The information about the above named supervised persons, set forth below, supplements the Jyske Global Asset Management “Firm Brochure”. You should have received a copy of that brochure. Please contact the Business Development Department or Chief Compliance Officer if you did not receive Jyske Global Asset Management’s “Firm Brochure” or if you have any questions about the contents of this brochure.

“Supervised persons” within Jyske Global Asset Management covered by the Brochure Supplement are identified as persons who: (i) formulate investment advice for clients and have direct client contact; or (ii) make discretionary investment decisions for clients’ assets, even if the supervised person has no direct client contact. Hence, this Brochure Supplement provides information on JGAM Portfolio Managers / Senior Portfolio Managers (who have the daily client contact) and members of the JGAM Investment Committee (which makes the investment decisions for Managed Accounts and decides on recommendations for Advisory Accounts).

In the information about each supervised person provided below:

“Educational background” refers to the supervised person’s post-high school education.

“Business background” refers to the supervised person’s business experience for the last 5 years.

“Disciplinary information” refers to legal or disciplinary events that are material to your evaluation of the supervised person, such as civil lawsuits, proceedings before a government or self-regulatory agency relating to investment activity, or criminal proceedings.

“Other business activities” refers to whether the supervised person is actively engaged in any investment-related business or occupation other than his or her employment by JGAM.

“Additional compensation” refers to whether the supervised person receives an economic benefit for providing investment advice other than his or her regular salary and regular bonus from JGAM.

Jyske Global Asset Management, March 2011

“Supervisor” refers to the person at JGAM who supervises the supervised person’s investment activities on behalf of the firm. The supervision takes place in various forms: attending client meetings and seminars, listening to the supervised persons’ telephone conversations with clients, regular meetings with the supervised persons and handling client complaints. In addition, there are a number of internal controls related to the supervised persons where reporting is made to the President/CEO.

The brochure has not been approved by the Securities and Exchange Commission (the SEC) or any state securities authority.
