Item 4 Advisory Business

- A. Wiley Group (the “Registrant”) is a limited liability company with the legal name of Live Your Vision, LLC, formed on January 21, 2009 in the Commonwealth of Pennsylvania. The Registrant became registered as an Investment Adviser Firm in August 2009. The Registrant is solely owned by James Wiley. James Wiley is the Registrant’s Managing Member.
- B. As discussed below, the Registrant offers to its clients (individuals, business entities, trusts, estates and charitable organizations, etc.) investment advisory services on a discretionary basis and, to the extent specifically requested by a client, financial planning and related consulting services.

INVESTMENT ADVISORY SERVICES

The client can determine to engage the Registrant to provide discretionary investment advisory services on a *fee* basis. To commence the investment advisory process, the Registrant will ascertain each client’s investment objectives and then allocate assets consistent with the client’s designated investment objectives. Once allocated, the Registrant provides ongoing monitoring and review of account performance and asset allocation as compared to client investment objectives, and may rebalance the client’s accounts as necessary. Before engaging the Registrant to provide investment advisory services, clients are required to enter into an *Investment Advisory Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the fee that is due from the client.

RETIREMENT PLAN CONSULTING SERVICES

The Registrant also provides non-discretionary pension consulting services, pursuant to which it assists sponsors of self-directed retirement plans with the selection or monitoring of investment alternatives (generally open-end mutual funds) from which plan participants shall choose in self-directing the investments for their individual plan retirement accounts. In addition, to the extent requested by the plan sponsor, the Registrant may also provide participant education designed to assist participants in identifying the appropriate investment strategy for their retirement plan accounts. The terms and conditions of the engagement shall generally be set forth in a separate agreement between the Registrant and the plan sponsor or trustee(s).

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent specifically requested by a client, the Registrant *may* determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a *Financial Planning and Consulting Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services. If requested by the client, Registrant may recommend the services of other professionals for implementation purposes, including the services of the Registrant’s representatives, in their individual capacities, as registered representatives of Purshe Kaplan Sterling

Investments (“PKS”). (*See* disclosure at Items 10.C). The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. Moreover, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant’s previous recommendations and/or services. In addition, although certain of the Registrant’s representatives may be licensed as insurance agents, neither the Registrant nor any of its representatives provides insurance sales or implementation services. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional.

MISCELLANEOUS

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services. As indicated above, to the extent requested by the client, Registrant may provide financial planning and related consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Registrant does not serve as a law firm or accounting firm, and no portion of its services should be construed as legal or accounting services. Accordingly, Registrant does not prepare estate planning documents or tax returns. To the extent requested by a client, Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance agents, etc.), including representatives of Registrant in their separate individual capacities as representatives *PKS*, an SEC registered and FINRA member broker-dealer. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from Registrant and/or its representatives. **Please Note:** If the client engages any recommended unaffiliated professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note-Conflict of Interest:** The recommendation by Registrant’s representatives that a client purchase a securities commission product through one or more of Registrant’s representatives in their separate and individual capacity as a registered representative of *PKS* presents a **conflict of interest**, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client’s need. No client is under any obligation to purchase any securities or insurance commission products through such a representative. Clients are reminded that they may purchase securities and insurance products recommended by Registrant through other, non-affiliated broker-dealers.

Unaffiliated Private Investment Funds. Registrant may provide investment advice regarding unaffiliated private investment funds. Registrant, on a non-discretionary basis, may also recommend that certain qualified clients consider an investment in unaffiliated private investment funds. Registrant’s role relative to the private investment funds shall be limited to its initial and ongoing due diligence and investment monitoring services. If a client determines to become a private fund investor, the amount of assets invested in the fund(s) shall be included as part of “assets under management” for purposes of Registrant

calculating its investment advisory fee. Registrant's clients are under absolutely no obligation to consider or make an investment in a private investment fund(s).

Please Note: Private investment funds generally involve various risk factors, including, but not limited to, potential for complete loss of principal, liquidity constraints and lack of transparency, a complete discussion of which is set forth in each fund's offering documents, which will be provided to each client for review and consideration. Unlike liquid investments that a client may own, private investment funds do not provide daily liquidity or pricing. Each prospective client investor will be required to complete a Subscription Agreement, pursuant to which the client shall establish that he/she is qualified for investment in the fund, and acknowledges and accepts the various risk factors that are associated with such an investment.

Please Also Note: Valuation. In the event that Registrant references private investment funds owned by the client on any supplemental account reports prepared by Registrant, the value(s) for all private investment funds owned by the client shall reflect the most recent valuation provided by the fund sponsor. If no subsequent valuation post-purchase is provided by the Fund Sponsor, then the valuation shall reflect the initial purchase price (and/or a value as of a previous date), or the current value(s). If the valuation reflects the initial purchase price (and/or a value as of a previous date), then the current value(s) (to the extent ascertainable) could be significantly more or less than the original purchase price. The client's advisory fee shall be based upon reflected fund value(s).

ByAllAccounts. In conjunction with the services provided by ByAllAccounts, Inc, the Registrant may also provide periodic comprehensive reporting services, which can incorporate all of the client's investment assets including those investment assets that are not part of the assets managed by the Registrant (the "Excluded Assets"). The Registrant's service relative to the Excluded Assets is limited to reporting services only, which does not include investment implementation. Because the Registrant does not have trading authority for the Excluded Assets, to the extent applicable to the nature of the Excluded Assets (assets over which the client maintains trading authority vs. trading authority designated to another investment professional), the client (and/or the other investment professional), and not the Registrant, shall be exclusively responsible for directly implementing any recommendations relative to the Excluded Assets. Rather, the client or their other advisors that maintain trading authority, and not the Registrant, shall be exclusively responsible for the investment performance of the Excluded Assets. Without limiting the above, the Registrant shall not be responsible for any implementation error (timing, trading, etc.) relative to the Excluded Assets. In the event the client desires that the Registrant provide investment management services (whereby the Registrant would have trading authority) with respect to the Excluded Assets, the client may engage the Registrant to do so pursuant to the terms and conditions of the *Investment Advisory Agreement* between the Registrant and the client.

Retirement Plan Rollovers – No Obligation / Potential for Conflict of Interest: A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer's plan, if permitted, (ii) roll over the assets to the new employer's plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account ("IRA"), or (iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). If the Registrant recommends that a client roll over their retirement plan assets into an account to be

managed by the Registrant, such a recommendation creates a conflict of interest if the Registrant will earn an advisory fee on the rolled over assets. No client is under any obligation to roll over retirement plan assets to an account managed by Registrant.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2A of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement* or *Financial Planning and Consulting Agreement*.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at anytime, impose reasonable restrictions, in writing, on the Registrant's services.
- D. The Registrant does not participate in a wrap fee program.
- E. As of December 31, 2016, the Registrant had \$278,149,795 in assets under management on a discretionary basis.

Item 5 Fees and Compensation

A.

INVESTMENT ADVISORY SERVICES

The client can engage the Registrant to provide discretionary investment advisory services on a *fee* basis. Registrant's negotiable annual investment advisory fee shall generally be based upon a percentage (%) of the market value and type of assets placed under Registrant's management, between negotiable and 1.50%, as follows:

<u>Market Value of Portfolio</u>	<u>Annual Fee %</u>
First \$500,000	1.50%
Next \$1,500,000	1.00%
Next \$3,000,000	0.85%
Over \$5,000,000	0.75%

Registrant's annual investment advisory fee shall include investment advisory services, and, to the extent specifically requested by the client, financial planning and consulting services. In the event that the client requires extraordinary planning and/or consultation services (to be determined in the sole discretion of the Registrant), the Registrant may determine to charge for such additional services, the dollar amount of which shall be set forth in a separate written notice to the client.

RETIREMENT PLAN CONSULTING SERVICES

The Registrant offers retirement plan consulting services, on a non-discretionary *fee* basis, to defined benefit plans. Generally, the Registrant's advisory fees may be based on a percentage of assets under advisement, an agreed upon fixed fee or determined on an hourly rate basis and will be billed at times mutually agreed upon between the plan sponsor or trustee(s) and the Registrant. The Registrant will separately negotiate fees with each client for these services and fees may vary. The factors that may determine the fees will include, but are not limited to, the amount of the assets placed under the Registrant's advisement, the level and scope of the overall investment advisory services to be rendered and the complexity of the engagement. The services to be provided by the Registrant to any particular client could be available from other advisers at a higher or lower fee. All clients and prospective clients should be guided accordingly.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent requested by a client, the Registrant may determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a negotiable stand-alone fee basis. Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a *Financial Planning and Consulting Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services.

- B. Both Registrant's *Investment Advisory Agreement* and the custodial clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. Registrant's annual investment advisory fee shall be prorated and paid monthly, in advance, based upon the market value of the assets on the last business day of the previous month.
- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, the Registrant shall generally recommend that Charles Schwab & Co., Inc. ("*Schwab*") serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as *Schwab* charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant's investment management fee, brokerage commissions and/or transaction fees, the client will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).
- D. Registrant's annual investment advisory fee shall be prorated and paid monthly, in advance, based upon the market value of the assets on the last business day of the previous month. The Registrant does not generally require an annual minimum fee or asset level for investment advisory services. The Registrant, in its sole discretion, may charge a lesser investment management fee and/or require an annual minimum fee or asset level based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

The *Investment Advisory Agreement* between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, the Registrant shall refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing month.

- E. **Commission Transactions.** In the event that the client desires, the client can engage certain of the Registrant's representatives, in their separate individual capacities as registered representatives of *PKS*, a FINRA member broker-dealer, to implement investment recommendations on a commission basis. In the event the client chooses to purchase investment products through *PKS*, *PKS* will charge brokerage commissions to effect securities transactions, a portion of which commissions *PKS* shall pay to Registrant's Associated Persons, as applicable. The brokerage commissions charged by *PKS* may be higher or lower than those charged by other broker-dealers. In addition, *PKS*, relative to commission mutual fund purchases, may also receive additional ongoing 12b-1 trailing commission compensation directly from the mutual fund company during the period that the client maintains the mutual fund investment.
1. **Conflict of Interest:** The recommendation that a client purchase a commission product from *PKS* presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend investment products based on commissions received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from *PKS*. **The Registrant's Chief Compliance Officer, Shannon Breuer, remains available to address any questions that a client or prospective may have regarding the above conflict of interest.**
 2. **Please note:** Clients may purchase investment products recommended by Registrant through other, non-affiliated broker dealers or agents.
 3. The Registrant does not receive more than 50% of its revenue from advisory clients as a result of commissions or other compensation for the sale of investment products the Registrant recommends to its clients.
 4. When Registrant's representatives sell an investment product on a commission basis, the Registrant does not charge an advisory fee in addition to the commissions paid by the client for such product. When providing services on an advisory fee basis, the Registrant's representatives do not also receive commission compensation for such advisory services (except for any ongoing 12b-1 trailing commission compensation that may be received as previously discussed). **However,** a client may engage the Registrant to provide investment management services on an advisory fee basis and separate from such advisory services purchase an investment product from Registrant's representatives on a separate commission basis.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant's clients shall generally include individuals, business entities, retirement plans, trusts, estates and charitable organizations. The Registrant does not generally require an annual minimum fee or asset level for investment advisory services. The Registrant, in its sole discretion, may charge a lesser investment management fee and/or require an annual minimum fee or asset level based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

- A. The Registrant may utilize the following methods of security analysis:
- Charting - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices)
 - Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
 - Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Trading (securities sold within thirty (30) days)
- Options (contract for the purchase or sale of a security at a predetermined price during a specific period of time)

Please Note: Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases, Short Term Purchases, and Trading - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example longer term investment strategies require a longer investment time period to allow for the strategy to

potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy. Trading, an investment strategy that requires the purchase and sale of securities within a thirty (30) day investment time period involves a very short investment time period but will incur higher transaction costs when compared to a short term investment strategy and substantially higher transaction costs than a longer term investment strategy.

In addition to the fundamental investment strategies discussed above, the Registrant may also utilize certain options transactions to generate income.

Covered Call Writing. Covered call writing is the sale of in-, at-, or out-of- the money call option against a long security position held in a client portfolio. This type of transaction is used to generate income. It also serves to create downside protection in the event the security position declines in value. Income is received from the proceeds of the option sale. Such income may be reduced to the extent it is necessary to buy back the option position prior to its expiration. This strategy may involve a degree of trading velocity, transaction costs and significant losses if the underlying security has volatile price movement. Covered call strategies are generally suited for companies with little price volatility.

- C. Currently, the Registrant allocates client investment assets on a discretionary basis primarily among exchange traded funds, open ended mutual funds, and exchange traded notes in accordance with the client's designated investment objective(s).

Item 9 Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. As disclosed above in Item 5 E, Registrant's representatives are registered representatives of *PKS*, a FINRA member broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. **Registered Representatives of PKS.** As disclosed above in Item 5.E, Registrant's representatives are registered representatives of *PKS* and may affect securities brokerage transactions on a fully disclosed commission basis.

Conflict of Interest: The recommendation by Registrant's representatives that a client purchase a securities commission product presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend investment products based on commissions received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from Registrant's representatives. Clients are reminded that they may purchase investment products recommended by Registrant through other, non-affiliated broker-dealers. **The Registrant's Chief**

Compliance Officer, Shannon Breuer, remains available to address any questions that a client or prospective may have regarding the above conflict of interest.

Licensed Insurance Agents. As referenced in Item 4.B above, Registrant's representatives, are licensed insurance agents, and in such capacity may recommend the purchase of certain insurance-related products on a commission basis. However, as also disclosed in Item 4.B, even though certain of the Registrant's representatives may be licensed as insurance agents, neither the Registrant nor any of its representatives provides insurance sales or implementation services. However, the Registrant's representatives may refer insurance related business to other unaffiliated licensed insurance agents. In exchange, the Registrant's representatives may receive a portion of the commission.

- D. The Registrant does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, "front-running" (i.e., personal trades executed prior to those of the Registrant's clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant's "Access Persons". The Registrant's securities transaction policy requires that Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of the their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief

Compliance Officer or his/her designee with a written report of the Access Person's current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above in Item 11 C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant's Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at *Schwab*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending *Schwab* (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of broker-dealer services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Support Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from *Schwab*, without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing

information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, Shannon Breuer, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

2. The Registrant does not receive referrals from broker-dealers.
3. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant. Higher transaction costs adversely impact account performance. **Please Also Note:** Transactions for directed accounts will generally be executed following the execution of portfolio transactions for non-directed accounts.

The Registrant's Chief Compliance Officer, Shannon Breuer, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. Registrant may (but is not obligated to) combine or "batch" client orders to obtain "best execution," to negotiate more favorable commission rates or to allocate equitably among Registrant's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among Registrant's clients in proportion to the purchase and sale orders placed for each client

account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's Principal and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.
- B. The Registrant may conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Item 14 Client Referrals and Other Compensation
