Item 4 Services, Fees and Compensation

- A. FWPAM, L.L.C. (the “Registrant”) is a limited liability company formed on July 2, 2003 in the State of Texas. The Registrant became registered as an Investment Adviser Firm on February 27, 2009. The Registrant is owned by Philip E. Wetzel and Lorna Kuether-Alvey. Philip E. Wetzel and Lorna Kuether-Alvey are the Registrant’s Managing Members.

FWPAM WRAP FEE PROGRAM

The Registrant provides investment management services on a wrap fee basis in accordance with the Registrant’s investment management wrap fee program (the “Program”). The services offered under, and the corresponding terms and conditions pertaining to, the Program are discussed in this Wrap Fee Program Brochure a copy of which is presented to all prospective Program participants. Under the Program, the Registrant is able to offer participants discretionary investment management services, for a single specified annual Program fee, inclusive of trade execution, custody, reporting, and investment management fees. The current annual Program fee ranges from negotiable to 1.75% of the assets placed into the Program.

Under the Program, the Registrant, if engaged on a discretionary basis, shall be provided with written authority to determine which securities and the amounts of securities that are bought or sold. Any limitations on this discretionary authority shall be included in the written agreement between each client and the Registrant. Clients may change/amend these limitations, in writing, at any time. The client shall have reasonable access to one of the Registrant’s investment professionals to discuss their account.

LPL Financial, a FINRA member broker-dealer (“LPL”) shall serve as the custodian for Program accounts.

Fee Calculation: The fee charged is calculated as described above and is not charged on the basis of a share of capital gains upon or capital appreciation of the funds or any portion of the funds of an advisory client.

Fee Payment: Clients will be charged in advance, at the beginning of each calendar quarter based upon the market value of the assets on the last business day of the previous quarter.

Fee Differentials. As indicated above, Registrant shall receive an investment advisory fee based upon a percentage (%) of the market value of the assets placed under management (between negotiable and 1.75%). However, fees shall vary depending upon various objective and subjective factors, including but not limited to: the representative assigned to the account, the amount of assets to be invested, the complexity of the engagement, the anticipated number of meetings and servicing needs, related accounts, future earning capacity, anticipated future additional assets, and negotiations with the client.

Because we shall generally price our advisory services based upon various objective and subjective factors, our clients could pay diverse fees based upon a combination of factors,

including but not limited to the market value of their assets, the complexity of the engagement, the level and scope of the overall investment advisory services to be rendered, and negotiations, similarly situated clients could pay diverse fees, and the services to be provided by Registrant to any particular client could be available from other advisers at lower fees. All clients and prospective clients should be guided accordingly. Furthermore, since the Registrant's representatives shall receive a portion of the advisory fee charged to the client, a **material conflict of interest** arises, because an increase in the management fee paid by the client may result in increased compensation received by the Registrant's representative. Registrant's Chief Compliance Officer, Lorna Kuether-Alvey, remains available to address any questions that a client or prospective client may have regarding the above fee disparity, impact on account performance, and conflict of interest.

Please Note: Investment Performance: As a condition to participating in the Program, the participant **must** accept that past performance may not be indicative of future results, and understand that the future performance of any specific investment or investment strategy (**including** the investments and/or investment strategies purchased and/or undertaken by the Registrant) **may not:** (1) achieve their intended objective; (2) be profitable; or, (3) equal historical performance level(s) or any other performance level(s).

- B. Participation in the Program may cost more or less than purchasing such services separately. Also the Program fee charged by Registrant for participation in the Program may be higher or lower than those charged by other sponsors of comparable wrap fee programs.

Depending upon the percentage wrap-fee charged by the Registrant, the amount of portfolio activity in the client's account, and the value of custodial and other services provided, the wrap fee may or may not exceed the aggregate cost of such services if they were to be provided separately and/or if the Registrant were to negotiate transaction fees and seek best price and execution of transactions for the client's account.

Wrap Program-Conflict of Interest. Under Registrant's wrap program, the client generally receives investment advisory services, the execution of securities brokerage transactions, custody and reporting services for a single specified fee. Participation in a wrap program may cost the client **more** or less than purchasing such services separately. Because wrap program transaction fees and/or commissions are being paid by Registrant to the account custodian/broker-dealer, Registrant has an economic incentive to maximize its compensation by seeking to minimize the number of trades in the client's account. Registrant's Chief Compliance Officer, Lorna Kuether-Alvey, remains available to address any questions that a client or prospective client may have regarding a wrap fee arrangement and the corresponding conflict of interest.

- C. The Program's wrap fee does not include certain charges and administrative fees, including, but not limited to, fees charged by SMAs and/or independent investment managers utilized to manage all or a portion of the client's portfolio, transaction charges (including mark-ups and mark-downs) resulting from trades effected through or with a broker-dealer other than the LPL, transfer taxes, odd lot differentials, exchange fees, interest charges, American Depository Receipt agency processing fees, and any charges, taxes or other fees mandated by any federal, state or other applicable law or otherwise agreed to with regard to client accounts. Such fees and expenses are in addition to the Program's wrap fee.

Please Note: Clients who engage the Registrant on a wrap fee basis **will not** incur brokerage commissions and/or transaction or asset based custodial fees in addition to the Program fee.

- D. Registrant's related persons who recommend the Program to clients do not receive compensation as a result of a client's participation in the wrap fee program.

Item 5 Account Requirements and Types of Clients

The Registrant's clients shall generally include individuals, pension and profit sharing plans, business entities, and trusts, estates. The Registrant, in its sole discretion, may reduce its investment management fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 6 Portfolio Manager Selection and Evaluation

- A. The Registrant may allocate a portion of a client's Program assets among unaffiliated independent investment managers or separately managed accounts in accordance with the client's designated investment objective(s). In such situations, the other manager(s) shall have day-to-day responsibility for the active discretionary management of the allocated Program assets. The Registrant shall continue to render investment supervisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives. Factors which the Registrant shall consider in recommending the other manager(s) include the client's designated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research.
- B. The Registrant acts as the portfolio manager for the Program. Inasmuch as the execution costs for transactions effected in the client account will be paid by the Registrant, a conflict of interest arises in that the Registrant may have a disincentive to trade securities in the client account. In addition, the amount of compensation received by the Registrant as a result of the client's participation in the Program may be more than what the Registrant would receive if the client paid separately for investment advice, brokerage and other services.

As the Program sponsor, the Registrant shall be responsible for the primary management of the Program, including the selection and termination of all independent investment managers and separately managed accounts. Once selected, an independent investment managers or separately managed account manager shall be responsible for day-to-day management and selection of securities for the account.

- C. As discussed below, the Registrant also offers to its clients discretionary and/or non-discretionary investment advisory services, on a non-wrap fee basis.

OTHER ADVISORY BUSINESS SERVICES

INVESTMENT ADVISORY SERVICES

The client can determine to engage the Registrant to provide discretionary and/or non-discretionary investment advisory services on a non-wrap *fee* basis. (*See* discussion below). If the client determines to engage the Registrant on a non-wrap fee basis the client will select individual services on an unbundled basis, paying for each service separately (i.e. investment advisory, brokerage, custody).

NON-WRAP FEE BASIS

The client can determine to engage the Registrant to provide discretionary and/or non-discretionary investment advisory services on a *fee* basis. The Registrant's annual investment advisory fee shall be based upon a percentage (%) of the market value and type of assets placed under the Registrant's management, generally between 0.45% and 1.75%. Registrant's annual investment advisory fee shall be based upon various objective and subjective factors, including, but not limited to, the amount of the assets placed under Registrant's direct management, the complexity of the engagement, and the level and scope of the overall investment advisory services to be rendered. (See also Fee Differential discussion above.) Before engaging Registrant to provide investment advisory services, clients are required to enter into a discretionary *Investment Advisory Agreement*, setting forth the terms and conditions of the engagement (including termination), which describes the fees and services to be provided.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent requested by a client, the Registrant may be engaged to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis. Registrant's planning and consulting fees are negotiable, but generally range from \$700 to \$20,000 on a fixed fee basis, and from \$100 to \$400 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s). Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a *Financial Planning and Consulting Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services.

MISCELLANEOUS ADVISORY SERVICES DISCLOSURE

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services. As indicated above, to the extent requested by a client, Registrant may provide financial planning and related consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Registrant **does not** serve as an attorney or accountant, and no portion of its services should be construed as legal or accounting services. Accordingly, Registrant **does not** prepare estate planning documents or tax returns. To the extent requested by a client, Registrant may recommend the services of other professionals for certain non-investment implementation purpose (i.e. attorneys, accountants, insurance agents, etc.), including representatives of Registrant in their separate individual capacities as representatives LPL Financial, a FINRA member

broker-dealer (“LPL”) and/or as licensed insurance agents. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from Registrant and/or its representatives. **Please Note:** If the client engages any recommended unaffiliated professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note-Conflict of Interest:** The recommendation by Registrant’s representative that a client purchase a securities or insurance commission product through Registrant’s representative in their separate and individual capacity as a registered representative of LPL and/or as an insurance agent, presents a **conflict of interest**, as the receipt of commissions may provide an incentive to recommend investment or insurance products based on commissions to be received, rather than on a particular client’s need. No client is under any obligation to purchase any securities or insurance commission products through such a representative. Clients are reminded that they may purchase securities and insurance products recommended by Registrant through other, non-affiliated broker-dealers and/or insurance agents. Registrant’s Chief Compliance Officer, Lorna Kuether-Alvey, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.

Service Offering Variations. The Registrant maintains three operating divisions: WWK Wealth Advisors, Moffatt Financial Strategies and Ashley Hodge. Each of the Registrant’s divisions may manage assets in a style that may differ from others. These divisions manage assets using a diversified global strategic approach. There can be no assurance that any such strategic strategies will prove profitable or successful. The Registrant’s Chief Compliance Officer, Lorna Kuether-Alvey, remains available to address any questions that a client or prospective client may have regarding the above.

Educational Programs. The Registrant may provide web-based educational programs about general financial planning and investment related topics (e.g. mechanics of the Social Security system). The Registrant typically charges each participant \$200 for access to each of its web-based education programs. Participants in the Registrant’s educational programs acknowledge that they have not engaged the Registrant to provide individualized investment advice/services by registering and participating in the Registrant’s educational programs.

Unaffiliated Private Investment Funds. Registrant may provide investment advice regarding unaffiliated private investment funds. Registrant, on a non-discretionary basis, may also recommend that certain qualified clients consider an investment in unaffiliated private investment funds. Registrant’s role relative to the private investment funds shall be limited to its initial and ongoing due diligence and investment monitoring services. If a client determines to become a private fund investor, the amount of assets invested in the fund(s) shall be included as part of “assets under management” for purposes of Registrant calculating its investment advisory fee. Registrant’s clients are under absolutely no obligation to consider or make an investment in a private investment fund(s).

Please Note: Private investment funds generally involve various risk factors, including, but not limited to, potential for complete loss of principal, liquidity constraints and lack of transparency, a complete discussion of which is set forth in each fund’s offering documents, which will be provided to each client for review and consideration. Unlike liquid investments that a client may own, private investment funds do not provide daily

liquidity or pricing. Each prospective client investor will be required to complete a Subscription Agreement, pursuant to which the client shall establish that he/she is qualified for investment in the fund, and acknowledges and accepts the various risk factors that are associated with such an investment.

Valuation. In the event that Registrant references private investment funds owned by the client on any supplemental account reports prepared by Registrant, the value(s) for all private investment funds owned by the client shall reflect the most recent valuation provided by the fund sponsor. However, if subsequent to purchase, the fund has not provided an updated valuation, the valuation shall reflect the initial purchase price. If subsequent to purchase, the fund provides an updated valuation, then the statement will reflect that updated value. The updated value will continue to be reflected on the report until the fund provides a further updated value. **Please Also Note:** As result of the valuation process, if the valuation reflects initial purchase price or an updated value subsequent to purchase price, the current value(s) of an investor's fund holding(s) could be significantly more or less than the value reflected on the report. Unless otherwise indicated, the client's advisory fee shall be based upon the value reflected on the report.

Separately Managed Accounts - Independent Managers. The Registrant may allocate (and/or recommend that the client allocate) a portion of a client's investment assets among unaffiliated separately managed accounts ("SMAs") and/or independent investment managers in accordance with the client's designated investment objective(s). In such situations, the SMA or independent investment managers shall have day-to-day responsibility for the active discretionary management of the allocated assets. The Registrant shall continue to render investment supervisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives. Factors which the Registrant shall consider in recommending SMAs or independent investment managers include the client's designated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research.

Retirement Rollovers-Potential for Conflict of Interest: A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer's plan, if permitted, (ii) roll over the assets to the new employer's plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account ("IRA"), or (iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). If the Registrant recommends that a client roll over their retirement plan assets into an account to be managed by the Registrant, such a recommendation creates a conflict of interest if Registrant will earn new (or increase its current) compensation as a result of the rollover. When acting in such capacity, the Registrant serves as a fiduciary under the Employee Retirement Income Security Act (ERISA), or the Internal Revenue Code, or both. No client is under any obligation to roll over retirement plan assets to an account managed by Registrant. The Registrant's Chief Compliance Officer, Lorna Kuether-Alvey, remains available to address any questions that a client or prospective client may have regarding the conflict of interest presented by such rollover recommendation.

Use of Mutual and Exchange Traded Funds: Most mutual funds and exchange traded funds are available directly to the public. Thus, a prospective client can obtain many of the funds that may be utilized by the Registrant independent of engaging the Registrant as

an investment advisor. However, if a prospective client determines to do so, he/she will not receive the Registrant's initial and ongoing investment advisory services. **Please Note-Use of DFA Mutual Funds:** The Registrant utilizes mutual funds issued by Dimensional Fund Advisors ("DFA"). DFA funds are generally only available through registered investment advisers. Thus, if the client was to terminate the Registrant's services, and not transition to another adviser who utilizes DFA funds, restrictions regarding additional purchases of, or reallocation among other, DFA funds will generally apply. Registrant's Chief Compliance Officer, Lorna Kuether-Alvey, remains available to address any questions that a client or prospective client may have regarding the above.

Fee Differentials. As indicated above, Registrant shall receive an investment advisory fee based upon a percentage (%) of the market value of the assets placed under management (between negotiable and 1.75%). However, fees shall vary depending upon various objective and subjective factors, including but not limited to: the representative assigned to the account, the amount of assets to be invested, the complexity of the engagement, the anticipated number of meetings and servicing needs, related accounts, future earning capacity, anticipated future additional assets, and negotiations with the client.

Because we shall generally price our advisory services based upon various objective and subjective factors, our clients could pay diverse fees based upon a combination of factors, including but not limited to the market value of their assets, the complexity of the engagement, the level and scope of the overall investment advisory services to be rendered, and negotiations, similarly situated clients could pay diverse fees, and the services to be provided by Registrant to any particular client could be available from other advisers at lower fees. All clients and prospective clients should be guided accordingly. Furthermore, since the Registrant's representatives shall receive a portion of the advisory fee charged to the client, a **material conflict of interest** arises, because an increase in the management fee paid by the client may result in increased compensation received by the Registrant's representative. Registrant's Chief Compliance Officer, Lorna Kuether-Alvey, remains available to address any questions that a client or prospective client may have regarding the above fee disparity, impact on account performance, and conflict of interest.

Structured Notes. The Registrant may purchase structured notes for client accounts. A structured note is a financial instrument that combines two elements, a debt security and exposure to an underlying asset or assets. It is essentially a note, carrying counter party risk of the issuer. However, the return on the note is linked to the return of an underlying asset or assets (such as the S&P 500 Index or commodities). It is this latter feature that makes structured products unique, as the payout can be used to provide some degree of principal protection, leveraged returns (but usually with some cap on the maximum return), and be tailored to a specific market or economic view. In addition, investors may receive long-term capital gains tax treatment if certain underlying conditions are met and the note is held for more than one year. Finally, structured notes may also have liquidity constraints, such that the sale thereof before maturity may be limited.

Portfolio Activity. The Registrant has a fiduciary duty to provide services consistent with the client's best interest. As part of its investment advisory services, Registrant will review client portfolios on an ongoing basis to determine if any changes are necessary based upon various factors, including, but not limited to, investment performance, fund manager tenure, style drift, account additions/withdrawals, and/or a change in the client's

investment objective. Based upon these factors, there may be extended periods of time when Registrant determines that changes to a client's portfolio are neither necessary nor prudent. Of course, as indicated below, there can be no assurance that investment decisions made by Registrant will be profitable or equal any specific performance level(s).

Please Note: Non-Discretionary Service Limitations. Clients that determine to engage the Registrant on a non-discretionary investment advisory basis must be willing to accept that the Registrant cannot effect any account transactions without obtaining prior consent to any such transaction(s) from the client. Thus, in the event of a market correction during which the client is unavailable, the Registrant will be unable to effect any account transactions (as it would for its discretionary clients) without first obtaining the client's consent.

ByAllAccounts, eMoney and MoneyGuidePro: Account Aggregation. In conjunction with the services provided by ByAllAccounts, Inc., the eMoney Advisor Platform ("eMoney") and MoneyGuidePro, the Registrant may also provide periodic comprehensive reporting services, which can incorporate all of the client's investment assets including those investment assets that are not part of the assets managed by the Registrant (the "Excluded Assets"). The Registrant's service relative to the Excluded Assets is limited to reporting services only, which does not include investment implementation. Because the Registrant does not have trading authority for the Excluded Assets, to the extent applicable to the nature of the Excluded Assets (assets over which the client maintains trading authority vs. trading authority designated to another investment professional), the client (and/or the other investment professional), and not the Registrant, shall be exclusively responsible for directly implementing any recommendations relative to the Excluded Assets. Rather, the client and/or their other advisors that maintain trading authority, and not the Registrant, shall be exclusively responsible for the investment performance of the Excluded Assets. Without limiting the above, the Registrant shall not be responsible for any implementation error (timing, trading, etc.) relative to the Excluded Assets. In the event the client desires that the Registrant provide investment management services (whereby the Registrant would have trading authority) with respect to the Excluded Assets, the client may engage the Registrant to do so pursuant to the terms and conditions of the *Investment Advisory Agreement* between the Registrant and the client.

In addition, the eMoney platform, as well as, MoneyGuidePro provides access to other types of information, including financial planning concepts, which should not, in any manner whatsoever, be construed as services, advice, or recommendations provided by Registrant.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2A of Form ADV shall be provided to each client prior to, or contemporaneously with,

the execution of the *Investment Advisory Agreement* or *Financial Planning and Consulting Agreement*.

The Registrant shall provide investment advisory services specific to needs of each client. Prior to providing investment advisory services, an investment adviser representative will discuss with each client, their particular investment objective(s). The Registrant shall allocate each client's investment assets consistent with their designated investment objective(s). Clients may, at any time, impose restrictions, in writing, on the Registrant's services.

Please Note: There is no material difference between how the Registrant manages wrap fee accounts and non-wrap fee accounts. However, as stated above, if a client determines to engage the Registrant on a wrap fee basis the client will pay a single fee for bundled services (i.e. investment advisory, brokerage, custody) (*See* Item 4.A). The services included in a wrap fee agreement will depend upon each client's particular need. If the client determines to engage the Registrant on a non-wrap fee basis the client will select individual services on an unbundled basis, paying for each service separately (i.e. investment advisory, brokerage, custody).

Performance Based Fees and Side-By-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Methods of Analysis, Investment Strategies and Risk of Loss

The Registrant shall utilize the following methods of security analysis:

- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
- Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)
- Cyclical – (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)

The Registrant shall utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)

Please Note: Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The

Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases and Short Term Purchases - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy.

Currently, the Registrant primarily allocates client investment assets among various individual equity securities, mutual funds (primary investment vehicle) and/or exchange traded funds ("ETFs"), SMAs and independent investment managers, on a discretionary and non-discretionary basis in accordance with the client's designated investment objective(s).

Voting Client Securities

The Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.

Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 7 Client Information Provided to Portfolio Managers

The Registrant shall be the Program's portfolio manager. The Registrant shall provide investment advisory services specific to needs of each client. Prior to providing investment advisory services, an investment adviser representative will discuss with each client, their particular investment objective(s). The Registrant shall allocate each client's investment assets consistent with their designated investment objective(s). Clients may, at any time, impose restrictions, in writing, on the Registrant's services.

As indicated above, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

To the extent the Program utilizes independent investment managers; the Registrant shall provide the independent investment managers with each client's particular investment

objective(s). Any changes in the client's financial situation or investment objectives reported by the client to the Registrant shall be communicated to the independent investment managers within a reasonable period of time.

Item 8 Client Contact with Portfolio Managers

The client shall have, without restriction, reasonable access to the Program's portfolio manager.

Item 9 Additional Information

- A. The Registrant has not been the subject of any disciplinary actions.

OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

Registered Representatives of LPL Certain of the Registrant's investment advisor representatives are registered representatives of *LPL*, a FINRA member broker-dealer. Clients may choose to engage, these representatives in their individual capacities as a registered representatives of *LPL*, to implement investment recommendations on a commission basis

Licensed Insurance Agents Certain of the Registrant's investment advisor representatives are, in their individual capacities, licensed insurance agents, and may recommend the purchase of certain insurance-related products on a commission basis. Clients can engage these representatives to effect insurance transactions on a commission basis.

Conflict of Interest: The recommendation by the Registrant or its representatives that a client purchase an insurance or securities commission product presents a conflict of interest. The recommendation to purchase a securities and/or insurance commission product is a conflict because the receipt of commissions and/or fees may provide an incentive for the recommendation based on commissions and/or fees to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from the Registrant's representatives. Clients are reminded that they may purchase securities and/or insurance products recommended by Registrant through other, registered representatives of a broker-dealer and/or non-affiliated insurance agents. The Registrant's Chief Compliance Officer, Lorna Kuether-Alvey, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.

The Registrant may act as a solicitor on behalf of another registered investment advisory firm. To the extent that the Registrant, acting as a solicitor, recommends the engagement of another investment advisor, the Registrant shall present a separate solicitor disclosure statement describing the nature of the relationship between Registrant, the firm for which Registrant acts as solicitor and the compensation arrangement. The terms and conditions under which the client shall engage the unaffiliated investment advisor shall be set forth in a separate written agreement between the client and the unaffiliated investment advisor.

Registrant shall be compensated for its solicitor services by receipt of a referral fee to be paid by the unaffiliated investment advisor to the Registrant in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities laws or requirements. Any such referral fee shall be paid solely from the unaffiliated investment advisor's investment management fee, and shall not result in any additional charge to the client.

Conflict of Interest: The recommendation by Registrant's representative that a client engage the services of an unaffiliated investment advisor presents a conflict of interest, as the receipt of the referral fee may provide an incentive to recommend the unaffiliated investment adviser based on the amount of the referral fee to be received rather than making the referral based on the client's specific needs. No person or entity is under any obligation to engage the unaffiliated investment advisors recommended by the Registrant. **The Registrant's Chief Compliance Officer, Lorna Kuether-Alvey, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

B. CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.

The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, "front-running" (i.e., personal trades executed prior to those of the Registrant's clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant's "Access Persons". The Registrant's securities transaction policy requires that Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of the their current securities holdings within ten (10) days after

becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person's current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the *Registrant* has only one Access Person, he or she shall not be required to submit any securities report described above.

The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. As indicated above, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant's Access Persons.

REVIEW OF ACCOUNTS

For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's Principals. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.

The Registrant may conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.

Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

CLIENT REFERRALS AND OTHER COMPENSATION

As discussed below, the Registrant receives an economic benefit from the *LPL*. Registrant's clients do not pay more for investment transactions effected and/or assets maintained at the *LPL* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *LPL* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

Registrant does not compensate any non-supervised person for client referrals.

Research and Additional Benefits. Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from the *LPL* (or another broker-dealer/custodian, investment platform, unaffiliated investment manager, vendor, unaffiliated product/fund sponsor, or vendor) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support

services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at the *LPL* as a result of this arrangement. There is no corresponding commitment made by the Registrant to the *LPL* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

Additional Benefits

Registrant has received from various wholesalers, certain additional economic benefits ("Additional Benefits") that may or may not be offered to the Registrant again in the future. Specifically, the Additional Benefits include partial payment for certain marketing expenses for the benefit of the Registrant. Various wholesalers have made one off payments between \$1,000 and \$2,000 infrequently and irregularly to third party service providers, in connection with marketing events, over the course of the last two years. Each payment is non-recurring and individually negotiated. The Registrant has no expectation that these Additional Benefits will be offered again; however, the Registrant reserves the right to negotiate for these Additional Benefits in the future. Wholesalers provide the Additional Benefits to Registrant at their sole discretion and at their own expense, and neither the Registrant nor its clients pay any fees to wholesalers for the Additional Benefits. Registrant and the wholesalers have not entered into any written agreement to govern the Additional Benefits.

The Registrant's Chief Compliance Officer, Lorna Kuether-Alvey, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding conflict of interest.

FINANCIAL INFORMATION

The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance.

The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.

The Registrant has not been the subject of a bankruptcy petition.

ANY QUESTIONS: The Registrant's Chief Compliance Officer, Lorna Kuether-Alvey, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.
