(Do not use this Schedule as a continuation sheet for Form ADV Part I or any other schedules.)

1. Full name of applicant exactly as stated in Item 1A of Part I of Form ADV: Horizon Point Wealth Management, LLC		IRS Empl. Ident. No.: PENDING
Item of Form (identify)	Answer	
1D	<p>Horizon Point Wealth Management, LLC (the “Registrant”) is an investment adviser providing financial planning and investment management services to individuals, pension and profit sharing plans, trusts, estates, and charitable organizations. The Registrant offers its services on a fee basis based upon assets under management. Alternatively, certain of the Registrant’s <i>Advisory Affiliates</i> may offer securities brokerage services and insurance products under a commission arrangement, which may be used to offset the Registrant’s fees (as discussed below). Prior to engaging the Registrant to provide any of the foregoing investment advisory services, the client will be required to enter into one or more written agreements with the Registrant setting forth the terms and conditions under which the Registrant shall render its services (collectively the “Agreement”).</p> <p>The Registrant may provide its clients with a broad range of comprehensive financial planning services. The Registrant will not charge a separate fee for financial planning, but rather offers it as part of the Registrant’s overall investment advisory process. Prior to engaging the Registrant to provide financial planning services, the client will generally be required to enter into a written agreement with the Registrant setting forth the terms and conditions of the engagement.</p> <p>In performing its services, the Registrant shall not be required to verify any information received from the client or from the client’s other professionals (e.g., attorney, accountant, etc.) and is expressly authorized to rely on such information. The Registrant may recommend the services of itself, its <i>Advisory Affiliates</i> in their individual capacities as registered representatives of a broker-dealer, and/or other professionals to implement its recommendations. Clients are advised that a conflict of interest exists if the Registrant recommends its own services. The client is under no obligation to act upon any of the recommendations made by the Registrant under a financial planning engagement and/or engage the services of any such recommended professional, including the Registrant itself. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any of the Registrant’s recommendations. Moreover, each client is advised that it remains his/her/its responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing, evaluating, or revising the Registrant’s previous recommendations and/or services.</p> <p>In the event the client determines to engage the Registrant to provide investment management services, the Registrant shall do so on a fee basis. If engaged, the Registrant shall charge an annual fee based upon a percentage of the market value of the assets being managed by the Registrant. As discussed in response to Item 12B (below), the Registrant’s annual fee is exclusive of, and in addition to brokerage commissions, transaction fees, and other related costs and expenses which shall be incurred by the client. However, the Registrant shall not receive any portion of these commissions, fees, and costs. The Registrant’s annual fee shall be prorated and charged quarterly, in advance, based upon the market value of the assets on the last day of the previous quarter. The annual fee shall vary (between 0.25% and 1.50%) depending upon the market value of the assets under management and the type of investment management services to be rendered, as follows.</p> <p>The Registrant offers advice on each type of investment described in Part II of Form ADV (Item 3). However, the Registrant intends to primarily allocate its client’s investment management assets, on a discretionary and/or a non-discretionary basis among mutual funds, exchange traded funds, and individual equity securities in accordance with the investment objectives of the client.</p> <p>As further discussed in response to Item 12B (below), the Registrant shall generally recommend that clients utilize the brokerage and clearing services of Charles Schwab & Co., Inc. (“<i>Schwab</i>”) for investment management accounts.</p> <p>The Registrant may only implement its investment management recommendations after the client has arranged for and furnished the Registrant with all information and authorization regarding accounts with appropriate financial institutions. Financial institutions shall include, but are not limited to, <i>Schwab</i>, any other broker-dealer recommended by the Registrant, broker-dealer directed by the client, trust companies, banks etc. (collectively referred to herein as the “<i>Financial Institution(s)</i>”).</p>	

Clients may incur certain charges imposed by the *Financial Institution(s)* and other third parties such as fees charged by *Independent Managers* (as defined below), custodial fees, charges imposed directly by a mutual fund or exchange traded fund in the account, which shall be disclosed in the fund's prospectus (e.g., fund management fees and other fund expenses), deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Additionally, for assets outside of any wrap fee programs, clients may incur brokerage commissions and transaction fees. Such charges, fees and commissions are exclusive of and in addition to the Registrant's fee.

The Registrant's *Agreement* and/or the separate agreement with the *Financial Institution(s)* may authorize the Registrant through the *Financial Institution(s)* to debit the client's account for the amount of the Registrant's fee and to directly remit that management fee to the Registrant in accordance with applicable custody rules. The *Financial Institution(s)* recommended by the Registrant have agreed to send a statement to the client, at least quarterly, indicating all amounts disbursed from the account including the amount of management fees paid directly to the Registrant.

The Registrant may also recommend that certain clients authorize the active discretionary management of a portion of their assets by and/or among certain independent investment manager(s) either directly or through a wrap fee program ("*Independent Manager(s)*"), based upon the stated investment objectives of the client. The terms and conditions under which the client shall engage the *Independent Manager(s)* shall be set forth in separate written agreements between (1) the client and the Registrant and (2) the client and the designated *Independent Manager(s)* and/or wrap fee program sponsor. The Registrant shall continue to render advisory services to the client relative to the ongoing monitoring and review of account performance, for which the Registrant shall receive an annual advisory fee which is based upon a percentage of the market value of the assets being managed by the designated *Independent Manager(s)*. Factors that the Registrant shall consider in recommending *Independent Manager(s)* include the client's stated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research. The investment management fees charged by the designated *Independent Manager(s)*, together with the fees charged by the wrap fee program sponsor and corresponding designated broker-dealer/custodian of the client's assets, may be exclusive of, and in addition to, the Registrant's investment advisory fee set forth above. As discussed above, the client may incur additional fees than those charged by the Registrant, the designated *Independent Manager(s)*, wrap fee program sponsor (if applicable), and corresponding broker-dealer and custodian.

In addition to the Registrant's written disclosure statement, the client shall also receive the written disclosure statement of the designated *Independent Manager(s)* and wrap fee program sponsor (if applicable). Certain *Independent Manager(s)* may impose more restrictive account requirements and varying billing practices than the Registrant. In such instances, the Registrant may alter its corresponding account requirements and/or billing practices to accommodate those of the *Independent Manager(s)* or wrap fee program sponsor.

If the Registrant refers a client to certain *Independent Manager(s)* where the Registrant's compensation is included in the advisory fee charged by such *Independent Manager(s)* and the client engages those *Independent Manager(s)*, the Registrant shall be compensated for its services by receipt of a fee to be paid directly by the *Independent Manager(s)* to the Registrant in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, as amended, and any corresponding state securities laws, rules, regulations, or requirements. Any such fee shall be paid solely from the *Independent Manager(s)* investment management fee or the program fee of the wrap fee program (as appropriate), and shall not result in any additional charge to the client.

The Registrant also may render non-discretionary investment management services to clients relative to: (1) variable life/annuity products that they may own, and/or (2) their individual employer-sponsored retirement plans. In so doing, the Registrant either directs or recommends the allocation of client assets among the various mutual fund subdivisions that comprise the variable life/annuity product or the retirement plan. The client assets shall be maintained at either the specific insurance company that issued the variable life/annuity product which is owned by the client, or at the custodian designated by the sponsor of the client's retirement plan.

The client may make additions to and withdrawals from the account at any time, subject to the Registrant's right to terminate an account. If assets are deposited into or withdrawn from an account after the inception of a quarter, the fee payable with respect to such assets will not be adjusted or prorated based on the number of days remaining in the quarter. Clients may withdraw account assets

on notice to the Registrant, subject to the usual and customary securities settlement procedures. The Registrant designs its portfolios as long-term investments and assets withdrawals may impair the achievement of a client's investment objectives.

For the initial quarter of investment management services, the first quarter's fees shall be calculated on a *pro rata* basis. The *Agreement* between the Registrant and the client will continue in effect until terminated by either party pursuant to the terms of the *Agreement*. The Registrant's annual fee shall be prorated through the date of termination and any remaining balance shall be charged or refunded to the client, as appropriate, in a timely manner.

Additions may be in cash or securities provided that the Registrant reserves the right to liquidate any transferred securities, or decline to accept particular securities into a client's account. The Registrant may consult with its clients about the options and ramifications of transferring securities. However, clients are advised that when transferred securities are liquidated, they are subject to transaction fees, fees assessed at the mutual fund level (i.e. contingent deferred sales charge) and/or tax ramifications.

The Registrant's clients are advised to promptly notify the Registrant if there are ever any changes in their financial situation or investment objectives or if they wish to impose any reasonable restrictions upon the Registrant's management services.

Neither the Registrant nor the client may assign the *Agreement* without the consent of the other party. Transactions that do not result in a change of actual control or management of the Registrant shall not be considered an assignment.

A copy of the Registrant's privacy policy notice and a written disclosure statement that meets the requirements of Rule 204-3 of the Investment Advisers Act of 1940, as amended ("Advisers Act"), shall be provided to each client prior to or contemporaneously with the execution of the *Agreement*. Any client who has not received a copy of the Registrant's written disclosure statement at least forty-eight (48) hours prior to executing the *Agreement* shall have five (5) business days subsequent to executing the agreement to terminate the Registrant's services without penalty.

The Registrant may vote proxies on behalf of its clients. When the Registrant accepts such responsibility, it will only cast proxy votes in a manner consistent with the best interest of its clients. Absent special circumstances, which are fully- described in the Registrant's Proxy Voting Policies and Procedures, all proxies will be voted consistent with guidelines established and described in the Registrant's Proxy Voting Policies and Procedures, as they may be amended from time-to-time. At any time, clients may contact the Registrant to request information about how Registrant voted proxies for that client's securities or to get a copy of the Registrant's Proxy Voting Policies and Procedures. A brief summary of the Registrant's Proxy Voting Policies and Procedures is as follows:

- The Registrant has formed a Proxy Voting Committee that will be responsible for monitoring corporate actions, making voting decisions in the best interest of clients, and ensuring that proxies are submitted in a timely manner.
- The Proxy Voting Committee will generally vote proxies according to the Registrant's then current Proxy Voting Guidelines. The Proxy Voting Guidelines include many specific examples of voting decisions for the types of proposals that are most frequently presented, including: composition of the board of directors; approval of independent auditors; management and director compensation; anti-takeover mechanisms and related issues; changes to capital structure; corporate and social policy issues; and issues involving mutual funds.
- Although the Proxy Voting Guidelines are to be followed as a general policy, certain issues will be considered on a case-by-case basis based on the relevant facts and circumstances. Since corporate governance issues are diverse and continually evolving, the Registrant shall devote an appropriate amount of time and resources to monitor these changes.
- In situations where there may be a conflict of interest in the voting of proxies due to business or personal relationships that the Registrant maintains with persons having an interest in the outcome of certain votes, the Registrant will take appropriate steps to ensure that its proxy voting decisions are made in the best interest of its clients and are not the product of such conflict.

VISION2020	<p>As further discussed below, certain of the Registrants <i>Advisory Affiliates</i> are also registered representatives of AIG Financial Advisors, Inc., (“AIGFA”), a SEC registered broker dealer and investment adviser and member of FINRA. AIGFA does not provide any investment advisory services in conjunction with or as part of the financial planning and/or investment advisory services provided by the Registrant. The VISION2020 Advisor Program (the "Program") is sponsored by AIGFA.</p> <p>The Program provides comprehensive investment management of client assets through the provision of asset allocation planning software as well as execution, clearing and custodial services. With respect to its asset allocation services, the Program utilizes Ibbotson Associates to provide clients access to risk tolerance assessment, efficient frontier plotting, fund profiling and performance data, as well as portfolio optimization and re-balancing tools.</p> <p>The Registrant offers the Program to its advisory clients on either a discretionary or a non-discretionary basis. The client, through an agreement, will authorize the Registrant to manage Program accounts for its clients on a discretionary or non-discretionary basis. The Registrant will recommend load waived and no-load mutual funds, and other equity and debt securities. The Registrant may involve the sale of options and/or the use of other option strategies. The Registrant may also involve the use of borrowed money, or the use of “margin” within the account.</p> <p>In a discretionary account, the Registrant will have discretionary limited buying and selling authority in the account on an as needed basis. In a non-discretionary account, the Registrant will recommend load waived and no-load mutual funds, and other equity and debt securities, for review and approval by their clients. The Registrant will only purchase or sell securities, which have been approved by clients in advance. Also, standing agreements signed by the client to maintain prior agreed upon static reallocation will not be considered use of discretion by the Registrant.</p> <p>In addition, upon prior agreement with the Registrant and its clients, clients may grant the Registrant limited discretion authorizing to hold, buy or sell securities in their accounts.</p> <p>The Program offers both a wrap and an unbundled pricing structure. Client should be aware that the same or similar services may be available elsewhere at a lower cost. The wrap pricing structure allows the Client to pay an all-inclusive fee for management, execution and administrative services. Clients should consider that depending upon the level of the wrap fee charges, the amount of portfolio activity in their accounts, the value of services that are provided under the Program, and other factors, the wrap fee may or may not exceed the aggregate cost of services if they were to be provided separately. As an alternative to the wrap pricing structure, the transaction charges can be unbundled from the advisory and administrative fees. This pricing arrangement may be more cost effective for accounts that do not experience frequent trading activity. Depending on the level of trading activity in the account, Clients may or may not pay higher total costs than the wrap pricing structure.</p> <p>For further details on the Program, including costs, please refer to the VISION2020 Advisor Schedule H Wrap Brochure.</p>
ModelFolios	<p>In addition, the Registrant may also offer its clients the ModelFolios Program (“ModelFolios Program”). The ModelFolios Program is a fee based advisory program that permits clients to pay an annual fee based upon a percentage of the value of the assets held in the account. There are no transaction charges attributable to the ModelFolios Program. The mutual funds involved are load waived or no-load mutual funds. The cost of purchasing and holding mutual fund shares through the ModelFolios Program may be more or less than investing in mutual fund shares in a traditional brokerage account, depending upon the amount of the advisory fees and the specific mutual funds selected for investment within the program. Based upon the risk tolerance of each client, the ModelFolios Program utilizes a system that selects a specific allocation of funds within a portfolio of mutual funds and executes the strategy by investment in the specific funds identified and provides continuous monitoring and review of the accounts. The mutual funds available for use within the ModelFolios Program consist primarily of either AIG Sun America Funds or certain selected Russell Investment Company Funds. The AIG Sun America Funds are managed by AIG Sun America Asset Management Company (SAAMCo). AIG Sun America is an affiliate of AIGFA. If AIG Sun America Funds are selected, the assets within the client account will be invested by the Registrant with the assistance of SAAMCo, in a recommended model portfolio of in AIG Sun America Funds allocated in a manner suitable to the risk tolerance and investment objectives of the client. The portfolio of AIG Sun America Funds within the client account will be periodically rebalanced by the Registrant with</p>

There can be no assurance that any of the investment goals for the client account will be met or that the net return on an investment in a portfolio of the funds will exceed what could have been obtained through other investment or savings strategies. The Russell Investment Company Funds (“Russell Funds”) are managed by Russell Investment Management Company and other managers as disclosed by the respective prospectus for each of the Russell Funds. Based on the risk tolerance and investment objectives of the client, the Russell Investment Management Company shall provide recommendations for a model portfolio of selected Russell Funds suitable for the investment of the assets within a client account. The Registrant will be responsible for effecting the purchases for the client account of the Russell Funds recommended and selected for the model portfolio. The portfolio of Russell Funds within the client account will be periodically rebalanced in accordance with the model portfolio recommendations provided by Russell Investment Management Company. There can be no assurance that any of the investment goals for the client account will be met or that the net return on an investment in a portfolio of the funds will exceed what could have been obtained through other investment or savings strategies. Pursuant to the client agreements for the ModelFolios Program, the Registrant, through its respective representatives and agents, are granted discretion to buy, exchange, redeem, hold or otherwise trade shares of the mutual funds that make up the portfolio of funds within the client accounts. All mutual funds comprising the portfolio of funds will be purchased at Net Asset Value without the imposition of any sales charges. In addition with respect to AIG Sun America Funds, the distribution or 12b-1 fees charged by the AIG Sun America Funds, if any, not credited back to the funds as well as any management fees charged by SAAMCO in connection with the AIG Sun America Funds comprising the portfolio of funds within the client account, will be deducted in calculating the advisory fee payable to the Registrant with respect to the client account. No 12b-1 Fees are charged with respect to the Russell Funds available pursuant to the Program.</p> <p>The Registrant through its representatives and agents, including SAAMCo with respect to AIG Sun America Funds and Russell Investment Management Company with respect to the Russell Funds, will review the client accounts and will engage in automatic rebalancing transactions whenever deemed suitable for the account in accordance with the investment objectives of the client. All assets will be in the custody of Pershing LLC, a registered broker dealer. Pershing LLC will provide statements of account to each client including consolidated monthly statements, quarterly statements and year-end tax reports. The Registrant shall provide quarterly performance reports. Fees payable to the Registrant will be deducted from the accounts quarterly and reflected within the statements provided to the clients. Fees may be negotiable depending upon the amount of assets under management, the nature and extent of account relationships between the Registrant and its affiliates with the client, the type of services requested and other factors that the Registrant deems relevant to the advisory services relating to the ModelFolios Program.</p> <p>The ModelFolios Program is sponsored by AIG Financial Advisors, Inc. As Program sponsor, AIGFA has created a Program Brochure which will be distributed to the Registrant’s clients prior to or concurrent with their engagement in the ModelFolios Program. Clients should read it thoroughly before investing. Clients selecting the ModelFolios Program are charged annual fees based upon the amount under management. Fees are negotiable and range from a maximum annual fee of 3.00% of the assets under management that may be collected by AIGFA and all its affiliates to a low of 0.80% which is the fee charged to clients with \$25,000,000 or more under management. Fee schedules are provided to each client as exhibits to each ModelFolios agreement.</p> <p>The ModelFolios Program is offered as a Wrap Account which bundles advisory and administrative fees, as well as transaction charges into one asset-based fee. The complete schedule of the ModelFolios Program fees is set forth in the ModelFolios Program Brochure created by AIGFA and provided by the Registrant to its clients prior to or concurrent with their engagement in the ModelFolios Program.</p>
3L	The Registrant may also provide advice about exchange traded funds (ETFs) and any type of investment held in a client’s portfolio at the beginning of the advisory relationship.
3L and 4C(7)	As further discussed in the response to Item 1D (above), the Registrant may recommend that clients authorize the active discretionary management of a portion of their assets by and/or among certain <i>Independent Manager(s)</i> , based upon the stated investment objectives of the client. The Registrant shall continue to render services to the client relative to the discretionary selection of <i>Independent</i>

4A(5) and 4B(8)	As further discussed in the response to Item 1D (above), the Registrant may recommend that clients authorize the active discretionary management of a portion of their assets by and/or among certain <i>Independent Manager(s)</i> , based upon the stated investment objectives of the client. When selecting an <i>Independent Manager</i> for a client, the Registrant shall review information about the <i>Independent Manager(s)</i> such as its disclosure statement and/or material supplied by the <i>Independent Manager(s)</i> or independent third parties for a description of the <i>Independent Manager's</i> investment strategies, past performance and risk results to the extent available.

7A and 7B	As further discussed above in response to Item 1D (above), the Registrant may provide its clients with a broad range of comprehensive financial planning and/or consulting services (which may include non-investment related matters). The Registrant does not charge a separate fee for these services.
7B	Certain of the Registrant's <i>Advisory Affiliates</i> , in their individual capacities, are also licensed insurance agents with various insurance companies, and in such capacity, may recommend, on a fully-disclosed commission basis, the purchase of certain insurance products. While the Registrant does not sell such insurance products to its investment advisory clients, the Registrant does permit its <i>Advisory Affiliates</i> , in their individual capacities as licensed insurance agents, to sell insurance products to its investment advisory clients. A conflict of interest exists to the extent that the Registrant recommends the purchase of insurance products where the Registrant's <i>Advisory Affiliates</i> receive insurance commissions or other additional compensation.
7B, 9B and 13A	In the event the client desires, the client can engage certain persons associated with the Registrant (but not the Registrant) to render securities brokerage services under a commission arrangement. Under this arrangement, the client may implement securities transactions through certain of the Registrant's <i>Advisory Affiliates</i> (as defined below), in their respective individual capacities as registered representatives of AIG Financial Advisors, Inc. ("AIGFA"), an SEC registered broker-dealer and member of the FINRA. Brokerage commissions may be charged by AIGFA to effect these securities transactions and thereafter, a portion of these commissions may be paid by AIGFA to such <i>Advisory Affiliates</i> . Prior to effecting any transactions, the client will be required to enter into a new account agreement with AIGFA. The brokerage commissions charged by AIGFA may be higher or lower than those charged by other broker-dealers. In addition, certain of the Registrant's <i>Advisory Affiliates</i> (as applicable), may also receive additional ongoing 12b-1 fees for mutual fund purchases from the mutual fund company during the period that the client maintains the mutual fund investment.

	<p>While the Registrant does not sell such securities products to its investment advisory clients, the Registrant does permit its <i>Advisory Affiliates</i>, in their individual capacities as registered representatives of <i>AIGFA</i>, to sell securities products to its investment advisory clients. A conflict of interest exists to the extent that the Registrant recommends the purchase of securities where the Registrant's <i>Advisory Affiliates</i> receive commissions or other additional compensation as a result of the Registrant's recommendations.</p> <p>For accounts covered by ERISA (and such others that the Registrant, in its sole discretion deems appropriate), the Registrant may modify the foregoing commission arrangement to allow for its investment advisory services to be rendered on a fee-offset basis. In this scenario, the Registrant may offset its fees by an amount equal to the aggregate commissions and 12b-1 fees earned by the Registrant's <i>Advisory Affiliates</i> in their individual capacities as registered representatives of <i>AIGFA</i>.</p>
9E	<p>The Registrant and persons associated with the Registrant ("Associated Persons") are permitted to buy or sell securities that it also recommends to clients consistent with the Registrant's policies and procedures.</p> <p>The Registrant has adopted a code of ethics ("<i>Code of Ethics</i>") made up of its personal securities transaction and insider trading policies and procedures. When the Registrant is purchasing or considering for purchase any security on behalf of a client, no <i>Covered Person</i> (as defined below) may effect a transaction in that security prior to the completion of the purchase or until a decision has been made not to purchase such security. Similarly, when the Registrant is selling or considering the sale of any security on behalf of a client, no <i>Covered Person</i> may effect a transaction in that security prior to the completion of the sale or until a decision has been made not to sell such security.</p> <p>Unless specifically defined in the Registrant's procedures (summarized above), neither the Registrant nor any of the Registrant's Associated Persons may effect for himself or herself, for an Associated Person's immediate family (i.e., spouse, minor children, and adults living in the same household as the Associated Person), or for trusts for which the Associated Person serves as a trustee or in which the Associated Person has a beneficial interest (collectively "<i>Covered Persons</i>"), any transactions in a security which is being actively purchased or sold, or is being considered for purchase or sale, on behalf of any of the Registrant's clients.</p> <p>The foregoing policies and procedures are not applicable to (a) transactions effected in any account over which neither the Registrant nor any of its <i>Advisory Affiliates</i> (as defined in this Form ADV) has any direct or indirect influence or control; and (b) transactions in securities that are: direct obligations of the government of the United States; bankers' acceptances, bank certificates of deposit, commercial paper, and high quality short-term debt instruments, including repurchase agreements; or shares issued by registered open-end investment companies.</p> <p>This policy has been established recognizing that some securities being considered for purchase and sale on behalf of the Registrant's clients trade in sufficiently broad markets to permit transactions by clients to be completed without any appreciable impact on the markets of such securities. Under certain limited circumstances, exceptions may be made to the policies stated above. The Registrant will maintain records of these trades, including the reasons for any exceptions.</p> <p>In accordance with Section 204A of the Advisers Act, the Registrant also maintains and enforces written policies reasonably designed to prevent the unlawful use of material non-public information by the Registrant or any of its <i>Advisory Affiliates</i>.</p> <p>Clients may contact the Registrant to request a copy of its <i>Code of Ethics</i>.</p>
10	<p>The Registrant does not impose a minimum portfolio size or minimum annual fee. Certain <i>Independent Manager(s)</i> may, however, impose more restrictive account requirements and varying billing practices than the Registrant. In such instances, the Registrant may alter its corresponding account requirements and/or billing practices to accommodate those of the <i>Independent Manager(s)</i> or wrap fee program sponsor.</p>
11A	<p>For those clients to whom the Registrant provides investment management services, the Registrant monitors those portfolios as part of an ongoing process while regular account reviews are conducted on at least a quarterly basis. For those clients to whom the Registrant provides financial planning and/or consulting services, reviews are conducted on an "as needed" basis. Such reviews are conducted by one of the Registrant's investment adviser representatives. All investment advisory clients are encouraged to discuss their needs, goals, and objectives with the Registrant and to keep the Registrant informed of any changes thereto. The Registrant shall contact ongoing investment advisory clients at least annually to review its previous services and/or recommendations and to discuss the</p>

11B	<p>Unless otherwise agreed upon, clients are provided with transaction confirmation notices and regular summary account statements directly from the broker-dealer or custodian for the client accounts. Those clients to whom the Registrant provides investment advisory services will also receive a report from the Registrant that may include such relevant account and/or market-related information such as an inventory of account holdings and account performance not less than annually.</p> <p>Those clients to whom the Registrant provides financial planning services will receive reports from the Registrant summarizing its analysis and conclusions as requested by the client or otherwise agreed to in writing by the Registrant.</p>
12A, 12B and 13A	<p>Please see the previous responses set forth on this Schedule F to Items 1D and 9B.</p> <p>Except as provided for in any applicable wrap fee program, the brokerage commissions and/or transaction fees charged by <i>Schwab</i> or any other designated broker-dealer are exclusive of and in addition to the Registrant's fee.</p> <p>Factors which the Registrant considers in recommending <i>Schwab</i> or any other broker-dealer, to clients include their respective financial strength, reputation, execution, pricing, research, and service. <i>Schwab</i> enables the Registrant to obtain many mutual funds without transaction charges and other securities at nominal transaction charges. The commissions and/or transaction fees charged by <i>Schwab</i> may be higher or lower than those charged by other broker-dealers.</p> <p>The commissions paid by the Registrant's clients shall comply with the Registrant's duty to obtain "best execution." However, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including among others, the value of research provided, execution capability, commission rates, and responsiveness. Consistent with the foregoing, while the Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client transactions.</p> <p>If the client requests the Registrant to arrange for the execution of securities brokerage transactions for the client's account, the Registrant shall direct such transactions through broker-dealers that the Registrant reasonably believes will provide best execution. The Registrant shall periodically and systematically review its policies and procedures regarding recommending broker-dealers to its client in light of its duty to obtain best execution.</p> <p>The client may direct the Registrant in writing to use a particular broker-dealer to execute some or all transactions for the client. In that case, the client will negotiate terms and arrangements for the account with that broker-dealer, and the Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" client transactions for execution through other broker-dealers with orders for other accounts managed by the Registrant (as described below). As a result, the client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case. Subject to its duty of best execution, the Registrant may decline a client's request to direct brokerage if, in the Registrant's sole discretion, such directed brokerage arrangements would result in additional operational difficulties or violate restrictions imposed by other broker-dealers (as further discussed below).</p> <p>Transactions for each client generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or "batch" such orders to obtain best execution, to negotiate more favorable commission rates, or to allocate equitably among the Registrant's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will generally be averaged as to price and allocated among the Registrant's clients pro rata to the purchase and sale orders placed for each client on any given day. To the extent that the Registrant determines to aggregate client orders for the purchase or sale of securities, including securities in which the Registrant's <i>Advisory Affiliate(s)</i> may invest, the Registrant shall generally do so in accordance with applicable rules promulgated under the Advisers Act and no-action guidance provided by the staff of the U.S. Securities and Exchange Commission. The Registrant shall not receive any additional compensation or remuneration as a</p>

result of the aggregation. In the event that the Registrant determines that a prorated allocation is not appropriate under the particular circumstances, the allocation will be made based upon other relevant factors, which may include: (i) when only a small percentage of the order is executed, shares may be allocated to the account with the smallest order or the smallest position or to an account that is out of line with respect to security or sector weightings relative to other portfolios, with similar mandates; (ii) allocations may be given to one account when one account has limitations in its investment guidelines which prohibit it from purchasing other securities which are expected to produce similar investment results and can be purchased by other accounts; (iii) if an account reaches an investment guideline limit and cannot participate in an allocation, shares may be reallocated to other accounts (this may be due to unforeseen changes in an account's assets after an order is placed); (iv) with respect to sale allocations, allocations may be given to accounts low in cash; (v) in cases when a pro rata allocation of a potential execution would result in a *de minimis* allocation in one or more accounts, the Registrant may exclude the account(s) from the allocation; the transactions may be executed on a pro rata basis among the remaining accounts; or (vi) in cases where a small proportion of an order is executed in all accounts, shares may be allocated to one or more accounts on a random basis.

Consistent with obtaining best execution, brokerage transactions may be directed to certain broker-dealers in return for investment research products and/or services which assist the Registrant in its investment decision-making process. Such research generally will be used to service all of the Registrant's clients, but brokerage commissions paid by one client may be used to pay for research that is not used in managing that client's portfolio. The receipt of investment research products and/or services as well as the allocation of the benefit of such investment research products and/or services poses a conflict of interest.

As discussed above, certain *Advisory Affiliates* in their respective individual capacities, are registered representatives of *AIGFA*. These *Advisory Affiliates* are subject to FINRA Rule 3040 which restricts registered representatives from conducting securities transactions away from their broker-dealer unless *AIGFA* provides written consent. Therefore, clients are advised that certain *Advisory Affiliates* may be restricted to conducting securities transactions through *AIGFA* unless they first secure written consent from *AIGFA* to execute securities transactions through a different broker-dealer. Absent such written consent or separation from *AIGFA*, these *Advisory Affiliates* are prohibited from executing securities transactions through any broker-dealer other than *AIGFA* under *AIGFA's* internal supervisory policies. Registrant is cognizant of its duty to obtain best execution and has implemented policies and procedures reasonably designed in such pursuit.

The Registrant may receive from *Schwab*, without cost to the Registrant, computer software and related systems support, which allow the Registrant to better monitor client accounts maintained at *Schwab*. The Registrant may receive the software and related support without cost because the Registrant renders investment management services to clients that maintain assets at *Schwab*. The software and related systems support may benefit the Registrant, but not its clients directly. In fulfilling its duties to its clients, the Registrant endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the Registrant's receipt of economic benefits from a broker-dealer creates a conflict of interest since these benefits may influence the Registrant's choice of broker-dealer over another broker-dealer that does not furnish similar software, systems support, or services.

Additionally, the Registrant may receive the following benefits from *Schwab* through its Schwab Institutional division: receipt of duplicate client confirmations and bundled duplicate statements; access to a trading desk that exclusively services the Schwab Institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to client accounts; and access to an electronic communication network for client order entry and account information.
