Item 3. Disciplinary Information

We have a duty to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our investment adviser representatives and management.

Criminal or Civil Action

There are no disclosure events involving a criminal or civil action in a domestic, foreign or military court of competent jurisdiction in which Jason Vanclef is involved.

Administrative Proceeding (SEC/Federal/State)

There are no disclosure events involving a SEC or Federal administrative proceeding in which Mr. Vanclef is involved.

There is one disclosure event involving a State administrative proceeding in which VFGA and its principal (Mr. Jason Vanclef) is involved. In 2011, VFGA was served notice of a complaint by the State of Colorado's Department of Regulation Agency (DORA) against VFG Advisors, Inc. ("VFGA"), VFG Securities, Inc. ("VFGS"), and Jason Vanclef as firm principal for the employment of an unlicensed supervised person / investment adviser representative. VFGA, VFGS, and their associated persons were ordered to withdraw their respective registrations from the State of Colorado, and to refrain from conducting any securities or advisory business within the State of Colorado with or for residents in Colorado for a period of 3 years, or until the State of Colorado re-approves VFGA, VFGS and Vanclef's registrations in their state.

More details of the case can be found on the Investment Advisor's Public Disclosure site (IAPD) at www.Adviserinfo.sec.gov, or the BrokerCheck link, which is www.finra.org/brokercheck.

Administrative Proceeding (SRO)

There are no disclosure events involving a self-regulatory organization (SRO) proceeding in which Mr. Vanclef is involved.

Other Disclosure Events

In the interest of full disclosure, and the fact that the following disclosure may be considered by even one customer as material to the integrity of our management, VFGA makes the following disclosure.

In April, 2009, Mr. Vanclef received a civil complaint from a customer while associated with prior broker-dealer. The customer alleged misrepresentation and breach of written contract concerning a third-party managed account. No compensatory damages were claimed. In September, 2009, the hearing judge denied plaintiff/customer's request for civil proceedings and compelled customer to arbitration, granting Mr. Vanclef a stay of proceeding. Mr. Vanclef and the firm he was associated with believed the civil claims to be frivolous and completely without merit, containing false statements and inaccurate information about the events in question. Neither Mr. Vanclef nor his prior broker dealer ever heard from said customer again, and no arbitration complaint was ever filed in this matter.

Mr. Vanclef has been the subject of 6 customer-initiated complaints received between 2012 - 2014. Each of these disputes involve customer purchases of non-traded real estate investment trust investments or tenant-in-common real estate purchases, and specifically include claims that the investment recommendations were not suitable. Mr. Vanclef and VFGA believe that each dispute is more of a result of the real estate market crisis, than a result of any wrong doing by Mr. Vanclef. Each dispute has been settled. There are no other disclosure events for Mr. Vanclef or any other VFGA Management Personnel. This information may be considered material due to the fact that Mr. Vanclef may still on occasion recommend these products to be included in a client's portfolio, based on a client's individually stated investment objectives, risk tolerance and suitability.

The details of these cases can be found on the Investment Advisor's Public Disclosure site (IAPD). Clients can access IAR disciplinary history by clicking on the IAPD link, which is www.Adviserinfo.sec.gov, or the BrokerCheck link, which is www.finra.org/brokercheck.

Use of BrokerCheck

If this supplement is delivered electronically, and any supervised person under the firm has a disciplinary history, the details of any disclosure may be found on either the Financial Industry Regulatory Authority's (FINRA) BrokerCheck system (www.finra.org/brokercheck) or the IAPD (www.adviserinfo.sec.gov).

There is no other *proceeding* in which a professional attainment, designation, or license of any of the supervised persons as part of this Brochure Supplement was revoked or suspended because of a violation of rules relating to professional conduct, nor were there any incidents where any of the supervised persons as part of this Brochure Supplement resigned (or otherwise relinquished his attainment, designation, or license) in anticipation of such a *proceeding*.

Certified Financial Planner[™] (CFP[®])
Chartered Advisor In Philanthropy[®]
Accredited Estate Planner[®]

Use of Professional Designations

Chartered Life Underwriter (CLU[®]). The CLU[®] is widely considered to be the most respected insurance designation in the industry. This designation was created in 1927 by the American College in Bryn Mawr, PA. The CLU[®] has traditionally been pursued by agents who wish to specialize in life insurance for business or estate-planning purposes.

The current course curriculum for the CLU[®] includes five required courses plus three elective courses. The required courses include the following:

- Fundamentals of Insurance Planning
- Life Insurance Law
- Individual Life Insurance
- Fundamentals of Estate Planning
- Planning for Business Owners and Professionals

The three elective courses can be chosen from such subjects as the following:

- Financial Planning: Process and Environment
- Individual Health Insurance
- Income Taxation
- Group Benefits
- Planning for Retirement Needs
- Investments
- Estate Planning Applications

Chartered Financial Consultant (ChFC®). The Chartered Financial Consultant® (ChFC®) credential was introduced in 1982 as an alternative to the CFP® mark. This designation has the same core curriculum as the CFP® designation, plus two or three additional elective courses that focus on various areas of personal financial planning. The biggest difference is that it does not require candidates to pass a comprehensive board exam, as with the CFP®.

Due to the number of courses that overlap both the ChFC® and CFP®, the ChFC® and CLU marks are often taken by individuals seeking in-depth knowledge of both financial planning and insurance, but who wish to avoid a lengthy board exam.

Certified Financial Planner (CFP®). The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP Board”). The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 62,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*. The Standards prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

Chartered Advisor In Philanthropy (CAP®). The advisor earning the CAP® designation has taken three courses in philanthropy covering various impacts of planning for family wealth, charitable giving,

and gift planning for non-profits. The courses are offered through the Irwin Graduate School of The American College.

To achieve the CAP[®] designation advisers must;

1. complete three graduate-level courses: *Planning for Impact in the Context of Family Wealth*; *Charitable Strategies*; and *Gift Planning in a Nonprofit Context*.
2. complete three-years of full-time, relevant business experience.
3. adhere to The American College's Code of Ethics, which includes the following professional pledge: "I shall, in light of all conditions surrounding those I serve, which I shall make every conscientious effort to ascertain and understand, render that service which, in the same circumstances, I would apply to myself."
4. Candidates must also subscribe to at least one of the following:
 - The Code of Ethical Principles and Standards of Professional Practice of the Association of Fundraising Professionals (AFP)
 - The Model Standards of Practice for the Charitable Gift Planner adopted by the National Committee on Planned Giving (NCPG) and The American Council on Gift Annuities (ACGA).

CAP[®] designees must also subscribe in writing to the provisions of The Donor Bill of Rights.

The CAP[®] examination requires three closed-book, course-specific, two-hour proctored exams.

CAP[®] designees must complete 15 hours of continuing education every two years in course work directly related to the material required to obtain the CAP[®] designation.

CAP[®] designation may be removed for unethical conduct through the certification committee of The American College's Board of Trustees.

Accredited Estate Planner (AEP[®]). The AEP[®] designation is awarded by the National Association of Estate Planners & Councils (NAEPC) to recognized estate planning professionals who meet special requirements of education, experience, knowledge, professional reputation, and character.

An Accredited Estate Planner[®] applicant must meet ALL of the following requirements as established by the National Association of Estate Planners & Councils:

1. Credential requirement. To be eligible to be considered for the AEP[®] designation, the applicant must provide documentation of being currently licensed to practice law as an Attorney (JD) or to practice as a Certified Public Accountant (CPA), or of being currently designated as a Chartered Life Underwriter[®] (CLU[®]), Chartered Financial Consultant[®] (ChFC[®]), Certified Financial Planner (CFP[®]), or Certified Trust & Financial Advisor (CTFA), in any jurisdiction of the United States of America.
2. Professional discipline engaged in estate planning requirement. The applicant must be presently and significantly engaged in "estate planning activities" as an attorney, an accountant, an insurance professional and financial planner, or a trust officer.

A minimum of five (5) years of experience engaged in estate planning and estate planning activities is required in one or more of the professional disciplines described above to apply for the designation. To be exempt from the education requirements described below, an applicant must have a minimum of fifteen (15) years of experience engaged in estate planning and estate planning activities in one or more of the professional disciplines described above. Applicants with fifteen (15) years of experience must apply using the application for those qualifying under our experience exception.

The National Association of Estate Planners & Councils (NAEPC) has designated The American College as the primary provider of the education courses required to earn the AEP[®] designation.

Certified Financial Planner (CFP®). The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP Board”). The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 62,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;

- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*. The Standards prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

Certified Estate Planner (CEP®). The National Institute of Certified Estate Planners (NICEP) is an Indiana not-for-profit corporation, and a tax-exempt entity under Internal Revenue Code 501(c)(6). It is established as a supporting organization for the purpose of educating primarily financial, legal, and tax professionals in matters of estate planning.

The NICEP provides sufficient educational courses and examinations to certify those professionals that successfully complete these programs with either the certification CEP® (Certified Estate Planner™), or MCEP® (Master Certified Estate Planner™).

These trademark certifications are nationally recognized as a standard for estate planning excellence, and are used by permission of the NICEP alone. They may only be used by those who satisfactorily complete the coursework and qualifying examinations, maintain their annual certification fees and continuing education requirements, and adhere to a strict code of professional ethics.

Disclosure Events

VFGA is required to disclose any disclosure event where a supervised person was *found liable* in an arbitration claim alleging damages in excess of \$2,500, or found liable in a civil, self-regulatory organization, or administrative proceeding, or has been the subject of a bankruptcy petition.

Linda Wimsatt has not been *found liable* in an arbitration claim alleging damages in excess of \$2,500, however, Ms. Wimsatt was *the subject of* one customer complaint in June, 2010 which evolved into a FINRA arbitration case in July, 2010. The subject of the dispute was related to allegations that Ms. Wimsatt recommended an unsuitable investment to a customer, and that said customer was not adequately informed of the liquidity risk of a REIT investment. Ms. Wimsatt denies all claims made and contends that all risks were fully disclosed, recommendations were suitable when made, and any losses experienced were the result of market forces beyond her control. The parties settled the dispute in October, 2010 at the advice of legal counsel to avoid the prolonged time and cost of arbitration proceedings.

In January, 2009, Ms. Wimsatt received notice of a \$6,000 civil claim filed by a plumbing company. This plumbing company attempted to complete work ordered by Ms. Wimsatt, and the work was not completed correctly. Ms. Wimsatt was forced to hire another plumber to correct the work from the prior plumber, which she was able to prove to the judge in this case. In July, 2009 the judge ordered a partial payment of \$1,107 to the claimant plumber. Ms. Wimsatt paid the judgment amount immediately.

Ms. Wimsatt was also found liable in a small civil claim made in June, 2009 which is still outstanding due to her failed attempts to locate the claimant to make reparation payment.

Additional details of Ms. Wimsatt's disclosure events can be found on the Investment Advisor's Public Disclosure site (IAPD). Clients can access IAR disciplinary history by clicking on the IAPD link, which is www.Adviserinfo.sec.gov, or the FINRA BrokerCheck link, which is www.finra.org/brokercheck.
