A. Advisory Services Offered

At Aevitas, we believe that trust and understanding is the cornerstone of a successful, long-term Advisor/Client relationship. Working with Clients, our goal is to tailor investment strategies and financial plans to help you achieve your goals. Aevitas offers the following advisory services, with each service more fully described below:

- Investment Management Services
- Financial Planning Services
- Educational Seminars/Workshops

Investment Management Services

When Aevitas completes its analysis of your situation, Aevitas will determine an asset allocation customized to your financial goals, objectives and risk tolerance. We customize your portfolio allocation taking into consideration your limitations or restrictions, the market and economy at the time and your financial situation, goals and objectives.

Internal Investment Management - We will schedule a meeting with you and present the recommended portfolio allocation. We will discuss the allocation strategy in detail and if necessary, the recommended portfolio will be adjusted to meet your comfort level as to risk and reward. Once

you are comfortable with the allocation and upon your approval, we will implement the initial portfolio allocation. After we implement the initial portfolio allocation, with your written approval as indicated in the advisory agreement, we will provide continuous and ongoing management of your account[s] using our own discretion to determine any changes to the investments in the account[s]. Unless otherwise expressly requested by you, Aevitas will manage the account[s] and will make changes to the allocation[s] as deemed appropriate by the Advisor and your Advisory Representative. If your financial situation or investment goals or objectives change, you must notify Aevitas promptly of the changes.

Aevitas will determine the securities to be purchased and sold in the account[s] and will alter the securities holdings from time to time, without prior consultation with you. Under this authority, Advisory Representatives are allowed to buy, sell or exchange securities and instruments in your account[s], arrange for delivery and payment in connection with the foregoing, select and retain asset managers and act on your behalf in most matters necessary or incidental to the handling of your account[s], including management of the assets. However, Aevitas is not authorized to receive and vote proxies or receive annual reports. You will execute instructions authorizing Aevitas to have this trading authority for your account[s] as required by the Custodian. Depending on your specific goals and objectives, we will generally hold positions in your account[s] for long-term periods. However, there are situations that may warrant shorter holding periods of less than one year and in unique circumstances of thirty (30) days or less.

If you specifically request to have your account[s] managed on a non-discretionary basis, no changes will be made to the allocation of your account[s] without prior consultation with you and your expressed agreement for each transaction. After making the initial asset allocation recommendation, we will monitor your account[s] on an ongoing basis and make investment recommendations.

Our Advisory Representatives primarily use individual securities, open-ended mutual funds including no-load and load waived or mutual funds purchased at net asset value (NAV) and exchange-traded funds (“ETFs”). However, managed accounts are not exclusively limited to those products and may include certificates of deposits, government securities, covered options, money markets, annuities, direct participation programs and REITs. For certain Clients, the Advisor may recommend investment in Class F-2 shares offered through American Funds Services (“AFS”), a low cost mutual fund option, which do not include 12(b)-1 fees. The Advisor may also use other types of investments, as appropriate, to help achieve a Client’s particular goals.

Transactions in the account[s], account reallocations and rebalancing may trigger taxable event[s], with the exception of IRA accounts, 403(b) accounts and other qualified retirement accounts.

Aevitas does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account[s], other than the investment management fees noted in Item 5 – Fees and Compensations below.

At no time will Aevitas accept or maintain custody of a Client’s funds or securities. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement. Please see Item 12 – Brokerage Practices and Item 15 – Custody.

Automated Managed Platform - For certain accounts, Aevitas may recommend that all or a portion of a Client's investment portfolio be established in an automated managed program through Strategic Advisers, Inc. ("Strategic Advisers"), a registered investment adviser and a wholly owned subsidiary of FMR LLC (collectively with Strategic Advisers and its affiliates, "Fidelity Investments" or "Fidelity") and Geode Capital Management, LLC ("Geode") (herein "AMP"), the appointed sub-advisor, a registered investment advisor not affiliated with Fidelity. AMP is an online investment management platform serving registered investment advisors and other financial services firms. Through advanced technology and low-cost mutual fund and ETF portfolios, a portfolio[s] will be constructed to achieve the investment goals of the Client. Client portfolios are customized based on the Client's investment goals, financial situation, tolerance for risk and other factors. AMP automatically rebalances the Client's investment portfolio as part of its discretionary management. The Advisor will work closely with the Client to develop the initial investment strategy and provide ongoing investment oversight of AMP.

To establish an AMP relationship through Fidelity, the Client will be required to enter into an additional agreement with Fidelity and the Advisor that defines the terms of the arrangement and fees to all parties. The Advisor will provide the necessary disclosures to utilize AMP. The Advisor's investment advisory fee is added to the Fidelity platform fee, which also includes securities transaction fees. The Advisor does not share in any fees charged by Fidelity. The Advisor shall only earn its fees as described in Item 5 below. For additional information regarding the brokerage practices for Fidelity accounts, please see Item 12.

AMP automatically rebalances securities in the Client's investment portfolio. Geode assumes the investment discretion via the agreement to trade the Client's portfolio consistent with the investment parameters provided by the Advisor. The Advisor will work closely with the Client to develop the initial investment strategy and obtain approval to implement through AMP.

Further, you must continue to review the Plan and update the Plan based upon changes in your financial situation, goals, or objectives or changes in the economy. You are advised that the advice offered by Aevitas may be limited and is not meant to be comprehensive. ITEM 5 - FEES AND COMPENSATION

A. Fees for Advisory Services

Investment Management Services

Internal Investment Management - Our investment management fees are payable quarterly, at the end of each calendar quarter, pursuant to the asset management agreement. Investment management fees are based on the aggregate market value of assets under management within the established household at the end of the quarter.

The fees are generally in accordance with the following fee schedule:

Aggregate Account Size	Maximum Annual Fee
Up to \$999,999	1.00%
\$1,000,000 and Over	Negotiable

Investment management fees are negotiable at the sole discretion of Aevitas. Fees are not based on a share of capital gains or capital appreciation of the funds or any portion of the funds in your account[s].

We sometimes make exceptions to our general fee schedule under certain circumstances (e.g., responsibilities involved; accounts or groups of accounts which are expected to have significant capital additions in the future; anticipated future earning capacity; related accounts; account composition; pre-existing Client relationship; account retention; pro bono activities, etc.). In such cases, lower or higher fees or different payment arrangements can be negotiated with each Client separately and will be described in the Client's advisory agreement. Aevitas may change the above fee schedule upon 30-days prior written notice to you.

For assets invested in AFS Fund Class F-2 shares, Clients will be charged a flat fee of up to 0.50% of the daily average balance of assets under management at the end of the quarter pursuant to the investment advisory agreement. The fees shall be paid within thirty (30) days following the end of the quarter for which such fees are payable.

You may make additions to the account[s] or withdrawals from the account[s], provided each account continues to meet minimum account size requirements. Additional deposits into the account[s] during a quarter for amounts equal to the lesser of ten (10) percent of account assets or \$50,000 or more will be charged a prorated fee based on the number of days remaining in the quarter. Assets withdrawn from an account during a quarter for amounts equal to the lesser of ten (10) percent of account assets or \$50,000 or more will be charged a prorated fee based on the number of days in the quarter up to the withdrawal date. No fee adjustments will be made for account appreciation or depreciation.

Automated Managed Platform - Client accounts implemented through AMP will be payable at the end of each calendar quarter and based on the market value of assets placed through AMP at the end of each quarter. Fees for the Investment Management Platform are at a rate of up to 0.50% plus the AMP fee of 0.25%. The Client authorizes this fee deduction through the investment platform agreement signed by the Client, the Advisor and AMP.

Financial Planning Services

Fees for planning services are strictly for planning services. Therefore, you may pay fees and/or commissions for additional services obtained such as asset management or products purchased such as insurance.

We offer planning services on an hourly and/or fixed fee basis. Planning fees are based on an hourly rate agreed upon prior to initiating services. Our hourly rate ranges up to \$300 per hour and fixed fees generally range from \$1,500 to \$5,000, based on the expected effort to complete the engagement. Planning fees are negotiable at the sole discretion of Aevitas. Your fees will be dependent on several factors including time spent with Aevitas, number of meetings, complexity of your situation, amount of research, services requested and/or staff resources.

Retirement Plan Advisory Services

Fees may be charged based on a fixed dollar amount or a percentage of assets under management fee per year, payable quarterly, at the end of each calendar quarter, or annually.

Educational Workshops

We may impose a fee for educational workshops. Generally, the employer, civic or non-profit group sponsoring the workshop will pay any fees charged by us. In the event there is a charge to workshop attendees, the fee will be published in the workshop announcement or invitation.

B. Fee Billing

Investment Management Services

Investment management fees will be charged to, and deducted from the Client account[s] at the Custodian pursuant to the terms of the advisory agreement. Fidelity will provide you with a statement, at least quarterly, that lists the total fees deducted from the account[s] as well as all

transactions that were conducted in the account[s] that quarter. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. If a Client's account is established or closed during the middle of a quarter, you will pay a pro-rated portion of the investment management fee based upon the number of days the account was under Aevitas' management. For assets invested in the AFS Fund Class F-2 shares, AFS shall deduct fees from Client accounts.

Financial Planning Services

Financial planning fees are invoiced and due upon completion of the planning engagement.

Retirement Plan Advisory Services Fees

Aevitas is compensated for its services at the end of the quarter or year, after advisory services are rendered. Fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

In addition to the investment management fees above, you will pay transaction fees for securities transactions executed in your account[s] in accordance with the Custodian's transaction fee schedule. You may also pay fees for custody services, account maintenance fees, and other fees associated with maintaining the account[s]. These fees are not charged by Aevitas and are charged directly by the product sponsor, broker/dealer or the Custodian. Aevitas does not share in any portion of these fees.

In addition, all fees paid to Aevitas for investment management services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Aevitas to fully understand the total fees to be paid. Please note, there are no 12b-1 fees attributed to investments in AFS Fund Class F-2 shares.

D. Advance Payment of Fees and Termination

Investment Management Services

Internal Investment Management - Aevitas is compensated for its services at the end of the quarter after investment management services are rendered. The Fee will be based on the value of the account[s] on the last business day of each calendar quarter. If a Client's account does not contain sufficient funds to pay the investment management fee, we have the limited authority to sell or redeem securities in sufficient amounts to pay the fee. Except for ERISA and IRA accounts, you may reimburse your account[s] for investment management fees paid to Aevitas.

You may terminate investment management services obtained from Aevitas, without penalty, upon verbal or written notice within five (5) business days after entering into the advisory agreement with Aevitas. You will, however, be responsible for any fees and charges incurred from third parties as a result of maintaining your account[s], such as transaction fees for any securities transactions executed and account maintenance or custodial fees. Thereafter, you may terminate investment

management services with prior verbal or written notice to Aevitas. If you terminate investment management services during a quarter, you will be charged a pro-rata portion of the fee for the quarter up to and including the effective date of termination. Your agreement with Aevitas is non-transferable without your prior consent.

Automated Managed Platform - Fees are collected quarterly, after services are provided. The Client may terminate the account[s] with Fidelity, at any time, by providing advance written notice to the Advisor and Fidelity. The Advisor will assist the Client with this process upon request. The Client shall be responsible for platform and advisory fees up to and including the effective date of termination. The Client may be subject to other terms as provided through the tri-party agreement with Fidelity.

Financial Planning Services

You may terminate financial planning services within five (5) business days after entering into the financial planning agreement without penalty. After five (5) business days of entering into the financial planning agreement, you may terminate the agreement, but will be responsible for the cost of services performed to date at either the Advisor's agreed-upon hourly rate or the percentage completion of the engagement. Your agreement with Aevitas is non-transferable without your prior consent.

Retirement Plan Advisory Services Fees

Either party may request to terminate their services with Aevitas, at any time, in whole or in part, by providing advance written notice to the other party. The Client shall be responsible for retirement plan advisory fees up to and including the effective date of termination. Your agreement with Aevitas is non-transferable without your prior consent.

Compensation for Sales of Securities

Aevitas does not buy or sell securities for commissions and does not receive any compensation for securities transactions in any Client account[s], other than the investment management fees noted herein.

ITEM 6 - PERFORMANCE-BASED FEES AND SIDE BY SIDE MANAGEMENT

Aevitas does not charge performance-based fees for its investment management services. The fees charged by Aevitas are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client. Aevitas does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

ITEM 7 - TYPES OF CLIENTS

The advisory services offered by Aevitas are geared toward individuals and their families including high net worth (i.e., clients with a net worth of \$1,500,000) individuals, pension and profit sharing plans, charitable organizations and other corporate entities. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor.

The Advisor generally does not impose a minimum account size. However, Fidelity does have a minimum account size of \$5,000 to create an account on the AMP platform.

Clients should be aware that performance may suffer due to difficulties with diversifying smaller accounts and due to risk controls potentially being compromised. Performance of smaller accounts may vary from the performance of accounts with more dollars invested since fluctuations in the market may affect smaller accounts more.

ITEM 8 - METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

A. Methods of Analysis

Aevitas conducts economic analysis and attempts to analyze and determine the trends. Additionally, Aevitas conducts fundamental analysis. Fundamental analysis generally involves assessing a company's or security's value based on factors such as sales, assets, markets, management, products and services, earnings, and financial structure. Other security analysis methods may include charting, technical and cyclical analysis. Investment strategies vary based on each Client's goals, risk tolerance, etc. However, we use third party analysis of securities from various sources including Morningstar, S&P 500, Thomson Reuters and others.

B. Risk of Loss

You need to understand that investing in securities involves risk of loss, including the potential loss of the principal money you are investing. Therefore, your participation in any of the management programs offered by Aevitas requires you to be prepared to bear the risk of loss as well as the fluctuating performance of your account[s]. Market values of investments will always fluctuate based on market conditions. We attempt to minimize the effects of market fluctuation by providing regular rebalancing to your portfolio. Clients should also consider the following risks:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of an ETF is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of a mutual fund is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up

the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

We do not represent, warrant or imply that the services or methods of analysis we use can or will predict future results, successfully identify market tops or bottoms or insulate you from losses due to major market corrections or crashes. Past performance is no indication of future performance. No guarantees can be offered that your goals or objectives will be achieved. Further, no promises or assumptions can be made that the advisory services offered by Aevitas or our Advisory Representatives will provide a better return than other investment strategies.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

ITEM 9 - DISCIPLINARY INFORMATION

There are no legal, regulatory or disciplinary events involving Aevitas or any of its Supervised Persons. Aevitas and its Supervised Persons value the trust you place in us. C. Personal Trading in the Same Securities as Clients

Aevitas and its Supervised Persons may buy or sell securities identical to those securities recommended to you. Therefore, Aevitas and/or its Supervised Persons may have an interest or position in certain securities that are also recommended and bought or sold to you. They will not put their interests before your interests at any time. Neither Aevitas nor any Supervised Person may trade ahead of you or trade in such a way to obtain a better price for themselves than for you or other clients.

D. Personal Trading at the Same Time as Clients

Aevitas is required to maintain a list of all securities holdings for its Supervised Persons and develop procedures to supervise the trading activities of its Supervised Persons and their immediate family who have knowledge of your transactions. Further, Supervised Persons are prohibited from trading on non-public information or sharing such information.

You have the right to decline any investment recommendation. Aevitas and its Supervised Persons are required to conduct their securities and investment advisory business in accordance with all applicable Federal and State securities regulations.

ITEM 12 - BROKERAGE PRACTICES

A. Recommendation of Custodians

Aevitas does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Aevitas to direct trades to the Custodian as agreed in the Advisory Agreement. Further, Aevitas does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Aevitas does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a Custodian not recommended by Aevitas. Aevitas may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation, and/or location of the Custodian's offices. Aevitas does not receive research services, other products, or compensation as a result of recommending a particular broker-dealer/custodian that may result in the Client paying higher commissions than those obtainable through others. Aevitas typically recommends that Clients utilize the custody, brokerage and clearing services of Fidelity Clearing & Custody Solution and related entities of Fidelity Investments, Inc. (collectively "Fidelity"), where Aevitas maintains an institutional advisor relationship. Please see Item 14 – Referrals and Other Compensation.

In addition, the Advisor may recommend that a Client establish their account[s] directly with one or more mutual fund companies. For Client accounts established to invest in AFS Fund Class F-2 shares, American Funds Services will act as the transfer agent for the fund.

In initially selecting Fidelity, Aevitas conducted due diligence. Our evaluation and criteria included ability to service you, staying power as a company, industry reputation, ability to report to you and to us, trading platform, products and services available, technology resources, and educational resources. Periodically, we will review alternative broker/dealers and custodians in the marketplace to ensure Fidelity are meeting our duty to provide best execution for your accounts. The review will include a comparison of both firms, which involves evaluating criteria such as overall expertise, cost competitiveness and financial condition. The quality of execution by Fidelity will be reviewed through trade journal evaluations. However, best execution does not simply mean the lowest transaction cost. Therefore, no single criteria will validate nor invalidate a Custodian, but rather, all criteria taken together will be used in evaluating the currently utilized Custodian.

Additionally, product sponsors such as variable and investment companies and limited partnerships, which are recommended to you, may provide support to Aevitas and our Advisory Representatives. Such support includes research, educational information, and monetary support for due diligence trips and Client events.

We may partner with other financial planning firms, discount brokers, mutual funds companies and other financial institutions to sponsor educational workshops. Seminars do not involve the sale of any investment products and are purely educational. Any cash benefits received from a sponsorship partners would be strictly to help offset the expenses associated with bringing the financial education seminars to the public. Such expenses include ads in local newspapers, conference room rentals, seminar material, etc. All sponsors share in expenses.

There is an incentive for Aevitas and your Advisory Representative to recommend Fidelity over other broker-dealers based on the products and services that we will receive rather than your best interest.

As noted above, we have an arrangement with Fidelity for our Investment Management Services. The Fidelity institutional platform services include, among others, brokerage, custody, and other related services. Fidelity's institutional platform provides services that assist us in managing and administering Client accounts, including software and other technology that: (i) provide access to Client account data (such as trade confirmations and account statements); (ii) facilitate trade execution and allocate aggregated trade orders for multiple Client accounts; (iii) provide research, pricing and other market data; (iv) facilitate payment of fees from Client accounts; and (v) assist with back-office functions, recordkeeping and Client reporting.

Fidelity also offers other services intended to help Aevitas manage and further develop its advisory practice. Such services include, but are not limited to, performance reporting, financial planning, contact management systems, third party research, publications, access to educational conferences, roundtables and webinars, practice management resources, access to consultants and other third party service providers who provide a wide array of business related services and technology with whom we may contract directly.

Fidelity generally does not charge separately for custody services and is compensated by account holders through commissions and other transaction-related or asset-based fees for securities trades

that are executed through Fidelity or that settle into Fidelity accounts (i.e., transactions fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). Fidelity provides access to many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges.

A. Aggregating and Allocating Trades

Due to the individual management of Client accounts, typically Aevitas does not aggregate the purchase or sale of securities for various Client accounts. When deemed appropriate, Aevitas may aggregate orders of one security for several accounts at once. This results in an average price/share for all accounts included in the trade. Aggregated orders will not reduce the transaction costs to participating Clients. We shall aggregate transactions in a manner designed to ensure that no participating Client is favored over another Client. If the aggregate order is not filled in its entirety and when possible, securities purchased or sold in an aggregated transaction will be allocated pro-rata to the participating Client accounts in proportion to the size of the orders placed for each account.

B. Other Trading Practices

Under limited circumstances, Aevitas may engage in securities cross-trades, whereby a Client account that is selling a particular security may be advantageous to the account[s] of one or more other Clients. In such instances, Aevitas will only engage in a cross-trade that is in the best interests of each Client and will never engage in any transaction that favors one Client over another. Aevitas does not serve in the capacity as broker or agent in such transactions and does not receive any commission or compensation (aside from its investment management fees). The price for a cross-trade is determined solely by the Custodian and not Aevitas.

ITEM 13 - REVIEW OF ACCOUNTS

A. Frequency of Reviews

Investments in Client accounts will be reviewed on an on-going basis. Advisory Representatives of the Advisor will attempt to conduct reviews with you quarterly or as agreed between and your Advisory Representative. You may request more frequent reviews and may set thresholds for triggering events that would cause a review to take place. You are advised that you must notify your Advisory Representative promptly of any changes to your financial goals, objectives or financial situation as such changes may require him or her to review the portfolio allocation and make recommendations for changes.

B. Causes for Reviews

Your Advisory Representative will monitor for changes or shifts in the economy, changes to the management and structure of a mutual fund or company in which your assets are invested, and market shifts and corrections.

C. Review Reports

You will be provided statements at least quarterly direct from the Custodian. Additionally, you will receive confirmations of all transactions occurring direct from the Custodian. Further, depending on the services you request, your Advisory Representative may provide account holding and/or performance reports reflecting the holdings in your account and the value of the securities. Such reports will be provided at a frequency you requested. You should compare the report with

statements received direct from the Custodian. Should there be any discrepancy the Custodian's report will prevail.

If you have engaged us for financial planning services only, you will not receive regular reviews. Aevitas recommends you have at least an annual review and update to any Plan. However, the time and frequency of the reviews is solely your decision. Additionally, you will be charged review fees based on the fee schedule disclosed under the program. Other than the initial plan or analysis, there will be no other reports issued.

ITEM 14 - CLIENT REFERRALS AND OTHER COMPENSATION

A. Product vendors recommended by Aevitas may provide monetary and non-monetary assistance with Client events, provide educational tools and resources. We do not select products as a result of any monetary or non-monetary assistance. The selection of product is first and foremost. Our due diligence of a product does not take into consideration any assistance it may receive. Therefore, this is not considered a conflict of interest, but a benefit for you and us.

B. Participation in Institutional Advisor Platform

As noted in Item 12 – Brokerage Practices above, Aevitas has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor may receive the following benefits from Fidelity: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Ellen Duffy, in her capacity as an Advisory Person with Parkway Wealth Management, may engage and compensate unaffiliated third-party referral sources (a "Solicitor") for Client referrals. Clients will not pay a higher fee to Aevitas as a result of such payments to a Solicitor. The Advisor shall enter into an agreement with the Solicitor, which requires that full disclosure of the compensation and other conflicts is provided to the prospective client prior to or at the time of entering into the advisory agreement.

ITEM 15 - CUSTODY

Aevitas does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian".

Clients are required to engage the Custodian to retain their funds and securities and direct Aevitas to utilize the Custodian for the Client's security transactions. Aevitas encourages Clients to review statements provided by the Advisor to the account statements provided by the Custodian to ensure accuracy, as the Custodian does not perform this review. For more information about Custodians and brokerage practices, see Item 12 - Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements in these cases, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

ITEM 16 - INVESTMENT DISCRETION

Aevitas generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Aevitas. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Aevitas will be in accordance with each Client's investment objectives and goals.

ITEM 17 - VOTING CLIENT SECURITIES

Aevitas does not vote your securities. Unless you suppress proxies, securities proxies will be sent directly to you by the account Custodian or transfer agent. You may contact your Advisory Representative about questions you may have and opinions on how to vote the proxies. However, the voting and how you vote the proxies is solely your decision.

ITEM 18 - FINANCIAL INFORMATION

Aevitas will not require you to prepay more than \$1,200 and six or more months in advance of receiving advisory services; therefore, a balance sheet is not required.

Aevitas has discretionary authority over Client accounts; however, that authority does not extend to the withdrawal of any Client assets, with the exception of deduction of Aevitas' investment management fees from your account[s]. We are financially stable. There is no financial condition that is likely to impair our ability to meet our contract actual commitment to you or any other Client.

Neither Aevitas nor any of its Advisory Representatives has ever been the subject of a bankruptcy petition.
