Item 4 Advisory Business

- A. Mazars USA Wealth Advisors LLC (the “Registrant”) is a limited liability company formed on November 12, 2004 in the State of New York. The Registrant became registered as an Investment Adviser Firm in March 2005. The Registrant is a wholly-owned subsidiary of Weiser Holding Group LLC, which is wholly and solely owned by Mazars USA LLP, a certified public accounting firm.
- B. As discussed below, the Registrant offers to its clients (individuals, business entities, pension and profit sharing plans, trusts, estates and charitable organizations, etc.) investment advisory services, and, to the extent specifically requested by a client, financial planning and related consulting services.

INVESTMENT ADVISORY SERVICES

The client can determine to engage the Registrant to provide discretionary investment advisory services on a *fee* basis. The Registrant’s annual investment advisory fee is based upon a percentage (%) of the market value of the assets placed under the Registrant’s management as described below.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent specifically requested by a client, the Registrant *may* determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis. Registrant’s planning and consulting fees generally range from \$1,000.00 to \$100,000.00 on a fixed fee basis, depending upon the level and scope of the service(s) required.

Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a *Financial Planning and Consulting Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services.

If requested by the client, Registrant may recommend the services of other professionals for implementation purposes, including the Registrant’s representatives in their individual capacities as registered representatives of a broker-dealer and/or licensed insurance agents. (*See* disclosures at Item 10.C). The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant.

Please Note: If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client’s responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant’s previous recommendations and/or services.

ACCOUNTING AND TAX SERVICES

To the extent that a client requires accounting advice and/or tax preparation services, the Registrant, if requested, will recommend the services of the Registrant's indirect owner, Mazars USA LLP ("*Mazars*"), a certified public accounting firm. All such services shall be pursuant to a separate agreement. See Item 10.C below.

SEI ASSET ALLOCATION PROGRAM

The Registrant participates in the SEI Asset Allocation Program, which is offered to high net worth individuals, defined benefit plans, participant and non-participant directed defined contribution plans, institutions, endowments, and foundations.

With the SEI Asset Allocation Program, the Registrant serves as the investment adviser to the client, and is responsible for analyzing the client's current financial situation, return expectations, risk tolerance, time horizon, and asset class preference, pursuant to investment advisory agreement. Based upon the client's information, the Registrant and the client select an investment strategy and choose from one of many mutual fund asset allocation models, which may be provided by SEI Investments Management Corporation ("*SIMC*") or purchase the individual mutual funds.

The Registrant may allocate the assets placed in the client's account among the mutual fund asset allocation models in accordance with the investment strategy, goal or model selected by the client. The client, through the Registrant, may adjust their asset allocation to help ensure that the mix reflects the objectives of the chosen strategy. The client may, at any time, impose reasonable restrictions on the management of their account or choose a new investment strategy. For participant-directed plans, assets will be invested in the SEI Asset Allocation mutual funds and other style-specific SEI Funds (if applicable).

In accordance with the client's investment objectives, the Registrant may also allocate assets placed in the client's account among the SEI Funds through SEI's Private Client Models, which reflect *SIMC*'s institutional asset allocation models more aligned with individual clients' goals. *SIMC* expects to make changes to the Private Client Models periodically to incorporate changes to the mutual fund asset allocations underlying the models. Upon consent from the Registrant (on behalf of the client), these asset allocation changes will be made to the client's accounts invested in the Private Client Models.

The SEI Funds are administered, distributed, and in some cases advised by *SIMC* or its affiliates for which it is paid fees as disclosed in the SEI Funds' prospectuses. The prospectus(es) should be read carefully by all clients before investing in the SEI Funds.

The fees payable to the Registrant for participation in the SEI Allocation Program are equivalent to the fee schedule above.

SEI MANAGED ACCOUNT PROGRAM

The SEI Managed Account Program is a wrap fee program which charges a bundled fee that includes advisory, brokerage and custody services. *SIMC* sponsors and is advisor to the SEI Managed Account Program. The SEI Managed Account Program is offered by *SIMC* through Financial Professionals to promote one or more of SEI's investment management strategies to their clients. Under this program, *SIMC* acts as the sole investment advisor to the Client and the Financial Professional receives on-going fees from

SIMC for introducing the Client to the program and providing on-going Client administration support. The program may be implemented through either the “SEI Mutual Fund Implementation” or the “SEI Managed Account Implementation.” Each of these implementations of the SEI Managed Account Program is described in detail following this program summary. The Financial Professionals offering the SEI Managed Account Program are typically SEC or state registered investment advisors, financial planning firms, broker-dealers, banks and other financial institutions with on-going relationships with the Clients. *SIMC* engages the Financial Professionals to (i) provide solicitation, marketing and client administrative services with respect to the SEI Managed Account Program, and (ii) promote the program to the Financial Professional’s representatives in order to introduce the program to the representatives’ clients which may benefit from the investment services available from *SIMC* and its affiliates. Clients may include, but are not limited to, a Financial Professional’s high net worth and other retail investors.

In the SEI Managed Account Program, *SIMC* may recommend that a Client allocate all or a portion of its assets to the SEI Mutual Fund Implementation or SEI Managed Account Implementation (each of which is described below). *SIMC* is responsible for managing assets which the Client has instructed be invested in accordance with the Client’s investment objectives and risk profile, as determined through Client’s completion of SEI’s “Risk Tolerance Questionnaire” and SEI’s proprietary proposal tool and the provision of other required information in the Client’s account application. Based on this information, *SIMC* will recommend strategies for the Client’s account. *SIMC* manages Managed Account Program assets (i.e., “wrap fee accounts”) in the same manner that it manages non-wrap fee separate accounts with the same investment strategy or mandate. Participating in the Managed Account Program may cost the Client more or less than if the Client paid separately for investment advice, brokerage, and other services. In addition, the fees may be higher or lower than that charged by other sponsors of comparable wrap fee programs. *SIMC* develops various Managed Account Program strategies, each of which seeks to achieve particular investment goals. These Managed Account Program strategies are not tailored to accommodate the needs or objectives of specific individuals, but rather the program is designed to enable Clients to be matched with a Managed Account Program strategy that is consistent with the Client’s investment goals and objectives. However, Clients may at any time impose reasonable restrictions on the management of Client’s accounts. *SIMC* receives the fees described in Item 5 of this Brochure for these services. Within this program, the Financial Professional serves as a Client’s limited agent to provide instructions to *SIMC* concerning the Client’s investment account (but does not manage the Client’s assets invested in the program) and acts as the primary contact between *SIMC* and the Client. In this role, the Financial Professional is responsible for providing the Client with all required *SIMC* investment program materials, SEI account opening paperwork (including a Risk Tolerance Questionnaire), assisting the Client in completing such paperwork and submitting that information to *SIMC*. Upon *SIMC*’s request, the Financial Professional must verify to *SIMC* (at least annually) that it has met with and reviewed the Client’s financial and other information and confirmed all such information remains accurate or has promptly provided changes to such information to *SIMC* to assist *SIMC* in fulfilling its Client responsibilities. In assisting SEI in administering the program, the Financial Professional uses tools made available by *SIMC*, including SEI’s proprietary proposal tool, to assist the Client in the Client’s selection of an appropriate investment strategy.

MISCELLANEOUS

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services.

As indicated above, to the extent requested by a client, Registrant may provide financial planning and related consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Registrant **does not** serve as an attorney or accountant, and no portion of its services should be construed as legal or accounting services. Accordingly, Registrant **does not** prepare estate planning documents or tax returns. To the extent requested by a client, Registrant may recommend the services of other professionals for certain non-investment implementation purpose (i.e. attorneys, accountants, insurance agents, etc.), including representatives of Registrant in their separate individual capacities as representatives *Comprehensive Asset Management and Servicing* (“*Comprehensive*”), an SEC registered and FINRA member broker-dealer, and as licensed insurance agents. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from Registrant and/or its representatives. **Please Note:** If the client engages any recommended unaffiliated professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note-Conflict of Interest:** The recommendation by Registrant’s representative that a client purchase a securities or insurance commission product through Registrant’s representative in his/her separate and individual capacity as a registered representative of *Comprehensive* and/or as an insurance agent, presents a **conflict of interest**, as the receipt of commissions may provide an incentive to recommend investment or insurance products based on commissions to be received, rather than on a particular client’s need. No client is under any obligation to purchase any securities or insurance commission products through such a representative. Clients are reminded that they may purchase securities and insurance products recommended by Registrant through other, non-affiliated broker-dealers and/or insurance agencies. **Registrant’s Chief Compliance Officer, Carijn Michel, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Independent Managers. The Registrant may allocate (and/or recommend that the client allocate) a portion of a client’s investment assets among unaffiliated independent investment managers (each, an “*Independent Manager*”) including but not limited to the Bank of New York Mellon Corporation (“*BNY Mellon*”), and/or UBS Financial Services Inc. (“*UBS*”), in accordance with the client’s designated investment objective(s). In such situations, the *Independent Manager(s)* shall have day-to-day responsibility for the active discretionary management of the allocated assets. The Registrant may receive a referral fee from the *Independent Manager(s)* as set forth in Item 10.D below.

Retirement Plan Rollovers – No Obligation / Potential for Conflict of Interest. A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer’s plan, if permitted, (ii) roll over the assets to the new employer’s plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account (“IRA”), or (iv) cash out the account value (which could, depending upon the client’s age, result in adverse tax consequences). If the Registrant recommends that a client roll over their retirement plan assets into an account to be managed by the Registrant, such a recommendation creates a conflict of interest since the Registrant may receive a higher fee as a result of the assets rolling over to the new account. **No client is under any obligation to roll over retirement plan assets to an account managed by**

Registrant. **The Registrant's Chief Compliance Officer, Carijn Michel, remains available to address any questions that a client or prospective client may have regarding the potential for conflict of interest presented by such a rollover recommendation.**

Use of Mutual Funds. While the Registrant may recommend allocating investment assets to mutual funds that are not available directly to the public, the Registrant may also recommend that clients allocate investment assets to publicly-available mutual funds that the client could obtain without engaging Registrant as an investment adviser. However, if a client or prospective client determines to allocate investment assets to publicly-available mutual funds without engaging Registrant as an investment adviser, the client or prospective client would not receive the benefit of Registrant's initial and ongoing investment advisory services.

Portfolio Activity. Registrant has a fiduciary duty to provide services consistent with the client's best interest. As part of its investment advisory services, Registrant will review client portfolios on an ongoing basis to determine if any changes are necessary based upon various factors, including, but not limited to, investment performance, fund manager tenure, style drift, account additions/withdrawals, and/or a change in the client's investment objective. Based upon these factors, there may be extended periods of time when Registrant determines that changes to a client's portfolio are neither necessary nor prudent. Of course, as indicated below, there can be no assurance that investment decisions made by Registrant will be profitable or equal any specific performance level(s)

eMoney Advisor Platform. Registrant may provide its clients with access to an online platform hosted by "eMoney Advisor" ("eMoney"). The eMoney platform allows a client to view their complete asset allocation, including those assets that Registrant does not manage (the "Excluded Assets"). Registrant does not provide investment management, monitoring, or implementation services for the Excluded Assets. Therefore, Registrant shall not be responsible for the investment performance of the Excluded Assets. Rather, the client and/or their advisor(s) that maintain management authority for the Excluded Assets, and not Registrant, shall be exclusively responsible for such investment performance. The client may choose to engage Registrant to manage some or all of the Excluded Assets pursuant to the terms and conditions of an Investment Advisory Agreement between Registrant and the client. The eMoney platform also provides access to other types of information and applications including financial planning concepts and functionality, which should not, in any manner whatsoever, be construed as services, advice, or recommendations provided by Registrant. Finally, Registrant shall not be held responsible for any adverse results a client may experience if the client engages in financial planning or other functions available on the eMoney platform without Registrant's assistance or oversight.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

Cash Positions. At any specific point in time, depending upon perceived or anticipated market conditions/events (there being **no guarantee** that such anticipated market conditions/events will occur), the Registrant may maintain cash positions for defensive

purposes. All cash positions (money markets, etc.) shall be included as part of assets under management for purposes of calculating the Registrant's advisory fee.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2 of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement* or *Financial Planning and Consulting Agreement*.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at any time, impose reasonable restrictions, in writing, on the Registrant's services.
- D. In the event that Registrant is engaged to provide investment management services as part of an unaffiliated wrap-fee program, Registrant will be unable to negotiate commissions and/or transaction costs. Under a wrap program, the wrap program sponsor arranges for the investor participant to receive investment advisory services, the execution of securities brokerage transactions, custody and reporting services for a single specified fee. Participation in a wrap program may cost the participant more or less than purchasing such services separately. In the event that Registrant is engaged to provide investment management services as part of an unaffiliated managed account program, Registrant will likewise be unable to negotiate commissions and/or transaction costs. If the program is offered on a non-wrap basis, the program sponsor will determine the broker-dealer through which transactions must be effected, and the amount of transaction fees and/or commissions to be charged to the participant investor accounts.
- E. As of August 31, 2018, the Registrant had \$115,084,921 in assets under management on a discretionary basis and \$895,203 in asset under management on a non-discretionary basis.

Item 5 Fees and Compensation

A.

INVESTMENT ADVISORY SERVICES

The client can determine to engage the Registrant to provide discretionary investment advisory services on a *fee* basis. The Registrant's annual investment advisory fee is based upon a percentage (%) of the market value of the assets placed under the Registrant's management as follows:

<u>Market Value of Portfolio</u>	<u>% of Assets</u>
\$0.00 - \$999,999	1.00%
\$1,000,000-\$1,999,999	0.90%
\$2,000,000-\$2,999,999	0.80%
\$3,000,000-\$3,999,999	0.70%
\$4,000,000- \$4,999,999	0.60%
\$5,000,000- and more	0.50%

The above scheduled fees are negotiable when warranted based on the client's individual facts and circumstances.

*The fees charged may be higher or lower than the cost of similar services offered through other registered investment advisors. Clients may be able to obtain similar services for a lesser fee from other investment advisors.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent specifically requested by a client, the Registrant *may* determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. Registrant's planning and consulting fees generally range from \$1,000.00 to \$100,000.00 on a fixed fee basis, depending upon the level and scope of the service(s) required.

- B. Clients shall have the Registrant's advisory fees deducted from their custodial account. Both Registrant's *Investment Advisory Agreement* and the custodial/clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients quarterly in advance or arrears, based upon the market value of the assets on the last business day of the previous quarter.
- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, the Registrant shall generally recommend that SEI Investments ("SEI") serve as the broker-dealer/custodian for client investment management assets. Charles Schwab and Co., Inc. ("*Schwab*") and/or Millennium Trust ("*Millennium*") may also serve as the custodian for certain clients' assets. Broker-dealers/custodians such as SEI, Schwab and Millennium may charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant's investment management fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses). Also, to the extent that a client utilizes the SEI Managed Account Program, as discussed above in Item 4, the client shall be required to complete a SEI application. The client then receives a proposal and an information policy statement which disclose the separate and additional bundled fee (inclusive of advisory, brokerage and custody services) charged by SEI and incurred by the client.

Asset Based Pricing Limitations. Registrant may recommend that its clients enter into an asset based pricing agreement with the account custodian. Under an asset based pricing arrangement, the amount paid to the custodian for account commission/transaction fees is based upon a percentage (%) of the market value of the client's account (generally, the greater the market value, the lower the %). This differs from transaction-based pricing, which assesses a separate commission/transaction fee against the client's account for each account transaction. Account investment decisions are driven by security selection and anticipated market conditions and not the amount of transaction fees payable by the client to the account custodian. Registrant does not receive any portion of the asset based transaction fees payable by the client to the account custodian. Registrant continues to believe that its clients may benefit from an asset based pricing arrangement. The client can request at any time to switch from asset based pricing to transactions based pricing, however, there can be no assurance that the volume of transactions will be consistent from

year-to-year given changes in market events and security selection. Thus, given the variances in trading volume, any decision by the client to switch to transaction based pricing could prove to be economically detrimental.

- D. Registrant's annual investment advisory fee shall be prorated and paid quarterly, in advance or arrears, based upon the market value of the assets on the last business day of the previous quarter. The Registrant generally does not require an annual minimum fee or a minimum asset level for investment advisory services. The Registrant, in its sole discretion, may charge a lesser investment management fee and/or waive or reduce its minimum fee or asset requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

The *Investment Advisory Agreement* between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, if the Registrant's fee was paid quarterly in advance, the Registrant shall refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter. Alternatively, if the Registrant's fee was paid quarterly in arrears, the Registrant shall debit the client's account for the value of services rendered as of the time of termination.

- E. **Securities Commission Transactions.** In the event that the client desires, the client can engage certain of Registrant's representatives in their individual capacities, as a registered representative of *Comprehensive*, an SEC registered and FINRA member broker-dealer, to implement investment recommendations on a commission basis. In the event the client chooses to purchase investment products through *Comprehensive*, *Comprehensive* will charge brokerage commissions to effect securities transactions, a portion of which commissions *Comprehensive* shall pay to Registrant's representatives, as applicable. The brokerage commissions charged by *Comprehensive* may be higher or lower than those charged by other broker-dealers. In addition, *Comprehensive*, as well as Registrant's representatives, relative to commission mutual fund purchases, may also receive additional ongoing 12b-1 trailing commission compensation directly from the mutual fund company during the period that the client maintains the mutual fund investment.

1. **Conflict of Interest:** The recommendation that a client purchase a commission product from *Comprehensive* presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from Registrant's representatives. **The Registrant's Chief Compliance Officer, Carijn Michel, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**
2. **Please Note:** Clients may purchase investment products recommended by Registrant through other, non-affiliated broker dealers or agents.
3. The Registrant does not receive more than 50% of its revenue from advisory clients as a result of commissions or other compensation for the sale of investment products the Registrant recommends to its clients.
4. When Registrant's representatives sell an investment product on a commission basis, the Registrant does not charge an advisory fee in addition to the commissions

paid by the client for such product. When providing services on an advisory fee basis, the Registrant's representatives do not also receive commission compensation for such advisory services. **However**, a client may engage the Registrant to provide investment management services on an advisory fee basis and separate from such advisory services purchase an investment product from Registrant's representatives on a separate commission basis.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant's clients shall generally include individuals, business entities, trusts, pension and profit sharing plans, estates and charitable organizations. The Registrant generally does not require an annual minimum fee or a minimum asset level for investment advisory services. The Registrant, in its sole discretion, may charge a lesser investment management fee and/or waive or reduce its minimum fee or asset requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

A. The Registrant may utilize the following methods of security analysis:

- Charting - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices)
- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
- Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)
- Cyclical – (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Trading (securities sold within thirty (30) days)

Please Note: Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases, Short Term Purchases, and Trading - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy. Trading, an investment strategy that requires the purchase and sale of securities within a thirty (30) day investment time period, involves a very short investment time period but will incur higher transaction costs when compared to a short term investment strategy and substantially higher transaction costs than a longer term investment strategy.

- C. Currently, the Registrant primarily allocates client investment assets among various, mutual funds and/or exchange traded funds and/or investment programs and/or *Independent Manager(s)* on a discretionary basis in accordance with the client's designated investment objective(s).

Item 9 Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. As disclosed above in Item 5.E., certain of Registrant's representatives are also representatives of *Comprehensive*, a FINRA member broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. **Broker-Dealer.** As disclosed above in Item 5.E, certain of Registrant's representatives are registered representatives of *Comprehensive*, a FINRA member broker-dealer. Clients can choose to engage certain of Registrant's representatives, in their individual capacities, to effect securities brokerage transactions on a commission basis.

Conflict of Interest: The recommendation by Registrant or its representatives that a client purchase a commission product may provide an incentive to recommend the purchase of securities based on commissions to be received, rather than on a particular client's need.

No client is under any obligation to purchase any commission product from Registrant or its representatives. Clients are reminded that they may purchase securities recommended by Registrant or its representatives through other, non-affiliated broker-dealers. **The Registrant's Chief Compliance Officer, Carijn Michel, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Certified Public Accountant. Registrant does not render accounting advice or tax preparation services to its clients. Rather, to the extent that a client requires accounting advice and/or tax preparation services, Registrant, if requested, may recommend the services of a certified public accountant, all of which services shall be rendered independent of the Registrant pursuant to a separate agreement between the client and the certified public accountant. Registrant's indirect owner, Mazars USA LLP ("*Mazars*") is a certified public accounting firm. Specifically, to the extent that *Mazars* provides accounting and/or tax preparation services to any clients, including clients of the Registrant, all such services shall be performed by *Mazars*, in its individual professional capacity, independent of the Registrant, for which services Registrant shall not receive any portion of the fees charged by *Mazars*, referral or otherwise. Certain members of Registrant are also members of *Mazars*. It is expected that the members of *Mazars*, solely incidental to their respective practices as Certified Public Accountants with *Mazars*, shall recommend the Registrant's services to certain of *Mazars*' clients. Neither *Mazars*, nor any of its members, shall receive referral fees from the Registrant. However, those individual members of the Registrant who are also members of *Mazars* shall be entitled to receive distributions relative to their respective ownership interests in Registrant. *Mazars* is not involved in providing investment advice on behalf of the Registrant, nor does *Mazars* hold itself out as providing advisory services on behalf of the Registrant. No client is under any obligation to engage the services of *Mazars*, or any other person or entity recommended by Registrant or its representatives.

The Registrant's Chief Compliance Officer, Carijn Michel, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

Licensed Insurance Agency/Agents. Registrant's affiliate, Weiser Risk Solutions, is a New York licensed insurance agency, and in such capacity may offer for sale, insurance-related products on a commission basis, including the sale of such products to investment advisory clients of the Registrant.

Registrant's representatives, in their individual capacities are licensed insurance agents with various insurance companies, and may, in such individual capacities, recommend the purchase of certain insurance-related products on a commission basis to Registrant's advisory clients.

As referenced in Item 4 B above, clients can engage Registrant's representatives to purchase insurance products on a commission basis.

Conflict of Interest: The recommendation by Registrant and/or its representatives that a client purchase an insurance commission product presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend insurance products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from Registrant and/or its

representatives. Clients are reminded that they may purchase insurance products recommended by Registrant and/or its representatives through other, non-affiliated insurance agents. **The Registrant's Chief Compliance Officer, Carijn Michel, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

- D. If Registrant refers a client to certain third party managers, including *BNY Mellon* and/or *UBS*, and the client engages those third party managers, Registrant may be compensated for its services by receipt of a referral fee to be paid by *BNY Mellon* and/or *UBS* to the Registrant in accordance with the requirements of Rule 206 (4)-3 of the Investment Advisors Act of 1940, as amended, and any corresponding state securities laws, rules, regulations or requirements. As such, the Registrant shall be acting as a solicitor for either *BNY Mellon* or *UBS*. The referral fee shall be paid solely from the investment management fee paid to either entity, and shall not result in any additional charge to the client. In addition to Registrant's written disclosure statement, the client shall also receive the third party manager's written disclosure statement discussing its fees and services.

Conflict of Interest: The recommendation by Registrant that an individual or entity engage either *BNY Mellon* or *UBS* presents a conflict of interest, as the receipt of a referral fee provides an incentive to recommend either *BNY Mellon* or *UBS* based upon the referral fee received, rather than on a particular client's need. No person or entity is under any obligation to engage any investment advisory firm recommended by Registrant. **The Registrant's Chief Compliance Officer, Carijn Michel, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.**

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if

the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (i.e., personal trades executed prior to those of the Registrant’s clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant’s “Access Persons”. The Registrant’s securities transaction policy requires that an Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person’s current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above in Item 11 C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant’s Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at *SEI*, however certain clients may custody their assets at *Schwab* and/or *Millennium*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client’s assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending *SEI* (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant’s clients shall comply with the Registrant’s duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer’s services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant’s investment management fee. The Registrant’s best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from *SEI* (or another broker-dealer/custodian, investment platform, unaffiliated investment manager, and/or mutual fund sponsor) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *SEI*, *Schwab* or *Millennium* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *SEI*, *Schwab* and *Millennium* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, Carijn Michel, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

2. The Registrant does not receive referrals from broker-dealers.
3. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant. Higher transaction costs adversely impact account performance.

The Registrant's Chief Compliance Officer, Carijn Michel, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or "bunch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's Principals and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.
- B. The Registrant *may* conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Item 14 Client Referrals and Other Compensation

- A. As referenced in Item 12.A.1 above, the Registrant can receive an indirect economic benefit from *Schwab* and/or *SEI*. The Registrant, without cost (and/or at a discount), may receive support services and/or products from *Schwab* and/or *SEI*.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* and/or *SEI* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* and/or *SEI* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, Carijn Michel, remains available to address any questions that a client or prospective client may have regarding the above

arrangement and any corresponding perceived conflict of interest any such arrangement may create.

- B. The Registrant does not compensate, directly or indirectly, any person, other than its Representatives, for client referrals.

Item 15 Custody

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a quarterly basis. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Please Note: To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian.

Please Also Note: The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

The Registrant's Chief Compliance Officer remains available to address any questions that a client or prospective client may have regarding custody-related issues.

Item 16 Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, the client shall be required to execute an *Investment Advisory Agreement*, naming the Registrant as the client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at anytime, impose restrictions, **in writing**, on the Registrant's discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.).

Item 17 Voting Client Securities

- A. Except for client assets managed by *Independent Manager(s)* that maintain proxy voting authority, the Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.

- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 18 Financial Information

- A. The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance.
- B. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. The Registrant has not been the subject of a bankruptcy petition.

ANY QUESTIONS: The Registrant's Chief Compliance Officer, Carijn Michel, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.
