Item 4: Advisory Business

A. Description of the Advisory Firm

This firm has been in business since 2008, and the principal owner is Douglas Dean Vander Weide.

B. Types of Advisory Services

VW Advisors, LLC (hereinafter “VWA”) offers the following services to advisory clients:

Investment Supervisory Services

VWA offers ongoing portfolio management services based on the individual goals, objectives, time horizon, and risk tolerance of each client. VWA creates an Investment Policy Statement for each client, which outlines the client’s current situation (income, tax levels, and risk tolerance levels) and then constructs a plan (the Investment Policy Statement) to aid in the selection of a portfolio that matches each client’s specific situation. Investment Supervisory Services include, but are not limited to, the following:

- Investment strategy
- Asset allocation
- Risk tolerance
- Personal investment policy
- Asset selection
- Regular portfolio monitoring

VWA evaluates the current investments of each client with respect to their risk tolerance levels and time horizon. VWA will request discretionary authority from clients in order to select securities and execute transactions without permission from the client prior to each transaction. Risk tolerance levels are documented in the Investment Advisory Contract, which is given to each client.

Financial Planning

Financial plans and financial planning may include, but are not limited to: investment planning, life insurance; tax concerns; retirement planning; college planning; and debt/credit planning. These services are based on fixed fees and the final fee structure is documented in Exhibit II of the Investment Advisory Contract.

Services Limited to Specific Types of Investments

VWA limits its investment advice and/or money management to mutual funds, equities, bonds, fixed income, debt securities, ETFs, real estate, hedge funds, third party money managers, REITs, private placements, government securities. VWA may use other securities as well to help diversify a portfolio when applicable.

C. Client Tailored Services and Client Imposed Restrictions

VWA offers the same suite of services to all of its clients. However, specific client financial plans and their implementation are dependent upon the client Investment Advisory Contract which outlines each client's current situation (income, tax levels, and risk tolerance levels) and is used to construct a client specific plan to aid in the selection of a portfolio that matches restrictions, needs, and targets.

Clients may impose restrictions in investing in certain securities or types of securities in accordance with their values or beliefs. However, if the restrictions prevent VWA from properly servicing the client account, or if the restrictions would require VWA to deviate from its standard suite of services, VWA reserves the right to end the relationship.

D. Wrap Fee Programs

VWA does not participate in any wrap fee programs.

E. Amounts Under Management

VWA has the following assets under management:

Discretionary Amounts:	Non-discretionary Amounts:	Date Calculated:
\$35,800,000.	\$4,700,000.	10/21/2010

- ❖ Individuals
- ❖ High-Net-Worth Individuals

There is an account minimum, \$100,000, which may be waived by the investment advisor, based on the needs of the client and the complexity of the situation.

Item 8: Methods of Analysis, Investment Strategies and Risk, of Investment Loss

A. Methods of Analysis and Investment Strategies

VWA's primary method of analysis includes fundamental analysis.

Fundamental analysis involves the analysis of financial statements, the general financial health of companies, and/or the analysis of management or competitive advantages.

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

B. Material Risks Involved

VWA primarily uses long term trading strategies. Short Term Trading, Margin Transactions, and Options may be used on occasion.

VWA utilizes investment strategies that are designed to capture market rates of both return and risk. Frequent trading, if done, can affect investment performance, particularly through increased brokerage and other transaction costs and taxes. Margin transactions and options writing generally hold greater risk and clients should be aware that there is a chance of material risk of loss using any of those strategies.

Investing in securities involves a risk of loss of principal.

C. Risks of Specific Securities Utilized

VWA generally seeks investment strategies that do not involve significant or unusual risk beyond that of the general domestic and/or international equity markets.

Past performance is not a guarantee of future returns. Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

Item 9: Disciplinary Information

There are no legal or disciplinary events that are material to a client's or prospective client's evaluation of this advisory business or the integrity of our management.

Item 10: Other Financial Industry Activities and Affiliations

A. Registration as a Broker/Dealer or Broker/Dealer Representative

Neither VWA nor its representatives are registered as a broker/dealer or as representatives of a broker/dealer.

B. Registration as a Futures Commission Merchant, Commodity Pool Operator, or a Commodity Trading Advisor

Neither VWA nor its representatives are registered as a FCM, CPO, or CTA.

C. Registration Relationships Material to this Advisory Business and Possible Conflicts of Interests

Douglas Vander Weide and William Streff are licensed insurance agents in the state of Iowa. As an ancillary service, VWA provides clients advice or products from those activities. Clients should be aware that these services pay a commission and involve a possible conflict of interest, as commissionable products can conflict with the fiduciary duties of a registered investment adviser. VWA always acts in the best interest of the client; including the sale of commissionable products to advisory clients. Clients are in no way required to implement the plan through any representative of VWA in their capacity as an insurance agent.

D. Selection of Other Advisors or Managers and How This Adviser is Compensated for Those Selections

VWA does not utilize nor select other advisors or third party managers. All assets are managed by VWA management.

Item 11: Code of Ethics, Participation in Transactions, Personal Trading

A. Code of Ethics

We have a written Code of Ethics that covers the following areas: Prohibited Purchases and Sales, Insider Trading, Personal Securities Transactions, Exempted Transactions, Prohibited Activities, Conflicts of Interest, Gifts and Entertainment, Confidentiality, Service on a Board of Directors, Compliance Procedures, Compliance with Laws and Regulations, Procedures and Reporting, Certification of Compliance, Reporting Violations, Compliance Officer Duties, Training and Education, Recordkeeping, Annual Review, and Sanctions. Clients may request a copy of our Code of Ethics from management.

B. Recommendations Involving Material Financial Interests

VWA does not recommend that clients buy or sell any security in which a related person to VWA has a material financial interest.

C. Investing Personal Money in the Same Securities as Clients

From time to time, representatives of VWA may buy or sell securities for themselves that they also recommend to clients. VWA will always document any transactions that could be construed as conflicts of interest and will always transact client business before their own when similar securities are being bought or sold.

D. Trading Securities At/Around the Same Time as Clients' Securities

From time to time, representatives of VWA may buy or sell securities for themselves at or around the same time as clients.

Item 12: Brokerage Practices

A. Factors Used to Select Custodians and/or Broker/Dealers

The Custodian was chosen based on their relatively low transaction fees and access to mutual funds and ETFs. VWA will never charge a premium or commission on transactions, beyond the actual cost imposed by Custodian.

1. Research and Other Soft-Dollar Benefits

VWA receives no research, product, or service other than execution from a broker-dealer or third-party in connection with client securities transactions (“soft dollar benefits”).

2. Brokerage for Client Referrals

VWA receives no referrals from a broker-dealer or third party in exchange for using that broker-dealer or third party.

3. Clients Directing Which Broker/Dealer/Custodian to Use

VWA will not allow clients to direct VWA to use a specific broker-dealer to execute transactions. Clients must use VWA recommended custodian (broker-dealer). Not all investment advisers require their clients to direct brokerage. By requiring clients to use our specific custodian, VWA may be unable to achieve most favorable execution of client transaction and that this may cost clients money over using a lower-cost custodian.

B. Aggregating (Block) Trading for Multiple Client Accounts

VWA maintains the ability to block trade purchases across accounts but will rarely do so. While block trading may benefit clients by purchasing larger blocks in groups, we do not feel that the clients are at a disadvantage due to the best execution practices of our custodian.

Item 13: Reviews of Accounts

A. Frequency and Nature of Periodic Reviews and Who Makes Those Reviews

Client accounts are reviewed at least quarterly by Douglas Dean Vander Weide, Dawn Vander Weide or William Streff. They are the chief advisors and are instructed to review clients’ accounts with regards to their investment policies and risk tolerance levels. All accounts at VWA are assigned to these reviewers.

All financial planning accounts are reviewed upon financial plan creation and plan delivery by Douglas Dean Vander Weide, Dawn Vander Weide or William Streff.

B. Factors That Will Trigger a Non-Periodic Review of Client Accounts

Reviews may be triggered by material market, economic or political events, or by changes in client's financial situations (such as retirement, termination of employment, physical move, or inheritance).

C. Content and Frequency of Regular Reports Provided to Clients

Each client will receive at least quarterly a written report detailing the clients account performance.

Clients may be provided with financial planning deliverables. Such deliverables could include any of the following: cash flow analysis, net worth statement, retirement projections, education analysis, insurance and estate planning, and VWA's proprietary wealth management tool. Verbal advice may also be given which may or may not include tangible deliverables.

Item 14: Client Referrals and Other Compensation

A. Economic Benefits Provided by Third Parties for Advice Rendered to Clients (Includes Sales Awards or Other Prizes)

VWA has engaged in a consulting relationship with BioProtection Systems Corporation (BPS) and New Link Genetics (NLG) to work with the owners and its executives to provide financial planning services to its employees. This relationship is extended to working with and advising the companies on financial matters. VWA will receive shares of company stock from BPS and NLG for these services. VWA may also receive shares of stocks for referring investors to BPS or NLG. VWA receives a cash referral fee from MD investors in exchange for referring clients to MD Investors.

B. Compensation to Non - Advisory Personnel for Client Referrals

VWA does not directly or indirectly compensate any person who is not advisory personnel for client referrals.

Item 15: Custody

VWA does not take custody of client accounts at any time. Custody of client's accounts is held primarily at the Custodian. Clients will receive account statements from the custodian and should carefully review those statements.

Item 16: Investment Discretion

For those client accounts where VWA provides ongoing supervision, VWA maintains limited power of authority over client accounts with respect to securities to be bought and sold and amount of securities to be bought and sold. All buying and selling of securities is explained to clients in detail before an advisory relationship has commenced.

Item 17: Voting Client Securities (Proxy Voting)

VWA will not ask for, nor accept voting authority for client securities. Clients will receive proxies directly from the issuer of the security or the custodian. Clients should direct all proxy questions to the issuer of the security.

Item 18: Financial Information

A. Balance Sheet

VWA does not require prepayment for assets under management fees. Pre-payment of annual financial planning fees is required, and is six months in advance. These fees vary based on the complexity of the situation.

B. Financial Conditions Reasonably Likely to Impair Ability to Meet Contractual Commitments to Clients

Neither VWA nor its management have any financial conditions that are likely to reasonably impair our ability to meet contractual commitments to clients.

C. Bankruptcy Petitions in Previous Ten Years

Neither VWA nor its management have been the subject of a bankruptcy petition in the last ten years.
