Item 4: Advisory Business

A. Description of the Advisory Firm

This firm has been in business since June 15, 2009, and the principal owner is Jason John Blair.

B. Types of Advisory Services

Blair Advisors, LLC (hereinafter "BA") offers the following services to advisory clients:

Investment Supervisory Services

BA offers ongoing portfolio management services based on the individual goals, objectives, time horizon, and risk tolerance of each client. BA creates an Investment Policy Statement for each client, which outlines the client's current situation (income, tax levels, and risk tolerance levels) and then constructs a plan (the Investment Policy Statement) to aid in the selection of a portfolio that matches each client's specific situation. Investment Supervisory Services include, but are not limited to, the following:

- Investment strategy
- Asset allocation
- Risk tolerance
- Personal investment policy
- Asset selection
- Regular portfolio monitoring

BA evaluates the current investments of each client with respect to their risk tolerance levels and time horizon. BA will request discretionary authority from clients in order to select securities and execute transactions without permission from the client prior to each transaction. Risk tolerance levels are documented in the Investment Policy Statement, which is given to each client.

Services Limited to Specific Types of Investments

BA does not limit its investment advice and/or money management to specific types of investments or securities. BA may use a variety of securities to help diversify a portfolio when applicable.

C. Client Tailored Services and Client Imposed Restrictions

BA offers the same suite of services to all of its clients. However, specific client financial plans and their implementation are dependent upon the client Investment Policy Statement which outlines each client's current situation (income, tax levels, and risk tolerance levels) and is used to construct a client specific plan to aid in the selection of a portfolio that matches restrictions, needs, and targets.

Clients may impose restrictions in investing in certain securities or types of securities in accordance with their values or beliefs. However, if the restrictions prevent BA from properly servicing the client account, or if the restrictions would require BA to deviate from its standard suite of services, BA reserves the right to end the relationship.

D. Wrap Fee Programs

BA does not participate in any wrap fee programs.

E. Amounts Under Management

BA has the following assets under management:

| Discretionary Amounts: | Non-discretionary Amounts: | Date Calculated: |

Item 8: Methods of Analysis, Investment Strategies and Risk, of Investment Loss

A. Methods of Analysis and Investment Strategies

BA's primary method of analysis is fundamental analysis.

Fundamental analysis involves the analysis of financial statements, the general financial health of companies, and/or the analysis of management or competitive advantages.

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

B. Material Risks Involved

BA uses Long Term Purchases, Short Term Purchases, Trading, and Options Writing including covered options, uncovered options, or spreading strategies.

BA utilizes investment strategies that are designed to capture market rates of both return and risk. Frequent trading, when done, can affect investment performance, particularly through increased brokerage and other transaction costs and taxes.

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

C. Risks of Specific Securities Utilized

BA generally seeks investment strategies that do not involve significant or unusual risk beyond that of the general domestic and/or international equity markets.

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

D. Trading Securities At/Around the Same Time as Clients' Securities

From time to time, representatives of BA may buy or sell securities for themselves at or around the same time as clients. BA will not trade non-mutual fund or non-ETF securities 5 days prior to or 5 days after trading the same security for clients.

Item 12: Brokerage Practices

A. Factors Used to Select Custodians and/or Broker/Dealers

The Custodian was chosen based on their relatively low transaction fees and access to mutual funds and ETFs. BA will never charge a premium or commission on transactions, beyond the actual cost imposed by Custodian.

1. Research and Other Soft-Dollar Benefits

There is no minimum client number or dollar number that BA must meet in order to receive free research from the custodian or broker/dealer. There is no incentive to for BA to direct clients to this particular broker-dealer over other broker-dealers who offer the same services. The first consideration when recommending broker/dealers to clients is best execution.

2. Brokerage for Client Referrals

BA receives no referrals from a broker-dealer or third party in exchange for using that broker-dealer or third party.

3. Clients Directing Which Broker/Dealer/Custodian to Use

BA will not allow clients to direct BA to use a specific broker-dealer to execute transactions. Clients must use BA recommended custodian (broker-dealer). Not all investment advisers require their clients to direct brokerage. By requiring clients to use our specific custodian, BA may be unable to achieve most favorable execution of client transaction and that this may cost clients money over using a lower-cost custodian.

B. Aggregating (Block) Trading for Multiple Client Accounts

BA maintains the ability to block trade purchases across accounts but will rarely do so. While block trading may benefit clients by purchasing larger blocks in groups, we do not feel that the clients are at a disadvantage due to the best execution practices of our custodian.

Item 13: Reviews of Accounts

A. Frequency and Nature of Periodic Reviews and Who Makes Those Reviews

Client accounts are reviewed at least quarterly only by Jason John Blair, Managing Member. Jason John Blair is the chief advisor and is instructed to review clients' accounts with regards to their investment policies and risk tolerance levels. All accounts at IA are assigned to this reviewer.

B. Factors That Will Trigger a Non-Periodic Review of Client Accounts

Reviews may be triggered by material market, economic or political events, or by changes in client's financial situations (such as retirement, termination of employment, physical move, or inheritance).

C. Content and Frequency of Regular Reports Provided to Clients

Each client will receive at a monthly written report detailing the clients account performance, which may come from the custodian.

Item 14: Client Referrals and Other Compensation

A. Economic Benefits Provided by Third Parties for Advice Rendered to Clients (Includes Sales Awards or Other Prizes)

BA does not receive any economic benefit, directly or indirectly from any third party for advice rendered to BA clients.

B. Compensation to Non –Advisory Personnel for Client Referrals

BA does not directly or indirectly compensate any person who is not advisory personnel for client referrals.

Item 15: Custody

BA does not take custody of client accounts at any time. Clients will receive account statements from the custodian and should carefully review those statements.

Item 16: Investment Discretion

For those client accounts where BA provides ongoing money management or investment advice with ongoing supervision, BA maintains limited power of authority over client accounts with respect to securities to be bought and sold and amount of securities to be bought and sold. All buying and selling of securities is explained to clients in detail before an advisory relationship has commenced.

Item 17: Voting Client Securities (Proxy Voting)

BA will not ask for, nor accept voting authority for client securities. Clients will receive proxies directly from the issuer of the security or the custodian. Clients should direct all proxy questions to the issuer of the security.

Item 18: Financial Information

A. Balance Sheet

BA does not require nor solicit prepayment of more than \$1,200 in fees per client, six months or more in advance and therefore does not need to include a balance sheet with this brochure.

Neither BA nor its management have any financial conditions that are likely to reasonably impair our ability to meet contractual commitments to clients.
