ITEM 4 - SERVICES, FEES AND COMPENSATION

The Wealth Management Platform – Model Portfolios Program (“Program”) is sponsored by VISION2020 Wealth Management Corp. (“us” or “we” or “our”), an SEC-Registered Investment Adviser. The Program is presented to the client (“you” or “your”) by Investment Adviser Representatives (“Advisory Representatives”) of a registered investment adviser (“Advisor”) that may be a “Related Person” (as defined in Form ADV) to us. Please refer to the Advisor’s Form ADV, Part I to determine if your Advisor is a Related Person to us.

To join the Program, you will enter into an investment advisory client agreement (“Client Agreement”) with us and your Advisor and establish a brokerage account (“Program Account”) on a fully disclosed basis with the Advisor’s associated broker-dealer.

Advisory Services

The Program offers you managed asset allocation models (“Asset Allocation Models”) of mutual funds and exchange traded funds (“ETFs”) diversified across various investment styles and strategies. The Asset Allocation Models are constructed by the following managers (“Program Managers”).

BlackRock Investment Management, LLC

Caprin Asset Management, LLC

Clark Capital Management Group, Inc.

CLS Investments, LLC

Innealta Capital

LWI Financial Inc.

Morningstar Associates, LLC and Morningstar Investment Services, Inc.

New Frontier Advisors, LLC

Russell Investment Management Company

SEI Investments Management Corporation

Vanguard Advisers, Inc.

Program Managers that construct mutual fund Asset Allocation Models use load waived or no-load mutual funds. The cost of purchasing and holding mutual fund shares through the Program may be more or less than investing in mutual fund shares in a brokerage account, depending upon the amount of the advisory fees and the specific mutual funds selected for investment within the Program.

Based upon your risk tolerance and financial objectives, the Program utilizes a system that recommends a specific Asset Allocation Model which contains: 1) a combination of mutual funds, 2) a combination of exchange traded funds ETFs, or 3) a combination of mutual funds and ETFs, depending on which Program Manager is employed. After the recommendation is made, you and your Advisor will select an Asset Allocation

Model. Advisor, with our assistance, will open a Program Account and your assets will be invested in the specific investments contained within the selected Asset Allocation Model.

You have the opportunity to place reasonable restrictions on the investments held within your Program Account. Such restrictions can cause; (i) a divergence in account performance from the Asset Allocation Model originally presented to you; (ii) a delay in the reporting of account performance; and (iii) a delay in the rebalancing of the portfolio funds within your account.

We make no representations regarding the future performance of any Asset Allocation Model. As always, past performance is not a guarantee of future results.

To participate in the Program, you agree to establish a brokerage account on a fully disclosed basis at your Advisor's associated broker-dealer in order to effect mutual fund transactions and exchange traded fund transactions and to hold these positions in connection with the Program.

We will provide monitoring and review of Asset Allocation Models. We have the discretion to modify and/or rebalance a Program Manager's Asset Allocation Model and its associated Program Accounts without your consent consistent with your agreed upon investment objectives and risk tolerance.

Program Costs

You will be charged an annual fee based upon the value of the Program assets you have under management which covers management, administrative and transaction costs ("Account Fee" or "Wrap Fee"). Fees are negotiable and range up to 2.62% of the assets under management that are collected by your Advisor, the Advisor Representative's associated broker-dealer and Related Persons.

Your Account Fee will bill quarterly, in advance, based upon the market value of the Program assets as of the last business day of the preceding calendar quarter. In the event that additions to, or withdrawals from, the account are made in excess of \$10,000 or more during any given quarter, the applicable Account Fee will be adjusted on a pro-rata basis, based on the market value of the assets at such time to reflect the addition or withdrawal.

Please find on the following page, the annualized, maximum Account Fee guidelines for the above referenced Asset Allocation Models. Your actual Account Fee schedule is included in the Statement of Investment Selection ("SIS") which will be provided to you.

Schedule of Account Fees

The Account Fee is composed of two components, a "Program Fee" and an "Advisory Fee."

The Advisory Fee is primarily paid to your Advisory Representative for services provided on behalf of the Advisor as outlined above. Your Advisory Representative's supervisor and associated Broker-Dealer typically also receive a small portion of the Advisory Fee for supervisory and administrative services. The maximum Advisory Fee is 1.75% of the assets under management.

Portions of the Program Fee are remitted to: 1) us and our Related Persons as sponsor of the Program; 2) Program Managers for investment management services; 3) third party administrators and platform software providers; and 4) the custodian, for execution of transactions with respect to assets and custodial services. Depending on the aggregated total Account Fee billings of all clients maintained by an Advisory Representative in the Program, we or our Related Persons provide the Advisory Representative Program discounts (ranging from a 10% to 80% of the fees retained by us and our Related Persons). An Advisory Representative's compensation will increase by the amount of the discount received, but your Account Fee and cost will remain unchanged.

As reflected in the fee schedules below, different Minimum Account Fees apply depending on the Program Manager and/or the Asset Allocation Model selected. Since the Advisory Fee remains constant, to the extent that a Program Manager and/or Asset Allocation Model represents more or less of the assets in the client account, the Account Fee rate can increase or decrease each quarter depending on total account value and which Program Manager and/or Asset Allocation Model has been selected in the account.

The Account Fee charged in any given quarter will be reflected in the account statements sent to client. In addition clients can request a fee statement from the Advisor at any time which will reflect the amount of the quarterly Account Fee and the asset-based fee rate applied.

Methods of Calculating Account Fees

Your Account Fee is billed using either the “Tiered” or “Linear” method. To illustrate, please refer to the sample billing schedule below:

Total Account Value:	Account Fee:
\$0 - \$249,999	X%
\$250,000 - \$499,999	Y%

- Under the Tiered billing method, a Total Account Value of \$400,000 would be billed as follows: the first \$249,999 would be billed at X% with the remaining \$150,001 to be billed at Y%.
- Under the Linear billing method, a Total Account Value of \$400,000 would be billed at Y%.

The Statement of Investment Selection which will be provided to you will disclose if your Account Fee is calculated using Tiered or Linear billing.

Negotiation of Account Fees

Subject to the maximum Account Fee limitations imposed by the preceding fee schedules, each Advisory Representative: (i) negotiates with clients their own Account Fee schedule, and (ii) determines on a client by client basis the Accounts that will be included in the same “household” for purposes of calculating the Account Fee. The actual Account Fee schedule will be shown in the Statement of Investment Selection.

Account Fees and terms are negotiated on a case-by-case basis, depending on a variety of factors, including the nature and complexity of the particular service, the requirements of your particular Advisory Representative, your relationship with your Advisory Representative, the size of the Account, the potential for other business or clients, the amount of work anticipated and the attention needed to manage the Account, among other factors.

General Information Concerning Fees and Other Client Charges

Account Fees charged to you are shared among your Advisor, your Advisory Representative, its associated broker-dealer and us. Part of the fee is remitted to the custodian who serves as the associated broker-dealer's clearing firm.

All mutual funds comprising the portfolio of funds will be purchased at Net Asset Value without the imposition of any sales charges. A fee of \$1.50 will apply for each mutual fund trade confirmation that you do not elect to receive electronically or do not elect to suppress as described in the Program Client Agreement. Certain Program Managers use mutual funds that assess 12b-1 distribution fees as described in each mutual fund's prospectus. The 12b-1 fees received by us or our broker-dealer affiliates will be rebated to the client.

You will bear a proportionate share of the fees and expenses of any mutual funds selected and for money market funds used as “sweep vehicles” for uninvested cash balances. These fees and expenses typically include investment advisory, administrative, distribution, transfer agent, custodial, legal, audit and other customary fees and expenses related to investment in mutual funds and are in addition to the Account Fee. Please read the prospectuses of the mutual funds selected for a more complete explanation of these fees and expenses.

You have the option to purchase shares of mutual funds outside of the Program directly from the mutual fund issuer, its principal underwriter or a distributor without purchasing the services of the Program or paying the Account Fee on such shares (but subject to any applicable sales charges). Certain mutual funds are offered to the public without a sales charge. In the case of mutual funds offered with a sales charge, the prevailing sales charge is determined by the mutual fund (as described in the mutual fund prospectus) may be more or less than the applicable account fee.

There are additional fees relating to IRA and Qualified Retirement Plan accounts that you normally incur such as maintenance and termination fees. You will find these fees disclosed in the account application paperwork provided to you associated with these accounts.

Accordingly, you should review the Account Fee and the other fees outlined above to fully understand the total amount of fees you pay.

Please consider that depending upon the level of the Account Fee charged, the amount of portfolio activity in your account, the value of services that are provided under the Program, and other factors, the Account Fee may or may not exceed the aggregate cost of such services if they were to be provided separately.

Depending upon the level of the Account Fee, your Advisor may receive more compensation:

- 1) as a result of your participation in the Program then if you participate in other programs that your Advisor offers.
- 2) if your Advisor charges you the Wrap Account Fee which wraps management, administrative and transaction costs into one fee rather than having you pay for these services separately.

As such, your Advisor could have a financial incentive to recommend the Program to you over other programs or services.

Termination of Program Investments

We reserve the right to terminate the offering of any Asset Allocation Model or any Mutual Fund or ETF therein at any time and in any manner. In the event of termination, you will be given reasonable advance notice of the termination and a reasonable opportunity to select a different Asset Allocation Model, Mutual Fund or ETF, as applicable. If you fail to act within 30 days after receiving such notice, we reserve the right in our sole discretion, to transfer your Program Account assets to a non-discretionary, unmanaged brokerage account or substitute the terminated Asset Allocation Model with another substantially similar Asset Allocation Model, Mutual Fund or ETF, as applicable.

Our affiliates maintain further arrangements pertaining to revenue sharing and/or the payout of 12b-1 fees with Russell Investment Management Company and Morningstar Associates, LLC.
