Item 1D	<p>The substantial portion of the Registrant's business consists of providing "investment supervisory services" (i.e., continuous investment advice based on the individual needs of each client). The Registrant primarily provides its clients (individuals, business entities, trusts, estates and charitable organizations, etc.) with discretionary and non-discretionary investment advisory services. The Registrant does not hold itself out as providing financial planning, estate planning, or insurance planning services. To the extent specifically requested by a client, Registrant may provide limited consultation services to its investment management clients on investment and non-investment related matters that are generally ancillary to the investment management process. Any such consultation services, to the extent rendered, shall be rendered exclusively on an unsolicited basis, for which Registrant shall usually not receive any separate or additional fee.</p> <p>INVESTMENT ADVISORY SERVICES</p> <p>The client can determine to engage the Registrant to provide discretionary or non-discretionary investment advisory services on a <i>fee-only</i> basis. The Registrant's annual investment advisory fee shall be based upon a percentage (%) of the market value of the assets placed under the Registrant's management (between 1.00% and 1.50%) and shall be set forth in the <i>Investment Advisory Agreement</i> between the Registrant and the client.</p> <p>Registrant's annual investment advisory fee shall be prorated and paid quarterly, in advance, based upon the market value of the assets on the last business day of the previous quarter. The Registrant generally requires a minimum annual fee of \$ 1,000.00 for investment advisory services. However, Registrant, in its sole discretion, may reduce its minimum fee and/or charge a lesser investment management fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).</p> <p>In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at Charles Schwab & Co., Inc. ("<i>Schwab</i>"). Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal <i>Investment Advisory Agreement</i> with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.</p> <p>Currently, the Registrant primarily allocates investment management assets among various mutual funds and/or to a lesser extent, among separate account managers, on both a discretionary and non-discretionary basis, in accordance with the client's designated investment objective(s).</p> <p>As discussed above, unless the client directs otherwise or an individual client's circumstances require the Registrant shall generally recommend that <i>Schwab</i> serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as <i>Schwab</i> charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions. In addition to Registrant's investment management fee, brokerage commissions and/or transaction fees, the client will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).</p>

	<p>Both Registrant's <i>Investment Advisory Agreement</i> and the custodial/ clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Investment Advisory Agreement between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the <i>Investment Advisory Agreement</i>. Upon termination, the Registrant shall refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter.</p> <p>Factors that the Registrant considers in recommending <i>Schwab</i> (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are no-load mutual funds that trade at net asset value as determined at the daily market close.</p> <p>MISCELLANEOUS</p> <p><u>Please Note: Investment Risk.</u> Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).</p> <p><u>Investment Consulting.</u> Registrant may determine to provide non-discretionary portfolio review services relative to those client assets that are not part of the investment assets subject to the Registrant's discretionary and non-discretionary investment advisory services discussed above. These additional client investment assets (the "Excluded Assets") are generally investment assets that are managed directly by the client or by other investment professionals engaged by the client. The Registrant's portfolio review service is limited to periodic review of information pertaining to the Excluded Assets as may be provided to the Registrant by the client, the other investment professional(s), and/or the account custodian, and does not include investment advisory services described above. Accordingly, the client (and/or the investment professionals engaged by the client with respect to such assets), and not the Registrant, shall be exclusively responsible for the investment performance of the Excluded Assets, regardless of whether the Registrant includes the Excluded Assets on any account reports that it may provide to the client. . In the event the client desires that the Registrant provide investment advisory services with respect to the Excluded</p>

	<p>This investment policy is part of Registrant's overall Code of Ethics which serves to establish a standard of business conduct for all of Registrant's Associated Persons that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.</p> <p>In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.</p>	
Item 10	Please see previous disclosure set forth at Item 1D of this Schedule F relative to Registrant's annual fee minimum for investment advisory services.	
Items 12A and 12B	<p>Please see the previous responses set forth on this Schedule F to Item 1D. In addition, to the extent applicable to the transactions to be effected, Registrant's general policies relative to the execution of client securities brokerage transactions are as follows:</p> <p>Execution of Brokerage Transactions (when applicable). If requested, Registrant will arrange for the execution of securities brokerage transactions for the account through broker-dealers that Registrant reasonably believes will provide "best execution." In seeking "best execution", the determinative factor is not the lowest possible commission cost but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services including execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive commission rates, it may not necessarily obtain the lowest possible commission rates for account transactions.</p> <p>Over-the-Counter (OTC) securities transactions for Registrant's clients are generally effected on an agency basis, which involve the services of two (2) separate broker-dealers: (1) a "dealer" or "principal" acting as market-maker; and (2) the executing broker-dealer that acts in an agency capacity for the client's account. Dealers executing principal transactions typically include a mark-up/down, which is included in the offer or bid price of the securities purchased or sold. In addition to the dealer mark-up/down, the client will also incur the transaction fee imposed by the executing broker-dealer. Registrant does not receive any portion of the dealer mark-up/down or the executing broker-dealer transaction fee.</p> <p>Transactions for each client account generally will be effected independently, unless Registrant decides to purchase or sell the same securities for several clients at approximately the same time. Registrant may (but is not obligated to) combine or "batch" such orders to obtain "best execution", to negotiate more favorable commission rates or to allocate equitably among Registrant's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among Registrant's clients in proportion to the purchase and sale orders placed for each client account on any given day. To the extent that Registrant determines to aggregate client orders for the purchase or sale of securities, including securities in which Registrant's principals) and/or associated persons) may invest, Registrant shall generally do so in accordance with the parameters set forth in SEC No-Action Letter, <i>SMC Capital, Inc.</i> Registrant shall not receive any additional compensation or remuneration as a result of the aggregation.</p> <p>The client may direct Registrant to use a particular broker-dealer (subject to Registrant's right to decline and/or terminate the engagement) to execute some or all transactions for the client's</p>

	<p>account. In such event, the client will negotiate terms and arrangements for the account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case. In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant.</p> <p>In the event that the transactions for a client's accounts are effected through a broker-dealer that refers investment management clients to Registrant, there exists the potential for conflict of interest if the accounts incur higher commission or transaction costs than the accounts would otherwise have incurred had the client determined to effect account transactions through alternative clearing arrangements that may have been available through Registrant.</p> <p><u>Proxy Voting Policy.</u> Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. The Registrant and/or the client shall correspondingly instruct each custodian of the assets to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.</p> <p>See additional disclosure at Item 13A relative to <i>Schwab</i>.</p>	
Item 13A	<p>Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from various custodian/broker-dealers (or a mutual fund company), without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.</p> <p>As indicated above, certain of the support services and/or products that <i>may</i> be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.</p> <p>Registrant's clients do not pay more for investment transactions effected and/or assets maintained at <i>Schwab</i> as result of this arrangement. There is no corresponding commitment made by the Registrant to <i>Schwab</i> or any other any entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as result of the above arrangement.</p>
