Item 4: Advisory Business

A. Description of the Advisory Firm

This firm has been in business since August 1, 2007, and the principal owner is Phillip Ernest Cook.

B. Types of Advisory Services

Mogul Wealth Management, Inc. (hereinafter "MWM") offers the following services to advisory clients:

Investment Supervisory Services

MWM offers ongoing portfolio management services based on the individual goals, objectives, time horizon, and risk tolerance of each client. MWM creates an Investment Policy Statement for each client, which outlines the client's current situation (income, tax levels, and risk tolerance levels) and then constructs a plan (the Investment Policy Statement) to aid in the selection of a portfolio that matches each client's specific situation. Investment Supervisory Services include, but are not limited to, the following:

- Investment strategy
- Asset allocation
- Risk tolerance
- Personal investment policy
- Asset selection
- Regular portfolio monitoring

MWM evaluates the current investments of each client with respect to their risk tolerance levels and time horizon. Risk tolerance levels are documented in the Investment Policy Statement, which is given to each client.

Selection of Other Advisors

MWM may direct clients to third party money managers. MWM will be compensated via a fee share from the advisors to which it directs those clients. This relationship will be disclosed in each contract between MWM and each third party advisor. The fees shared will not exceed any limit imposed by any regulatory agency. Before selecting other advisors for clients, MWM will always ensure those other advisors are properly licensed or registered as investment advisor.

Financial Planning

Financial plans and financial planning may include, but are not limited to: retirement planning; college planning; estate planning; tax planning; investment advice, insurance planning and debt/credit planning. The firm does not prepare income tax returns nor does it draft legal documents, such as wills or trusts. These services are based on hourly fees and the final fee structure is documented in Exhibit II of the Financial Planning Agreement.

Services Limited to Specific Types of Investments

MWM limits its investment advice and/or money management to mutual funds, equities, bonds, fixed income, debt securities, ETFs, real estate, hedge funds, third party money managers, REITs, insurance products including annuities, private placements, government securities. MWM may use other securities as well to help diversify a portfolio when applicable.

C. Client Tailored Services and Client Imposed Restrictions

MWM offers the same suite of services to all of its clients. However, specific client financial plans and their implementation are dependent upon the client Investment Policy Statement which outlines each client's current situation (income, tax levels, and risk tolerance levels) and is used to construct a client specific plan to aid in the selection of a portfolio that matches restrictions, needs, and targets.

Clients may impose restrictions in investing in certain securities or types of securities in accordance with their values or beliefs. However, if the restrictions prevent MWM from properly servicing the client account, or if the restrictions would require MWM to deviate from its standard suite of services, MWM reserves the right to end the relationship.

D. Wrap Fee Programs

MWM does not participate in any wrap fee programs.

E. Amounts Under Management

MWM has the following assets under management:

D. Prepayment of Fees

MWM collects its fees in arrears. It does not collect fees in advance.

E. Outside Compensation For the Sale of Securities to Clients

Phillip Ernest Cook in his role as a registered representative for Girard Securities, Inc. accepts compensation for the sale of insurance products to MWM clients.

1. This is a Conflict of Interest

MWM and its supervised persons will accept compensation for the sale of securities or other investment products, including asset based sales charges or services fees from the sale of mutual funds to its clients. This presents a conflict of interest and gives the supervised person and MWM an incentive to recommend products based on the compensation received rather than on the client's needs. When recommending the sale of securities or investment products for which MWM receives compensation, MWM will document the conflict of interest in the client file and inform the client of the conflict of interest.

2. Clients Have the Option to Purchase Recommended Products From Other Brokers

Clients always have the option to purchase MWM recommended products through other brokers or agents that are not affiliated with MWM.

3. Advisory Fees in Addition to Commissions or Markups

Advisory fees that are charged to clients are not reduced to offset the commissions or markups on securities or investment products recommended to clients.

Item 6: Performance-Based Fees and Side-By-Side Management

MWM does not accept performance-based fees or other fees based on a share of capital gains on or capital appreciation of the assets of a client.

Item 7: Types of Clients

MWM generally provides investment advice and/or management supervisory services to the following Types of Clients:

Item 8: Methods of Analysis, Investment Strategies and Risk, of Investment Loss

A. Methods of Analysis and Investment Strategies

MWM's methods of analysis include fundamental analysis and cyclical analysis.

Fundamental analysis involves the analysis of financial statements, the general financial health of companies, and/or the analysis of management or competitive advantages.

Cyclical analysis involved the analysis of business cycles to find favorable conditions for buying and/or selling a security.

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

B. Material Risks Involved

MWM uses Long Term Purchases, Short Term Purchases, Short Sales, Margin Transactions, and Options Writing (including covered options, uncovered options, or spreading strategies).

MWM utilizes investment strategies that are designed to capture market rates of both return and risk. Frequent trading, when done, can affect investment performance, particularly through increased brokerage and other transaction costs and taxes. Short sales, margin transactions, and options writing generally hold greater risk and clients should be aware that there is a chance of material risk of loss using any of those strategies.

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

C. Risks of Specific Securities Utilized

MWM generally seeks investment strategies that do not involve significant or unusual risk beyond that of the general domestic and/or international equity markets.

Past performance is not a guarantee of future returns. Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

Item 9: Disciplinary Information

There are no legal or disciplinary events that are material to a client's or prospective client's evaluation of this advisory business or the integrity of our management.

Item 10: Other Financial Industry Activities and Affiliations

A. Registration as a Broker/Dealer or Broker/Dealer Representative

Phillip Ernest Cook is a registered representative of Girard Securities, Inc. From time to time, he will offer clients advice or products from those activities. Clients should be aware that these services pay a commission and involve a possible conflict of interest, as commissionable products can conflict with the fiduciary duties of a registered investment adviser. MWM always acts in the best interest of the client; including the sale of commissionable products to advisory clients. Clients are in no way required to implement the plan through any representative of MWM in their capacity as a registered representative.

B. Registration as a Futures Commission Merchant, Commodity Pool Operator, or a Commodity Trading Advisor

Neither MWM nor its representatives are registered as a FCM, CPO, or CTA.

C. Registration Relationships Material to this Advisory Business and Possible Conflicts of Interests

Phillip Ernest Cook is a licensed insurance agent in the state of California. From time to time, he will offer clients advice or products from those activities. Clients should be aware that these services pay a commission and involve a possible conflict of interest, as commissionable products can conflict with the fiduciary duties of a registered investment adviser. MWM always acts in the best interest of the client; including the sale of commissionable products to advisory clients. Clients are in no way required to implement the plan through any representative of MWM in their capacity as an insurance agent.

All material conflicts of interest Under Section 260.238 (k) of the California Corporations Code are disclosed regarding the investment adviser, its representatives or any of its employees, which could be reasonable expected to impair the rendering of unbiased and objective advice.

D. Selection of Other Advisors or Managers and How This Adviser is Compensated for Those Selections

MWM does not utilize nor select other advisors or third party managers. All assets are managed by MWM management.

Item 11: Code of Ethics, Participation in Transactions, Personal Trading

A. Code of Ethics

We have a written Code of Ethics that covers the following areas: Prohibited Purchases and Sales, Insider Trading, Personal Securities Transactions, Exempted Transactions, Prohibited Activities, Conflicts of Interest, Gifts and Entertainment, Confidentiality, Service on a Board of Directors, Compliance Procedures, Compliance with Laws and Regulations, Procedures and Reporting, Certification of Compliance, Reporting Violations, Compliance Officer Duties, Training and Education, Recordkeeping, Annual Review, and Sanctions. Clients may request a copy of our Code of Ethics from management.

B. Recommendations Involving Material Financial Interests

MWM does not recommend that clients buy or sell any security in which a related person to MWM has a material financial interest.

C. Investing Personal Money in the Same Securities as Clients

From time to time, representatives of MWM may buy or sell securities for themselves that they also recommend to clients. MWM will always document any transactions that could be construed as conflicts of interest and will always transact client business before their own when similar securities are being bought or sold.

D. Trading Securities At/Around the Same Time as Clients' Securities

From time to time, representatives of MWM may buy or sell securities for themselves at or around the same time as clients. MWM will not trade non-mutual fund or non-ETF securities 5 days prior to or 5 days after trading the same security for clients.

Item 12: Brokerage Practices

A. Factors Used to Select Custodians and/or Broker/Dealers

The Custodian was chosen based on their relatively low transaction fees and access to mutual funds and ETFs. MWM will never charge a premium or commission on transactions, beyond the actual cost imposed by Custodian.

1. *Research and Other Soft-Dollar Benefits*

There is no minimum client number or dollar number that MWM must meet in order to receive free research from the custodian or broker/dealer. There is no incentive to for MWM to direct clients to this particular broker-dealer over other broker-dealers who offer the same services. The first consideration when recommending broker/dealers to clients is best execution.

2. *Brokerage for Client Referrals*

MWM receives no referrals from a broker-dealer or third party in exchange for using that broker-dealer or third party.

3. *Clients Directing Which Broker/Dealer/Custodian to Use*

MWM will not allow clients to direct MWM to use a specific broker-dealer to execute transactions. Clients must use MWM recommended custodian (broker-dealer). Not all investment advisers require their clients to direct brokerage. By requiring clients to use our specific custodian, MWM may be unable to achieve most favorable execution of client transaction and that this may cost clients' money over using a lower-cost custodian.

B. Aggregating (Block) Trading for Multiple Client Accounts

MWM maintains the ability to block trade purchases across accounts but will rarely do so. While block trading may benefit clients by purchasing larger blocks in groups, we do not feel that the clients are at a disadvantage due to the best execution practices of our custodian.

Item 13: Reviews of Accounts

A. Frequency and Nature of Periodic Reviews and Who Makes Those Reviews

Client accounts are reviewed at least quarterly only by Phillip Ernest Cook, President. Phillip Ernest Cook is the chief advisor and is instructed to review clients' accounts with regards to their investment policies and risk tolerance levels. All accounts at IA are assigned to this reviewer.

All financial planning accounts are reviewed upon financial plan creation and plan delivery by Phillip Ernest Cook, President. There is only one level of review and that is the total review conducted to create the financial plan.

B. Factors That Will Trigger a Non-Periodic Review of Client Accounts

Reviews may be triggered by material market, economic or political events, or by changes in client's financial situations (such as retirement, termination of employment, physical move, or inheritance).

C. Content and Frequency of Regular Reports Provided to Clients

Each client will receive semi-annual written report detailing the clients account performance.

Clients are provided a one-time financial plan concerning their financial situation. After the presentation of the plan, there are no further reports. Clients may request additional plans or reports for a fee.

Item 14: Client Referrals and Other Compensation

A. Economic Benefits Provided by Third Parties for Advice Rendered to Clients (Includes Sales Awards or Other Prizes)

MWM does not receive any economic benefit, directly or indirectly from any third party for advice rendered to MWM clients.

B. Compensation to Non -Advisory Personnel for Client Referrals

MWM does not directly or indirectly compensate any person who is not advisory personnel for client referrals.

Item 15: Custody

MWM does not take custody of client accounts at any time. Custody of client's accounts is held primarily at Name of custodian. Clients will receive account statements from the custodian and should carefully review those statements. MWM urges clients to compare the account statements they receive from the custodian with those they received from MWM.

Item 16: Investment Discretion

MWM does not have discretion over client accounts at any time.

Item 17: Voting Client Securities (Proxy Voting)

MWM will not ask for, nor accept voting authority for client securities. Clients will receive proxies directly from the issuer of the security or the custodian. Clients should direct all proxy questions to the issuer of the security.

Item 18: Financial Information

A. Balance Sheet

MWM does not require nor solicit prepayment of more than \$1,200 in fees per client, six months or more in advance and therefore does not need to include a balance sheet with this brochure.

B. Financial Conditions Reasonably Likely to Impair Ability to Meet Contractual Commitments to Clients

Neither MWM nor its management have any financial conditions that are likely to reasonably impair our ability to meet contractual commitments to clients.

C. Bankruptcy Petitions in Previous Ten Years
