Item of Form (identify)	Answer
	<p><u>Advisory Services</u> JFS provides investment advice as a part of personal financial plans issued to clients. The advice is general in nature and includes guidance on asset allocation strategies and alternatives to achieve strategies. Fees for this service are based on hourly rates ranging from \$175 per hour to \$385 per hour and are billed at the completion of client engagements.</p> <p><u>Consulting Services</u> JFS performs other services for clients at a mutually agreed upon price before the service is provided.</p> <p><u>Wrap Fees</u> All fees paid to JFS for wrap fee programs through Managed Account Link (MAL), Managed Assets Program (MAP), or any other wrap fee program sponsors are credited towards client's fees.</p> <p>All fees paid to JFS for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a proportionate amount of the operating fees, including a management fee and other fund expenses, and a possible distribution fee. A client could invest in a mutual fund directly, without the services of JFS. In that case, the client would not receive the services provided by JFS which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and the fees charged by JFS to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.</p> <p>In addition, JFS may also recommend that certain clients authorize the active discretionary management of all or a portion of their assets among certain independent investment manager(s) (the "Independent Manager(s)") to be chosen by JFS, based upon the stated investment objectives of the client, in accordance with the terms and conditions of the investment management program sponsored by EnvestNet Asset Management ("EnvestNet") and such other investment management programs as JFS determines may be appropriate for its clients. The terms and conditions (including the amount of fees to be paid to the Independent Manager(s) under which the client shall engage the Independent Manager(s) shall be set forth in a separate written agreement between the client and EnvestNet. JFS shall continue to render advisory services to the client relative to ongoing financial planning and the monitoring and review of the Independent Manager(s) performance, for which JFS shall receive an annual advisory fee, to be determined and billed quarterly by EnvestNet, in arrears, based upon a percentage of the market value of the assets on the last business day of the preceding quarter, as follows:</p> <p>Factors which JFS shall consider in choosing Independent Manager(s) include the client's stated investment objectives(s), management style, performance, reputation, financial strength, reporting, pricing, and research. The investment management fees charged by the designated Independent Manager(s), together with the fees charged by the corresponding designated broker-dealer/custodian of the client's assets, are exclusive of, and in addition to, JFS</p>

	<p>investment advisory fees set forth above. In addition, to the extent that Independent Manager(s) determine to purchase mutual funds for client account(s), the account(s) shall also incur charges imposed directly at the mutual fund level (i.e., advisory fees and other fund expenses)."</p> <p><u>Proxies</u> JFS Wealth Advisors, LLC (JFS) does not vote proxies for its clients as clients expressly retain the authority for and responsibility to vote proxies for their portfolio securities. Proxies enable investors to guide and influence the activities of the firms in which they invest and, as such, are of value to investors. Clients should refer to their custodial agreements for information on how to obtain proxy materials. Clients may call JFS with questions regarding the voting of proxies for any security in the client's account; however, JFS will not vote a particular way for any proxy. JFS discloses this policy on all Discretionary and Non-Discretionary Investment Management agreements.</p> <p><u>Wrap Fee Programs</u> JFS provides advice through consultations by providing our clients access to independent money management firms through the Managed Account Link wrap-fee program ('the MAL program') offered by Lockwood Advisors, Inc. ('LAI'), an unaffiliated broker-dealer, and the Managed Assets Program (MAP) offered by TD Ameritrade, an unaffiliated broker-dealer.</p> <p>Investment advisory representatives of JFS determine the client's investment objectives and risk/return preferences. Based on this information, the JFS representative will select from among the independent investment advisers participating in the MAL or MAP programs those advisers whose investment objectives and philosophies are consistent with those of the client.</p> <p>The JFS representative will periodically review and update a client's financial circumstances and investment objectives. When appropriate, the JFS representative may recommend the replacement of one investment manager with another.</p> <p>Generally, Charles Schwab will provide execution services for transactions in the client's portfolio for the MAL program, and TD Ameritrade will provide execution services for transactions in the client's portfolio for the MAP program. However, clients should carefully review the Schedule H disclosure document provided by the wrap fee sponsor and the disclosure document provided by the manager(s) selected by the client for full information on brokerage services and fees.</p> <p>LAI will continually monitor the investment manager firms participating in the MAL program. TD Ameritrade will continually monitor the investment manager firms participating in the MAP program.</p> <p>The fees and account minimums for the MAL program are disclosed in LAI's Schedule H disclosure document. The fees and account minimums for the MAP program are disclosed in TD Ameritrade's Schedule H disclosure document. JFS will receive its normal fee schedule which depends on the assets under management of the program participant.</p> <p>All fees are paid to LAI or TD Ameritrade, which then compensates JFS and the investment</p>

Item of Form (identify)	Answer
	<p>As disclosed under Item 12.B. above, JFS participates in TD Ameritrade's institutional customer program and Adviser may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between JFS' participation in the program and the investment advice it gives to its Clients, although JFS receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving adviser participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to JFS by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by JFS' related persons. Some of the products and services made available by TD Ameritrade through the program may benefit JFS but may not benefit its Client accounts. These products or services may assist JFS in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help JFS manage and further develop its business enterprise. The benefits received by Adviser or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade.</p> <p>Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, JFS may receive from its custodians (ex. TD Ameritrade, Charles Schwab, National Advisors Trust Company, Fidelity, etc.) without cost (and/or at a discount) support services and/or products, certain of which assist JFS to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by JFS may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted and/or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, and computer software and/or other products used by JFS in furtherance of its investment advisory business operations.</p> <p>As indicated above, certain of the support services and/or products assist JFS in managing and administering client accounts. Others do not directly provide such assistance, but rather assist JFS to manage and further develop its business enterprise. This may include discounted and shared expenses for existing and prospective client events.</p> <p>JFS' clients do not pay more for investment transactions effected and/or assets maintained at TD Ameritrade, Charles Schwab, National Advisors Trust Company, or Fidelity as result of any such arrangements. JFS, consistent with its best execution obligation has negotiated favorable transaction fee arrangements with these custodians for the benefit of all of JFS' clients.</p>

TD Ameritrade does not supervise JFS and has no responsibility for JFS's management of client portfolios or JFS's other advice or services.</p> <p>JFS pays TD Ameritrade an on-going fee for each successful client referral. This fee is usually a percentage (not to exceed 15%) of the advisory fee that the client pays to JFS ("Solicitation Fee"). JFS will also pay TD Ameritrade the Solicitation Fee on any advisory fees received by JFS from any of a referred client's family members, including a spouse, child or any other family member who resides with the referred client and hired JFS on the recommendation of such referred client. For information regarding additional or other fees paid directly or indirectly to TD Ameritrade, please refer to the TD Ameritrade AdvisorDirect Disclosure and Acknowledgement Form.</p> <p>JFS's participation in AdvisorDirect raises potential conflicts of interest. TD Ameritrade will most likely refer clients through AdvisorDirect to investment advisors that encourage their clients to custody their assets and trade client accounts at TD Ameritrade and whose client accounts are profitable to TD Ameritrade. Consequently, in order to obtain client referrals from TD Ameritrade, JFS may have an incentive to recommend to clients that the assets under management by JFS be held in custody with TD Ameritrade and to place transactions for client accounts with TD Ameritrade. In addition, JFS has agreed not to solicit clients referred to it through AdvisorDirect to transfer their accounts from TD Ameritrade or to establish brokerage or custody accounts at other custodians, except when its fiduciary duties require doing so.
