Red Star Asset Management L.P., a Bermuda limited partnership is registered as an investment advisor with the U.S. Securities and Exchange Commission since 2005. It is owned by the management and employees: James R. Fenkner, CFA, CIO; Tatiana Tikhonova COO.

Red Star Asset Management LP (the "Investment Manager") has been appointed by Red Star Funds, SPC (the "Fund") as investment manager for the Fund. The Fund is the Investment Manager's first client.

The Fund may engage in a variety of differing investment strategies. Each Segregated Portfolio will represent a distinct strategy. Investors may invest in different Segregated Portfolios as well as switching between Segregated Portfolios, subject to any restrictions attached to a particular Segregated Portfolio and payment of the applicable Conversion Fee.

None of the Fund, the Directors, the Investment Manager or the Advisor will provide advice or pass judgment as to the suitability of a Segregated Portfolio for an investor. Each prospective investor should consult its own advisors as to legal, investment, tax and other related matters concerning an investment in a Segregated Portfolio.

As of December 31, 2010 the Fund has USD 3 500 000 under its management.

2. Fees and Compensation.

For its services, the Investment Manager is entitled to a Management Fee and Performance Fee. 2% of Management fees per year paid quarterly and 20% Performance fees with high-water mark.

Management Fee

The Investment Manager is entitled to a Management Fee in respect of the Class C Shares of the Segregated Portfolio at the rate of 2% per annum of the Net Asset Value of such Shares.

Management Fees generally are calculated and payable to the Investment Manager at the end of each month and as of any redemption date of Class C Shares occurring prior to the end of any month. The Management Fee payable with respect to any Class C Shares redeemed prior to the end of a month is determined solely by reference to such Shares and will be payable to the Investment Manager on the redemption date.

The Management Fees with respect to holders of Class C Shares in the Segregated Portfolio may be fully or partially rebated by the Investment Manager in its sole and absolute discretion. The Class A and Class B Shares do not bear

Management Fees.

Performance Fee

The Investment Manager is also entitled to receive a quarterly performance fee equal to 20% of any increase in the Net Asset Value per Share. Any Performance Fee charged by the Segregated Portfolio is subject to a high water mark, save in the circumstances where a subscriber makes a Deficit Subscription (as defined below) in which case a Performance Fee may be payable by such subscriber on gains below the high water mark.

The Performance Fee will be payable in respect of each calendar quarter, save that the first Performance Fee period begun on the Commencement Date and ended on 30 June 2005.

The method of calculating the Performance Fee is designed to ensure that (a) any Performance Fee paid to the Investment Manager is charged only to those Shares which have appreciated in value; (b) all Shareholders have the same amount of capital per Share at risk in the Segregated Portfolio; and (c) all Shareholders have the same Net Asset Value per Share.

The Performance Fee is accrued monthly and taken into account in the calculation of the Net Asset Value per Share of the relevant Class of a Segregated Portfolio on each Dealing Day. In the event that a Shareholder redeems Shares prior to the end of a calendar quarter, any Performance Fee owing in respect of the positive performance of such Shares becomes payable and will be deducted from the redemption proceeds and paid to the Investment Manager (subject to any deferred compensation plan described below). The Performance Fee in respect of each calendar quarter is calculated by reference to the Net Asset Value per Share before the deduction of any accrued Performance Fees.

FORM ADV**Part 2**Firm: **Red Star Asset Management, L.P.**

801- 66035Date: **March 18, 2011**

The Investment Manager uses fundamental and relative analysis to seek out price discrepancies in Eastern and Central Europe, Russia and the Former Soviet Union (FSU) markets (the Region). The Investment Manager has no preconceived bias toward either growth or value investments.

The implementing investment strategy is to be long securities which we believe are fundamentally undervalued and short securities which we believe are fundamentally overvalued.

During times of market weakness, the Investment Manager has historically found more compelling long candidates than short candidates. As a result, the Fund's net long exposure has been relatively high. In contrast, following a market rally or when valuation drivers and/or company valuations deteriorate, more short candidates (than long candidates) are available.

Our investment principle is based on the belief that fundamental analysis and a disciplined approach will over the medium-term generate the highest risk-adjusted returns.

Red Star's trading philosophy is that, for investors, less trading tends to generate more value. Due to bid/offer spreads, we recognize that active trading enriches counter parties, not investors.

Red Star primarily uses internal order levels to execute trades and reviews these orders on a regular basis.

We calculate risk on the basis of overall portfolio volatility. Given our long/short strategy, we would expect our volatility to remain significantly lower than that of the indexes in the Region.

Individual securities risk is controlled by limiting the size of any one investment to less than 20% of total assets. On an exposure basis, risk is analyzed using long, short, net and gross position weightings. Portfolio risk is controlled primarily through diversification across sectors and countries

The foregoing does not purport to be a complete list of all potential conflicts of interest involved in an investment in the funds. The directors/managing general partner (as appropriate) of each fund will seek to ensure that any conflict of interest of which each is aware is resolved fairly.

The applicant has adopted a Code of Ethics, predicated on the principle that the applicant owes a fiduciary duty to its clients.
