Item 1. A. (1), C., & D.	<p>ADVISORY SERVICES</p> <p>Backshore Capital, LLC, ("Backshore," or the "Adviser") provides investment advisory services to various types of clients, including individuals, pension and profit-sharing plans, trusts and estates, corporations or business entities ("client(s)"). Backshore primarily uses option writing strategies in the management of Client assets.</p> <p>Covered Option Writing Strategies, (the "Strategy") generally seeks to maximize realized gains through covered option writing. The primary objective is to maximize realized gains on certain equity securities by writing covered options on such securities in order to create cash flow that may be disbursed to clients or reinvested in client accounts.</p> <p>FEES</p> <p>Backshore's advisory fees are set forth in the client's Investment Management Agreement (the "IMA Agreement"). For comparable services, other investment advisers may charge higher or lower fees than those charged by Backshore.</p> <p>Advisory fees are generally paid quarterly in advance. Prepaid advisory fees covering any period after a client's advisory agreement is terminated are refunded to the client.</p> <p>In some cases, Backshore's clients may have their accounts domiciled at a bank or broker-dealer that provides management of idle cash balances through a sweep arrangement. In such cases, the client often will pay a separate fee to the bank or broker for this service. Since clients pay Backshore a management fee based on the total market value of the client's account, the client may, in some cases, pay two fees for advice on idle cash balances.</p> <p>3. **METHODS OF ANALYSIS, SOURCES OF INFORMATION, AND
INVESTMENT STRATEGIES**

The primary strategy is to recommend the purchase of common stocks or ETFs with an adequate level of implied volatility on which Backshore may sell or "write" related covered call options against all or a portion of the shares the client owns. Alternatively, Backshore may sell secured put options on common stocks or ETFs with the goal of producing cash flow or to acquire such securities at target prices.

The Adviser may also provide option advisory services on a client's existing portfolio or concentrated positions. In those cases, the client or another investment adviser would have responsibility for selection and purchase of all or a portion of the stocks or ETFs in the client's portfolio. Backshore would subsequently initiate a covered option writing program with the goal of either maximizing realized gains, producing cash flow, or scaling back positions over time for the client.

The Strategy normally monitors the portfolio throughout the day and may initiate transactions as deemed necessary, as opposed to a "buy-write" (or sell and wait) strategy in which stocks are bought and matching call options are sold simultaneously and then held until the option expires or the stock is called away.

Option Management Styles

Empire Account Style

The Empire Strategy utilizes covered option writing (selling of calls or secured puts) against a portfolio of "blue chip" oriented, large capitalization stocks, or ETFs. The primary goal of the Empire Strategy is to use primarily "out-of-the-money" covered options to provide enhanced cash flow returns, which can augment a quality equity portfolio. Upside equity participation is limited in exchange for option premiums. The options written generally provide some downside protection while offering a higher level of upside equity potential than the Golden Gate style described below.

Golden Gate Account Style

The Golden Gate Strategy normally will write "at-the-money-options" for the Golden Gate style account, which means potential upside equity gain normally is sacrificed to increase the potential for realizing gains from option premium income, return participation is primarily from option premiums. The Golden Gate style normally might have greater potential that a stock will be "called away" more frequently in flat or increasing markets than for another style where the Strategy writes "out-of-the-money" calls. This type of account may have more frequent equity turnover for this reason.

REVIEW OF ACCOUNTS

Investment decisions for client accounts are made by the Mathew Kelson. Accounts are periodically reviewed. Client inquiries, changes in client objectives and any reasonable restrictions, changes in general market outlooks, specific market events, and changes in opinion on specific issues and other reasons may prompt additional reviews of accounts. Mathew Kelson also reviews transactions in client accounts at periods determined by the client and his/her advisor or broker. Mathew Kelson may review any new or modified information and reasonable restrictions from the client, the structure, composition and performance of client accounts and determines what changes to make, if any, to the accounts.

11. B.

REPORTS TO CLIENTS

Each client receives a report at least quarterly concerning the investment advisory account. In addition, review meetings are offered at least annually with each client to review portfolio performance as well as to identify any changes in the clients' investment objectives, risk tolerances, reasonable restrictions and liquidity needs for the upcoming year.

The custodian of the assets will also provide reports quarterly or more frequently to clients.

12. A.

INVESTMENT OR BROKERAGE DISCRETION

As an investment adviser, and subject to its duty to seek best execution, Backshore endeavors to select those broker-dealers that provide the best trade management and execution services, based upon established criteria, which include evaluating a broker-dealers' ability to provide professional covered option trade management services, its ability to coordinate stock and related option contract fills efficiently and discreetly, and skill in providing other services that assist Backshore in providing investment management services to its clients. Backshore may effect trades through broker-dealers that refer clients to Backshore. However, Backshore's policy is not to consider the volume of client referrals received, or the potential for future referrals, when Backshore determines where client transactions are placed for execution.

In the course of providing services, Backshore will execute trades for clients through broker-dealers. When a client has given Backshore broker discretion, there is no restriction on the brokers Backshore may select to execute client transactions. Backshore's general guiding principle is to trade through broker-dealers who offer the best overall execution under the particular circumstances. With respect to execution, Backshore considers a number of factors, including if the broker has custody of client assets, the actual handling of the order, the ability of the broker-dealer to settle the trade promptly and accurately, the financial standing of the broker-dealer, the ability of the broker-dealer to position stock to

SMA Accounts	<p>The primary risks of covered option writing include, but are not limited to, the risks of limiting gains in rising markets, the risk of an unanticipated exercise of an option, lack of liquidity in the equity or options markets, decreases in options premiums, the relatively higher cost of options trades, and the risk of forced liquidation of securities underlying written options, causing increased transaction expenses.</p> <p>Separately Managed Account Program ("SMA Program")</p> <p>Backshore sponsors the SMA Program in which client funds are invested in covered option writing strategies. Wrap Programs	<p>Third Party Wrap Fee Programs</p> <p>Backshore may manage funds for wrap fee programs through other sponsoring advisers and broker-dealers. In such programs, Backshore does not dictate the overall fee schedule (fees may be higher or lower than the fees and costs associated with retaining Backshore directly outside of a third party wrap fee program), the method for calculating fees, or the timing for payment of compensation. The sponsor generally recommends retention of Backshore for investment management, monitors and evaluates Backshore's performance, executes the clients' portfolio transactions, provides custodial services for the client's assets and, out of the fees paid to the adviser by the client, pays Backshore's advisory fee on behalf of the client. (for sponsors of wrap fee programs)

Name of wrap fee program or programs described in attached brochure:

SMA Program

1. **Applicability of Schedule.** This schedule must be completed by applicants that are compensated under a wrap fee program for sponsoring, organizing, or administering the program, or for selecting, or providing advice to clients regarding the selection of, other investment advisers in the program ("sponsors"). A wrap fee program is any program under which a specified fee or fees not based directly upon transactions in a client's account is charged for investment advisory services (which may include portfolio management or advice concerning the selection of other investment advisers) and execution of client transactions.
2. **Use of Schedule.** This Schedule sets forth the information the sponsor must include in the wrap fee brochure it is required to deliver or offer to deliver to clients and prospective clients of its wrap fee programs under Rule 204-3 under the federal Advisers Act and similar rules of the jurisdictions. The wrap fee brochure prepared in response to this Schedule must be filed with the Commission and the jurisdictions as part of Form ADV by completing the identifying information on this Schedule and attaching the brochure. Brochures should be prepared separately, not on copies of this Schedule. Any wrap fee brochure filed with the Commission as part of an amendment to Form ADV shall contain in the upper right hand corner of the cover page the sponsor's registration number (801-).
3. **General Contents of Brochure.** Unlike Parts I and II of this form, this Schedule is not organized in "check-the-box" format. These instructions, including the requests for information in Item 7 below, should not be repeated in the brochure. Rather, this Schedule describes minimum disclosures that must be made in the brochure to satisfy the sponsor's duty to disclose all material facts about the sponsor and its wrap fee programs. **Nothing in this Schedule relieves the sponsor from any obligation under any provision of the federal Advisers Act or rules thereunder, or other federal or state law to disclose information to its advisory clients or prospective advisory clients not specifically required by this Schedule.**
4. **Multiple Sponsors.** If two or more persons fall within the definition of "sponsor" in Item 1 above for a single wrap fee program, only one such sponsor need complete the Schedule. The sponsors may choose among themselves the sponsor that will complete the Schedule.
5. **Omission of Inapplicable Information.** Any information not specifically required by this Schedule that is included in the brochure should be applicable to clients and prospective clients of the sponsor's wrap fee programs. If the sponsor is required to complete this Schedule with respect to more than one wrap fee program, the sponsor may omit from the brochure furnished to clients and prospective clients of any wrap fee program or programs information required by this Schedule that is not applicable to clients or prospective clients of that wrap fee program or programs. If a sponsor of more than one wrap fee program prepares separate wrap fee brochures for clients of different programs, each brochure prepared must be filed with the Commission and the jurisdictions attached to a separate copy of this Schedule. Each such brochure must state that the sponsor sponsors other wrap fee programs and state how brochures for those programs may be obtained.
6. **Updating.** Sponsors are required to file an amendment to the brochure promptly after any information in the brochure becomes materially inaccurate. Amendments may be made by use of a "sticker," *i.e.*, a supplement affixed to the brochure that indicates what information is being added or updated and states the new or revised information, as long as the resulting brochure is readable. Stickers should be dated and should be incorporated into the text of the brochure when the brochure itself is revised.
7. **Contents of Brochure.** Include in the brochure prepared in response to this Schedule:
 - (a) on the cover page, the sponsor's name, address, telephone number, and the following legend in bold type or some other prominent fashion:

- (f) a description of the nature of any fees that the client may pay in addition to the wrap fee and the circumstances under which these fees may be paid (including, if applicable, mutual fund expenses and mark-ups, mark-downs or spreads paid to market makers from whom securities were obtained by the wrap fee broker);

- (l) if any practice or relationship disclosed in response to Item 7, 8, 9A, 9C and 13 of Part II presents a conflict between the interests of the sponsor and those of its clients, explain the nature of any such conflict of interest; and
- (m) if the sponsor or its divisions or employees covered under the same investment adviser registration as the sponsor act as portfolio managers for a wrap fee program described in the brochure, a brief, general description of the investments and investment strategies utilized by those portfolio managers.

8. **Organization and Cross References.** Except for the cover page requirements in Item 7(a) above, information contained in the brochure need not follow the order of the items listed in Item 7. However, the brochure should not be organized in such a manner that important information called for by the form is obscured.

Item 7.

c. FEES

The comprehensive wrap fee is assessed quarterly, in advance, and is payable on the first day of each calendar quarter. The fee includes all advisory, brokerage, custody and administrative costs. The wrap fee is deducted from the client's account on a quarterly basis. Certain referring investment advisers or brokers may reduce the standard referral fee they receive from Backshore, which is included in the total wrap fee. In such instances, Backshore may reduce the standard wrap fee accordingly. The standard wrap fee schedule, based on market value of client assets under management at the end of each quarter, is set forth as follows:

Backshore WRAP Fee Schedule

Portfolio Value	Annual Fee *
\$250,000 to \$999,999	3.0 %
Over \$1,000,000 to \$4,999,999	2.5 %
Over \$5,000,000	Negotiable

The Strategy's standard minimum for new accounts is \$250,000. No fee adjustments are made for withdrawals from the account or for account appreciation or depreciation during a billing period. The Strategy may adjust fees for deposits during a billing period. The Strategy assesses no start-up or termination charges. However, if the account is closed and positions are liquidated rather than assets being received in kind, the client will incur transaction costs. The wrap fee does not include charges arising from retirement account fees, trust fees, transfer fees or other special service fees. The client authorizes the Strategy to deduct the comprehensive wrap fee and other special service fees directly from the client's account in an investment management agreement.

d. COSTS

Not applicable.

e. COMPENSATION

Backshore shares a portion of the total wrap fee paid by SMA Program clients with unaffiliated solicitors, as disclosed in the solicitor's disclosure letter provided to clients. Unaffiliated solicitors are investment advisers who are paid to refer clients to Backshore's SMA Program described in this Form ADV, Schedule H. The amount of this compensation may be more than what the solicitor would receive if the client paid separately for investment advice, brokerage, and other services, and the solicitor may

therefore have a financial incentive to recommend the wrap fee program over other programs or services. Because Backshore does not use outside portfolio managers, all fees not paid to solicitors are retained by Backshore.

f. ADDITIONAL FEES AND COSTS

Not applicable.

g. SELECTION OF PORTFOLIO MANAGERS

Backshore acts primarily as a manager in implementing the Strategy, we rely on a national network of investment advisers that evaluate the merits of the Strategy as a suitable investment for their client's portfolios, and make recommendations regarding the nature of any investment using the Strategy. Please talk to your financial advisor regarding our various investment styles.

Backshore as adviser sponsors the wrap fee program in which client funds are invested in implementing the Strategy. Backshore also acts as the sole portfolio manager for the SMA Program.

See ADV Part II and Schedule F for additional details.

h. PORTFOLIO MANAGER PERFORMANCE

1. PERFORMANCE REVIEW OF PORTFOLIO MANAGERS

Performance is not reviewed by a third party. Portfolio performance information is reviewed periodically by Backshore.

See ADV Part II and Schedule F for additional details.
