Item 1.D.	<p style="text-align: center;"><b><u>ADVISORY SERVICES AND FEES</u></b></p> <p>Biltmore Capital Advisors, LLC ("Biltmore") is a limited liability company registered with the Securities and Exchange Commission as an Investment Adviser. Biltmore provides professional asset management through proprietary asset allocation models and third party services to individuals, trusts, estates and business entities. Biltmore prefers that all clients seeking asset management services begin with an Investment Policy Statement which addresses the standards of investments to be used, the scope of ongoing monitoring and the services to be rendered.</p> <p><b><i>PORTFOLIO MANAGEMENT SERVICES</i></b></p> <p>Biltmore utilizes the services of FSC Securities ("FSC"), member NASD &amp; SIPC and Schwab Institutional Division of Charles Schwab &amp; Co., Inc. ("Schwab"), a registered broker-dealer, member SIPC, such as asset allocation planning software, execution, clearing and custodial services, to provide investment management of client assets ("Portfolio Management Services"). The planning software enables Biltmore to utilize client risk tolerance assessment, efficient frontier plotting, fund profiling and performance data, as well as portfolio optimization and re-balancing tools to create asset allocation strategies suitable for client accounts.</p> <p>Biltmore offers Portfolio Management Services to its advisory clients on a discretionary or nondiscretionary basis. Biltmore investment adviser representatives ("IARs") act as portfolio managers for these accounts. The IAR recommends the purchase or sale of securities for review and approval by their clients. The IARs only purchase or sell securities which have been approved by clients in advance. Portfolio Management Services may be obtained in conjunction with Financial Planning Services or may be purchased separately.</p> <p>Biltmore works with clients to identify their investment goals and objectives, as well as risk tolerance, in order to create an initial portfolio allocation designed to complement the client's financial situation and personal circumstances. Portfolios primarily include, but are not limited to, mutual funds, Exchange Traded Funds ("ETFs"), individual equities, variable annuities and/or real estate investment trusts. Client funds are typically invested in exchange traded funds, load waived funds, and no load, low fee mutual funds according to target allocations and managed within the guidelines of pre-established allocation ranges. Primary diversification occurs across asset classes in the form of equities versus fixed income with secondary diversification achieved within asset classes. Equity funds are diversified across size, style, sector and geography. Fixed income funds are diversified across term, quality, sector, and geography. Portfolios are generally rebalanced every 12 – 18 months.</p> <p>The investment strategies utilized and portfolios constructed and managed depend on the individual client's investment objectives and goals as provided to Biltmore. Model portfolios may be used as a part of this strategy. However, each client has the opportunity to place reasonable restrictions on the type of and percentage of individual investments to be held in the portfolio. The IAR may periodically rebalance the client's account to maintain the initially agreed upon strategic and tactical asset allocation.</p> <p>Clients have ready access to their IAR. Biltmore's IARs are not required to be available for unscheduled or unannounced visits by clients. However, IARs are expected to periodically meet with clients and should generally be available to take client telephone calls on advisory-related matters.</p>

Wrap pricing structures are available through FSC's Vision2020 Program and allow the client to pay an all-inclusive fee for management, brokerage, clearance, custody and administrative services. Clients who select the Wrap Fee Option pay a single, all-inclusive fee according to the following schedule:

**Wrap Fee Schedule**

<b>Total Account Value</b>	<b>Maximum Total Account Fee* Paid by Client</b>
\$500,000 - \$1,000,000	1.50%
\$1,000,001 - \$7,000,000	1.25%
\$7,000,001 - \$10,000,000	1.00%
Over \$10,000,000	Negotiable

\*Minimum fee is \$3,500. Account minimums and fees may be waived or reduced at the sole discretion of Biltmore.

**For further details on the Vision2020 Program, including a more complete description of fees and services, please refer to FSC's Vision2020 Program Schedule H Wrap Brochure and your client agreement.**

**THIRD PARTY INVESTMENT ADVISORY SERVICES**

In addition to the aforementioned Portfolio Management Services, Biltmore has also entered into agreements with various other third party investment advisers ("Third Party Advisory Service") for the provision of certain investment advisory services. Biltmore's IARs will provide individualized advisory services to their clients through the selection of a suitable Third Party Advisory Service. Factors considered in the selection of a Third Party Advisory Service include but may not be limited to: i) each individual IAR's preference for a particular Third Party Advisory Service; ii) the client's risk tolerance, goals and objectives, as well as investment experience; and, iii) the amount of client assets available for investment. In order to assist clients in the selection of a Third Party Advisory Service, the IAR typically gathers information from the client about the client's financial situation, investment objectives, and reasonable restrictions the client wants imposed on the management of the account.

All securities transactions are decided upon and executed by the Third Party Advisory Service. Typically, the third party investment manager exercises discretion in the management of client accounts. Biltmore and its IARs do not manage, or obtain discretionary authority over the assets in accounts participating in these programs; however, clients may grant IARs the discretionary authority to hire and fire such third party managers.

Biltmore's IARs will periodically review reports provided to the client. IARs contact the client at least annually, or more often as agreed upon with each client, to review the client's financial situation and objectives, communicate information to the Third Party Advisory Service managing the account as warranted, and to assist the client in understanding and evaluating the services provided by the Third Party Advisory Service. Clients are expected to notify their IAR of any changes in their financial situation, investment objectives, or account restrictions.

Please Note: When investing in mutual funds and variable annuities, clients are strongly encouraged to review the applicable prospectus. Mutual funds and variable annuities may impose certain restrictions on the frequency, timing and dollar amount of transactions and

Such restrictions may impact the services provided by a Third Party Advisory Service.</p> <p>Compensation generally, consists of four elements: i) management and advisory fees shared by the Third Party Advisory Services, Biltmore, and its IARs; ii) transaction costs – if applicable – which may be paid to purchase and sell such securities; iii) custody fees; and iv) an additional administrative fee paid to FSC for its supervisory services. Clients may choose from a wrapped or non-wrapped pricing option. Wrap pricing structures allow the client to pay an all-inclusive fee for management, brokerage, clearance, custody and administrative services. As an alternative to the wrap pricing structure, the Third Party Advisory Service's fee may be separated from the advisory fee charged by the IAR and Biltmore. Transaction costs may also be charged for the execution and clearance of advisory transactions directed by such Third Party Advisory Services. These fees are based upon the market value of the client's account assets as determined by the custodian as of the close of business on the last day of the previous calendar quarter. In computing the market value of assets, mutual fund shares are calculated at their respective net asset values as of the valuation date in accordance with each mutual fund prospectus. Any such valuation shall not be deemed a guarantee of any kind with respect to the value of those assets. Fees for the initial quarter are adjusted pro rata, based upon the number of calendar days in the calendar quarter that the advisory agreement becomes effective. Fees are negotiable and vary depending upon the complexity of the client situation and scope of the services provided.</p> <p>Fees are not charged on the basis of a share of capital gains, or capital appreciation of the funds, or any portion of the funds, of an advisory client. In addition to the fees described above, client accounts may be charged other fees by broker-dealers or custodians. Biltmore or its representatives do not receive any compensation from these charges.</p> <p>The advisory relationship may be terminated by the client or Biltmore in accordance with the provisions of the advisory agreement. The client typically receives a pro rata refund of any prepaid advisory fees. Any unpaid fees become immediately due and payable. Clients may terminate an advisory agreement without being assessed any fees or expenses within (5) business days of its signing.</p> <p>Generally, fees are automatically debited from client accounts pursuant to written</p>

Clients should note that the same or similar services to those described above may be available elsewhere at a lower cost to the client.</p> <p><i>INTERNAL MUTUAL FUND &amp; VARIABLE ANNUITY EXPENSES</i></p> <p>Generally, mutual fund and variable annuity companies impose internal fees and expenses on clients. Such fees are in addition to any program costs associated with the investment advisory services described above. Complete details of such internal expenses are specified and disclosed in each mutual fund and variable annuity company's prospectus. Clients are strongly advised to review the prospectus(es) prior to investing in such securities. In addition, variable annuity companies generally impose mortality charges on such accounts, of approximately 1.25% annually.</p> <p>Clients may purchase shares of mutual funds directly from the mutual fund issuer, its principal underwriter or a distributor without purchasing the services of Biltmore or paying the advisory fee on such shares (but subject to any applicable sales charges). Certain mutual funds are offered to the public without a sales charge. In the case of mutual funds offered with a sales charge, the prevailing sales charge (as described in the mutual fund prospectus) may be more or less than the applicable advisory fee. However, clients would not receive the IAR's assistance in developing an investment strategy, selecting securities, monitoring performance of the account, and making changes as necessary.</p> <p><i>PROXY VOTING AND CLASS ACTION LAWSUITS</i></p> <p>In general, Biltmore does not take any action or render any advice with respect to voting of proxies solicited by or with respect to the issuers of securities in which client assets may be invested. In addition, Biltmore does not take any action or render any advice with respect to any securities held in any accounts that are named in or subject to class action lawsuits. Biltmore will, however, forward to clients any information received by Biltmore regarding class action legal matters involving any security held in client accounts.</p> <p><i>CLEARING AND CUSTODIAL ARRANGEMENTS</i></p> <p>FSC/Pershing, LLC ("Pershing") and Schwab may sponsor wrap programs, execute trades, settle securities transactions, and custody client assets on behalf of Biltmore clients using Portfolio Management Services. Each Third Party Advisory Service may maintain separate clearing and custodial relationships. For further details concerning these arrangements, clients should refer to the respective Form ADV Part II, Schedule H Wrap Brochure, client agreements and/or other related disclosure documents.</p> <p>Item 4</p> <p><b><u>METHODS OF ANALYSIS, SOURCES OF INFORMATION, AND INVESTMENT STRATEGIES</u></b></p> <p>Biltmore has access to software tools that assist in analyzing client portfolios. Such software is based upon Modern Portfolio Theory (MPT). MPT attempts to balance a portfolios risk and return level based on a particular client's risk tolerance and investment objectives. Additional research is used in conjunction with the asset allocation software to provide clients with access to risk tolerance assessments, efficient frontier plotting, fund profiling and performance data, as well as portfolio optimization and re-balancing tools.</p> <p>Biltmore also uses the services of Third Party Advisory Services to implement IAR</p>

Biltmore has adopted policies and procedures that are intended to ensure that transactions are effected for clients in a manner that is consistent with the fiduciary duty and in accordance with applicable law. Persons who wish to purchase or sell securities of the types purchased or sold for clients may do so only in a manner consistent with Biltmore policies and procedures.</p> <p style="text-align: center;"><b>CODE OF ETHICS</b></p> <p>Biltmore has adopted a Code of Ethics (the "Code") to address securities-related conduct. The Code focuses primarily on fiduciary duty, personal securities transactions, insider trading, gifts, and conflicts of interest. The Code includes Biltmore's policies and procedures developed to protect client's interests in relation to the following topics:</p> <ul style="list-style-type: none"><li>• The duty at all times to place the interests of clients first;</li><li>• The requirement that all personal securities transactions be conducted in such a manner as to be consistent with the code of ethics and to avoid any actual or potential conflict of interest or any abuse of an employee's position of trust and responsibility;</li><li>• The principle that investment adviser personnel should not take inappropriate advantage of their positions;</li><li>• The fiduciary principle that information concerning the identity of security holdings and financial circumstances of clients is confidential; and</li><li>• The principle that independence in the investment decision-making process is paramount.</li></ul> <p>Biltmore will provide a copy of the code to any client or prospective client upon request.</p>
Item 10	<p style="text-align: center;"><b><u>CONDITIONS FOR MANAGING ACCOUNTS</u></b></p> <p>Biltmore has a minimum account value of \$500,000 for advisory services. However, this requirement may be waived at the sole discretion of Biltmore under certain circumstances such as the existence of related accounts or an anticipated change in circumstances.</p>
Item 12	<p style="text-align: center;"><b><u>INVESTMENT OR BROKERAGE DISCRETION</u></b></p> <p>Clients may grant Biltmore the authority to determine the type and amount of securities to be bought and sold. However, Biltmore does not have the ability to withdraw funds from client's account (other than to cause the debit of advisory fees) or to choose the broker-dealer to be used. Discretion includes the authority to effect the transaction of securities such as mutual funds, equities, and ETFs without prior consent of or notice to the client. Discretion does not include purchases on margin, options or futures.</p> <p>Typically in Third Party Advisory Services, the third party investment manager exercises discretion in the management of client accounts. All securities transactions will be decided upon and executed by that manager. Biltmore and its IARs do not manage, or obtain discretionary authority over the assets in accounts participating in these programs. However, clients may grant IARs the discretionary authority to hire and fire such third party managers.</p> <p>Usually, Portfolio Management Services and Third Party Advisory Services utilize the</p>

Thus, by assisting the client in selecting such a program, IARs may also be deemed to be assisting the client in selecting a broker/dealer. In certain programs, the client is asked to select a particular broker/dealer to execute trades for the client's account and/or to act as custodian for the account. In those programs, IARs will assist the client in making such selection. Because Biltmore's and/or the IAR's compensation in connection with a program may vary depending on the broker/dealer or custodian selected, Biltmore and/or the IAR may have a conflict of interest in assisting the client in such selection.</p> <p>Biltmore may recommend that clients establish brokerage accounts with Schwab or FSC/Peshing to maintain custody of clients' assets and to effect trades for their accounts. Biltmore is independently owned and operated and not affiliated with FSC or Schwab. FSC and Schwab provide Biltmore with access to institutional trading and custody services. FSC's and Schwab's services include brokerage, custody, research and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment. For Biltmore's client accounts maintained in their custody, FSC and Schwab do not charge separately for custody, but may be compensated by account holders through other transaction-related fees for securities trades executed through the broker-dealers or that settle into their accounts.</p> <p>FSC and Schwab also make available to Biltmore other products and services that benefit Biltmore but may not benefit client accounts. Some of these other products and services assist Biltmore in managing and administering client accounts. These include software and other technology that provide access to client account data (such as trade confirmations and account statements); facilitate trade execution (and allocation of aggregated trade orders for multiple client accounts); provide research, pricing information and other market data; facilitate payment of Biltmore's fees from its clients' accounts; and assist with back-office functions, record keeping and client reporting. Many of these services may be used to service all or a substantial number of Biltmore's accounts, including accounts not maintained at through FSC or at Schwab. FSC and Schwab also make available to Biltmore other services intended to help Biltmore manage and further develop its business enterprise. These services may include consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance and marketing. In addition, FSC and Schwab may make available, arrange and/or pay for these types of services rendered to Biltmore by independent third parties. FSC and Schwab may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to Biltmore.</p> <p>While as a fiduciary, Biltmore endeavors to act in its clients' best interests, Biltmore's recommendation that clients maintain their assets in accounts through FSC or Schwab may be based in part on the benefit to Biltmore of the availability of some of the foregoing products and services and not solely on the nature, cost or quality of custody and brokerage services provided by these broker-dealers. Biltmore does not warrant or represent that commissions for transactions implemented through FSC or Schwab are lower than commission available if clients use another brokerage firm. Biltmore believes, however, that the overall level of services and support provided to clients by Biltmore outweighs the potentially lower transactions cost available under other brokerage arrangements.</p> <p>Factors considered in selecting Schwab or FSC include the existing broker-dealer relationships with Biltmore, financial strength, reputation, reporting, execution pricing and research. The broker-dealers charge commission rates which may be generally</p>

However, the commissions and/or transaction fees charged by the broker-dealers may be higher or lower than those charged by other broker-dealer/custodians. Further, the fees charged by any designated broker-dealer/custodian, are exclusive of, and in addition to, Biltmore's investment management fees. In addition, clients also incur charges imposed at the mutual fund level (e.g. management fees, early redemption fees, and other fund expenses).</p> <p>Biltmore does not aggregate brokerage orders for clients. Biltmore manages each portfolio on an individual basis using strategies specific to the individual client. Biltmore believes that this individual attention to client portfolios offsets the benefits from saving on execution costs that might be lost through not aggregating orders.</p>	
Item 13	<p style="text-align: center;"><b><u>ADDITIONAL COMPENSATION</u></b></p> <p>Biltmore may recommend Schwab or FSC/Pershing for the execution and settlement of client transactions and custody of their assets. Biltmore receives products and services from these broker-dealers, including software to enable direct electronic downloading of client account information, electronic trading, and access to investment research and information provided by broker-dealers. Clients do not pay higher commissions as a result of these products and services furnished by broker-dealers to Biltmore. Biltmore earns no commissions from transactions in the Schwab accounts. Transaction charges or other charges for services to clients by broker-dealers may be more or less than other broker-dealers not recommended by Biltmore charge for comparable services. Clients are not required to use a specific broker-dealer to retain the services of Biltmore.</p> <p>Biltmore's primary business is as an Investment Adviser. Biltmore representatives spend the majority of their time in this capacity. Officers and associated persons of Biltmore are also registered representatives of FSC and licensed insurance agents. In this capacity, they may facilitate the purchase and/or sale of insurance products, mutual funds, securities, and other investment products for their clients, who may or may not have an advisory fee agreement with Biltmore. Biltmore representatives may receive compensation for these non-advisory services that they may provide. Such compensation would be in addition to the advisory and other fees that Biltmore may receive.</p> <p>Mutual funds purchased or sold in broker-dealer accounts may generate transaction fees that would not exist if the purchase or sale were made directly through the mutual fund company. Mutual funds held in broker-dealer accounts also charge management fees. These Mutual fund management fees may be more or less than the mutual fund management fees charged if the client held the mutual fund directly with the mutual fund company. These management fees are in addition to the management fee charged by Biltmore.</p> <p>As described in Item 1D above, Biltmore is a party to written agreements with certain Third Party Advisory Services under which its IARs provide personal advisory services to their clients. Such personal advisory services include: qualifying their clients for a particular Third Party Advisory Service as well as determining client's goals and objectives (determining risk tolerance and investment styles). Biltmore and its IARs receive compensation pursuant to these agreements for introducing clients to the Third Party Advisory Service and for providing the aforementioned personal advisory services. This compensation is typically equal to a percentage of the investment advisory fee charged by the Third Party Advisory Service. Because such compensation may differ depending on</p>

Any such arrangements will comply with applicable laws that govern the nature of the service, fees to be paid, disclosures to clients and any necessary client consents.</p> <p>On occasion, FSC provides funding in the form of loans as incentive to Independent Registered Representatives to establish broker-dealer relationships with FSC. Such loans are to assist in the transition and expansion of their practice. All or a portion of the loans require cash repayments of principal and interest if specific production levels are not achieved over a specified time frame. Any year in which the practice achieves its production levels initiates pro rata loan forgiveness by FSC. This, in turn, represents taxable income to the practice. Certain Biltmore IARs may be recipients of such loans.</p> <p><b>12b-1 PAYMENTS</b></p> <p>In addition, IARs, as registered representatives of FSC, may receive compensation (such as 12b-1 fees) from the sale of mutual fund products to clients of Biltmore. This compensation is consideration for various services that Biltmore provides such as presenting information to Biltmore clients regarding the funds and recommending shares of the funds for investment. Payment of these fees is included in the expense ratios of the mutual funds. IARs may have a greater incentive to recommend certain funds or fund families with 12b-1 fees or funds with higher 12b-1 fees over other funds or fund families with no or lower 12b-1 fees.</p>
