5b: Investment Management Tiered Fee Schedule

Assets Under Management	Annual Fee (%)
Less than \$5,000,000	1.00%
\$5,000,001 and above	Negotiable

The above fees may be negotiable in special circumstances.

For California Residents: Subsection (j) of Rule 260.238, California Code of Regulations requires that all investment Advisors disclose to their Clients that lower fees for comparable services may be available from other sources. Pursuant to California Rule 260.235.2, a conflict exists between the interests of the Advisor or its associated persons and the interest of the Client; the Client is under no obligation to act upon this Advisor's or associated person's recommendations. If the Client elects to act on any of the recommendations, the Client is under no obligation to effect the transaction through the Advisor or its associated person when the person is an agent with a licensed broker-dealer or through any associate or affiliate of such person.

5c: Fee Payment Options

Our fees are paid from your account by the custodian when we submit an invoice to them. The invoice we submit shows the amount of fees, the value of your assets on which the fees are based, and the specific manner in which the fees are calculated. If there is insufficient cash in your account, securities may be sold. In addition to our fees, there may be custodial, mutual fund or similar third party management fees and charges.

Our fees are paid quarterly in advance, with payment due within 10 days from the date of the invoice. Our fee is determined by taking the percentage rate we charge, times the market value of the account, divided by the number of days in the year and multiplied by the number of days in the quarter. The market value is the sum of the values of all assets in the account, not adjusted by any margin debit. Fees for partial quarters at the commencement or termination of an agreement will be billed or refunded on a pro-rated basis contingent on the number of days the account was open during the quarter.

Financial Consulting Fees

Wealth RESCue Strategies provides financial consulting services at an hourly rate of \$425.00 per hour, due at time of service. We will also perform certain financial consulting projects on a fixed fee basis. Services performed on a fixed fee basis require a retainer equal to one-half the fixed fee. The remaining balance will be billed in equal installments on a monthly basis until the project is completed. All invoices are due within 10 days of invoice. Special arrangement may be made with clients wishing to retain financial consulting services on an ongoing basis.

5c1: Termination

Either Wealth RESCue Strategies or our clients can terminate our agreement upon receipt of written notice to the other party.

When an agreement is terminated, we will refund any pre-paid, unearned wealth management fees based on the number of days remaining in the quarter after termination. Refunds will be made within 30 calendar days of the effective date of termination.

When an agreement is terminated, all assets may need to be transferred from the current custodian. You will be responsible for paying all fees including full quarterly custodial administrative fees, account closure fees, mutual fund fees and all trading costs due to the termination. Custodian may assess additional fees for transfer of illiquid investments. If there is insufficient cash in the account, the liquidation of some securities may be used to pay the fees. Prior to termination of an agreement, we can provide a good-faith estimate of these fees.

5d: Third Party Fees

You are responsible for the payment of all third party fees (i.e. custodian fees, mutual fund fees, transaction fees, etc.). These fees are separate and distinct from the fees charged by us.

All brokerage commissions, stock transfer fees, and other similar charges incurred in connection with transactions for the account will be paid out of the assets in the account and are in addition to the investment management fees paid to us. You bear the responsibility for verifying the accuracy of fee calculations.

They include sources such as financial newspapers, financial magazines, research prepared by others, corporate rating services, prospectuses, company press releases, annual reports and filings with the SEC.

8b: Investment Strategies

Our strategy is based on academic research indicating investment returns are determined principally by asset allocation, and not by other means such as stock picking and market timing. We believe markets are generally efficient and fairly priced. The above in combination with proper diversification provides reduced volatility and a lower level of risk

8c: Risk of Loss

All investments include a risk of loss. In addition, as recent global and domestic economic events have indicated, performance of any investment is not guaranteed. As a result, there is a risk of loss of the assets we manage that may be out of our control. We use our best efforts and expertise to manage your assets. However, we cannot guarantee any level of performance or that you will not experience financial loss.

Wealth RESCue Strategies’ principal job is that of a registered investment advisor and provider of consulting. Some members of Wealth RESCue Strategies may be insurance agents. When acting as an insurance agent, we may receive the usual and customary commissions or fees on the products that you purchase. In cases where we receive commissions on products, there may be a conflict of interest. At all times, the client is free to choose outside insurance agents and companies to avoid the possibility of there being a conflict of interest.

10d: Selection of Other Advisors or Managers and How this Advisor is Compensated for those Selections

When providing pension and financial consulting services, Wealth RESCue Strategies is not compensated for selecting other advisors or managers. We bill the client directly to ensure “conflict free” consulting. Under select circumstances, WRS can be compensated directly through a third party manager or advisor. In these select circumstances there is never an incentive to select a particular manager or advisor. The fee charged to client through the manager or advisor is the same as would be charged directly to the client and is irrespective of the manager or advisor that is chosen.

ITEM 11 – CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

11a: Code of Ethics Description

As required by regulation we have adopted a Code of Ethics that governs a number of potential conflicts of interest we have when providing our advisory services to you. This Code of Ethics is designed to ensure we meet our fiduciary obligation to you and to stress the importance of a culture of compliance within our firm.

An additional benefit of our Code of Ethics is to detect and prevent violations of securities laws, including our obligations we owe to you.

Our Code of Ethics is comprehensive, is distributed to each employee at the time of hire, and annually thereafter (if there are changes). We also supplement the Code of Ethics with annual training and on-going monitoring of employee activity. A complete copy of our Code of Ethics will be supplied to you, free of charge, if you request it.

Our Code of Ethics includes the following:

- Requirements related to the confidentiality of your personal, business and financial information
- Prohibitions on insider trading (if we are in possession of material, non-public information)
- Reporting of gifts and business entertainment
- Pre-clearance of employee and firm transactions
- Reporting (on an on-going and quarterly basis) all personal securities transactions (what we call “reportable securities” as mandated by regulation)
