Item 1 (D)	<p><u>SERVICES PROVIDED:</u></p> <p><u>REPORT:</u> We consult with the Client to acquire information concerning the Client's assets, liabilities, present and future foreseeable obligations, present and future income, desired financial goals and tolerance for risk. After reviewing this data, the Advisor will either discuss these matters with the client or send the client a report which summarizes the Client's present financial position, current investment approach and major foreseeable expenses. The report may comment on estate arrangements and proposed changes in the Client's investments and liabilities to better enable the Client to meet his/her goals.</p> <p><u>PERIODIC REVIEW:</u> After providing the above report, the Advisor will review the investment positions at least quarterly, reporting on performance and recommending any changes, where appropriate. Advisor will meet with the Client usually annually for a comprehensive review of the plan, the client's portfolio, and other information.</p> <p><u>PORTFOLIO MANAGEMENT:</u> Advisor employs a value relative to anticipated growth approach. Stocks are screened using Value Line. Then a stock is analyzed for sustainable growth (average return on equity minus dividend payout). Sustainable growth is adjusted for leverage relative to other stocks. This adjusted sustainable growth rate is compared to forecasted growth rate, usually Value Line, and the lower of the two rates is added to dividend yield and is indexed to the average of the Value Line Industrial Composite. This return index is compared to various price indices and such price/earnings ratio, market-to-book indexed to the same ratios for the average of the Value Line Industrial Composite. Relative Return Ratio is compared to relative cost ratios. This composite value index is examined in comparison to the stock's timeliness and safety from Value Line in determining suitability for purchase. Standard & Poors, Vector Vest, and other internet based services are also used to reaffirm valuation. Research and other internet based services are also used. Mutual funds are selected using Morningstar, with asset allocation evaluated using Principia. Additionally EcoTrends is used to help determine the overall world economic conditions.</p> <p><u>ESTATE PLANNING:</u> Advisor will assess Client's current estate planning arrangements, estimate estate taxes and make recommendations as to the best approach to meet the Client's goals. Advisor will meet with the Client and his/her legal and tax advisors to implement the recommendations. This service is normally provided for a flat fee. Insurance products may also be sold as part of the implementation. However, the client is under no obligation to purchase the insurance products suggested.</p> <p><u>RETIREMENT PLAN MANAGEMENT:</u> The advisor may provide recommendations regarding investment alternatives for the plan and may meet with participants either in groups or individually, as desired by the plan sponsor. Participant meeting(s) will address the need to save for retirement, plan design, participant decision options, performance of investment options, and a general discussion of the need for diversification and differing attitudes toward risk, and how the investment options relate to these issues. At the sponsor's option, the Advisor may provide a survey addressing individual risk preferences and goals and use a computerized tool to provide suggested asset allocation.</p>

For most services Tromans Investment Advisors has no client minimum, however fees charged as a percent of assets are higher for smaller accounts. Advisor may charge a lower fee to 501(c) not-for-profit organizations. Fees will not be based upon a share of capital gains or capital appreciation of the funds or any portion of the funds of an Advisory Client. Management fees will be reduced for any commissions received by Tromans Investment Advisors, LLC or its associates, unless otherwise stated in the advisory contract. Fees for portfolio management will be calculated monthly based upon the balance in the account at the end of the previous period, or if the account goes to zero, the amount prior to the last transaction. 	<p>which the fee was calculated, and (iii) the custodian agrees to send the client a statement, at least quarterly, indicating all amounts disbursed from the account including the amount of advisory fees paid directly to Tromans Investment Advisors, LLC. Tromans does not and will not have/take custody of client's funds and securities.</p> <p><u>COMMISSIONS:</u> Unless otherwise stated in the contract, commissions received on assets held within a fee-based account, including 12b-1 fees, will be credited against management fees charged. Commissions may be charged on products not held in the fee based account, such as insurance, annuities or other products held in accounts on which advisory fees are charged.</p> <p><u>MUTUAL FUND CHARGES:</u> Mutual funds often charge fees other than commissions paid to the advisor. Fees paid for advisory services are separate from these fees charged by the mutual fund company or by the investment advisor managing its portfolios. A complete explanation of these expenses charged by mutual funds is contained in each mutual fund's prospectus. Clients are encouraged to read the fund prospectus. Such payments may be distributed pursuant to a 12b-1 distribution plan or pursuant to another arrangement as compensation for distribution or administrative services and may be paid out of the funds assets. If noted in the Investment Advisory Contract, associated persons of Tromans, in their capacity as registered representatives of Royal may receive such fees or other compensation to the extent permitted by applicable law. If not so noted, those fees will be credited against advisory fees charged to the client. A fund that imposes a front-end sales load but which waives that front-end sales load for purchases made on behalf of the client accounts (a "front-end load" fund at net asset value) may bear 12b-1 distribution or service fees in excess of .25% of a client account's net assets invested in such fund (the maximum allowed for no load funds). The 12b-1 fee, deferred sales charge, and other fee arrangements will be disclosed upon request of the client and are typically described in the applicable fund's prospectus. Because of these compensation arrangements, a conflict of interest exists in connection with the recommendation of particular mutual fund investments for a client's account. The investment advisory contract will disclose whether the advisory fee charged to the client includes commissions or is to be net of commissions.</p> <p><u>RELATED COMPANIES:</u> Among the many companies with whom Tromans has entered into contracts for investment products are Royal Alliance Associates, Inc., SunAmerica Life, and Anchor Life, which are subsidiaries of SunAmerica.</p> <p><u>TRANSACTION COSTS:</u> Brokerage commissions are waived in the account, unless specifically noted in the contract. The client may select any broker/dealer to implement Tromans' recommendations. If trades are to be executed by the advisor, the advisor must utilize either Royal Alliance Associates, Inc., ("Royal") or a broker/dealer approved by them in order to perform required oversight of the Advisor's activities. Where Royal is used as broker/dealer, transactions are executed through Pershing Securities, a subsidiary of the Bank of New York and certain transaction fees are charged. Transaction fees may be passed on to the client, or included in the advisory fee, as specified in the contract. Fees and charges will be noted on client statements and confirmations. Except for Vision 2020 Advisor Accounts, transaction fees at Royal are currently \$25 per transaction and \$.05 per share for stocks and \$50 for bonds. Load funds require a \$32.50 fee for purchases, \$8 fee for redemptions and \$5 fee for exchanges. No load funds require a \$32.50 fee for purchases and redemptions and a \$25 fee on both sides of the transaction for exchanges. Some funds</p>

These fees are subject to change by Royal Alliance at any time.</p> <p><u>VISION 2020 ADVISOR PROGRAM FEES:</u> The Program is offered as a Wrap Account which bundles advisory and administrative fees, as well as transaction charges into one asset-based fee. Alternatively, the Transaction Charges can be unbundled from the advisory and administrative fees in the Non-Wrap Account option. Clients opting for either the Wrap or Non-Wrap Account option may be charged a maximum of up to 2.50%. However, Non-Wrap Accounts are also billed separate Transaction Charges. In addition, the Adviser may recommend the Non-Wrap Fee Account to certain Clients and may choose to pay the transaction charges for the Program Account. In those cases, the Adviser may receive transaction charge discounts that would otherwise be unavailable to Clients.</p> <p>In certain instances, the Advisor may utilize the Program tools to manage Variable Annuity products that are maintained outside of a standard Program account. Such Variable Annuities may only be managed as part of an existing Client Group, consisting of one or more Program accounts. The Advisor will use the various Program tools to manage the Variable Annuity Sub-Accounts (Sub-Accounts) in accordance with the client s Risk Tolerance Questionnaire and Investment Policy Statement. However, the Advisor will not direct reallocations of the Sub-Accounts through the Program. In such cases that a reallocation is required, the Advisor will place such reallocation directly through the Variable Annuity Sponsor. In addition, although the Variable Annuities and their respective Sub-Accounts will be represented on various Programs (i.e. Performance Reporting) the Variable Annuities are held at the Variable Annuity Sponsor. Variable Annuities that are managed through the Program will be billed a Program Fee. However, this fee will be debited from a designated Program account within its respective Client Billing Group. At no time will Program Fees be billed directly from the Variable Annuity. All Variable Annuities managed within the Program will be billed using the Non-Wrap Program Fee schedule since Variable Annuity transactions may not be processed through the Program.</p> <p>The complete schedule of Program fees is set forth in the Program Brochure created by Royal Alliance and provided by the Advisor to its clients prior to or concurrent with their engagement in the Program.</p> <p><u>PORTFOLIO MANAGEMENT:</u> Advisor employes a value relative to anticipated growth approach. These obligations require Royal to coordinate with, and have the cooperation of the account custodian. In order to fulfill its obligation, Royal has established a list of custodian and brokerage firms with which it has arranged to obtain the required cooperation, and which therefore may be utilized for custody of accounts directly advised either by representatives of Royal who are investment advisors or other investment advisory entities which are affiliated with registered representatives of Royal. In certain instances, Royal will collect, as paying agent for Tromans, the investment advisory fee remitted to Tromans by the account custodian, and Royal will retain a portion as a charge to Tromans (not the client) for the functions Royal is required to carry out by the FINRA. This fee will not increase execution or brokerage charges to the client or the fee the client has agreed to pay to Tromans pursuant to the Client's advisory agreement. Tromans does not recommend investments however, in which any of its principals have a material interest. Certain mutual funds (and/or their related persons) in which a client may invest make payments to broker dealers. Such payments may be distributed pursuant to a 12b-1-distribution plan or pursuant to another arrangement as compensation for distribution or administrative services and may be paid out of the fund's assets. Associated persons of Tromans in their capacity as registered representatives of Royal may receive such fees or other compensation to the extent permitted by applicable law. A fund that imposes a front-end sales load but which waives that front-end sales load for purchases made on behalf of the client's account (a "front-end load" fund at net asset value) may bear 12b-1 distribution or service fees in excess of .25% of a client account's net assets invested in such fund (the maximum allowed for no-load funds). The 12b-1 fee, deferred sales charge, and other fee arrangements will be disclosed upon request of the client and are typically described in the applicable fund's prospectus. Because of these compensation arrangements, a conflict of interest exists in connection with the recommendation of particular mutual fund investments for a client's account.
