ITEM 4 - SERVICES, FEES AND COMPENSATION

The Wealth Management Platform – Advisor Managed Portfolios (“Program”) is sponsored by VISION2020 Wealth Management Corp. (“us” or “we” or “our”), an SEC-registered Investment Adviser. The Program is presented to the client (“you”) by Investment Adviser Representatives (“Advisory Representatives”) of a registered investment adviser (“Advisor”) that may be a Related Person (as defined in Form ADV) to us. Please refer to the Advisor’s Form ADV, Part I to determine if your Advisor is a Related Person to us.

To join the Program, you will enter into an investment advisory client agreement (“Client Agreement”) with us and your Advisor and establish a brokerage account (“Program Account”) on a fully disclosed basis with the Advisor’s associated broker-dealer.

Advisory Services

The Program begins with your Advisory Representative working with you to identify your investment goals and objectives as well as risk tolerance. Your Advisory Representative will then create an initial portfolio allocation designed to complement your financial situation and personal circumstances. The portfolio allocation may consist of stocks, bonds, options, exchange-traded funds, mutual funds and other securities (“Program Investments”) which, upon your agreement, will be managed in your Program Account.

The investment strategies utilized in the Program depend upon your investment objectives and goals as provided to your Advisory Representative. Model portfolios, option trading and/or margin may be employed as a part of the chosen strategy. Portfolios are constructed along basic investment objective categories, however you and each client have the opportunity to place reasonable restrictions on the type of investments to be held in your Program Account.

Your Advisor may manage your account on a discretionary or non-discretionary basis. We define discretionary management as the ability to trade your account, without obtaining your prior consent, the securities and amount of securities to be bought or sold, and the timing of the purchase or sale. It does not extend to the withdrawal or transfer of your account funds. Non-discretionary management means that your Advisor does not have the ability to perform the aforementioned without your consent. However, your Advisor may periodically rebalance your account to maintain the initially agreed upon asset allocation without your consent.

Program Costs

The Program is offered alternatively as an Account with separate advisory fees and transaction charges (“Non-Wrap Fee”) or as an account where no separate transactions charges apply and a single fee is paid for all advisory services and transactions (“Wrap Fee”). In both Wrap Fee and Non-Wrap Fee accounts, you pay a quarterly Account Fee, in advance, based upon the market value of the assets held in your account as of the last business day of the preceding calendar quarter.

In computing the market value of assets, mutual fund shares will be calculated at their respective net asset values as of the valuation date in accordance with each mutual fund prospectus. With respect to accounts that utilize margin, the “net worth” or “net equity” value of the account, not the long or short market value, will be used to determine the your Account Fee. With respect to accounts that purchase or sell option contracts, the positive or negative value of the option will be included in the net equity value of the account for purposes of determining the Account Fee. Please be aware that option contracts are a “wasting” asset, in that they have value only through the date on which they expire. If call option contracts are sold in conjunction with securities held in a Program Account, (often referred to as covered call options) the cash received on the sale of the option may have the effect of temporarily increasing the net equity value of the Program Account, and thus increasing the amount of the Account Fee. In the event that additions to, or withdrawals from, the account are made in excess of \$10,000 during any given quarter, the Account Fee will be adjusted on a pro-rata basis to the account from which the charge was debited, based on the market value of the assets at such time to reflect the addition or withdrawal.

Methods of Calculating Account Fees

Your Account Fee may be billed using the “Tiered” or “Linear” method. To illustrate, please refer to the sample billing schedule below:

Total Account Value:	Account Fee:
\$0 - \$249,999	X%
\$250,000 - \$499,999	Y%

- Under the Tiered billing method, a Total Account Value of \$400,000 would be billed as follows: the first \$249,999 would be billed at X% with the remaining \$150,001 to be billed at Y%.
- Under the Linear billing method, a Total Account Value of \$400,000 would be billed at Y%.

The Statement of Investment Selection which will be provided to you will disclose if your Account Fee is calculated using Tiered or Linear billing.

Negotiation of Account Fees

Subject to the maximum Account Fee limitations imposed by the fee schedules that follow, each Advisory Representative: (i) negotiates with clients their own Account Fee schedule, and (ii) determines on a client by client basis the Accounts that will be included in the same “household” for purposes of calculating the Account Fee. The actual Account Fee schedule will be shown in the Statement of Investment Selection.

Account Fees and terms are negotiated on a case-by-case basis, depending on a variety of factors, including the nature and complexity of the particular service, the requirements of your particular Advisory Representative, your relationship with your Advisory Representative, the size of the Account, the potential for other business or clients, the amount of work anticipated and the attention needed to manage the Account, among other factors.

[This section purposely left blank. Fee schedules begin on the following page.]

Fee Schedules

Wrap Fee Option

If you select the Wrap Fee option, you will pay a single, all-inclusive Account Fee*. Please consider that depending upon the level of the Account Fee charged, the amount of portfolio activity in your account, the value of services that are provided under the Program, and other factors, the Account Fee may or may not exceed the aggregate cost of such services if they were to be provided separately. You pay a single fee because either your Advisory Representative pays the transaction charges for you or because we pay the transaction charges for you. Please see below for the associated fee schedules:

Wrap Fee Schedule

Over \$25,000,000	0.015%	0.985%	0.045%	0.955%	1.000%

*A \$51.50 per-transaction fee may apply for certain short-term redemptions of mutual funds as described in the section entitled, "Other Transaction Charges" that follows.

¹ **Administrative Fee:** A portion of the Total Account Fee is allocated to the Administrative Fee, which covers administrative, and supervisory services provided by your Advisor's associated Broker-Dealer as well as transaction, execution, clearing and custodial services as provided by the clearing broker-dealer. The Administrative Fee is set on a sliding scale depending on the size of the assets in the account.

² **Program Administrative Fee Discount:** Advisory Representatives may qualify for a discounted Administrative Fee Schedule. The discount will be based upon the aggregated total of Account Fee billings of all clients your Advisory Representative maintains in the Program. The discount ranges from a 10% to 80% reduction of the Administrative Fee. If your Advisory Representative receives a discounted Administrative Fee, your Advisory Representative's compensation will increase by the amount of the discount received, but your Total Account Fee and cost will remain unchanged.

³ **Advisory Fee:** The Advisory Fee is paid to Advisory Representatives for the provision of their personal advisory services rendered in qualifying you for investment in the Program, as well as for ongoing supervision and/or portfolio monitoring of Program Investments. The amount of Advisory Fees charged to clients is determined by each Advisory Representative up to an amount not to exceed the fee breakpoint set for each level of investment as described above.

The Wrap Fee option offers a bundled charge that is inclusive of transactional (i.e., trading) costs and is meant to be utilized by investors who have an intention to actively trade their account. A non-wrap account may be more cost-effective for you if you do not intend to actively trade your account, as the cost associated with a non-wrap account is generally less. While there is no precise determinant for an actively traded account, if you are engaging in a small number of transactions per year, you should discuss in detail with your advisor if a wrap-account is appropriate for your needs. To the extent that your Advisory Representative is paying for transaction charges, s/he may have a disincentive to trade actively for your account.

Non-Wrap Fee Option

Clients who select the Non-Wrap Fee option will pay separate Transaction Charges in addition to the Account Fee. The custodian and Advisor's associated broker-dealer receive portions of the transaction charges. Please see below for the Account Fee schedule followed by the Transaction Charge schedule.

If a fund is sold prior to a 3 month hold/redemption period, a \$51.50 charge will be passed on to you, under both wrap and non-wrap fee contracts. This charge may be in addition to other fees, charges, and restrictions imposed by the mutual fund company for short-term trading and redemptions.

Advisory Services to Variable Annuity Sub-Accounts

Your Advisory Representative may utilize the Program tools to manage Variable Annuity products ("Program VAs") that are maintained outside of a standard Program Account. Although the Variable Annuities and their respective Sub-Accounts will be represented on various Program reports (i.e., Performance Reporting) the Variable Annuities are held directly at the Variable Annuity Sponsor.

Program VAs may only be managed as part of an existing client group, consisting of one or more Program Accounts. Your Advisory Representative may use the various Program tools to manage the Program VA's Sub-Accounts in accordance with your risk tolerance. However, the Advisory Representative will not direct reallocations of the Sub-Accounts through the Program. In such cases when a reallocation is required, the Advisory Representative will direct and execute such reallocation transactions directly through the Variable Annuity Sponsor.

Variable Annuity Fee Schedule

Program VAs are not assessed transaction chargers since all reallocations are placed directly with the Variable Annuity sponsor.

General Information Concerning Fees and Other Client Charges

Regarding Non-Wrap Fee Accounts, in addition to the per-trade transaction charges referenced above, you will also be subject to per-trade confirmation fees as disclosed on your trade confirmation (typically \$4.00 per trade).

An additional fee of \$1.50 will apply for both Wrap and Non-Wrap Fee Accounts for each trade confirmation that you do not elect to receive electronically or, when applicable, do not elect to suppress. You may also be subject to an additional, per-trade transaction charge on the selling of certain securities as

¹ Please see footnotes on page 6 for definitions and further information.

disclosed on your trade confirmation (generally less than \$1.00 on trades of \$50,000 or less). These fees are not shared with us but are transaction charges paid to the broker-dealer for your account and the custodian.

Mutual Funds

Please be aware that Account Fees are charged on all mutual fund shares that are designated as Program Investments, including shares on which you may have previously paid a sales charge. Also, to the extent that cash used for investments in an account comes from redemptions of your other non-managed mutual fund investments, you should consider the cost, if any, of the sales charge(s) previously paid and redemption fees that would be incurred. Such redemption fees would be in addition to the Account Fee on those assets. Please be aware that such redemptions and exchanges between mutual funds that participate in the Program might have tax consequences, which should be discussed with your independent tax adviser.

Notwithstanding the foregoing paragraph, no Account Fees will be charged on any mutual funds or unit investment trusts transferred to accounts which were purchased within the past two years if a commission was paid to your Advisory Representative.

You will bear a proportionate share of the fees and expenses of any mutual funds selected and for money market funds used as “sweep vehicles” for uninvested cash balances. These fees and expenses may include investment advisory, administrative, distribution, transfer agent, custodial, legal, audit and other customary fees and expenses related to investment in Funds and are in addition to the Account Fee. Please read the prospectuses of the funds selected for a more complete explanation of these fees and expenses.

You may be able to purchase shares of mutual funds outside of the Program directly from the mutual fund issuer, its principal underwriter or a distributor without purchasing the services of the Program or paying the Account Fee on such shares (but subject to any applicable sales charges). Certain mutual funds are offered to the public without a sales charge. In the case of mutual funds offered with a sales charge, the prevailing sales charge (as described in the mutual fund prospectus) may be more or less than the applicable account fee.

Variable Annuities

Variable annuity companies generally impose internal fees and expenses on your variable annuity investment, including contingent deferred sales charges and early redemption fees. In addition, variable annuity companies generally impose mortality charges of approximately 1.25% annually. These fees are in addition to the fees and expenses referenced above. Complete details of such internal expenses are specified and disclosed in each variable annuity company’s prospectus. Please review the Variable Annuity prospectus for full details.

Retirement Accounts

There are additional fees relating to IRA and Qualified Retirement Plan accounts that you may incur such as maintenance and termination fees. You will find these fees disclosed in the account application paperwork provided to you associated with these accounts.

Accordingly, you should review the Account Fee and the other fees outlined above to fully understand the total amount of fees you pay.

Depending upon the level of the Account Fee, your Advisor may receive more compensation:

- 1) as a result of your participation in the Program then if you participate in other programs that your Advisor offers.
- 2) if your Advisor charges you the Wrap Account Fee which wraps management, administrative and transaction costs into one fee rather than having you pay for these services separately.

As such, your Advisor may have a financial incentive to recommend the Program to you over other programs or services.

With respect to client assets held under qualified retirement accounts or IRAs, and unless otherwise indicated (and consistent with applicable rules), we will exclude from application and billing of the Account Fee any portion of such accounts or IRAs that is invested in mutual funds (or other investment options) managed by our affiliates.
