Item of Form (identify)	Answer
Page 2, Item 1.D.	<p>Select Healthcare Capital, LLC (“Select Healthcare”) provides specialized discretionary advisory services to pooled investment vehicles (“Funds”) organized as limited partnerships. Select Healthcare Capital, LLC a Delaware limited liability company, is the Investment Manager of the Pharmaceutical/Medical Technology Fund, L.P. and the Select Healthcare Fund, L.P. Select Healthcare Partners, LLC, a Delaware limited liability company, is the General Partner of both the Pharmaceutical/Medical Technology Fund, L.P. and the Select Healthcare Fund, L.P. The General Partner and the Investment Manager are affiliates, and are controlled by Douglas Murphy-Chutorian and Mallory Factor.</p> <p>Select Healthcare charges a management fee (the “Management Fee”) equal to 1/12 of 1% of the balance of each Limited Partner’s Capital Account measured as of the first Business Day of each calendar month (approximately a 1% annual rate). The Management Fee is payable in advance as of the first Business Day of each calendar month. The General Partner, in its discretion, may waive all or a portion of the Management Fee in respect of investments in the Fund by the General Partner, any members or affiliates of the General Partner, or certain large or strategic investors.</p> <p>Funds managed by Select Healthcare will terminate on the expiration of their specific terms, or on dissolution under the terms of their limited partnership agreements or other governing documents. A Partner invested in the Funds may generally, upon not less than 60 days’ prior written notice to the General Partner, withdraw all or any portion of the balance in its capital account (“Capital Account”) as of December 31 in any calendar year, or at such other date as the General Partner may permit in its sole discretion (each such date a “Withdrawal Date”). The General Partner, in its sole discretion, may charge a Partner withdrawing capital for related reasonable legal, accounting and administrative costs. Any fees paid in advance are not refundable, unless the General Partner receives written notice within 60 days of withdrawal date.</p> <p>With respect to each Limited Partner’s Capital Account, the General Partner will be allocated a profit share (“Profit Share”) at the end of each fiscal year (or the date of retirement of a Limited Partner, if different) in an amount equal to 20% of Net New Income in respect of such Capital Account (subject to the General Partner agreeing to allocate a portion of its Profit Share to Special Limited Partners). “Net New Income” in respect of a Limited Partner’s Capital Account as of a particular date is the amount, if any, by which Cumulative Net Income in respect of such Capital Account determined as of such date exceeds the High Water Mark in respect of such Capital Account. The General Partner may, in its discretion, waive all or a portion of the Profit Share as to any Limited Partner that is affiliated with the General Partner or any of its members, or certain large or strategic investors.</p> <p>For purposes of the foregoing, “Cumulative Net Income” with respect to a Limited Partner’s Capital Account as of a particular date is the amount, if any, by which (1) aggregate Net Profits credited to such Capital Account during the entire life of the Fund to and including such date exceeds (2) aggregate Net Losses charged against such Capital Account during the entire life of the Fund to and including such date (without charging any of the Profit Share against such Capital Account). “High Water Mark” with respect to a Limited Partner’s Capital Account as of a specified date means (1) zero, in the case of the first calculation of a positive Profit Share with respect to such Capital Account pursuant to the foregoing provisions or (2) the highest amount of Cumulative Net Income previously calculated with respect to such Capital Account in accordance with the foregoing</p>

Item of Form (identify)	Answer
	<p>provisions.</p> <p>“Net Profits” or “Net Losses” means the net operating profits or net operating losses of a Fund, as the case may be, for a Fiscal Period determined on the accrual basis of accounting in accordance with generally accepted accounting principals consistently applied. Net Profits and Net Losses include realized and unrealized profits and losses with respect to securities positions. A “Fiscal Period” commences on the first day of each fiscal year, on each date of any capital contribution to a Fund (if made on a day other than the first day of a fiscal year), and on each date next following the date of any withdrawal of capital or retirement from a Fund (and the prior Fiscal Period ends on the date immediately preceding the date of the commencement of a new Fiscal Period).</p> <p>If a Profit Share is allocated to the General Partner with respect to a Limited Partner’s Capital Account and a loss is subsequently charged to such Capital Account, the General Partner is entitled to retain all Profit Shares previously allocated to the General Partner with respect to such Capital Account. No subsequent Profit Share is allocable to the General Partner with respect to such Capital Account until such loss has been made up. If a withdrawal is made from a Capital Account at a time when there is a loss carryforward for such Capital Account (i.e., Cumulative Net Income is below the High Water Mark), then such loss carryforward shall be reduced in proportion to the percentage of such Capital Account withdrawn. Any performance Allocation will be charged in accordance with the provisions of CCR, Section 260.234. Lower fees for comparable services may be available from other sources.</p>
Page 2, Item 2.G.	Pooled investment vehicles or the Funds.
Page 3, Item 3.L.	<p>Select Healthcare will invest generally, but not exclusively, in publicly traded equities. Select Healthcare may also invest in other types of securities and financial products, including (without limitation) equity-related options (puts and calls), equity index options, ETFs, private equity interests, custom-created baskets of equity-related securities, equity-related derivatives, and cash equivalents.</p> <p>Select Healthcare may from time to time invest in restricted, as well as thinly-traded, instruments and securities (including privately placed securities). There may be no trading market for these securities and instruments, and the Fund might only be able to liquidate these positions, if at all, at disadvantageous prices. As a result, the Fund may be required to hold such securities despite adverse price movements. In addition, if the Fund makes a short sale of an illiquid security or instrument, it may have difficulty in covering the short sale, resulting in a potentially unlimited loss on that position. A Fund’s valuation of these positions may prove to be materially inaccurate and to have resulted in inflated Management Fees paid to the Investment Manager.</p> <p><u>New Issues</u> Select Healthcare may from time to time invest in “new issues” (i.e., equity securities which are issued in an initial public offering). The Board of Governors of the National Association of Securities Dealers, Inc. (the “NASD”) has published the Restrictions on the Purchase and Sale of Initial Public Offering rule (the “Rule”), which implements in part the requirement that NASD members (principally broker-dealers and investment bankers) make a bona fide public distribution at the public offering</p>

In order to ensure compliance with the Rule, the Funds will not allocate any new issues profits and losses directly to Restricted Persons inconsistent with the Rule.</p> <p>The General Partner may modify its allocation of new issues to Partners at any time after notifying the affected Partners.</p> <p>The General Partner, in its discretion, may decide whether a Limited Partner is a Restricted Person. If a Fund determines that an unrestricted holder or transferee is or has become a Restricted Person, the Fund will provide such Partner with a notice of its determination and permit such Limited Partner a ten day period to respond to the Fund and remedy such determination. In the absence of a response from the investor that remedies the determination, the General Partner may by further notice change the Limited Partner's status from unrestricted to Restricted Person.</p>

Page 6, Item 12.A., 12.B. & 13.A	<p>investment is \$100,000, subject to the discretion of the General Partner to accept lesser amounts. The Investor agrees to, and understands, the terms and conditions upon which the Interests are being offered, including, without limitation, the risk factors referred to in the Memorandum. Prior to the relevant Subscription Date, the Investor's Subscription Amount (the "Tendered Funds") will be held in a subscription account, subject to the terms and conditions listed in the subscription documents.</p> <p>Generally, Select Healthcare's clients have granted Select Healthcare complete discretion over the selection and amount of securities to be bought or sold for clients (within the parameters established by any agreements between the parties, e.g., the limited partnership agreement for the investment limited partnership); Select Healthcare is not generally required to obtain the consent or approval of any client in connection with any investment transaction or decision.</p> <p>In most cases, Select Healthcare also has complete discretion over the selection of brokers and dealers ("broker-dealers") to execute securities transactions for its clients and the negotiation of compensation arrangements with such broker-dealers. In addition to using broker-dealers as agents and paying commissions, Select Healthcare may cause clients to buy or sell securities directly from or to broker-dealers acting as principal (such as marketmakers for over-the-counter securities) at prices that include markups or markdowns, and may buy securities from underwriters or broker-dealers in public offerings at prices that include compensation to the underwriters or broker-dealers. The following discussion summarizes the material aspects of Select Healthcare's practices in selecting broker-dealers to execute client transactions.</p> <p><u>Selection Criteria</u></p> <p>Although it is not required to consider any specific criteria, Select Healthcare generally seeks "best execution" of securities transactions in light of the circumstances existing at the time individual transactions are executed. In evaluating a broker-dealer's ability to provide best execution, Select Healthcare considers a range of factors, including historical net prices (after markups, markdowns or other transaction-related compensation) on other transactions; the execution, clearance and settlement and error correction capabilities of the broker-dealer generally and in connection with securities of the type and in the amounts to be bought or sold; the broker-dealer's willingness to commit capital; the broker-dealer's reliability and financial stability; the size of the transaction; the availability of securities to borrow for short sales; the nature, quantity and quality of research provided by the broker-dealer; and the market for the security. Select Healthcare is not obligated to obtain the lowest commission or best net price for an account on any particular transaction.</p> <p>Brokerage Commissions/Soft Dollars. The General Partner and the Investment Manager are specifically authorized in the Partnership Agreement to direct brokerage to firms which furnish or pay for quotation and/or office equipment, recordkeeping, research, research-related services, and other services (including without limitation rent and overhead) outside of the "safe harbor" provided by Section 28(e) of the Exchange Act, provided that the General Partner believes that such "soft dollar" arrangements are consistent with standards of fiduciary duty applicable to the General Partner.</p> <p>In negotiating commission rates the General Partner and the Investment Manager take into account the financial stability and reputation of the broker, the quality of the investment research, investment strategies, special execution capabilities, clearance, settlement, custody, recordkeeping</p>

	<p>and other services provided by such broker (as described more fully below), even though the Funds may or may not in any particular instance be the direct or indirect beneficiary of the research or other services provided.</p> <p>In selecting brokers or dealers to execute transactions for the Funds and other clients the General Partner and the Investment Manager need not solicit competitive bids and do not have an obligation to seek the lowest available commission cost. It may not be the General Partner's or the Investment Manager's practice to negotiate "execution only" commission rates; thus the Funds may be deemed to be paying for other services provided by the broker which are included in the commission rate ("soft dollars"). These other services may include in addition to research, services such as special execution capabilities, clearance, settlement, net price, online pricing, block trading and block positioning capabilities, willingness to execute related or unrelated difficult transactions in the future, order of call, on-line access to computerized data regarding clients' accounts, performance measurement data, consultations, economic and market information, portfolio strategy advice, industry and company comments, technical data, recommendations, general reports, supplies, financial strength and stability, efficiency of execution and error resolution, quotation services, the availability of stocks to borrow for short trades, referral of prospective investors in the Funds, custody, travel, administrative, recordkeeping and similar services, and payment of all or a portion of the Funds', the General Partner's or the Investment Manager's costs and expenses of operation, such as office rent, office expansion and maintenance costs (including, but not limited to, architect fees, construction costs and related infrastructure), employees' salaries, finders' or referral fees, newswire and data processing charges, quotation services, periodical subscription fees, office equipment, telephone charges, accounting fees, legal fees and the like and other reasonable expenses necessary to perform the operation of the Funds as determined by the General Partner or the Investment Manager.</p> <p>The General Partner and the Investment Manager derive substantial direct or indirect benefit from these services, particularly to the extent the General Partner or the Investment Manager uses soft dollars to pay for expenses which the General Partner or the Investment Manager would otherwise be required to pay. The investment information and soft dollar benefits received from brokers may be used by the General Partner and the Investment Manager in servicing other accounts, and not all such information and soft dollar benefits may be used by the General Partner or the Investment Manager in connection with the Funds. The General Partner and the Investment Manager are not required to allocate soft dollar benefits pro rata or on any other equitable basis among their accounts. The Funds are not required to allocate either a stated dollar or stated percentage of its brokerage business to any broker for any minimum time period, and will review such relationships from time to time.</p> <p>Under CCR section 260.238 (k) all material conflicts of interest are disclosed regarding the Investment advisor, its representatives or any of its employees, which could be reasonably expected to impair the rendering of unbiased and objective advice.</p>

Code of Ethics Notice	<p>Its authority to vote the proxies of its clients is established in its advisory contracts or comparable documents, and its proxy voting guidelines have been tailored to reflect these specific contractual obligations. Clients may request information concerning how Select Healthcare voted proxies on their behalf.</p> <p>The Employee Retirement Income Security Act (ERISA) requires fiduciaries to act “solely in the interest of the participants and beneficiaries of the plan” and “for the exclusive purpose of providing benefits to and defraying reasonable expenses of administering the plan.” While ERISA is silent on proxy voting, the Labor Department has held that the right to vote shares of stock owned by a pension plan is an asset of the plan. Therefore, the fiduciary’s responsibility to manage the assets includes proxy voting.</p> <p>Select Healthcare holds its employees to a high standard of integrity and business practices. In serving its clients, Select Healthcare strives to avoid conflicts of interest or the appearance of conflicts of interest in connection with the personal trading activities of its employees and client securities transactions. Select Healthcare has a Code of Ethics to help govern personal trading activities. When persons covered by the Code of Ethics engage in personal securities transactions, they must adhere to the following general principles as well as to the Code’s specific provisions: (a) at all times the interests of clients must be paramount; (b) personal transactions must be conducted consistent with this Code in manner that avoids any actual or potential conflict of interest; and (c) no inappropriate advantage should be taken of any position of trust and responsibility.</p> <p>Employees covered by this Code have certain reporting obligations of their personal securities transactions. In addition, any employee who becomes aware of any potential violation of this Code is obligated to report the potential violation to the Compliance Officer or management. Clients may request a copy of the Code of Ethics by contacting Select Healthcare.</p>
