Advisory Business

Form ADV Part 2A, Item 4

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

A. Describe your advisory firm, including how long you have been in business. Identify your principal owner(s).

Notes: (1) For purposes of this item, your principal owners include the persons you list as owning 25% or more of your firm on Schedule A of Part 1A of Form ADV (Ownership Codes C, D or E). (2) If you are a publicly held company without a 25% shareholder, simply disclose that you are publicly held. (3) If an individual or company owns 25% or more of your firm through subsidiaries, you must identify the individual or parent company and intermediate subsidiaries. If you are an SEC-registered adviser, you must identify intermediate subsidiaries that are publicly held, but not other intermediate subsidiaries. If you are a state-registered adviser, you must identify all intermediate subsidiaries.

Lightstone Capital Advisers was formed in March, 2009 to use the quantitative stock selection models developed by Lightstone Capital Management for faith-based strategies (Islamic funds and Catholic funds) and conventional strategies. Strategies have been developed across all equity styles, to allow Muslim and Catholic investors the same choices that are available to conventional investors. Lightstone Capital Management was founded in 1998 and owns Lightstone Capital Advisers. Lightstone Capital Management is 60% owned by John Lightstone and 40% owned by a trust, with his daughter as beneficiary. The MIZAN Fund is administered and offered to clients by a trust company. In the future, Islamic and Catholic strategies and conventional strategies may also be offered by Lightstone Capital Advisers.

Lightstone Capital Advisers also provides investment advice for a short term Bond Fund, also offered by the trust company.

B. Describe the types of advisory services you offer. If you hold yourself out as specializing in a particular type of advisory service, such as financial planning, quantitative analysis, or market timing, explain the nature of that service in greater detail. If you provide investment advice only with respect to limited types of investments, explain the type of investment advice you offer, and disclose that your advice is limited to those types of investments.

Lightstone Capital Advisers only selects stocks using quantitative selection models. Portfolios are fully invested at all times and there is no use of market timing. All strategies use a proprietary analysis of earnings estimate revisions which has been tested out-of-sample and in different universes of stocks. Also, all strategies are extensively back tested before being offered to investors from the earliest date for which we have data, which is typically 12/31/1986.

Many Islamic and Catholic investors believe that their faith does not allow them to invest in certain kinds of companies. Lightstone Capital Advisers excludes these stocks from the initial selection universe and then applies its quantitative portfolio selection. This is to be distinguished from selecting a conventional portfolio and then taking out stocks from that portfolio that are not allowed under Islamic or Catholic law.

C. Explain whether (and, if so, how) you tailor your advisory services to the individual needs of clients. Explain whether clients may impose restrictions on investing in certain securities or types of securities.

There is a widespread agreement among faith-based investors as to the stocks that are not permissible. For example, it is generally agreed that financial services companies are not permissible investments for a traditional Muslim investor. Similarly, it is generally agreed that companies offering birth control products are not permissible investments for a traditional Catholic investor. However in the case of other companies, there may not be agreement as to whether a stock has to be excluded from the selection universe. In this case, Lightstone Capital Advisers has the ability to customize the initial selection universe to take into account the specific needs of a given investor.

D. If you participate in wrap fee programs by providing portfolio management services, (1) describe the differences, if any, between how you manage wrap fee accounts and how you manage other accounts, and (2) explain that you receive a portion of the wrap fee for your services.

Lightstone Capital Advisers does not presently participate in wrap fee programs.

E. If you manage client assets, disclose the amount of client assets you manage on a discretionary basis and the amount of client assets you manage on a non-discretionary basis. Disclose the date "as of" which you calculated the amounts.

Note: Your method for computing the amount of "client assets you manage" can be different from the method for computing "assets under management" required for Item 5.F in Part 1A. However, if you choose to use a different method to compute "client assets you manage," you must keep documentation describing the method you use. The amount you disclose may be rounded to the nearest \$100,000. Your "as of" date must not be more than 90 days before the date you last updated your brochure in response to this Item 4.E.

As of 12/31/2013, Lightstone Capital Advisers managed \$37,649,364 million on a discretionary basis. The firm did not manage any client assets on a non-discretionary basis.

Fees and Compensation

Form ADV Part 2A, Item 5

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

A. Describe how you are compensated for your advisory services. Provide your fee schedule. Disclose whether the fees are negotiable.

Note: If you are an SEC-registered adviser, you do not need to include this information in a brochure that is delivered only to qualified purchasers as defined in section 2(a)(51)(A) of the Investment Company Act of 1940. Lightstone Capital Advisers is paid a fixed fee by the trust company, its client, for each dollar of assets under management, above a certain minimum value of assets under management. Fees are negotiable.

B. Describe whether you deduct fees from clients' assets or bill clients for fees incurred. If clients may select either method, disclose this fact. Explain how often you bill clients or deduct your fees.

Lightstone Capital Advisers does not have custody of client accounts or securities. The trust company remits fees after the end of each quarter.

C. Describe any other types of fees or expenses clients may pay in connection with your advisory services, such as custodian fees or mutual fund expenses. Disclose that clients will incur brokerage and other transaction costs, and direct clients to the section(s) of your brochure that discuss brokerage.

Lightstone Capital Advisors receives no other fees or expenses in connection with its advisory services.

D. If your clients either may or must pay your fees in advance, disclose this fact. Explain how a client may obtain a refund of a pre-paid fee if the advisory contract is terminated before the end of the billing period. Explain how you will determine the amount of the refund.

Clients do not pay fees in advance.

E. If you or any of your supervised persons accepts compensation for the sale of securities or other investment products, including asset-based sales charges or service fees from the sale of mutual funds, disclose this fact and respond to Items 5.E.1, 5.E.2, 5.E.3 and 5.E.4.

N/A

Performance-Based Fees and Side-By-Side Management

Form ADV Part 2A, Item 6

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

If you or any of your supervised persons accepts performance-based fees – that is, fees based on a share of capital gains on or capital appreciation of the assets of a client (such as a client that is a hedge fund or other pooled investment vehicle) – disclose this fact. If you or any of your supervised persons manage both accounts that are charged a performance-based fee and accounts that are charged another type of fee, such as an hourly or flat fee or an asset-based fee, disclose this fact. Explain the conflicts of interest that you or your supervised persons face by managing these accounts at the same time, including that you or your supervised persons have an incentive to favor accounts for which you or your supervised persons receive a performance-based fee, and describe generally how you address these conflicts.

N/A

Types of Clients

Form ADV Part 2A, Item 7

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

Describe the types of clients to whom you generally provide investment advice, such as individuals, trusts, investment companies, or pension plans. If you have any requirements for opening or maintaining an account,

such as a minimum account size, disclose the requirements.

Lightstone Capital Advisers manages the overall investment process for the MIZAN Fund, which is offered by a trust company to clients.

Methods of Analysis, Investment Strategies and Risk of Loss

Form ADV Part 2A, Item 8

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

A. Describe the methods of analysis and investment strategies you use in formulating investment advice or managing assets. Explain that investing in securities involves risk of loss that clients should be prepared to bear.

Lightstone Capital Advisers only selects stocks using quantitative selection models. Portfolios are fully invested at all times and there is no use of market timing. All strategies use a proprietary analysis of earnings estimate revisions; "we analyze the analysts," so that our analysis is based on the expected future fundamentals of a company. All strategies are extensively back tested before being offered to investors from the earliest date for which we have data, which is typically 12/31/1986, so that Lightstone Capital Advisers can better understand the risk characteristics of a strategy in different market conditions. For example, we evaluate not only the backtested returns of a fund that we are considering offering but we also evaluate its performance in up and down markets by calculating its Upside Capture and Downside Capture Ratios, its Sharpe Ratio and its Information Ratio. The investor is always bearing market risk by investing in a strategy invested in stocks but we also measure the historical risk of the strategy versus its market benchmark. We also strongly believe in diversification as a risk management tool, both across stocks, industries and equity styles. For example, the MIZAN Fund is made up of seven different equity styles, with about three hundred and twenty unique stocks.

B. For each significant investment strategy or method of analysis you use, explain the material risks involved. If the method of analysis or strategy involves significant or unusual risks, discuss these risks in detail. If your primary strategy involves frequent trading of securities, explain how frequent trading can affect investment performance, particularly through increased brokerage and other transaction costs and taxes.

Lightstone Capital Advisers has backtested its strategies from the earliest date for which we have data for a given strategy, which is typically 12/31/1986. We use a research database employing proprietary software that we have developed in-house. We have observed that over short periods of time, when the market is very volatile and does not take into account the expected fundamentals of companies, our strategies will often underperform. However, in our experience over more than 25 years of back testing, the market quickly returns to normal behavior in which these fundamentals are taken into account. Our strategies do not involve frequent trading.

C. If you recommend primarily a particular type of security, explain the material risks involved. If the type of security involves significant or unusual risks, discuss these risks in detail.

Our stocks are chosen from the Russell 1000 Index and the Russell 2000 Index.

Disciplinary Information

Form ADV Part 2A, Item 9

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

If there are legal or disciplinary events that are material to a client's or prospective client's evaluation of your advisory business or the integrity of your management, disclose all material facts regarding those events.

Items 9.A, 9.B, and 9.C list specific legal and disciplinary events presumed to be material for this Item. If your advisory firm or a management person has been involved in one of these events, you must disclose it under this Item for ten years following the date of the event, unless (1) the event was resolved in your or the management person's favor, or was reversed, suspended or vacated, or (2) you have rebutted the presumption of materiality to determine that the event is not material (see Note below). For purposes of calculating this ten-year period, the "date" of an event is the date that the final order, judgment, or decree was entered, or the date that any rights of appeal from preliminary orders, judgments or decrees lapsed.

Items 9.A, 9.B, and 9.C do not contain an exclusive list of material disciplinary events. If your advisory firm or a management person has been involved in a legal or disciplinary event that is not listed in Items 9.A, 9.B, or 9.C, but nonetheless is material to a client's or prospective client's evaluation of your advisory business or the integrity of its management, you must disclose the event. Similarly, even if more than ten years have passed since the date of the event, you must disclose the event if it is so serious that it remains material to a client's or prospective client's evaluation.

A. A criminal or civil action in a domestic, foreign or military court of competent jurisdiction in which your firm or a management person

1. was convicted of, or pled guilty or nolo contendere ("no contest") to (a) any felony; (b) a misdemeanor that involved investments or an investment-related business, fraud, false statements or omissions, wrongful taking of property, bribery, perjury, forgery, counterfeiting, or extortion; or (c) a conspiracy to commit any of these offenses;

No.

2. is the named subject of a pending criminal proceeding that involves an investment-related business, fraud, false statements or omissions, wrongful taking of property, bribery, perjury, forgery, counterfeiting, extortion, or a conspiracy to commit any of these offenses;

No.

3. was found to have been involved in a violation of an investment-related statute or regulation; or

No.

4. was the subject of any order, judgment, or decree permanently or temporarily enjoining, or otherwise limiting, your firm or a management person from engaging in any investment-related activity, or from violating any investment-related statute, rule, or order.

No.

B. An administrative proceeding before the SEC, any other federal regulatory agency, any state regulatory agency, or any foreign financial regulatory authority in which your firm or a management person

1. was found to have caused an investment-related business to lose its authorization to do business; or

No.

2. was found to have been involved in a violation of an investment-related statute or regulation and was the subject of an order by the agency or authority

(a) denying, suspending, or revoking the authorization of your firm or a management person to act in an investment-related business;

No.

(b) barring or suspending your firm's or a management person's association with an investment-related business;

No.

(c) otherwise significantly limiting your firm's or a management person's investment-related activities; or

No.

(d) imposing a civil money penalty of more than \$2,500 on your firm or a management person.

No.

C. A self-regulatory organization (SRO) proceeding in which your firm or a management person

1. was found to have caused an investment-related business to lose its authorization to do business; or

No.

2. was found to have been involved in a violation of the SRO's rules and was: (i) barred or suspended from membership or from association with other members, or was expelled from membership;

(ii) otherwise significantly limited from investment-related activities; or (iii) fined more than \$2,500.

Note: You may, under certain circumstances, rebut the presumption that a disciplinary event is material. If an event is immaterial, you are not required to disclose it. When you review a legal or disciplinary event involving your firm or a management person to determine whether it is appropriate to rebut the presumption of materiality, you should consider all of the following factors: (1) the proximity of the person involved in the disciplinary event to the advisory function; (2) the nature of the infraction that led to the disciplinary event; (3) the severity of the disciplinary sanction; and (4) the time elapsed since the date of the disciplinary event. If you conclude that the materiality presumption has been overcome, you must prepare and maintain a file memorandum of your determination in your records. See SEC rule 204-2(a)(14)(iii).

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Form ADV Part 2A, Item 11

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

A. If you are an SEC-registered adviser, briefly describe your code of ethics adopted pursuant to SEC rule 204A-1 or similar state rules. Explain that you will provide a copy of your code of ethics to any client or prospective client upon request.

Purchase and sale of securities for the MIZAN Fund or any other strategy maintained by Lightstone Capital Advisers takes place on a fixed date each month and the securities to be purchased or sold are not known until the quantitative model used to select stocks is run on the Sunday prior to the trade date. No Advisory Person may purchase or sell for his account any securities in the three days before or after the trade date, with the exception that an Advisory Person may purchase or sell shares in the Fund or any other strategy maintained by Lightstone Capital Advisers and may purchase or sell shares in any market index. Furthermore, the MIZAN Fund is heavily diversified, with more than 300 stocks in the current portfolio, so that conflicts of interest are further minimized.

B. If you or a related person recommends to clients, or buys or sells for client accounts, securities in which you or a related person has a material financial interest, describe your practice and discuss the conflicts of interest it presents. Describe generally how you address conflicts that arise.

C. See answer to A above.

D. If you or a related person recommends securities to clients, or buys or sells securities for client accounts, at or about the same time that you or a related person buys or sells the same securities for your own (or the related person's own) account, describe your practice and discuss the conflicts of interest it presents. Describe generally how you address conflicts that arise.

Note: The description required by Item 11.A may include information responsive to Item 11.B, C or D. If so, it is not necessary to make repeated disclosures of the same information. You do not have to provide disclosure in response to Item 11.B, 11.C, or 11.D with respect to securities that are not "reportable securities" under SEC rule 204A-1(e)(10) and similar state rules.

See answer to A above.

Brokerage Practices

Form ADV Part 2A, Item 12

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

A. Describe the factors that you consider in selecting or recommending broker-dealers for client transactions and determining the reasonableness of their compensation (e.g., commissions).

1. **Research and Other Soft Dollar Benefits.** If you receive research or other products or services other than execution from a broker-dealer or a third party in connection with client securities transactions ("soft dollar benefits"), disclose your practices and discuss the conflicts of interest they create.

Note: Your disclosure and discussion must include all soft dollar benefits you receive, including, in the case of research, both proprietary research (created or developed by the broker-dealer) and research created or developed by a third party.

The choice of broker-dealers and the reasonableness of their compensation is determined by the trust company offering the MIZAN Fund.

a. Explain that when you use client brokerage commissions (or markups or markdowns) to obtain research or other products or services, you receive a benefit because you do not have to produce or pay for the research, products or services.

N/A

b. Disclose that you may have an incentive to select or recommend a broker-dealer based on your interest in receiving the research or other products or services, rather than on your clients' interest in receiving most favorable execution.

N/A

c. If you may cause clients to pay commissions (or markups or markdowns) higher than those charged by other broker-dealers in return for soft dollar benefits (known as paying-up), disclose this fact.

N/A

d. Disclose whether you use soft dollar benefits to service all of your clients' accounts or only those that paid for the benefits. Disclose whether you seek to allocate soft dollar benefits to client accounts proportionately to the soft dollar credits the accounts generate.

N/A

e. Describe the types of products and services you or any of your related persons acquired with client brokerage commissions (or markups or markdowns) within your last fiscal year.

Note: This description must be specific enough for your clients to understand the types of products or services that you are acquiring and to permit them to evaluate possible conflicts of interest. Your description must be more detailed for products or services that do not qualify for the safe harbor in section 28(e) of the Securities Exchange Act of 1934, such as those services that do not aid in investment decision-making or trade execution. Merely disclosing that you obtain various research reports and products is not specific enough.

N/A

f. Explain the procedures you used during your last fiscal year to direct client transactions to a particular broker-dealer in return for soft dollar benefits you received.

N/A

2. Brokerage for Client Referrals. If you consider, in selecting or recommending broker-dealers, whether you or a related person receives client referrals from a broker-dealer or third party, disclose this practice and discuss the conflicts of interest it creates.

a. Disclose that you may have an incentive to select or recommend a broker-dealer based on your interest in receiving client referrals, rather than on your clients' interest in receiving most favorable execution.

N/A

b. Explain the procedures you used during your last fiscal year to direct client transactions to a particular broker-dealer in return for client referrals.

N/A

3. Directed Brokerage.

a. If you routinely recommend, request or require that a client direct you to execute transactions through a specified broker-dealer, describe your practice or policy. Explain that not all advisers require their clients to direct brokerage. If you and the broker-dealer are affiliates or have another economic relationship that creates a material conflict of interest, describe the relationship and discuss the conflicts of interest it presents. Explain that by directing brokerage you may be unable to achieve most favorable execution of client transactions, and that this practice may cost clients more money.

N/A

b. If you permit a client to direct brokerage, describe your practice. If applicable, explain that you may be unable to achieve most favorable execution of client transactions. Explain that directing brokerage may cost clients more money. For example, in a directed brokerage account, the client may pay higher brokerage commissions because you may not be able to aggregate orders to reduce transaction costs, or the client may receive less favorable prices.

Note: If your clients only have directed brokerage arrangements subject to most favorable execution of client transactions, you do not need to respond to the last sentence of Item 12.A.3.a. or to the second or third sentences of Item 12.A.3.b.

N/A

B. Discuss whether and under what conditions you aggregate the purchase or sale of securities for various

client accounts. If you do not aggregate orders when you have the opportunity to do so, explain your practice and describe the costs to clients of not aggregating.
N/A.

For purposes of this Item, economic benefits include any sales awards or other prizes.

N/A

B. If you or a related person directly or indirectly compensates any person who is not your supervised person for client referrals, describe the arrangement and the compensation.

N/A
