Investment Advisory services are typically provided for individuals, trusts, retirement plans, high net-worth individuals, charitable organizations, municipalities, and corporations.

Item 8 METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

SGLIA offers a variety of diversified portfolios. We utilize asset allocation models that employ a methodology to determine appropriate securities based on each customer's individual investment objective and risk tolerance. Our specialists combine a macro-economic analysis with a company specific review to identify securities that we expect to outperform their peer group and/or the market as a whole. Within each of its composite models, individual portfolios are evaluated on a periodic basis to ensure they are performing in a manner similar to the composite model in which they participate.

*Disclosure: Investing in securities involves a certain amount of risk of loss that clients should be aware of and prepared to bear. The inherent risks involved in such an approach include the risk of unexpected or unanticipated events adversely influencing the securities selected by SGLIA, the risk that capital markets may not perform as anticipated, in addition to the risk that SGLIA incorrectly analyzes one or all of the variables involved in the business mix of the companies in which we invest.

Item 09 DISCIPLINARY INFORMATION

SGLIA has no legal or disciplinary events to disclose.

Item 10 OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

SGLIA is a Registered Investment Advisory firm that has officers, directors, management, and staff personnel who are also associated with its affiliated broker dealer, SG Long & Company, as well as with its parent corporation, SG Long Financial Services, Corp. SG Long Financial Services, Corp is an employee owned and operated company. We are required to inform our clients that this employee/owner relationship creates an inherent conflict of interest in that the common ownership can inure to the benefit of some of these individuals. In addition, all three corporations share a physical location.

SGLIA may recommend that clients establish brokerage accounts with RBC or Schwab Advisor Services, a division of Charles Schwab & Co., Inc. (Schwab), a registered broker dealer, member SIPC, to maintain custody of our clients' assets and to effect trades in their accounts. The final decision to custody assets with Schwab is at the discretion of our clients, including those accounts under ERISA or sponsor, or IRA

rules of regulations, in which case the client is acting as either the plan sponsor or the IRA holder. SGLIA is an independently owned and operated firm and is not affiliated with Schwab. Schwab provides SGLIA with access to its institutional trading and custody services, which are typically not available to Schwab retail investors. These services generally are available to independent investment advisor on an unsolicited basis, at no charge to them so long as a total of at least \$10 million of the advisor's clients' assets are maintained in accounts at Schwab Advisor Services. Schwab's servicers include brokerage services that are related to the execution of securities transactions, custody, research, including that in the form of advice, analyses and reports, and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment.

Schwab also makes available to SGLIA other products and services that benefit SGLIA but may not benefit its clients' accounts. These benefits may include national, regional or SGLIA specific educational events organized and/or sponsored by Schwab Advisor Services. Other potential benefits may include occasional business entertainment of personnel of SGLIA by Schwab Advisor Services personnel including meals, invitation to sporting events, including golf tournaments, and other forms of entertainment, some of which may accompany educational opportunities. Other of these products and services assist SGLIA in managing and administering clients' accounts. These include software and other technology (and related technology training) that provide access to client account data (such as trade confirmation and account statements), facilitate trader execution (and allocation of aggregated trade orders for multiple client accounts), provide research, pricing information and other market data, facilitate payment of SGLIA's fees from its clients' accounts, and assist with back-office training and support functions, recordkeeping and client reporting. Many of these services generally may be used to service all or some substantial number of SGLIA's accounts, including accounts not maintained at Schwab Advisor Services. Schwab Advisor Services also makes available to SGLIA other services intended to help SGLIA to manage and further develop its business enterprise. These may include professional compliance, legal and business consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance, employee benefits providers, human capital consultants, insurance and marketing. In addition, Schwab may make available, arrange and/or pay vendors for these types of services or pay all or part of the fees of a third-party providing these services to SGLIA. While, as a fiduciary, SGLIA endeavors to act in its clients' best interests, SGLIA's recommendation that clients maintain their assets in accounts at Schwab may be based in part on the benefit to SGLIA of the availability of some of the foregoing products and services and other arrangement and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which may create a potential conflict of interest.

Item 11 CODE OF ETHICS

SGL Investment Advisors, Inc. (SGLIA) adopted a Code of Ethics reasonably designed to prevent fraud by reinforcing fiduciary principles that govern the conduct of our advisory firm and its personnel. Our intent is to promote an atmosphere of honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships. It is our goal to assure that all employees understand the importance of their responsibilities to the client and to set forth standards for compliance with this responsibility. A copy of the SGLIA Code of Ethics will be

provided to any client or prospective client upon written request to our Compliance Department at 283 W. Front Street, Suite 302, Missoula, MT 59802.

Item 12 BROKERAGE PRACTICES

SGL Investment Advisors, Inc. does not have the discretionary authority to determine the broker dealer to be used. Our clients must direct us as to the broker dealer to be used. However, SGL Investment Advisors usually advises clients to direct SGL Investment Advisors to place trades through Schwab Advisory Services and sometimes RBC in certain circumstances. Not all brokerage firms recommend transaction execution to an individual broker dealer.

SGL Investment Advisors has evaluated Schwab Advisory Service along with RBC and believes that it will provide our clients with a blend of execution services and professionalism that will assist SGL Investment Advisors in meeting its fiduciary obligations to clients. SGL Investment Advisors reserves the right to decline acceptance of any client account where the client directs the use of a broker dealer if SGL Investment Advisors believes that this choice may hinder its fiduciary duty to the client and/or its ability to service the account. Clients should note, while SGL Investment Advisors has reasonable belief that Schwab Advisory Service is able to obtain best execution and competitive prices, SGL Investment Advisors will not be independently seeking best execution price capability through other broker dealers. If a client directs SGLIA to place trades through another Broker Dealer or clearing firm, the client will be responsible for all transaction costs related to that accommodation. Our clients should be aware that by directing transaction with another broker dealer, he/she may not achieve the most favorable execution of transactions and this practice may cost the client more money to execute.

SGLIA as a matter of practice buys and sells "blocks" of securities in an "average price account" and allocates the purchase among its clients. This allows our customer's accounts to receive comparable pricing.

Occasionally, a transaction for a security in your Investment Advisory account may also be transacted in the account of an associated person or his/her immediate family. This creates a conflict of interest. It is our policy that transactions of this nature are typically completed in our Investment Advisory accounts, before transaction in related parties accounts can be completed. Should our related parties execute a transaction at a better market price simultaneously with that of our clients, we will adjust the pricing so our customers receive an equally beneficial or better price. Whenever possible, we request transactions in the same security are not transacted by related persons on the same day as those transacted in client accounts.

Item 13 REVIEW OF ACCOUNTS

The money managers and investment team members typically meet on a weekly basis to review selected accounts and discuss strategies. Client statements are reviewed by senior money managers, Susan Williams and/or Scott Long, or their designees prior to each quarterly mailing to the customers. Quarterly statements include an asset summary statement, allocation analysis, performance review/analysis, and an index comparison. Clients will also receive a statement from

September 28, 2018

the custodian Schwab Advisory Services no less than quarterly. Clients should carefully review and compare their statements to those received from SGL Investment Advisors, Inc. and Schwab Advisory Services. Please notify our compliance department immediately of any discrepancies. You may send inquiries to Operations/Compliance, 283 W. Front Street, Suite 302, Missoula, MT 59802.

Item 14 CLIENT REFERRALS AND OTHER COMPENSATION

SGL Investment Advisors, Inc. does not seek investment advice or compensate other entities for advisory services to our customers.

Financial Advisors with S.G. Long & Company commonly refer customers to SGL Investment Advisors, Inc. and further act in the capacity of an ongoing relationship manager. The relationship manager refers the customer and functions as a contact person to assist customers with questions about the services provided by the Investment Advisory firm. The relationship managers are registered individuals and receive compensation based on a percentage of the fees collected by SGL Investment Advisors, Inc.

SGL Investment Advisors, Inc. and S.G. Long & Company are under the common ownership of SG Long Financial Services, Corp. The officers, directors, and many of the employees work for both firms in some manner and may receive compensation in some form purely due to the nature of the relationship.

Item 15 CUSTODY

Customer accounts are typically held by Schwab Advisory Services and/or RBC. SGL Investment Advisors, Inc. does not maintain physical custody of client assets. Typically clients authorize SGLIA to collect fees from their account. In that circumstance, SGLIA sends an invoice for payment to the qualified custodian who debits the customer account. Due to the ability of SGL Investment Advisors, Inc. to request direct debits for payment of fee it is considered to have custody from a regulatory standpoint.

Item 16 INVESTMENT DISCRETION

SGL Investment Advisors has discretion on all customer accounts participating in its management services. Customers are informed and agree upon the use of discretion as outlined in their account application for services. SGL Investment Advisors, Inc. does not accept or manage accounts on a non-discretionary basis.

Item 17 VOTING CLIENT SECURITIES

As a matter of firm policy and practice, we do not have any authority to and do not vote proxies on behalf of our clients. Clients retain the responsibility for receiving and voting proxies for any and all securities maintained in their portfolios. Customers will receive their proxies via mail directly from Schwab Advisory Services. If a customer has a specific question regarding the voting of proxies, they should contact our Operations/Compliance Department for further information.

Item 18 FINANCIAL INFORMATION

Registered investment advisors are required, under certain conditions, to provide you with financial information or disclosures about our financial condition. SGL Investment Advisors, Inc. does not have any required disclosures to report. The firm has no financial commitments that would impair our ability to meet contractual and fiduciary commitments to our clients and has not been the subject of a bankruptcy proceeding.

Schwab provides SGLIA with access to its institutional trading and custody services, which are typically not available to Schwab retail investors. These services generally are available to independent investment advisor on an unsolicited basis, at no charge to them so long as a total of at least \$10 million of the advisor's clients' assets are maintained in accounts at Schwab Advisor Services. Schwab's servicers include brokerage services that are related to the execution of securities transactions, custody, research, including that in the form of advice, analyses and reports, and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment.

Schwab also makes available to SGLIA other products and services that benefit SGLIA but may not benefit its clients' accounts. These benefits may include national, regional or SGLIA specific educational events organized and/or sponsored by Schwab Advisor Services. Other potential benefits may include occasional business entertainment of personnel of SGLIA by Schwab Advisor Services personnel including meals, invitation to sporting events, including golf tournaments, and other forms of entertainment, some of which may accompany educational opportunities. Other of these products

and services assist SGLIA in managing and administering clients' accounts. These include software and other technology (and related technology training) that provide access to client account data (such as trade confirmation and account statements), facilitate trader execution (and allocation of aggregated trade orders for multiple client accounts), provide research, pricing information and other market data, facilitate payment of SGLIA's fees from its clients' accounts, and assist with back-office training and support functions, recordkeeping and client reporting. Many of these services generally may be used to service all or some substantial number of SGLIA's accounts, including accounts not maintained at Schwab Advisor Services. Schwab Advisor Services also makes available to SGLIA other services intended to help SGLIA to manage and further develop its business enterprise. These may include professional compliance, legal and business consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance, employee benefits providers, human capital consultants, insurance and marketing. In addition, Schwab may make available, arrange and/or pay vendors for these types of services or pay all or part of the fees of a third-party providing these services to SGLIA. While, as a fiduciary, SGLIA endeavors to act in its clients' best interests, SGLIA's recommendation that clients maintain their assets in accounts at Schwab may be based in part on the benefit to SGLIA of the availability of some of the foregoing products and services and other arrangement and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which may create a potential conflict of interest.
