and reinvest cash and/or securities held in the account in accordance with the client's stated investment objectives, which are established with support of data gathering and risk assessment questionnaires in conjunction with discussions between Company and Client. Unless Client instructs otherwise, Client grants the Company limited discretionary trading authority to invest on Client's behalf. Non-discretionary transactions can be placed by Client with custodian or directed through the Company at Client's discretion.</p> <p>The Company will generally utilize cash or cash equivalents, individual bonds, mutual funds (including institutional class when available), and exchange-traded mutual funds (ETFs) as its primary investment tools. The Company generally does not recommend individual stocks as part of its investment process, but such securities may be held in account if requested by Client. The Company will occasionally enter into agreements with various non-affiliated investment advisors to offer asset management services to the Company's clients, generally for the purpose of managing equity focused portfolios. The duties of the Company will include assisting the Client in choosing appropriate investment managers, setting restrictions or limitations on the management of the account, explaining portfolio strategies and transactions and answering client questions. As a result of these services, compensation will be provided to the Company. Compensation to the Company will usually be in the form of a percentage of assets under management in accordance with the Company's standard fee schedule. The relationship of the Company with the non-affiliated advisors will be clearly communicated to all clients in a disclosure statement provided by the non-affiliated investment advisor and/or the Company.</p> <p>Compensation is received by the Company after services have been rendered. Generally, an agreement may be terminated upon 30 days written notice or upon transfer of the account. However, compensation arrangements and termination agreements made with the non-affiliated investment advisor are distinct from that of the Company, including fee schedule and terms, fees, payments and refund policies. The Company will determine that any non-affiliated investment advisor, with which the Company contracts, is properly registered in those states where investment advice or securities are provided to residents of that state.</p> <p>The Client will compensate the Company for its services by paying an advisory fee calculated at the annual rates set forth in the following fee schedule (401(k) plans listed separately):</p> <p>Eighty-five percent of one percent (0.85%) annually of the account's net asset value for amounts up to \$1,000,000.</p> <p>Seventy percent of one percent (0.70%) annually of the account's net asset value for amounts in excess of \$1,000,000 up to \$2,000,000.</p> <p>Fifty-five percent of one percent (0.55%) annually of the account's net asset value for amounts in excess of \$2,000,000 up to \$3,000,000.</p> <p>Forty-five percent of one percent (0.45%) for amounts in excess of \$3,000,000.</p> <p>Additional Account Establishment Fee (first year only): \$400 per quarter.</p>

1D (cont.)	<p>The fee schedule for 401(k) plans is as follows:</p> <p>Fifty percent of one percent (0.50%) annually of the account's net asset value for amounts up to \$2,000,000.</p> <p>Forty percent of one percent (0.40%) annually of the account's net asset value for amounts in excess of \$2,000,000 up to \$5,000,000.</p> <p>Thirty-five percent of one percent (0.35%) annually of the account's net asset value for amounts in excess of \$5,000,000.</p> <p>The Company's minimum 401(k) fee is \$10,000 per annum regardless of trust size. If plan assets do not support the minimum fee, the plan will be billed at a rate of \$2,500 per quarter until such time that plan assets support the minimum annualized fee.</p> <p>The Company maintains the right to negotiate a lower fee schedule than that referenced above.</p> <p>All advisory fees are paid quarterly in arrears and upon deposit of any additional funds or securities in the account. Subsequent account fee payments are due and will be assessed at the end of each subsequent three month period based on the value of specifically designated assets under management as of the close of business on the last day of the preceding three month period. Additional deposits of funds and/or securities will be subject to the same fees and payment procedures. All account fees will be deducted directly from the account for payments to the Company unless the Company agrees to do otherwise. If assets are deposited after the inception of the quarter, the account fee payable with respect to such assets will be prorated based upon the number of days remaining in the three-month period. In addition to the account fee, the account may be assessed transaction charges associated with trade execution. All such costs will be deducted from Client's account by the designated custodian as broker for such transactions. Unless Client instructs otherwise, Client authorizes the Company to deduct all account fees and transaction charges from client's account. All such fees and charges will be clearly noted on client's statements and trade confirmations.</p> <p>Clients who are invested in mutual funds and mutual fund money funds where a management fee is assessed are in effect paying two advisory fees. Clients pay an investment advisory fee to the Company based on the total assets under the Company's management, which includes the assets invested in the mutual/money funds where an investment management fee has been charged by the mutual and or money fund investment advisor.</p> <p><b>Financial Planning Services</b></p> <p>Financial Planning services are offered on either an hourly rate or project basis depending upon the complexity of the Client's financial situation. For comprehensive planning or more complex projects, planning is billed separately according to the billing rates of the person or persons providing services. Our current base hourly rates range from \$80 per hour for a Registered Paraplanner® to \$250 per hour for principals.</p>
