Item 1D  
(Continued)**Global Macro 10 Portfolio**

Investment Objective: The managers seek to realize positive returns in all market environments by taking calculated risks and searching for opportunities in all financial markets. We aim for absolute returns with favorable risk-reward characteristics.

Investment Philosophy: We believe asset prices tend to revert to fair value over time (mean-reversion). We take positions only when we have strong conviction that an asset is mispriced and the conditions exist to prompt a move towards fair-value. We seek to position the portfolio such that it benefits from demographic and secular trends.

Investment Process: We rely on our managers to generate investment ideas, they bring a variety of experience in multiple industries and geographies to the process. The managers perform their own analysis of primary sources (company filings, raw economic data, official statements, etc.) and market conditions, in addition to using a variety of external research. The portfolio managers will evaluate potential positions from both a top-down and bottom-up perspective. Every position is taken with our broader macro-economic view and outlook for its asset class in mind. We do not take a position unless both managers agree on the merits and believe we have evaluated the opposing view with intellectual rigor and honesty. Prior to taking a position we articulate our exit strategy.

Buy/Sell Discipline: We seek to limit risk by setting pre-determined thresholds at which to sell. We aim to sell when our target price is achieved, or when our broader outlook for the asset-class changes.

Portfolio Construction (Rules and Approach): We have no fixed rules for portfolio composition in the Global Macro 10 portfolio. The portfolio is designed to be adaptive and afford the portfolio managers great flexibility. We reserve the right to hold 100% of the portfolio in cash if we do not see compelling opportunities. We aim to have 10 positions in the portfolio at any given time; these may be a mix of bonds, stocks, ETFs, open-end or closed-end funds, options or any other marketable security. Due to the separate account structure of the portfolio, we do not short directly, rather we implement negative views through options or ETFs/ETNs. We size positions based on various factors including relative risk and conviction with an eye towards the rest of the portfolio. In most cases, individual positions will range between 5% and 20% of the portfolio. Initial options positions may be smaller.

Risk Management: We recognize that all assets carry risk and try to understand them before we enter positions so we are better prepared to respond quickly to changing conditions. We monitor risk on both an individual position and portfolio perspective on an ongoing basis. We intentionally limit the number of positions in the portfolio

so we can manage risk effectively.

Approximate Turnover: We aim to maintain portfolio turnover under 35%, with an average holding period of three years. Portfolio turnover may be significantly higher during turns in the business cycle, or when our macro-economic view undergoes a fundamental change.

Additional Risk Considerations: The Global Macro 10 portfolio is a concentrated portfolio with significant risk of loss. The managers may take large positions in individual securities, or allow positions in individual securities to grow to be a large portion of the portfolio. The portfolio may invest in purely speculative securities, with a substantial risk of loss, including but not limited to options and ETFs with leverage. The portfolio is not customized for any individual client's risk tolerance, investors in the portfolio should carefully consider the strategy and whether it fits in with their investment objectives. Due to its concentrated and speculative nature, the Global Macro 10 portfolio is only offered to qualified clients (see below).

Utilization in a portfolio context: The portfolio is designed be used as a satellite, tactical complement to a broader strategic asset-allocation.

**Fee Information**

Our annual fee for investment management services provided under the Agreement for the Global Macro 10 Portfolio shall be offered only to high net-worth "qualified clients" for a 1% base fee plus a 10% incentive fee to be determined by investment performance.

An investment adviser can charge performance based fees provided these fees are only offered to "qualified clients".

The definition of "qualified clients" can be found in SEC Section 275.205-3.

"Qualified Client" pursuant to SEC 275.205-3 means:

- (i) A natural person who or a company that immediately after entering into the contract has at least \$750,000 under the management of the investment adviser;
- (ii) A natural person who or a company that the investment adviser entering into the contract (and any person acting on his behalf) reasonably believes, immediately prior to entering into the contract, either:

(A) Has a net worth (together, in the case of a natural person, with assets held jointly with a spouse) of more than \$1,500,000, at the time the contract is entered into; or

(B) Is a qualified purchaser as defined in section 2(a)(51)(AA) of the Investment Company Act of 1940 (15U.S.C. 80a-2(51)(A)) at the time the contract

(iii) A natural person who immediately prior to entering into the contract is:

(A) An executive officer, director, trustee, general partner or person serving in similar capacity, of the investment adviser; or

(B) An employee of the investment adviser (other than an employee performing solely clerical, secretarial or administrative functions with regard to the investment adviser) who, in connection with his or her regular functions or duties, participates in the investment activities of such investment adviser, provided that such employee has been performing such functions and duties for or on behalf of the investment adviser, or substantially similar functions or duties for or on behalf of another company for at least 12 months.

Our base fee will be paid quarterly in arrears. The performance fee will be assessed on the net returns (investment returns less the nominal fee charged) of such accounts at the end of each calendar year or when an account is closed. In determining the net return on Client accounts, we consider the annual "high water mark," the highest value of the assets during the year previous to the end of the current billing period (as adjusted for deposits and withdrawals of capital). In the event that we fail to achieve an investment return during the year prior to a billing period, no performance fee would be due to us for the management of client's account.

The performance fee is calculated as follows: we will receive a percentage of the net capital appreciation (i.e. capital appreciation less capital depreciation and any accumulated net capital depreciation carry-forward from prior periods) of each Client's account. The performance fee is payable only if and to the extent that the net capital appreciation of the Client's account exceeds any net capital depreciation accumulated during the performance fee period (as adjusted for withdrawals of capital). We may, in our discretion, waive all or any portion of the performance fee or may agree with a client to other changes to the performance fee by written agreement only.

In the event that we fail to achieve any net capital appreciation relative to the high water mark as defined above during the performance fee period, no performance fee would be due to us for that year of management. In the event that the client terminates the managed account before the end of the year and there is a net return during the performance fee period, the client shall be billed performance fee on assets under management for all profits accrued during the performance period to termination date, as agreed upon in the Investment Advisory Agreement. All performance fees will comply with Section 205 of the Investment Advisers Act of 1940, Rule 205-3 thereunder, or similar state statutes, as applicable.

Unless the Client requests direct billing, fees will be automatically deducted from the account. Clients will be provided with a quarterly statement reflecting deduction of the advisory fee as well as an advance invoice from us (sent to the custodian

Either party may terminate the agreement at any time by providing written notice to the other party. Clients will not be charged advisory fees only in cases where cancellation occurs within five (5) business days of signing our investment advisory agreement. After five (5) business days, clients will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the client.

Our fee schedule does not include the following separately billed fees, which adviser does not receive any part of: mutual fund expenses, trading and custodial costs. These fees will be separately charged by the relevant parties and borne by the Client.

No portion of our compensation shall be based on capital gains or capital appreciation of the Assets except as provided for under the Investment Advisers Act of 1940.

We will adhere to the SEC Staff No-Action Letter, *SMC Capital, Inc.* in the event that orders are aggregated.

**Financial Consulting**

Additionally, Adviser may provide clients with financial consulting services. With respect to financial consulting services, Adviser will generally charge a fixed fee within the range of \$3,000 to \$10,000, which may be negotiable in certain circumstances, depending upon the level and scope of these services. The total number of hours will be estimated prior to the engagement and the total estimated fees will be specified in Adviser's Financial Consulting Agreement. Half of the total amount of fees is due upon the execution of Adviser's Financial Consulting Agreement, and the remaining amount of fees will be due upon execution of the consultation.

Either party may terminate the agreement at any time by providing written notice to the other party. If the Client terminates this Agreement by written notice within five business days of the date of this Agreement, the Client is entitled to a full refund of consulting fees paid. Thereafter, the client will incur charges for bona fide consulting services rendered to the point of termination and such fees will be due and payable by the client. Refunds will be given on a pro-rata basis. The fee-paying arrangements for fixed fees will be determined on a case-by-case basis and will be detailed in the signed agreement for services. The client will be invoiced directly for the fixed fees.

**Selection, Recommendation, Due Diligence, Performance Reporting of Third  
Party Advisory Service**

In order to assist the Client in the selection of a Third Party Advisory Service, Adviser will typically gather information from the Clients about the Client's financial situation, investment objectives, and reasonable restrictions the Client wants imposed on the management of the account. Adviser will not offer advice on any specific securities or other investments in connection with this service.

Adviser will periodically review reports provided to the Clients, but no less often than on an annual basis. The Investment Advisory Representatives of Adviser will contact the Client periodically, as agreed to with the Clients, in order to review the Client's financial situation and objectives; communicate information to the Third Party Advisory Service managing the account as warranted; and, assist the Clients in understanding and evaluating the services provided by the Third Party Advisory Service. Clients will be expected to notify Adviser of any changes in their financial situation, investment objectives, or account restrictions. Clients may also contact directly the Third Party Adviser managing the account or sponsoring the program.

Adviser will ensure that Third Party Advisers are appropriately licensed or registered as investment advisers.

Adviser receives compensation pursuant to its agreements with these Third Party Advisory Programs for introducing Clients to these Third Party Advisory Programs and for certain ongoing services provided to Clients. This compensation, which is disclosed to the Client in a separate disclosure document provided by the Third Party Advisory Program, is typically equal to a percentage of the investment advisory fee charged by that Third Party Advisory Program or a fixed fee.

Item 1D (Continued)	<p><b><u>Additional Information Concerning Fees</u></b></p> <p>In certain circumstances, advisory fees and account minimums may be negotiable based upon prior relationships as well as related account holdings. The fees charged are calculated as described above.</p> <p>All fees paid to Adviser for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds to their shareholders. These fees and expenses are described in each fund's prospectus. Such fees will generally include a management fee, other fund expenses and a possible distribution fee. If the fund also imposes sales charges, a Client may pay an initial or deferred sales charge.</p> <p>A Client could invest in a mutual fund directly, without the services of Adviser. In that case, the Client would not receive the services provided by Adviser which are designed, among other things, to assist the Client in determining which mutual fund or funds are most appropriate to the Client's financial condition and objectives. 2) Adviser emphasizes the unrestricted right of its clients to decline to implement any advice rendered.

3) Adviser recognizes it must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.

**Footnotes**

(1) This investment policy has been established recognizing that some securities being considered for purchase and sale on behalf of Adviser's clients trade in sufficiently broad markets to permit transactions by clients to be completed without an appreciable impact on the markets of the securities. Under certain circumstances, exceptions may be made to the policies stated above. As such, transactions in mutual funds and/or variable insurance products by Adviser are not likely to have an impact on the prices of the fund shares in which clients invest, and are therefore not prohibited by Adviser's Investment policies and procedures.

**INVESTMENT OR BROKERAGE DISCRETION/ADDITIONAL  
COMPENSATION**

Adviser generally utilizes discretion. Adviser may have the authority to determine, without obtaining specific Client consent, the broker-dealer to be used, the commission rates to be paid, the securities to be bought or sold, and the amount of the securities to be bought or sold.

Adviser may recommend that Clients establish brokerage accounts with the Schwab Institutional division of Charles Schwab & Co., Inc. ("Schwab"), registered broker-dealers, Members SIPC, to maintain custody of Clients' assets and to effect trades for their accounts. Adviser is independently owned and operated and not affiliated with Schwab. Adviser may also recommend that Clients establish accounts with firms other than Schwab.

Schwab may provide Adviser with access to its institutional trading and custody services, which are typically not available to Schwab retail investors. These services generally are available to independent investment advisors on an unsolicited basis, at no charge to them so long as a total of at least \$10 million of the advisor's Clients' assets are maintained in accounts at Schwab Institutional, *and are not otherwise contingent upon Adviser committing to Schwab any specific amount of business (assets in custody or trading)*. Schwab's services include brokerage, custody, research, and access to mutual funds and other investments that are otherwise generally available only to institutional investors or require a significantly higher minimum initial investment. For Adviser's Client accounts maintained in its custody, Schwab *generally* does not charge separately for custody but is compensated by account holders through commissions, transaction-related or asset based fees for securities trades that are executed through Schwab or that settle into Schwab accounts. Schwab may pay for certain account transfer fees or termination fees for certain clients who transfer their assets to Schwab. Schwab may also provide free or discounted trading for a one month window for certain clients who transfer their assets to Schwab.

Schwab also makes available to Adviser other products and services that benefit Adviser but may not benefit its Clients' accounts. Some of these other products and services assist Adviser in managing and administering Clients' accounts. These include software and other technology that provide access to Client account data (such as trade confirmations and account statements), facilitate trade execution (and allocation of aggregated trade orders for multiple Client accounts), provide research, pricing information and other market data, facilitate payment of Adviser's fees from its Clients' accounts, and assist with back-office functions, recordkeeping and Client reporting. Many of these services generally may be used to service all or a substantial number of Adviser's accounts, including accounts not maintained at Schwab Institutional.
