These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools;

- Consulting services;
- Access to a trading desk serving adviser participants;
- Access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts);

Some of the products and services made available by TD Ameritrade through the program may benefit Adviser but may not benefit its Client accounts. These products or services may assist Adviser in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help Adviser manage and further develop its business enterprise. The benefits received by Adviser or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade.

As part of its fiduciary duties to clients, the firm endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by Adviser or its related persons in and of itself creates a potential conflict of interest and may indirectly influence the Adviser's choice of TD Ameritrade for custody and brokerage services.
