This Investment Advisor Brochure ("Brochure"), which is also known as Part 2A of the SEC Form ADV, contains important information about the qualifications and business practices of Canepa U.S., LLC (formerly known as Equalia Capital Partners, LLC). Canepa U.S., LLC is registered with the SEC as an Investment Adviser (SEC File No. 801-71777).

The information contained herein is being provided in accordance with Rule 204-3 of the Investment Advisers Act of 1940, which requires a registered Investment Adviser to provide a written disclosure statement upon entering into an advisory relationship. The information in this Brochure has not been approved or verified by any state securities authority.

Registration of an Investment Adviser does not imply any level of skill or training. The oral and written communications of an Advisor provide you with information about which you determine to hire or retain an Advisor.

If you wish to obtain future updates to this Brochure or have any questions about its contents, please contact us at (212) 677-7111 and/or by email to info@canepaus.com.

March 5, 2015

Item 2 – Material Changes

On July 28, 2010, the United States Securities and Exchange Commission (“SEC”) published “Amendments to Form ADV” which amends the disclosure document that we provide to clients as required by SEC Rules. As such, various States have also set forth parallel requirements. As a result, this Brochure is a document prepared according to the SEC’s and various States’ new requirements and rules. In the future, this Item will discuss only specific material changes that are made to the Brochure and provide clients with a summary of such changes. We will also reference the date of our last annual update of our brochure.

You will receive a summary of any material changes to this and subsequent Brochures within 120 days of the close of our business’ fiscal year, which is December 31 of each year. We will further provide you with a new Brochure as necessary based on changes or new information, at any time, without charge. Currently, our Brochure may be requested by contacting us at phone number (212) 677-7111 or by email to info@canepaus.com.

Additional information about Canepa U.S., LLC is also available via the SEC’s web site www.firminfo.sec.gov. The SEC’s web site also provides information about any persons affiliated with Canepa U.S., LLC who are registered, or are required to be registered, as Investment Advisor Representatives (“IARs”) of Canepa U.S., LLC.

Material Changes Since the Last Update

Canepa U.S., LLC has spun off its healthcare advisory practice into the newly established affiliate firm, Canepa Healthcare, LLC, which provides advisory services to a private fund client that primarily invests in companies operating in the healthcare sector. As more fully described below, Canepa U.S., LLC, as the filing adviser, and Canepa Healthcare, LLC as the relying adviser, will jointly file a single Form ADV.

Item 4 – Advisory Business

General

Canepa U.S., LLC. (“Canepa”, the “Firm” or the “Adviser”), formerly known as Equalia Capital Partners, LLC, is an investment advisory firm that provides portfolio management services to high-net worth individuals and families, private funds and institutions globally.

Currently, Canepa manages advisory clients’ investments on a non-discretionary basis, with each client making the final decision on investment selection when being advised. The Firm, however, may also manage advisory clients’ assets on a discretionary basis, in which case Canepa typically would make the final investment decisions and place trades for clients pursuant to the appropriate mandate. The Firm does not act as a custodian of client assets; the client has the discretion to select the custodian.

Additionally, Canepa is also a discretionary investment advisor for private funds. The funds may be organized in the United States or in a foreign jurisdiction as limited liability companies, limited partnerships, trusts, or offshore corporations, partnerships, trusts or any other legal entity. Canepa generally seeks to achieve the investment objectives of a Fund by managing and executing investment strategies on a discretionary basis, in accordance with the fund mandate. The Firm does not act as custodian of the funds’ assets.

Canepa’s principal private fund investment area is emerging markets bonds and United States equities. The investment objectives and the investment strategies of each fund advised by Canepa are described in detail in each respective Fund’s Private Placement Memorandum and subscription documents or investment management agreement. Information about a Fund’s fees and expenses, and other material information may be found in the Fund’s Private Placement Memorandum.

Canepa also maintains an affiliate advisory firm, Canepa Healthcare, LLC, serving primarily as an investment adviser to the Canepa Advanced Healthcare Fund (the “Healthcare Fund”). The Healthcare Fund seeks to achieve long-term capital appreciation through equity investments in public and non-public companies that operate in the Healthcare sector. The Healthcare Fund is focused on medical technology companies (e.g. medical and surgical devices, supplies and diagnostics). Canepa Healthcare, LLC may also provide business strategy consulting, in certain limited instances, to existing clients of Canepa. Canepa Healthcare LLC (relying adviser) is under common control with Canepa (filing adviser), where both entities collectively conduct a single advisory business, and as such, are eligible to file a single Form ADV.

Tailored Relationships

Canepa develops customized strategies based on the stated investments objectives, risk tolerances, and financial circumstances of each client. While Canepa often selects or recommends a variety of securities for its clients, each client may choose to impose reasonable restrictions on the management of their accounts, including requesting the restriction of particular securities or types of investments. For instance, sometimes restrictions are imposed by the governing documents of a client (i.e. Corporate documents).

Canepa's IARs work with their clients to identify their investment goals and objectives, as well as risk tolerance, in order to create a portfolio allocation strategy designed to complement the client's financial situation and personal circumstances. The goals and objectives for each client are documented by the Firm in agreement with the client in an Investment Policy Statement.

The initial meeting to review clients' investment portfolios is conducted in person. The initial meeting is considered an exploratory interview to determine the extent to which financial planning and investment management may be beneficial to each potential and current client.

The IAR may periodically recommend to rebalance the client's portfolio to maintain the initially agreed upon strategic and tactical asset allocation. However, no changes are made to the agreed-upon asset allocation in non-discretionary accounts without prior client review and consent.

Clients have ready access to their respective IAR. IAR's are not required to be available for unscheduled or unannounced visits by clients. However, IARs are expected to periodically meet with clients and should generally be available to take client telephone calls on advisory-related matters.

Additional General Information

Other professionals (e.g., lawyers, accountants, insurance agents, etc.) may be recommended to clients or engaged directly by the client on an as-needed basis. Conflicts of interest related to recommendations of other professionals will be disclosed to the client in the event they should occur.

Canepa's Discretionary and Non-Discretionary Advisory Agreements may not be assigned without prior client consent.

Ownership

Canepa is 100% owned by its Parent Company, Heisenberg Global Partners, LLC ("HGP"), which in turn is owned by the following:

- HP U.S. Partners, LLC (51%);
- Seacrest Partners, LLC (19.6%);
- Elias Esber (14.7%);
- Kian Esteghamat (7.35%); and
- Roots Capital, LLC (7.35%)

Item 5 – Fees and Compensation

Asset and or/Portfolio Management

Clients' portfolios may consist of a variety of financial products, including, but not limited to exchange-traded funds ("ETFs"), mutual funds, equities, bonds, and potentially other products. The investment strategies utilized and portfolios constructed and managed depend on the individual client's investment objectives and goals as provided to the IAR.

The annual Investment Advisory Fee is either a fixed amount or based on a percentage of the investable assets with the annual fee ranging from 0.20% to 1.35%, depending on the amount and complexity of assets under advisory, to be negotiated with each client, in addition to a performance based fee for qualifying accounts.

Client relationships may be established for which the fees are higher or lower than the fee schedules provided above. In particular, in those cases where performance based fee does not apply, the Investment Advisory Fee would be higher (ranging from 0.5% to 2.00%)

Fixed Fee and Hourly Agreements

Canepa may also provide fixed fee and hourly advisory services for clients who need advice on a limited scope of work. The fixed rate or hourly rate for limited scope engagements varies, yet hourly agreements will not typically exceed \$500 per hour. All agreements involving a fixed fee or hourly rate will be consummated as part of an Advisory Agreement between the client and the Firm. Canepa will debit such fees, as a result, in arrears on a monthly or quarterly basis, as negotiated with each client. Each client's Agreement will describe the frequency in which fees will be debited (e.g., monthly or quarterly). Some fixed fees may be priced based on the complexity of work, especially when asset management is not the most significant part of the relationship. All fees are negotiable between the Firm and each client.

Additional Fee Information

Clients may authorize the Firm to directly debit management fees from client accounts on a quarterly basis. In such instances, management fees are prorated for each capital contribution and withdrawal made during the applicable calendar quarter. Accounts initiated or terminated during a calendar quarter will be charged a prorated fee.

Alternatively, in some instances, clients may receive an invoice for fees, in which it may choose to pay Canepa directly for its billed fees for the relevant period. The Firm's fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses that shall be incurred directly by the client. Clients may incur certain charges imposed by custodians, brokers, and other third parties such as fees charged by fund managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic funds fees, and other fees and taxes on brokerage account and securities transactions. Mutual funds and exchange-traded funds also charge internal management fees, which are disclosed in a fund's prospectus. It is the Firm's policy not to accept "kick-backs" or retrocession fees from any third non-affiliated party providing services to the Firm's clients.

Expense and Fee Allocation Practices

Canepa has adopted and implemented formal written compliance and supervisory policies and procedures in relation to the assessment and allocation of fees and expenses. Canepa will ensure that it makes full and accurate disclosures in fund offering documents regarding its expense and fee allocation practices. Additionally, Canepa will identify conflicts of interest in its expense and fee allocation practices (e.g. allocation of expenses shared between its funds and the Adviser) as well as ensure that its overall practices are consistent with client disclosures. Furthermore, the Adviser's protocols for expense charging and allocations are reviewed on a regular basis in order to ensure that expenses and fees charged to client accounts are accurate.

Termination of the Agreement

Although an Agreement between Canepa and its clients are ongoing agreements and constant adjustments are required, the length of service to the client is at the client's discretion. The client or the investment manager may terminate an Agreement by written notice to the other party with a (30) thirty - day advance notice or as agreed upon otherwise between the client and the Firm.

If an agreement is terminated during a period in which the client has already paid Canepa its advisory fees in advance, then the Firm will reimburse, on a pro-rated basis, the remaining advisory fees collected for any service not rendered; these fees will be sent to the client's address of record, unless otherwise directed by the client, within (30) days of termination of the agreement.

Item 6 - Performance-Based Fees

Adviser has performance fee arrangements with qualified clients (as such term is defined in Rule 205-3 under the Investment Advisers Act of 1940 (the "Advisers Act")). Adviser structures performance fee arrangements subject to Section 205(a)(1) of the

Adviser's Act in accordance with the available exemptions thereunder, including the exemption set forth in Rule 205-3. In measuring clients' assets for the calculation of performance-based fees, Adviser includes realized and unrealized capital gains and losses. Adviser typically charges performance-based fees when risk-adjusted return is better than the risk-adjusted return of the benchmark or set of benchmarks for the portfolio. Accounts that are charged a performance based fee might create an incentive for Adviser and/or the portfolio manager to recommend investments which may be riskier or more speculative than those which would be recommended under a different fee arrangement. However, Adviser substantially mitigates this risk by measuring performance on a risk-adjusted return basis vis-à-vis the benchmark or set of benchmarks. Furthermore, Adviser has procedures designed and implemented to ensure that all clients are treated fairly and equally, and to prevent this conflict from influencing the allocation of investment opportunities among clients.

Item 7 - Types of Clients

Canepa provides asset and/or portfolio management services to individuals, high net worth individuals, Personal Holding Companies, Trusts, and Corporations. Canepa also provides portfolio management services to private funds. The Firm ordinarily requires each account to have a minimum of \$25,000,000, although smaller amounts may be accepted and maintained at the discretion of the Firm.

Item 8 - Methods of Analysis, Investment Strategies and Risk of Loss

Methods and Investment Strategies

Canepa's investment analysis methods include both fundamental and technical analysis. Furthermore, the main sources of information include Bloomberg, financial newspapers and magazines, inspections of corporate activities, research materials prepared by others, corporate rating services, annual reports, prospectuses, filings with the Securities and Exchange Commission, and company press releases.

The investment strategy for a specific client is based upon the objectives stated by the client in the Investment Policy Statement. Strategies may include long-term purchases, short-term purchases, trading, short sales, margin transactions, and other strategies. In some cases, Adviser might advise on private investments made by clients.

Risks of Loss

All investment programs have certain risks that are borne by the investor. Our investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks, amongst others:

- Interest-rate Risk: Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- Market Risk: The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances. For example, political, economic and social conditions may trigger market events.
- Inflation Risk: When any type of inflation is present, a dollar today will not buy as much as a dollar next year, because purchasing power is eroding at the rate of inflation.
- Currency Risk: Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- Reinvestment Risk: This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- Business Risk: These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company, which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- Liquidity Risk: Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.
- Financial/Credit Risk: Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value of securities.

Item 9 - Disciplinary Information

Investment Firms are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of the Firm or the integrity of Firm's management. Firm has no information applicable to this Item. Please visit www.advisorinfo@sec.gov at any time to view Canepa's registration information and any applicable disciplinary action.

Item 10 - Other Financial Industry Activities and Affiliations

Commodity Pool Operator, Commodity Trading Adviser, Futures Commission Merchant Registration

Neither adviser nor its management or associated persons are registered or associated with the Commodity Futures Trading Commission ("CFTC") as a futures commission merchant ("FCM"), a commodity pool operator ("CPO") or a commodity trading advisor ("CTA") or an associated person of the foregoing entities.

Broker-Dealer Registration

Canepa is not registered with the Securities and Exchange Commission (SEC) as a broker-dealer. Canepa's management or associated persons are not registered or associated with any broker-dealers.

Other Material Relationships

Canepa's partners are also minority partners and non-executive directors at Canepa Management Ltd., an investment management firm based in Hamilton, Bermuda. In accordance with client Fund mandates, and to safeguard and advance client interests, employees of Canepa or other designated persons may serve, from time to time, as non-executive directors of certain companies in which the client is invested. Canepa's management persons do not directly or indirectly hold client cash or securities nor have the authority to obtain possession of them. Canepa is also affiliated with several SEC registered investment advisory firms that are under common control with Canepa. In connection with providing investment advisory services to its clients, Canepa does not utilize the products and services of its affiliates and/or related persons.

Item 11 - Code of Ethics

State and SEC regulations impose a fiduciary duty on Investment Firms. As a fiduciary, Canepa has a duty of utmost good faith to act solely in the best interest of each of our clients. Our clients entrust us with their funds, which in turn places a high standard on our conduct and integrity. Our fiduciary duty compels all employees to act with the utmost integrity in all of their dealings. This fiduciary duty is the core principle underlying our "Code of Ethics" and represents the expected basis of all of our dealings with our clients. The Code includes policies and procedures developed to protect client's interests in relation to the following topics:

- The duty at all times to place the interests of clients first;

- The requirement that all personal securities transactions be conducted in such a manner as to be consistent with the code of ethics and to avoid any actual or potential conflict of interest or any abuse of an employee's position of trust and responsibility;
- The principle that investment Firm personnel should not take inappropriate advantage of their positions;
- The fiduciary principle that information concerning the identity of security holdings and financial circumstances of clients is confidential; and
- The principle that independence in the investment decision-making process is paramount.

The Firm and its employees may buy or sell securities that are also held by clients; however, the Firm and its employees may not trade their own securities ahead of client trades. Employees must comply with the provisions of the Adviser's Compliance Policies and Procedures, as well as Code of Ethics.

The Chief Compliance Officer of the Adviser is Kian Esteghamat, who, along with his designees, review all employee trades each quarter or more frequently as conducted. The personal trading reviews ensure that the personal trading of employees does not affect the markets, and that clients of the Adviser receive preferential treatment.

The Adviser will provide a copy of the Code to any client or prospective client upon request at the contact information contained on the Cover Page of this Brochure.

Item 12 - Brokerage Practices

As part of Canepa's relationship with its clients, its Investment Advisory Agreement provides that client may restrict the discretion and direct brokerage to any broker. The Firm is authorized in its Investment Advisory Agreement to select other securities brokers, unless the client directs otherwise in the Agreement. Canepa does not have any referral agreements with broker-dealers at this time related to brokerage selection.

The selection of the broker-dealer will ordinarily be based on which broker is able to effect the transaction efficiently. Additionally, the research and services provided by the broker-dealer with respect to the particular type of investment may be a factor in the selection process. The commissions payable to such broker-dealers may in certain cases be higher than those attainable from other broker-dealers who do not provide such research and services. Ordinarily, such research will be used to service all of the Firm's accounts. Under the Firm's standard Investment Advisory Agreement, the client can revoke the Firm's authority to select the broker-dealer for the accounts.

It is Firm's policy not to enter into soft-dollar arrangements and Firm has no formal soft dollar arrangements. Firm does not consider, in selecting or recommending broker-dealers, whether Firm or a related person receives Client referrals from such broker-dealer.

Item 13 - Review of Accounts

Account reviews are performed periodically, no less than quarterly by each IAR and by Canepa's CCO or his/her designee. Account reviews are performed more frequently when market conditions dictate and as requested by Canepa's clients. Other conditions that may trigger a review are changes in the tax laws, new investment information, and changes in a client's own situation.

Account reviewers are members of the Firm's Compliance Department, with the assistance of IARs of the Firm. They are instructed to consider the client's current security positions and the likelihood that the performance of each security will contribute to the investment objectives of the client.

Clients receive periodic communications on at least an annual basis and where applicable, will receive an account statement or performance report no less than quarterly, and often monthly as activity dictates. In addition to periodic reviews, Firm also performs reviews of its clients' accounts as appropriate based on changes in market conditions, security positions or changes in a clients' investment objective or policies.

Item 14 - Client Referrals and Other Compensation

Canepa, from time to time, receives client referrals, and such referrals often come from current clients, attorneys, accountants, employees, personal friends of employees and other similar sources. Furthermore, Canepa does not currently accept referral fees or any form of remuneration from other professionals when a prospect or client is referred to them.

Item 15 - Custody

All assets are typically held at qualified custodians, which means the custodians provide account statements directly to clients at their address of record at least quarterly. Therefore, aside from debiting fees from its clients' accounts to pay for services rendered, Canepa does not maintain custody of its clients' funds. Canepa's supervising principals, as listed in Schedule A of Form ADV Part 1, do not have the authority to obtain possession of assets of private fund clients, and, as such, are not deemed to have custody.

Item 16 - Investment Discretion

Except for the management of private funds, the Firm does not currently, but may in the future, receive discretionary authority from the client at the outset of an advisory relationship to select the identity and amount of securities to be bought or sold. In all cases, however, such discretion is to be exercised in a manner consistent with the stated investment objectives for the particular client account.

In the case of private funds, the Firm may act as discretionary investment adviser, in which case it has the discretion to select the identity and amount of securities to be bought or sold. When selecting securities and determining amounts, Firm observes the investment policies, limitations and restrictions of the clients for whom it advises. Investment guidelines and restrictions are provided to Firm in writing.

Item 17 - Voting Client Securities

Canepa does not vote proxies on securities. Clients will ultimately be responsible for the voting (or abstaining of voting) of any proxy. Clients will also receive Proxy statements via the Adviser's custodian.

Item 18 - Financial Information

The Firm has no financial commitment that impairs its ability to meet contractual and fiduciary commitments to clients. Also, Firm has not been the subject of a bankruptcy proceeding.

Item 19 – Business Continuity and Information Security

Business Continuity Plan

Canepa has a Business Continuity Plan in place that provides detailed steps to mitigate and recover from the loss of office space, communications, services or key persons. The Business Continuity Plan covers natural disasters such as snowstorms, hurricanes, tornados, and flooding. The Plan covers man-made disasters such as loss of electrical power, loss of water pressure, fire, bomb threat, nuclear emergency, chemical event, biological event, T-1 communications line outage, Internet outage, railway accident and aircraft accident. Electronic files are backed up daily and archived offsite.

Alternate offices are identified to support ongoing operations in the event the main office is unavailable. It is our intention to contact all clients promptly after a disaster that dictates moving our office to an alternate location.

Privacy and Information Security

Canepa maintains an information security program to reduce the risk that your personal and confidential information may be breached. Furthermore, Canepa is committed to maintaining the confidentiality, integrity and security of the personal information that is entrusted to us.

The categories of nonpublic information that we collect from you may include information about your personal finances, information about your health to the extent that it is needed for the financial planning process, information about transactions between you and third parties, and information from consumer reporting agencies, e.g., credit reports. We use this information to help you meet your personal financial goals.

We maintain a secure office to ensure that your information is not placed at unreasonable risk. We employ a firewall barrier and use other techniques and authentication procedures in our computer environment.

We do not provide your personal information to mailing list vendors or solicitors. We require strict confidentiality in our agreements with unaffiliated third parties that require access to your personal information, including financial service companies, consultants, and auditors. Federal and state securities regulators may review our Company records and your personal records as permitted by law.

Personally identifiable information about you will be maintained while you are a client, and for the required period thereafter that records are required to be maintained by federal and state securities laws. After that time, information may be destroyed.

We will notify you in advance if our privacy policy is expected to change. We are required by law to deliver this *Privacy Notice* to you annually, in writing.

Part 2b (Brochure Supplement Information)

RESUMES OF OFFICERS AND EMPLOYEES INVOLVED IN ADVISORY ACTIVITIES

1. KIAN ESTEGHAMAT

Mr. Kian Esteghamat serves as a Partner and Director of Canepa US, and the CEO and Chief Compliance Officer of the company.

Prior to his incorporation to Canepa, Mr. Esteghamat was an Executive Director at the Fixed Income group of J.P. Morgan's Proprietary Positioning Business for six (6) years. Before joining J.P. Morgan, Mr. Esteghamat was a member of the faculty of Princeton University for four (4) years and a member of its Bendheim Center for Finance where he conducted research, counseled and advised students, and developed and taught

courses on financial investment and risk management. He has presented and organized numerous industry and academic conferences and provided expert advice to foundations on financial and mathematical research projects. Mr. Esteghamat's publications have appeared in professional and peer-reviewed academic journals. He holds a Ph.D. from Stanford University. He maintains a Series 65 qualification.

2. ISABEL MARTINEZ LOPEZ

Ms. Isabel Martinez Lopez serves as the Portfolio Manager for the Canepa New World Income Fund I, L.P., a private fund that invests in emerging markets bonds.

Before joining Canepa, Ms. Isabel Martinez Lopez worked for Heisenberg Partners during 2010-12. Previously, Ms. Martinez worked at various affiliates of Spain's Grupo Santander, based in Madrid and in New York, specializing in Emerging Markets (EM) fixed income and equity asset management. From 2006 to 2010, she served at Santander Investment Securities in Madrid, advising the firm's Emerging Markets mutual funds and foreign institutional clients, as well as coordinating fixed income teams throughout the bank's Latin American affiliates. From 1999 to 2006, she led the EM equity and fixed income asset management efforts at Santander Asset Management ("SAM") in Madrid, supervising a group of six, and was involved in all aspects of the investment process, in particular, market exposure, country and sector allocation, and currency hedging for equity portfolios. Ms. Martinez directly managed all EM and Latin American fixed income mutual funds and institutional segregated accounts for the firm. She was also responsible for the external and internal marketing of the firm's EM products.

Prior to SAM, Ms. Martinez spent three years at JP Morgan in Frankfurt and London in various capacities within the fixed income markets, ranging from Eurobond trading to debt capital markets (for Iberian clients seeking to access the international capital markets), to fixed income research (where she implemented real-time pricing models and risk management applications).

Ms. Martinez holds a Master's degree in Mathematics from the Universidad Complutense de Madrid (Spain), and a Ph.D. in Mathematics from the Stuttgart Universität (Germany). She is completely fluent in English, Spanish, French, and German and has working knowledge of Portuguese. Ms. Martinez currently maintains the Series 65 qualification.

3. GUSTAVO MARTURET

Mr. Gustavo Marturet serves as the Portfolio Manager for the Canepa Dividend Select Fund, L.P., a private fund that invests in equities with a high and sustainable dividend yield mostly in the United States.

Before joining Canepa, Mr. Marturet was Head of Private Banking and Wealth Management at Mercantil Commercebank, N.A in Miami since 2008. Also during his tenure at Mercantil, he was a Director of Mercantil Commercebank Trust Company, N.A. (Mercantil CTC), Director of Mercantil Bank and Trust Limited (Cayman) and Director of Mercantil Commercebank Investment Services, Inc. (Mercantil CIS) the Bank's broker dealer and investment advisory subsidiary. Mr. Marturet was responsible for the Division's business strategy, overseeing a private Banking business of approx. \$1.0 bn. in AUM, an Investment Services business of \$1.3bln in AUM and a Trust Services Management Division with \$850 million in AUM.

Prior to that, Mr. Marturet served for seven years as President and CEO of Mercantil Investment Services, Inc. (Mercantil CIS), a registered Broker Dealer and Investment Advisor offering brokerage, advisory and discretionary investment management services. He was a member of the Executive Committee of Mercantil Commercebank Trust Company, N.A. (Mercantil CTC) and Mercantil Commercebank Investment Services, Inc. (Mercantil CIS). Mr. Marturet was in charge of the set up of the Broker Dealer and Investment Management operations, and managed and designed the investment advisory program for the company

Prior to joining Mercantil Commercebank Mr. Marturet was for 6 years, part of the Asset Allocation team at Verizon Investment Management ("VIMCO") and a portfolio manager for the pension fund's emerging markets equity portfolio. He was Co-relationship manager of one of the four \$1.0bln Investment Advisory relationship for the Pension Fund, managed a \$215mm Emerging Markets Equity Portfolio, covered Global Emerging Markets (equity and fixed income) as an asset class for the Pension fund, and analyzed and evaluated the implementation of a \$300 million Commodity Investment program for the Fund

Before joining VIMCO, Mr. Marturet worked 2 years at Bankers Trust Co., in New York as an origination officer covering Mexico and the Andean Caribbean Region

In 1987 and for three years, he worked for Mercantil Merinvest S.C, Mercantil Servicios Financieros' Venezuelan based brokerage and investment advisory operation, acting as proprietary positions manager in local market debt for Firm's portfolio

Mr. Marturet holds a Master's Degree in International and Development Economics from Yale University, a Master's Degree in Management from Hult University (former Arthur D'Little Management Education Institute) and an Economics Degree from the Universidad Catolica Andres Bello of Venezuela. Mr. Marturet also maintains Series 66 qualification.

4. GRAYDON BARZ

Mr. Graydon Barz serves as the Chief Risk Officer of the company. Before joining Canepa, Mr. Barz was a Managing Director and the Head of Global Consumer Capital and Reserves at Citigroup, where he worked for eight years.

Prior to Citigroup, Mr. Barz worked at McKinsey & Company in their Global Energy Practice serving U.S. and European clients as well as an executive at a financial-technology start-up in California and an officer in the U.S. Air Force.

Mr. Barz holds a Ph.D. in Engineering-Economic Systems (financial engineering) from Stanford University and a B.S.E. from Princeton University. Mr. Barz maintains a Series 65 qualification.

5. PAUL ENEVER

Mr. Paul Enever is a principal at Canepa Healthcare, LLC and serves as an advisor to the Canepa Advanced Healthcare Fund, a private fund that makes equity investments in private and public companies operating in the advanced healthcare industry.

Before joining Canepa, Mr. Enever was a partner with McKinsey and Company. In his 12 years at McKinsey, Paul advised leading organizations across the biopharmaceutical, medical technology, hospital, and healthcare services industries primarily in the U.S. and Europe as well as private equity firms specializing in healthcare. Mr. Enever's work focused on growth strategy, sales and marketing, and licensing and acquisition. Previously, Mr. Enever worked within the R&D organization at Sandoz Pharmaceuticals and Massachusetts Institute of Technology's Biotechnology Process Engineering Center. He has a B.S. in chemical engineering from Rensselaer Polytechnic Institute and a Ph.D. in chemical engineering from the University of Minnesota, where he studied wound healing and tissue engineering. For his work, Mr. Enever was the recipient of both a National Science Foundation Graduate Fellowship and the Whitaker Foundation Graduate Fellowship in Biomedical Engineering. He maintains a Series 65 qualification.

6. ALEXANDRO SANCHEZ

Mr. Alejandro Sanchez is a principal at Canepa Healthcare, LLC and serves as an advisor to the Canepa Advanced Healthcare Fund, a private fund that makes equity investments in private and public companies operating in the advanced healthcare industry.

Prior to joining Canepa, Mr. Sanchez was a partner with Hermes Growth Partners ("HGP") and before that, with McKinsey and Company. HGP is a private equity firm that focuses on growth-stage companies in the telecommunications, media and technology sectors globally. HGP is the exclusive advisor for the Canepa Global TMT Fund.

Before HGP, Mr. Sanchez spent his tenure with McKinsey and Company working in the telecommunications, technology, and media sectors in a diverse set of countries including Venezuela, Chile, Brazil, Russia, Poland and the United States. Alejandro serves on the Board of Directors several companies. He is a Systems Engineer with an

M.S. in Engineering-Economic Systems from Stanford University. He maintains a Series 65 qualification.
