ITEM 4 - ADVISORY BUSINESS

Our Company & Principals

PWMG is an SEC registered investment adviser with its principal place of business located in Guaynabo, Puerto Rico. It was established in February 2008. Francisco Rivera Fernandez, is its founder and President. Eduardo Sotomayor is the Chief Compliance Officer.

Type of Services We Offer

We provide investment advisory services, financial planning, tax planning, estate planning, and retirement planning for individuals, corporations, trusts, and other entities. Our investment advisory services are fee-based. Most of our client accounts are managed on a discretionary basis, although we do offer our services on a non-discretionary basis. We may also furnish advice via consultations on various matters as directed and contracted by you. Please see item 7, for the type of clients for whom we manage assets.

Customization of Accounts & Restrictions on Investments

Our services are offered to you only after obtaining detailed financial information and other pertinent data about your current situation and financial goals. Once we have completed assessing your needs we evaluate our complete universe of investment research and managers to build the optimal portfolio with careful consideration of your risk tolerance, investment objectives, income and liquidity needs.

As mutually agreed to by us, you may restrict certain type of investments in your account.

Client Assets Managed by Us

As of December 31, 2017, our total assets under management is \$ 51,628,282. The discretionary portion of these assets is \$ 47,548,143, and the non-discretionary portion of the assets is \$ 40,80,139.00.

Use of Sub-Advisors

PWMG may provide recommendations to the client to utilize one or more specific subadviser(s) (individually “Sub-Adviser” and collectively Sub-Advisers) to manage Account or a portion of the assets of Account. PWMG will conduct due diligence of any recommended Sub-Adviser and monitor the performance of Sub-Adviser with respect to the Sub-Advisor’s management of the designated assets of Account relative to appropriate peers and/or benchmarks. PWMG will be available to answer questions Client may have regarding any portion of Client’s Account managed by a Sub-Adviser and will act as the communication conduit between Client and the Sub-Adviser. The recommendation of Sub-Advisers, or other products and funds, may be done on a discretionary or non-discretionary basis with the specific terms outlined in the Advisory Agreement. When a client authorizes PWMG to have the ability to select Sub-Advisers or other products and funds on a discretionary basis, PWMG will have the authority to select and terminate Sub-Advisers, products or funds without the client’s specific approval.

ITEM 5- FEES AND COMPENSATION

Compensation

PWMG fees are negotiable and based upon the type of services you need, household assets under management (related accounts) and the size of your portfolio. Our maximum fee for management services will not exceed 2.0% of the total account value of your portfolio. This fee is calculated at the end of the quarter, based upon the average daily balance of your portfolio during the prior quarter. This will include cash, and cash equivalent items.

Deduction of our fees

With your authorization, the management fee(s) for your account will automatically be deducted from available cash or your money market fund.

Other Fees You May Pay

In addition to management fees your account may incur the following charges: Custody, transaction fees, transfer fees, wire fees, priority mail or postage, mutual fund fees (management & administrative), brokerage fees and commissions (or markup/down), margin interest (if margin account.)

See Item 12 for additional information about your brokerage fees.

Payment of Fees in advance and Account Termination

We will calculate your fees from the date your account is funded, pro-rated on your funding balance through the end of the quarter. That fee will be deducted from your available cash or money market account. All quarterly fees will be calculated at the end of each calendar quarter, based on the average daily balance of the account, including cash and cash equivalent items during the prior quarter, and charged in advance for the following quarter. Upon your termination of your account, your fee will be pro-rated and all unearned fees will be credited or refunded to you. You will only be charged fees for the actual days your portfolio is managed by us.

Other Compensation We May Receive

PWMG has an affiliated broker dealer, Pariter Securities, LLC (PS). As of December 2016, we no longer refer our clients to Pariter Securities for execution services but instead, will clear and custody account through TD Ameritrade or ETS Brokerage Services.

PS has an agreement in place with Axiom Capital Management, LLC (“Axiom”) whereby all persons or entities referred to Ascendent Capital, LLC (“Ascendent”), a branch office of Axiom, by PS that subscribe to GPB managed funds, Axiom will assign a 40% share of Ascendent’s membership interest in GPB SLP, LLC based on a pro-rata share of investors PS brings into the fund. GPB, SLP, LLC is the entity that is entitled to receive the profits allocations from GPB managed funds. This additional compensation arrangement for PS may present a conflict of interest for PWMG. In making investment recommendations, PWMG will consider your investment objectives and goals and that an investment in GPB managed funds is in your best interest.

As discussed in Item 4, PWMG offers advisory services by referring clients to third-party money managers offering asset management and other investment advisory services. Sub-advisors may charge additional fees as disclosed in the sub-advisory agreement the client signs.

Our advisory fees will not be reduced in the event of PS’s receipt of other compensation. You have the option to direct the activity in your account through a broker dealer that is not affiliated with us.

For additional information please see Item 14, Client Referrals and Other Compensation.

ITEM 6 - PERFORMANCE BASED FEES and SIDE-BY-SIDE MANAGEMENT

Pariter Wealth Management Group, LLC does not manage accounts for a performance-based fee or participate in side-by-side management. Performance based fees are fees that are based on a share of capital gains or capital appreciation of a client’s account. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance-based fees.

ITEM 7 - TYPES OF CLIENTS

PWMG provides investment advisory services to individuals, high net worth individuals, corporations and business owners. We also offer investment management services to pension and profit-sharing plans, institutions, foundations, and endowments.

ITEM 8 - METHODS OF ANALYSIS, INVESTMENT STRATEGIES and RISK OF LOSS

We primarily offer a fee based investment platform on a discretionary basis based on your financial goals, suitability and risk tolerance.

Our process starts with several steps of analysis for us to determine the proper and prudent recommendation(s) for your portfolio:

1. **Data Gathering** of your financial situation, goals and income or liquidity needs for your account.
2. **Analysis** of the available financial strategies applicable to your situation.
3. **Implementation** of an individualized portfolio based on the objectives you have identified.
4. **Follow up** of the investments and continuous monitoring of your portfolio.

In order to accomplish your goals, we may invest in multiple market sectors, global markets and products such as stocks, bonds, open end and closed end funds, ETF s, real estate investments trusts (REIT s), limited partnerships, private placements, annuities and others with the goal of minimizing risk and providing the proper diversification according to your stated objectives.

Through the analysis process, PWMG utilizes different sources of information and market overview such as Morningstar, Bloomberg, Thompson One Reuters, Closed End Fund Association (CEFA) and others.

Performance and capital preservation are not guaranteed; constantly changing market conditions create the necessity of constantly reevaluating your portfolio. On a periodic basis each and every position and sector of your portfolio will be analyzed. Depending on the market conditions, positions and sectors that have a poor performance and/or outlook will be taken out of the strategy. On the contrary, if a position or a sector provide a positive outlook and fits your risk tolerance and strategy; it will be implemented for your portfolio. Our asset rebalancing process is implemented according to the appreciation or depreciation of the assets in your portfolio. The overexposed positions (sectors) will be sold to acquire positions (sectors) that are underexposed in that portfolio.

One of the most important criteria to be analyzed is the cost effectiveness of the selected product(s). During the selection process, we will take into consideration aspects such as fund loads, fees and any other expense that could affect your returns.

Risk

The investment returns and principal value on the stocks, open end and closed end mutual funds, and bonds fluctuate, and may be worth more or less than their original cost. Closed

end mutual funds trade on the secondary market and carry a liquidity risk; our financial consultant may utilize leverage strategies to enhanced the yield. On the other hand, leverage may increase price volatility and market risk. Investment instruments like REITs and limited Partnerships do not trade on the secondary market and do not have immediate liquidity. You may only invest in this type of an investment if you are an accredited investor.

ITEM 9 - DISCIPLINARY INFORMATION

Registered investment advisers are required in this item to provide you with all material facts regarding any legal or disciplinary events that would be material to your evaluation of PWMG.

No disciplinary events exist for PWMG or its management. In December 2015, PWMG's affiliate, Pariter Securities, LLC was censured and fined \$10,000 by its self-regulatory agency FINRA for violations of NASD Rule 3010(a) and FINRA Rule 2010. Without admitting or denying the finding of facts, Pariter Securities, LLC consented to the sanctions and the entry of finding that it failed to adequately establish, maintain and enforce a supervisory system to prevent its registered representatives from exercising discretionary power in customer accounts prior to obtaining written authorization granted from the customers and acceptance by the firm.

ITEM 10 - OTHER FINANCIAL INDUSTRY ACTIVITIES and AFFILIATIONS

PWMG is an affiliate of Pariter Securities, LLC, a registered broker/dealer and member of FINRA (Financial Industry Regulatory Authority) and SIPC (Securities Investor Protection Corporation). PWMG is also an affiliate of Pariter Risk Management, an insurance agency. As such, investment adviser representatives of PWMG are licensed to sell securities and insurance products for separate commission based compensation. As a result of such sales activity, there may be a potential conflict of interest.

Some of the employees of PWMG may work for one, or more of the affiliated companies. However, their services are primarily offered through PWMG; the time generally spent with the other affiliates is for the purpose of executing and implementing the investment decisions made by and through PWMG.

ITEM 11 - CODE OF ETHICS

PWMG has adopted a Code of Ethics for all supervised persons of the firm describing its high standard of business conduct, and fiduciary duty to its clients. The Code of Ethics includes provisions relating to the confidentiality of client information, a prohibition on insider trading, restrictions on the acceptance of significant gifts and the reporting of certain gifts and business entertainment items, and personal securities trading procedures, among other things. All supervised persons at PWMG must acknowledge our Code of Ethics annually.

If you would like a copy of this document, please request it from the contact person shown on the top of this brochure.

ITEM 12 - BROKERAGE PRACTICES

A. Factors in recommending or selecting brokers to execute trades

1. Research or Soft Dollar Benefits

PWMG participates in the institutional advisor program (the “Program”) offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member FINRA/SIPC (“TD Ameritrade”), an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers to independent investment advisors services which include custody of securities, trade execution, clearance and settlement of transactions. PWMG receives some benefits from TD Ameritrade through its participation in the Program. (Please see the disclosure under item 14 below.)

2. Brokerage for Client Referrals.

In our selection or recommendation of broker/dealers for your account we do not consider any referrals from any broker/dealer or third party.

3. Directed Brokerage.

Not all advisers require clients to direct brokerage. With your permission we will direct your business through one of our custodial broker/dealers ETC Brokerage Services. LLC. In the event a client directs PWMG to use another broker/dealer, the client may negotiate their own arrangement with that broker/dealer in accordance with their own needs. In this event PWMG will not be responsible for monitoring best execution.

B. Aggregation of Trades

When possible we will aggregate trades, and allocate them to the applicable account. Aggregated trades normally provide the lowest execution cost.

C. Agency Cross Securities Transactions and Principal Transactions

It is our policy that the firm will not do any “agency cross securities transactions”. An “agency cross transaction” is defined as a transaction where a person acts as an investment adviser in relation to a transaction in which the investment adviser, or any person controlled by or under common control with the investment adviser, acts as broker for both the advisory client and for another person on the other side of the transaction.

ITEM 13 - REVIEW OF ACCOUNTS

We review your account on a transactional as well as a quarterly basis. On a random basis your financial consultant’s supervisor will select accounts to review.

ITEM 14 - CLIENT REFFERALS and OTHER COMPENSATION

A solicitor is defined as a third-party (non-employee) who solicits or refers new investment advisory clients to an investment adviser. PWMG may use the services of solicitors and pay cash compensation to the solicitor for referring prospective advisory clients to PWMG. The solicitor’s cash compensation is based on a percentage of advisory fess received by PWMG from a solicited client. Client investment advisory fees are not increased as a result of payments made to solicitors.

PWMG may use research information provided by our custodians, TD Ameritrade and ETC Brokerage Services, LLC. As disclosed in Item 12 above, PWMG participates in TD Ameritrade’s institutional customer program and PWMG may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between PWMG’s participation in the program and the investment advice it gives to its Clients, although PWMG receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving PWMG participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance,

marketing, research, technology, and practice management products or services provided to PWMG by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by PWMG's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit PWMG but may not benefit its Client accounts. These products or services may assist PWMG in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help PWMG manage and further develop its business enterprise. The benefits received by PWMG or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, PWMG endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by PWMG or its related persons in and of itself creates a potential conflict of interest and may indirectly influence PWMG's choice of TD Ameritrade for custody and brokerage services.

Additional Services

PWMG also receives from TD Ameritrade certain additional economic benefits ("Additional Services") that may or may not be offered to any other independent investment a participating in the program. Specifically, the Additional Services include Bloomberg, E-Money, Orion, Thompson Reuters, Redtail, Riskalyze, Laser App, & NYSE.

TD Ameritrade provides the Additional Services to PWMG in its sole discretion and at its own expense, and PWMG does not pay any fees to TD Ameritrade for the Additional Services. PWMG and TD Ameritrade have entered into a separate agreement ("Additional Services Addendum") to govern the terms of the provision of the Additional Services.

PWMG's receipt of Additional Services raises potential conflicts of interest. In providing Additional Services to PWMG, TD Ameritrade most likely considers the amount and profitability to TD Ameritrade of the assets in, and trades placed for, PWMG's Client accounts maintained with TD Ameritrade. TD Ameritrade has the right to terminate the Additional Services Addendum with PWMG, in its sole discretion, provided certain conditions are met. Consequently, in order to continue to obtain the Additional Services from TD Ameritrade, PWMG may have an incentive to recommend to its Clients that the assets under management by PWMG be held in custody with TD Ameritrade and to place transactions for Client accounts with TD Ameritrade. PWMG's receipt of Additional Services does not diminish its duty to act in the best interests of its Clients, including to seek best execution of trades for Client accounts.

ITEM 15 - CUSTODY

PWMG does not have custody of any of the assets in your account. Your account assets will

be held by TD Ameritrade and/or Equity Trust Company, independent, qualified custodians. Occasionally, investments in funds or private placement securities will be held directly with the fund or issuer. The custodian will send you trade confirmations for any trading that we do on your behalf. They will provide you with monthly statements that include all of the transactions in your account. If there is no activity in your account, the statement will be sent quarterly. You should review these statements promptly when you receive them.

ITEM 16 - INVESTMENT DISCRETION

Clients may engage Pariter Wealth Management Group LLC services on either a discretionary or a non-discretionary basis. In the event you decide to contract PWMG on a discretionary basis, PWMG may have broad discretionary authority to determine the time, type and amount of securities to be bought or sold. In all cases, our discretion will be exercised in a manner consistent with the stated investment objectives for your account. When we select the securities and amount of those securities, we observe the investment limitations and restrictions you have given us for your account.

PWMG will not accept discretion for the transfer of your assets, or withdrawals from your account; you must authorize such activity in writing to us.

See Item 4 above, for more information.

ITEM 17 - VOTING CLIENT SECURITIES

PWMG does not vote proxies on behalf of its investment advisory clients. You will receive proxy voting material direct from the issuer, transfer agent or custodian and will be responsible for voting your own proxies.

PWMG does not tender instructions for securities pursuant to tender offers or class actions. You will be responsible for initiating participation in tender offers or class actions by securities issuers.

ITEM 18 - FINANCIAL INFORMATION

Registered investment advisers are required in this item to provide you with certain financial

information or disclosures about PWMG's financial condition. PWMG has no financial commitment that impairs its ability to meet contractual and fiduciary commitments to its clients and has not been the subject of a bankruptcy proceeding.
