## **ITEM III ADVISORY BUSINESS**

LifeInvest Wealth Management's principal service is providing fee-based investment advisory services. LifeInvest Wealth Management's primary approach is to use a fundamental allocation strategy aimed at reducing risk and increasing performance. LifeInvest Wealth Management uses exchange listed securities; securities traded over-the-counter, equity securities of foreign issuers, warrants, corporate debt securities, commercial paper, CDs, United States government securities, and options in securities and commodities to accomplish this objective.

LifeInvest Wealth Management may recommend, on occasion, redistributing investment allocations to diversify a client's portfolio in an effort to reduce risk and increase performance. LifeInvest Wealth Management may recommend specific stocks to increase sector weighting and/or dividend potential. LifeInvest Wealth Management may recommend employing cash positions as a possible hedge against market movement which may adversely affect its clients. LifeInvest Wealth Management may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of position(s), change in risk tolerance of client, or any risk deemed unacceptable for the client's risk tolerance. ## **ITEM IV FEES AND COMPENSATION**

### **Asset Management Fees**

As compensation for providing investment advisory services to clients which are referred to LifelInvest Wealth Management by third party brokerages or related persons LifelInvest Wealth Management will be paid by such third party's brokerages or related persons a fixed monthly fee as agreed to in writing between LifelInvest Wealth Management and such third party brokerage or related person.

LifelInvest Wealth Management has a contractual arrangement with Life Invest Asset Management (formerly known as “ECG Asset Management”, a company organized under the laws of Panama) which has applied for authority to conduct brokerage activities in Panama and is wholly owned by the owners of LifelInvest Wealth Management. The agreement between LifelInvest Wealth Management and Life Invest Asset Management provides that LifelInvest Wealth Management will receive a fixed monthly payment for providing investment advisory services to Life Invest Asset Management.

As compensation for providing investment advisory services to clients originated by LifelInvest Wealth Management, clients will pay LifelInvest Wealth Management an annual fee equal to approximately 1% of the assets under management pursuant to a financial advisory contract.

The Client is responsible for all custodial and securities execution fees charged by the custodian and executing broker-dealer. LifelInvest Wealth Management’s fee is separate and distinct from the custodian and execution fees. LifelInvest Wealth Management’s clients have the right to use a different broker which is not affiliated with LifelInvest Wealth Management. Clients may request to terminate their advisory contract with LifelInvest Wealth Management, in whole or in part, by giving thirty (30) days advance written notice. Upon termination, any fees paid in advance will be prorated to the date of termination and any excess will be refunded to client. Client’s advisory agreement with LifelInvest Wealth Management is nontransferable without client’s written approval.

Fees are billed at the beginning of each quarter. These fees may be negotiated by the advisor under unusual circumstances, at the sole discretion of the

LifelInvest Wealth Management, Ltd.

advisor.

All fees paid to the Firm for investment advisory services are separate and distinct from the expenses charged by mutual funds to their shareholders and the product sponsor in the case of variable insurance products. These fees and expenses are described in each fund's or variable product's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the sponsor also imposes sales charges, a client may pay an initial or deferred sale or surrender charge. A client could invest in these products directly, without the services of the Firm. In that case, the client would not receive the services provided by the Firm which are designed, among other things, to assist the client in determining which products or services are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the product sponsor and the fees charged by the Firm to fully understand the total fees to be paid.

LifeInvest Wealth Management complies with The Insider Trading and Securities Fraud Enforcement Act of 1988 LifeInvest Wealth Management monitors the LifeInvest Wealth Management personal securities transactions of all access persons. In addition, LifeInvest Wealth Management has adopted a written Code of Ethics in compliance

LifeInvest Wealth Management, Ltd.

with SEC Rule 204A-1. This Code is based on the principle that the officers, directors, and employees (or persons having similar status or function) of LifeInvest Wealth Management have a fiduciary duty to place the interests of the clients ahead of their own interests. The Code applies to all supervised persons and focuses principally on monitoring and reporting of personal transactions in securities. Supervised persons must avoid activities, interests and relationships that might interfere with making decisions in the best interests of clients. LifeInvest Wealth Management adheres to the following principles:

- We abide by Fiduciary Duty principles. Our duty is at all times to place the interests of our clients first. Supervised persons must avoid putting their own personal interests ahead of the interests of our clients. A supervised person may not induce or cause a client to take action, or not to take action, for personal benefit, rather than for the benefit of the client.
- All personal securities transactions will be conducted in such a manner as to be consistent with the Code of Ethics and to avoid any actual or potential conflict of interest or any abuse of a supervised person's position of trust and responsibility.
- Access persons must regularly submit reports LifeInvest Wealth Management disclosing their beneficial ownership of securities and the acquisition and disposition of such beneficially owned securities. These reports shall detail the (i) title and type of security; (ii) exchange ticker symbol or CUSIP number as applicable; (iii) number of shares; (iv) principal amount of each security; (v) name of any broker, dealer, or bank with which the access person maintains an account in which any securities are held for the access person's direct or indirect benefit; (vi) date that the access person submits the report; (vii) nature of the transaction (i.e., purchase, sale, or other type of acquisition or disposition); (viii) price of the security at which the transaction was affected; (ix) name of the broker, dealer, or bank with or through which the transaction was affected; (ix) name of the broker, dealer, or bank with or through which the transaction was effected; and (x) date the access person submits the report, as applicable.
- All trading by supervised persons must give preference to client portfolios. Specifically, no supervised person may (i) purchase securities for himself or an account over which he has control or a beneficial interest in until all LifeInvest Wealth Management client accounts to which such security has been recommended have acquired all sought positions, or (ii) sell for himself or an account over which he has control or a beneficial interest in until all LifeInvest Wealth Management client accounts for which such security has been recommended to sell have sold such security.
- All supervised persons must; promptly, completely, and truthfully answer client inquiries; maintain the confidentiality of all information that our clients have entrusted to LifeInvest Wealth Management concerning its clients even if they leave LifeInvest Wealth Management; fully comply with all federal laws, rules, and regulations governing the provision of investment advisory services to clients; and promptly report

any circumstances which appear to be or could be a violation of this Code to LifeInvest Wealth Management's Chief Compliance Officer.

The Chief Compliance Officer of LifeInvest Wealth Management carries out all compliance-related mandates as set forth by the Code of Ethics. A copy of the firm's Code of Ethics is available upon request by all clients and prospective clients. Lifeinvest Wealth Management Ltd and/or its investment advisory representatives may from time to time purchase or sell products that they may recommend to clients.

The Firm prohibits itself and its associated persons from benefiting from the short-term market effects of transactions for clients. The Firm gives preference to clients trading over itself. The compliance officer reviews all transactions executed by the Firm daily, and conducts an additional review of all securities transactions by officers and employees quarterly.

Certain financial products and services offered by Lifeinvest Wealth Management Ltd are not available to investors in the US (US investors).

## **ITEM XI      BROKERAGE PRACTICES**

LifeInvest Wealth Management does not provide trade execution services for its advisory clients. Instead LifeInvest Wealth Management recommends, but does not require, that its clients execute their trades for their account(s) through its affiliate, Life Invest Asset Management, which has entered into commission-sharing arrangements with Julius Baer Bank, BSI Switzerland ("BSI") and Santander Suisse for such referrals.

Each advisory client remains free to negotiate brokerage commission rates with Life Invest Asset Management, as introducing broker, and the executing brokers identified in this paragraph. By directing brokerage clients may be unable to achieve most favorable execution of client transactions, and this practice may ultimately cost more money. Despite these existing arrangements, LifeInvest Wealth Management's clients have the right to use a different broker for their trade executions; currently, however, none of our advisory clients uses unaffiliated brokerage services.

The commission-sharing arrangements by and among Life Invest Asset Management, Julius Bear Bank, BSI and Santander Suisse indirectly benefit LifeInvest Wealth Management, creating a potential conflict of interest when LifeInvest Wealth Management recommends (but does not require) its clients to execute their trades through Life Invest Asset Management. Even though LifeInvest Wealth Management only suggests that its clients open account(s) with its affiliate, LifeInvest Asset Management, LifeInvest Wealth Management will disclose these commission-sharing arrangements to its clients orally when discussing the nature of the services LifeInvest Wealth Management provides and in its investment advisory agreement with each client. LifeInvest Wealth Management believes this disclosure will adequately guide its clients' decision as to which broker to select for trade execution.

**Best Execution:** As an investment advisory firm, the Firm has a fiduciary duty to seek best execution for client transactions. While best execution is difficult to define and challenging to measure, there is some consensus that it does not solely mean the achievement of the best price on a given transaction. Rather, it appears to be a collective consideration of factors concerning the trade in question. Such factors include the security being traded, the price of the trade, the speed of the execution, apparent conditions in the market, and the specific needs of the client. The Firm may not necessarily pay the lowest commission or commission equivalent as specific transactions may involve specialized services on the part of the broker.

This would justify higher commissions (or their equivalent) than other transactions requiring routine services. If the Firm is directed by the client to direct trades to a specific broker dealer other than the custodian typically used for trade execution, it is disclosed that the Firm's ability to negotiate commissions (where applicable), obtain volume discounts, or otherwise obtain best execution may not be as favorable as might otherwise be obtained.

**Order Aggregation:** The Firm may combine orders into block trades when more than one account is participating in the trade. This blocking or bunching technique must be equitable and potentially advantageous for each such account (e.g. for the purposes of reducing brokerage commissions or obtaining a more favorable execution price). Block trading is performed when it is consistent with the duty to seek best execution and is consistent with the terms of the Firm's investment advisory agreements. Equity trades are blocked based upon fairness to client, both in the participation of their account, and in the allocation of orders for the accounts of more than one client. Allocations of all orders are performed in a timely and efficient manner. All managed accounts participating in a block execution receive the same execution price (average share price) for the securities purchased or sold in a trading day. Any portion of an order that remains unfilled at the end of a given day will be rewritten on the following day as a new order with a new daily average price to be determined at the end of the following day. Due to the low liquidity of certain securities, broker availability may be limited. Open orders are worked until they are completely filled, which may span the course of several days. If an order is filled in its entirety, securities purchased in the aggregated transaction will be allocated among the accounts participating in the trade in accordance with the allocation statement. If an order is partially filled, the securities will be allocated pro rata based on the allocation statement. The Firm may allocate trades in a different manner than indicated on the allocation statement (non-pro rata) only if all managed accounts receive fair and equitable treatment.

The Firm may recommend brokers to clients for execution and/or custodial services where requested by the client. Clients are not obligated to use the recommended broker and will not incur any extra fee or cost associated with using a broker not recommended by the Firm. Lifeinvest Wealth Management Ltd may recommend brokers based on criteria such as, but not limited to, reasonableness of commissions charged to the client, services made available to the client, and location of broker offices.

The Firm does not receive research services, other products, or compensation as a result of recommending a particular broker which may result in the client paying higher commissions than those obtainable through other brokers.

Lifeinvest Wealth Management Ltd never discloses the nonpublic personal information collected about its clients to anyone except in furtherance of our business relationship, and then only to those persons necessary to effect the transactions and provide the services that Client authorize (such as broker-dealers, custodians, investment managers etc.) or as otherwise provided by law.

A copy of Lifeinvest Wealth Management Ltd's Business Continuity Plan Disclosure Document will be provided to the Client at the time of account opening as well as when material changes to the plan occur. A copy of this document may be obtained at any time upon request.

## **ITEM XII REVIEW OF ACCOUNTS**

LifeInvest Wealth Management reviews the holdings of individual accounts. Client accounts will be reviewed on a quarterly basis though clients may also request a review by LifeInvest Wealth Management of their objectives and holdings on an off-cycle basis. Any development affecting a client's holdings will trigger a review and appropriate advice being given. A continuous and ongoing review will be made of securities held by clients as well as a broad group of other securities in order to determine what changes, if any, should be suggested to clients. In addition, the client will receive other supporting reports from Mutual Funds, Asset Managers, Trust Companies or Custodians, Insurance Companies, Broker/Dealers and others who are involved with client accounts.

Monica Calabrese (Relationship Manager) and Juan Carlos Carvallo (CIO and COO) will conduct the quarterly review of client holdings. Ms. Calabrese will review all of the clients for which reviews are to be conducted and all such reviews will be performed at identical review levels.

Client will receive prompt notification of any investment recommendation made for the Client's Portfolio as well a monthly or quarterly statement (as applicable) showing Client's Portfolio and a review of all transactions occurring during the applicable period.

## **ITEM XIII CLIENT REFERRALS AND OTHER COMPENSATION**

Lifeinvest Wealth Management Ltd, from time to time, receives client referrals, and such referrals often come from current clients, attorneys, accountants, employees, personal friends of employees and other similar sources.

The Adviser may enter into agreement whereby a party unaffiliated with the Adviser is entitled to compensation in the event that such party solicits prospective clients who become Adviser's clients. Pursuant to the Agreement, the solicitor will provide each prospective client with a copy of the Adviser's Form ADV Part 2A and 2B and a disclosure document setting forth the terms of the solicitation agreement, including the nature of the LifeInvest Wealth Management, Ltd.

relationship between the solicitor and the Adviser and any fees to be paid to the solicitor. Where applicable, cash payments for client solicitations will be structured to comply fully with the requirements of Rule 206(4)-3 under the Advisers Act.

Lifeinvest Wealth Management Ltd does not currently maintain any Referral Agreements.

#### **ITEM XIV CUSTODY**

The Firm provides investment advisory services and portfolio management services and does not provide securities custodial or other administrative services. At no time will the firm accept or maintain custody of a client's funds or securities.

On special circumstances, the Firm may have authority over bank accounts in name of a client, in order to facilitate the payment of fees or other administrative expenses related to the advice provided to the client.

#### **ITEM XV INVESTMENT DISCRETION**

The Firm could have discretion over the selection and amount of securities to be bought or sold in client accounts without obtaining prior consent or approval from the client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the client and agreed to by the Firm.

Discretionary authority will only be authorized upon full disclosure to the client. The granting of such authority will be evidenced by the client's execution of an Investment Advisory Agreement containing all applicable limitations to such authority.

Lifeinvest Wealth Management Ltd currently only has non-discretionary accounts.

#### **ITEM XVI VOTING CLIENT SECURITIES**

The Firm will not vote, nor advise clients how to vote, proxies for securities held in client accounts. The client clearly keeps the authority and responsibility for the voting of these proxies. Also, the Firm cannot give any advice or take any action with respect to the voting of these proxies. The client and the Firm agree to this by contract. For accounts subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan fiduciary specifically keeps the authority and responsibility for the voting of any proxies for securities held in plan accounts. Also, the Firm cannot give any advice or take action with respect to the voting of these proxies.

#### **ITEM XVII FINANCIAL INFORMATION**
