Item 2 – Material Changes

We are required to tell you about any material changes in this updated Brochure since our last annual update of this Brochure which was filed on March 28, 2016.

MATERIAL CHANGES IN THIS BROCHURE

- In the event a client elects to terminate its financial planning arrangement with American Investment Planners LLC, (sometimes referred to as “Adviser,” the “Firm,” “we,” or “our”) such client shall be entitled to a pro-rata refund of any fees paid in advance of such termination date which remain unearned as of such termination date.
- If an advisory agreement for a TIMS I or TIMS II client is terminated, after advisory fees have been collected in advance by American Investment Planners LLC for a given quarterly period, such client shall be entitled to a pro-rata refund of any portion of the fees paid by client with respect to the remaining quarter in which the termination becomes effective.
- As to mutual fund shares in client accounts, managed utilizing the TIMS I or TIMS II platforms:
 - (i) Going forward, American Investment Planners LLC will only recommend that clients purchase mutual fund shares that do *not* charge marketing and distribution fees (i.e., “Rule 12b-1 Fees”);
 - (ii) To the extent a client *already holds* mutual fund shares in its account which charge Rule 12b-1 Fees, these shares may *not* be replaced. However, at such time as Adviser recommends and/or client seeks to purchase additional mutual fund shares in client’s account and/or to sell existing mutual fund shares in client’s account, these shares will *only* be replaced with mutual fund shares of a class which do not charge Rule 12b-1 Fee; and
 - (iii) Going forward, in the event a client requests, on an unsolicited basis, the purchase of mutual fund shares charging Rule 12b-1 Fees, such client will be instructed by American Investment Planners LLC, that such purchase must be made in a separate brokerage account client maintains or will establish with Cadaret, Grant & Co., Inc. or another broker-dealer selected by client. Adviser shall not charge client an advisory fee for such purchase, however, Adviser may collect Rule 12b-1 Fees or commission charges in the brokerage account which holds such mutual fund shares to the extent client selects Cadaret, Grant & Co., Inc. to maintain such account.
- If any of the assets in client’s account being managed by American Investment Planners LLC, constitute assets of any employee benefit plan, including a 401(k) plan covered by ERISA (as hereinafter defined). a tax qualified retirement plan (including a Keogh plan) under Section 401(a) of the Internal Revenue Code of 1986, as amended (the “Code”),

Form ADV – Part 2A

American Investment Planners LLC (SEC No. 801-14337)

and not covered under ERISA (as hereinafter defined) or an individual retirement account under Section 408 of the Code (each, a “Plan”) and if the Plan is subject to Part 4 of Title I of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), the client and Adviser agree that they shall take any and all steps necessary to assure that such services do not constitute or result in a nonexempt prohibited transaction under ERISA or the Code, including compliance with the Department of Labor’s Prohibited Transaction Class Exemption 86-128, to the extent applicable.

- If any of the assets in a client’s account being managed by American Investment Planners LLC are assets of a Plan subject to ERISA, Adviser:
 - (i) shall be a “fiduciary” (within the meaning of ERISA Section 3(21) or Code Section 4975(e) (3)) with respect to the assets in the client’s account being managed by American Investment Planners LLC that constitute Plan assets; provided, however, American Investment Planners LLC shall not be considered a fiduciary to the extent that it does not have investment discretion as a result of any applicable client guidelines or restrictions for assets not held in the client’s account; and
 - (ii) To the extent that the Plan is subject to Part 4 of Title I of ERISA, Adviser acknowledges that it is an “investment manager” within the meaning of ERISA Section 3(38). The responsibilities of American Investment Planners LLC shall be limited to those of an investment manager and shall not include any other “trustee responsibility” as that term is defined in Section 405(c) (3) of ERISA.
- In the event a client directs American Investment Planners LLC to use a broker-dealer other than Cadaret, Grant & Co., Inc. to maintain client’s account, Adviser may not be authorized, under those circumstances, to negotiate commissions, mark ups and other brokerage charges and may not be able to obtain volume discounts or best execution for client. In addition, under these circumstances, a disparity may exist in commission and related charges to clients who direct Adviser to use a particular broker-dealer and other clients who do not direct Adviser to use a particular broker-dealer.
- If any of the assets in a client’s account being managed by American Investment Planners LLC, constitute assets subject to ERISA, clients shall retain responsibility for proxy voting absent a written agreement with the Adviser to the contrary.

Item 4 Advisory Business

4A. Description of American Investment Planners LLC.

American Investment Planners LLC (sometimes referred to as “Adviser,” the “Firm,” “we,” or “our”) is engaged in the business of financial, tax, retirement and estate planning. The Firm's financial planners supervise, on a continuing basis, the investment and reinvestment of client assets. Such supervision may include investment and financial management tailored to the individual needs of a client on a discretionary basis (i.e. client consent not required before transactions are effected) and/or non-discretionary basis (i.e. client consent is required before transactions are effected), with the Firm's investment advice based on each client's individual objectives. The Firm is also licensed as an independent insurance agency.

American Investment Planners LLC was founded in October 2010 by Mr. Lee Rosenberg, who serves as its President, Chief Compliance Officer, Manager, principal owner and as one of its Senior Financial Planners.

4B. Description of Advisory Services Offered.

Clients may elect from the advisory services and fee schedules described below, depending on the service which best suits their investment needs.

Financial Planning Review - A client will be charged \$250 per hour (including disbursements for services rendered) in connection with the preparation and explanation of a financial plan tailored to the client's current financial status, needs and investment objectives. The Firm requires an initial deposit equal to 50% of what it reasonably estimates it will cost the client to complete the plan. However, the deposit shall not exceed \$500. The balance of the fee will be due upon completion and delivery of a financial plan satisfactory to the client. Thereafter, clients who retain the Firm strictly for purposes of financial planning review, are billed periodically on either an hourly (\$250 per hour) or flat fee basis for this service and/or a combination of the following fees in the event client elects to implement its financial plan. The Firm also offers an initial free one-hour consultation with potential clients to introduce them to the Firm, its personnel and services. In the event a client elects to terminate its financial planning arrangement with the Adviser, such client shall be entitled to a pro-rata refund of any fees paid to Adviser in advance of such termination date which remain unearned as of such termination date.

The Firm does not charge its hourly financial planning rate for hours dedicated exclusively to the sale of products or for the implementation of the recommended plan, if the client either: (1) purchases any insurance product through the Firm; or (2) effects a transaction in securities through a Firm employee who is also a registered representative of Cadaret, Grant & Co., Inc., a securities broker-dealer through which most of the Firm's client transactions are effected. In connection with such purchases, clients will be charged only the normal commission rates applicable to such transactions, which may include Rule 12b-1 distribution fees (“Rule 12b-1 Fees”) arising out of mutual fund shares sales previously purchased by client or asset-based fees arising out of the client's participation of one of our discretionary or non-discretionary platforms. As noted in the following section of this Brochure *Advisory Services for Client’s utilizing the*

Form ADV – Part 2A
American Investment Planners LLC (SEC No. 801-14337)

TIMS I and TIMS II Platforms, on a going-forward basis, Adviser will only recommend that clients whose accounts are managed utilizing the TIMS I or TIMS II platforms purchase mutual fund shares that do *not* charge marketing and distribution fees (i.e., “Rule 12b-1 Fees”). In addition, Firm investment adviser representatives who are also registered representatives of Cadaret, Grant & Co., Inc. may receive commissions on variable annuity products.

The thoroughness of the plan depends upon the client's cooperation in providing the Firm with copies of recent income tax returns; wills; trust agreements; all insurance policies currently in effect; a schedule of assets (including all cash, securities, commodities, real estate, significant personal property, etc.); a schedule of liabilities (including an accurate list of all outstanding mortgages, loans and significant bills); estimates of anticipated income and expenses and other related financial information.

The frequency of periodic financial planning reviews is based on factors such as the age, lifestyle and investment objectives of these clients. Clients are entitled to a pro-rata refund of any unused portion of the client's deposit if the client elects to terminate their financial planning arrangement with the Adviser.

The Firm's principals reserve the right, in their sole discretion, to make adjustments to the financial planning fees described above based upon particular client circumstances.

Advisory Services for Clients Accounts Utilizing the TIMS I and TIMS II Platforms - Certain of the Firm's clients may have their portfolios designed and managed through the use of the TIMS I and TIMS II platforms. TIMS is an acronym for The Investment Management System. TIMS I and TIMS II are proprietary platforms made available to the Firm by Cadaret, Grant & Co., Inc., the securities broker-dealer through which most client brokerage transactions are effected. Client accounts are custodied with Cadaret, Grant & Co., Inc.'s clearing agent, Pershing LLC. Cadaret, Grant & Co., Inc. is also a federally registered investment adviser.

TIMS I offers investment options which include no-load and load-waived mutual funds, closed-end funds, exchange-traded funds for which the Firm will make investment decisions for its clients on a discretionary basis (i.e., without first obtaining client consent before purchases and sales are effected). Clients utilizing the TIMS I platform may also invest in individual securities limited to listings on the S&P 500 Index and the NASDAQ 100 index, however investment decisions with respect to these securities will be made on a non-discretionary basis (i.e., client consent must be obtained before transactions are effected).

TIMS II offers investment options which include equity, bond, certificate of deposit, unit investment trust, no-load and load-waived mutual fund investment options. The Firm will act in its discretion (i.e., without first obtaining client consent) in regards to purchases and sales of securities in TIMS II accounts.

As to mutual fund shares in client accounts, managed utilizing the TIMS I or TIMS II platforms:

Form ADV – Part 2A
American Investment Planners LLC (SEC No. 801-14337)

- (iv) Going forward, Adviser will only recommend that clients purchase mutual fund shares that do *not* charge marketing and distribution fees (i.e., “Rule 12b-1 Fees”);
- (v) To the extent a client *already holds* mutual fund shares in its account which charge Rule 12b-1 Fees, these shares may *not* be replaced. However, at such time as Adviser recommends and/or client seeks to purchase additional mutual fund shares in client’s account and/or to sell existing mutual fund shares in Client’s account, these shares will *only* be replaced with mutual fund shares of a class which do *not* charge Rule 12b-1 Fee; and
- (vi) Going forward, in the event client requests, on an unsolicited basis, the purchase of mutual fund shares charging Rule 12b-1 Fees, client will be instructed by Adviser, that such purchase must be made in a separate brokerage account client maintains or will establish with Cadaret, Grant & Co., Inc. or another broker-dealer selected by client. Adviser shall not charge client an advisory fee for such purchase, however, Adviser may collect Rule 12b-1 Fees or commission charges in the brokerage account which holds such mutual fund shares to the extent client selects Cadaret, Grant & Co., Inc. to maintain such account.

As noted above, the Firm has limited discretionary authority over TIMS I accounts and full discretionary authority over TIMS II accounts. Client accounts utilizing either the TIMS I or TIMS II investment platforms are sometimes collectively referred to in this document as the “TIMS Accounts”. For its management of the TIMS Accounts, the Firm will typically be entitled to receive an advisory fee equal to one percent (1%) per annum of client assets under management, payable quarterly in advance, based upon the market value of the account as of the close of business on the last business day of the previous calendar quarter. Cadaret, Grant & Co., Inc. will be compensated out of the advisory fee payable to the Firm for any services provided for the TIMS Accounts. All mutual funds for TIMS accounts will be no load or load waived. Clients may, however, separately incur ticket charges and annual 12b-1 Fees (i.e. distribution fees) for certain mutual fund shares previously purchased by client but not sales loads or commissions. On a going-forward basis, Adviser will not recommend the purchase of mutual fund shares charging Rule 12b-1 Fees. For TIMS Accounts, the client's initial advisory fee shall be based on the value of the account as of the date the account's assets are placed under the Firm's supervision, pro-rated for the balance of the calendar quarter. If Cadaret, Grant & Co., Inc. or its clearing agent Pershing LLC only issue statements for the client account as of the last business Friday of each month (or next preceding business day if such Friday is a holiday), then the date of the statement so issued as of the last month of any calendar quarter shall be deemed the last business day of such quarter for purposes of calculating the advisory fee. Cadaret, Grant & Co., Inc. will send a quarterly statement to the client setting forth the advisory fee due for the quarter and the manner in which it was calculated. Clients generally authorize Cadaret, Grant & Co., Inc. to deduct our advisory fee directly from the client’s account and to remit the same to the Firm. Clients may, however, request to be billed directly by Cadaret, Grant & Co., Inc. or request that our advisory fee be debited from another account maintained by the client with Cadaret, Grant & Co., Inc.

Form ADV – Part 2A
American Investment Planners LLC (SEC No. 801-14337)

If an agreement for a TIMS I or TIMS II client is terminated, after advisory fees have been collected in advance for a given quarterly period, client shall be entitled to a pro-rata refund of any portion of the fees paid by client with respect to the remaining quarter in which the termination becomes effective, and the client will have immediate access to the assets in his or her account, subject to any limitations or restrictions imposed by the custodian for TIMS accounts. Moreover, in the event of a termination agreement for TIMS I and/or TIMS II services, the Firm will cease to be entitled to receive fees from the client for any quarterly period following the one in which the termination occurs.

The Firm's principals reserve the right, in their sole discretion, to make adjustments to the TIMS Account's fees charged to clients, based upon particular client circumstances.

ERISA Assets – If any of the assets in client's account, constitute assets of any employee benefit plan, including a 401(k) plan covered by ERISA (as hereinafter defined). a tax qualified retirement plan (including a Keogh plan) under Section 401(a) of the Internal Revenue Code of 1986, as amended (the "Code"), and not covered under ERISA (as hereinafter defined) or an individual retirement account under Section 408 of the Code (each, a "Plan") and if the Plan is subject to Part 4 of Title I of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), the client and Adviser agree that they shall take any and all steps necessary to assure that such services do not constitute or result in a nonexempt prohibited transaction under ERISA or the Code, including compliance with the Department of Labor's Prohibited Transaction Class Exemption 86-128, to the extent applicable.

If any of the assets in a client's account being managed by Adviser are assets of a Plan subject to ERISA, Adviser:

- (iii) shall be a "fiduciary" (within the meaning of ERISA Section 3(21) or Code Section 4975(e) (3)) with respect to the assets in the client's account being managed by Adviser that constitute Plan assets; provided, however, Adviser shall not be considered a fiduciary to the extent that it does not have investment discretion as a result of any applicable client guidelines or restrictions for assets not held in the client's account; and
- (iv) To the extent that the Plan is subject to Part 4 of Title I of ERISA, Adviser acknowledges that it is an "investment manager" within the meaning of ERISA Section 3(38). The responsibilities of Adviser shall be limited to those of an investment manager and shall not include any other "trustee responsibility" as that term is defined in Section 405(c) (3) of ERISA.

Advice Given in Newspapers, Radio and on Television - Mr. Lee Rosenberg, the Firm's President, and other employees have written articles and have been quoted, on behalf of the Firm, in various newspapers and publications answering financial planning questions raised by the readers. In addition, Mr. Rosenberg has been a frequent speaker on radio and television broadcasts at which time he provided general financial planning advice and answered questions raised by the radio/television show's audience. The only compensation earned either by the Firm

Form ADV – Part 2A

American Investment Planners LLC (SEC No. 801-14337)

or Mr. Rosenberg and other employees in connection with those activities is the publicity associated with the activities.

Seminars and Advice From Guest Speakers - Often the Firm conducts client seminars where its own financial planners and/or guest speakers will address a range of topics which may include discussions of economic and market conditions or the management of particular funds in which clients may be invested.

Distribution of Financial Planning Publications - The Firm subscribes to a publication service, which provides general financial, tax and estate planning information and also subscribes to various industry publications. The Firm distributes certain publications of its advisory clients, free of charge, on a periodic basis; it does not necessarily endorse the content of such publications.

4C. Advisory Services Tailored to Individual Client Needs and Restrictions on certain Securities or Types of Investments.

Refer to the Description of Advisory Services set forth in Item 4B above.

4D. Wrap Fee Programs.

Not applicable as American Investment Planners LLC does not utilize Wrap Fee Programs.

4E. Amount of Client Assets Managed on a Discretionary and Non-Discretionary Basis.

As of December 31, 2016 the amount of client assets managed by American Investment Planners LLC is as set forth below.

\$41,409,969-	non-discretionary assets under management
<u>\$82,882,885.96-</u>	discretionary assets under management
\$124,292,855	Total assets under management

Form ADV – Part 2A
American Investment Planners LLC (SEC No. 801-14337)

Item 5 Fees and Compensation

5A. Fees for Advisory Services.

Refer to the description of American Investment Planners LLC's Advisory Services Offered in Item 4B above which sets forth its fee arrangements.

5B. Method of Payment for Advisory Services.

Financial Planning Fees - Refer to the description of these services in Item 4B above.

Advisory Service for Clients Utilizing the TIMS I and TIMS II Platforms - Refer to the description of these services in Item 4B above.

5C. Other Client Fees and Expenses and or other Transaction Costs.

Refer to the description of the Firm's Advisory Business set forth in Item 4B above which includes a description of other fees and expenses clients may incur. Refer to Item 10 - Other Financial Industry Activities and Affiliations and Item 12 Brokerage Practices for a description of brokerage costs clients may incur.

5D. Advance Fee Payment and Refunds.

Refer to the description of the Firm's Advisory Business in Item 4B above which includes a description advance fee payments and refunds.

5E. Compensation for Sale of Securities or Other Investment Products.

1. All of American Investment Planners LLC's employees offering investment advice to clients are also registered representatives of Cadaret, Grant & Co., Inc., a securities broker-dealer through which most of the brokerage transactions for Firm clients are effected. American Investment Planners LLC is aware that the dual-association of its employees offering investment advice with a securities broker-dealer (and in many cases their licensing to offer insurance products through the Firm (which is also an independent insurance agency) presents a conflict of interest and gives employees an incentive to recommend investment products based on the compensation received, rather than on a client's needs. That being said, the direct compensation to the Firm and its employees for advisory services provided to TIMS I and TIMS II clients and financial planning clients consists of an asset-based fee and/or hourly charge or flat fee rather than transaction-based charges (e.g., commission and 12b-1 Fees) derived from brokerage transactions executed through Cadaret, Grant & Co., Inc.

To address these conflicts, American Investment Planners LLC, discloses, in writing, these relationships to clients at the time they open their accounts and has the following procedures in place.

Form ADV – Part 2A
American Investment Planners LLC (SEC No. 801-14337)

Potential investment advisory clients are advised that, unless otherwise instructed, American Investment Planners LLC employees will process their requests to effect trades in securities through Cadaret, Grant & Co., Inc. The commissions charged by Cadaret, Grant & Co., Inc. are competitive with similarly situated full-service retail broker-dealers offering the same variety of securities to clients. No client of American Investment Planners LLC is under any obligation to purchase securities through registered representatives of Cadaret, Grant & Co., Inc. As disclosed in Item 4B above, clients are offered a choice of methods of paying for the Firm's advisory services. They may pay on an hourly basis, be charged an advisory fee based on a percentage of assets under management or incur transaction-based charges by effecting transactions through a Cadaret, Grant & Co., Inc. registered representative and/or by purchasing insurance products through the Firm's independent insurance agents. The Firm has an established policy that all conflicts of interest will be disclosed to a client before the proposed action is taken by the Firm or any of its employees. Any violation of this policy will be resolved at the employee's expense. That being said, the direct compensation to the Firm and its employees for advisory services provided to TIMS I and TIMS II clients and financial planning clients consists of an asset-based fee and/or hourly charge or flat fee rather than transaction-based charges (e.g., commission and 12b-1 Fees) derived from brokerage transactions executed through Cadaret, Grant & Co., Inc.

As noted, the Firm suggests broker-dealers to its advisory clients, such as Cadaret, Grant & Co., Inc. to effect brokerage transactions on behalf of its clients. These broker-dealers are suggested based on the Firm's consideration of a number of factors, including but not limited to, their familiarity with the securities to be sold or purchased, their execution skills, order-flow capabilities, their commission rates or other fee schedules, their access to underwritten securities, their custodial services, their level of net capital (financial strength) and excess SIPC and other insurance coverages.

While these broker-dealers may charge commissions higher than those obtainable from other broker-dealers, the Firm will only cause its clients to pay brokerage commissions which it has determined, in good faith, to be reasonable in relation to the value of the brokerage and other services provided by such securities broker-dealers. The Firm will base this decision upon the particular transactions involved and the Firm's overall responsibilities with respect to all client portfolio management accounts.

As previously noted, all of the Firm's employees offering investment advice to clients are also registered representatives of Cadaret, Grant & Co., Inc. Most of the Firm's employees are also licensed insurance sales agents. Clients are advised that they have the option of paying the investment advice by the hour, by an advisory fee based on a percentage of assets under management with the Firm, or by effecting transactions in securities or insurance products through the investment adviser representative in his capacity as a registered representative of Cadaret, Grant & Co., Inc. or as a properly licensed insurance agent, as the case may be. Clients are advised that they have the right to effect transactions in securities or purchase insurance products with any company of their choice, subject to their obligation to pay the hourly rate described in Item 4B above. That being said, the direct compensation to the Firm and its employees for advisory services provided to TIMS I and TIMS II clients and financial planning clients consists of an asset-based fee and/or hourly charge or flat fee rather than transaction-

Form ADV – Part 2A
American Investment Planners LLC (SEC No. 801-14337)

based charges (e.g., commission and 12b-1 Fees) derived from brokerage transactions executed through Cadaret, Grant & Co., Inc.

The commissions charged by Cadaret, Grant & Co., Inc. are competitive with similarly situated full-service broker retail broker-dealers offering the same variety of securities to clients. Clients are advised, however, that they may be able to effect transactions in securities through other securities broker-dealers at lower commission rates, particularly with respect to securities listed on a national securities exchange or in the over-the-counter market.

Clients should be aware that research obtained through other sources, is used to service all of the Firm's clients, regardless of whether they pay for advisory services by the hour, pay a percentage of assets under management charge or by paying commissions on transactions in securities effected by an employee of the Firm in his or her capacity as a registered representative of Cadaret, Grant & Co., Inc. The Firm wants its clients to be aware that: (1) they are under no obligation to implement any recommendations made by the Adviser in a written financial plan or otherwise; (2) unless otherwise instructed, transactions in securities requested by clients will be effected through Cadaret, Grant & Co., Inc. and purchases of insurance products will be made by one of the Firm's licensed insurance agents; (3) at such time that the Firm's employees do process the client's transactions, they will be acting as an agent of Cadaret, Grant & Co., Inc. or a licensed insurance agent, as the case may be; (4) if insurance or securities products are sold, commissions would be received by the employees of the Firm who are qualified to effect such transactions; (5) it is likely that the Firm and/or its investment adviser representatives if asked to implement the client's plan will recommend or use only the securities offered by Cadaret, Grant & Co., Inc. and insurance products offering by the Firm's licensed insurance agents and that the Financial Plan offered to the client may be limited to those products.

As stated, each of the Firm's employees who provides investment advice to clients also receive commissions from Cadaret, Grant & Co., Inc. in connection with the purchase and sale of securities. In addition, those employees of the Firm who are licensed insurance agents receive commissions based on sales of insurance products to their clients.

As noted previously, the Firm has utilized various share classes for its clients, depending on each client's investment situation. Class "A" shares have been generally used with higher breakpoint levels that reduce the upfront cost to the client and may also charge Rule 12b-1 Fees. Class "B" shares have generally been used at lower investment levels which offer no upfront cost but have contingent deferred sales charge reducing over time and may also charge Rule 12b-1 Fees. Class "B" share may incur higher fees and expenses than other classes of fund shares if not held for certain specified time periods. Class "C" shares offer no upfront cost, but may have higher 12b-1 fees than Class "A" Shares and may include contingent deferred sales charges if not held for certain specified time periods. This share class has also been used for clients who have a shorter-term horizon for their investment needs. However, as previously noted, going forward, the Firm will no longer be recommending that client accounts which are managed utilizing the TIMS I or TIMS II Platforms purchase mutual fund shares which charge Rule 12b-1 Fees.

Form ADV – Part 2A
American Investment Planners LLC (SEC No. 801-14337)

The Firm and its agents may also receive compensation in the form of 12b-1 distribution fees as a result of their past sale of certain mutual fund products to clients. The Firm's recommended mutual fund investment options for its clients include no-load and load-waived mutual funds.

In addition, Cadaret, Grant & Co., Inc. receives approximately ten (10%) percent of all commissions and sales concessions. The Firm and its registered representatives receive the balance of the commissions and sales concessions.

2. As stated above in subparagraph 1, Clients have the option to purchase investment products recommended by American Investment Planners LLC through other securities broker-dealers or agents not affiliated with American Investment Planners LLC.

3. Revenue earned by American Investment Planners LLC from our advisory clients, does not include commissions (i.e., transaction-based compensation).

4. In instances where a client is charged an advisory fee in addition to commissions or markups, the Firm may reduce its advisory fee to offset commission or markup changes.

Item 6 Performance-Based Fees and Side-By-Side Management

Not Applicable

Form ADV – Part 2A
American Investment Planners LLC (SEC No. 801-14337)

Item 7 Types of Clients

Our clients consist primarily of high net worth individuals, and to a lesser extent individuals (other than high net worth individuals), pension and profit sharing plans, trusts, estates or charitable organizations and corporations or other businesses. The Firm does not currently have any minimum account size requirements.

Form ADV – Part 2A

American Investment Planners LLC (SEC No. 801-14337)

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

A. The methods of analysis utilized by American Investment Planners LLC in formulating investment advice and/or managing client assets includes charting, fundamental and technical analysis. Investment strategies used to implement investment advice given to clients include long-term purchases (securities held at least a year), short-term purchases (securities sold within a year), trading (securities sold within 30 days), short sales, margin transactions, option writing, (including covered options), uncovered options or spreading strategies. However, most of the securities recommended to clients are shares in mutual funds. Investing in securities involves risk of loss that clients should be prepared to bear.

B. American Investment Planners LLC believes that client portfolios should be invested based upon a diverse asset allocation model. The Firm utilizes Morningstar, (a provider of investment research and analysis which compiles and analyzes fund, stock and general market data) to analyze and evaluate risk and to determine the correlation to the overall S&P 500 Index. As an independent investment adviser, the Firm is free from the influence of brokerage firms and their investment products. Depending on the individual risk tolerance of a client (i.e., age, amount of assets under management, outside investments such as real estate company stock, etc.), the Firm attempts to reduce volatility and market risk by significantly utilizing various asset classes that have the ability to offset downturns in stocks such as fixed-income securities and commodities.

The Firm also keeps a preferred list of investment portfolios which it tracks. It also interviews fund groups, sets up due diligence trips and purchases newsletters and industry reports. Additionally, the Firm tracks industry sectors and creates customized portfolios and alerts to meet tax and income goals.

C. American Investment Planners LLC primarily recommends the purchase and sale of mutual fund shares for client portfolios. Clients should be aware that past performance of mutual funds does not guarantee future results. The investment return and principal value of fund shares will fluctuate therefore a client's shares when redeemed could be worth less than their original purchase price. An investment in mutual fund shares is not insured or guaranteed by the FDIC or any other governmental agency.

American Investment Planners LLC (SEC No. 801-14337)

Item 10 Other Financial Industry Activities and Affiliations

A. All of American Investment Planners LLC's employees who offer investment advisory services to clients are also registered representatives of Cadaret, Grant & Co., Inc., a securities broker-dealer through which most client brokerage transactions are effected.

B. Not Applicable

C. American Investment Planners LLC and its management persons have relationships with broker-dealers, another investment adviser/financial planner and an independent insurance agency which are material to its advisory business. These relationships are disclosed to clients at the time of their account opening and to the extent a conflict may exist, material or otherwise clients are free to establish their brokerage accounts with broker-dealers of their choice and to likewise purchase insurance products other than from American Investment Planners LLC.

All of the American Investment Planners LLC's employees who offer investment advice to the Firm's clients are also associated with Cadaret, Grant & Co., Inc., a securities broker-dealer, as registered representatives.

Potential investment advisory clients are advised that, unless otherwise instructed, American Investment Planners LLC employees will process their requests to effect trades in securities through Cadaret, Grant & Co., Inc. The commissions charged by Cadaret, Grant & Co., Inc. are competitive with similarly situated full-service retail broker-dealers offering the same variety of securities to clients. No client of American Investment Planners LLC is under any obligation to purchase securities through registered representatives of Cadaret, Grant & Co., Inc. As disclosed in Item 4B above, clients are offered a choice of methods of paying for the Firm's advisory services. They may pay on an hourly basis, by an advisory fee based on a percentage of assets under management with the Firm, by effecting transactions through a Cadaret, Grant & Co., Inc. registered representative and/or by purchasing insurance products through the Firm's independent insurance agents. The Firm has an established policy that all conflicts of interest will be disclosed to a client before the proposed action is taken by the Firm or any of its employees. Any violation of this policy will be resolved at the employee's expense.

As noted, the Firm suggests broker-dealers to its clients, such as Cadaret, Grant & Co., Inc. to effect brokerage transactions on behalf of its clients. These broker-dealers are suggested based on the Firm's consideration of a number of factors, including but not limited to, their familiarity with the securities to be sold or purchased, their execution skills, order-flow capabilities, their commission rates or other fee schedules, their access to underwritten securities, their custodial services, their level of net capital (financial strength) and excess SIPC and other insurance coverages.

While these broker-dealers may charge commissions higher than those obtainable from other broker-dealers, the Firm will only cause its clients to pay brokerage commissions which it has determined, in good faith, to be reasonable in relation to the value of the brokerage and other services provided by such securities broker-dealers. The Firm will base this decision upon the

Form ADV – Part 2A
American Investment Planners LLC (SEC No. 801-14337)

particular transactions involved and the Firm's overall responsibilities with respect to all client portfolio management accounts.

As previously noted, all of the Firm's employees offering advice to clients are also registered representatives of Cadaret, Grant & Co., Inc. Most of the Firm's employees are also licensed insurance sales agents. Clients are advised that they have the option of paying the investment advice by the hour, by an advisory fee based on a percentage of the assets under management with the Firm, by effecting transactions in securities or insurance products through the financial planner in his capacity as a registered representative of Cadaret, Grant & Co., Inc. or as a properly licensed insurance agent, as the case may be. Clients are advised that they have the right to effect transactions in securities or purchase insurance products with any company of their choice, subject to their obligation to pay the \$250 hourly rate described in Item 4B above.

Clients should be aware that research obtained through other sources, is used to service all of the Firm's clients, regardless of whether they pay for financial planning advice by the hour or by paying commissions on transactions in securities effected by an employee of the Firm in his or her capacity as a registered representative of Cadaret, Grant & Co., Inc.

As previously noted, each of the Firm's employees who provides investment advice to clients also receive commissions from Cadaret, Grant & Co., Inc. in connection with the purchase and sale of securities. In addition, those employees of the Firm (which is also licensed as an independent insurance agency) who are licensed insurance agents receive commissions based on sales of insurance products to their clients.

American Investment Planners LLC and its management persons also have a relationship with another independent insurance agency which is likewise, disclosed in writing to the Firm's clients. Mr. Lee Rosenberg, American Investment Planners LLC's founder and President established the Firm in late 2010 as a result of his decision to terminate his relationship with his former business partner and ARS Financial Services, Inc., which until 2011 was a federally registered investment adviser they co-founded over twenty years ago. ARS Financial Services, Inc. withdrew its investment advisory registration with the SEC on November 30, 2011 and is no longer providing investment advisory services. All of its client accounts have been transferred to the Firm or to a new investment adviser organized by Mr. Rosenberg's former business partner. Additionally, Mr. Rosenberg also co-founded an independent insurance agency with his former partner in 1984, R&S Planning Corp. Mr. Rosenberg is now the sole and principal and owner of R&S Planning Corp. With the organization of American Investment Planners LLC (which is also an independent insurance agency) all new insurance business will be conducted through the Firm, however R&S Planning Corp. will continue to operate, receive commissions on and service previously issued insurance products.

D. Not Applicable.

Form ADV – Part 2A

American Investment Planners LLC (SEC No. 801-14337)

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. American Investment Planners LLC has adopted a Code of Ethics which sets forth the standards of conduct expected of its associated persons and which addresses the conflicts that can arise from their personal securities trading. Among other things, the Code of Ethics requires periodic reporting by associated persons of American Investment Planners LLC so that it can monitor their trading to prevent any violations of the Code of Ethics or other conflicts of interest which could result from associated persons' personal trading. A copy of American Investment Planners LLC's Code of Ethics will be provided to any client or prospective client upon request.

B. Not Applicable.

C. As stated in the Firm's Code of Ethics which is available upon request, while the Firm does not invest in securities, its principals and employees may effect personal securities transactions. Since almost all of the securities recommended to clients are shares in open-end, management companies (mutual funds) there is little chance, if any, that the Firm or any of its employees will be in a position to take advantage of an opportunity in a particular security before such security is offered to a client. However, to ensure that a conflict of interest does not arise, the Firm requires each of its employees to notify Mr. Rosenberg of any transaction in securities, other than open end mutual fund, variable products and government securities, they intend to make for their own account or for the account of a member of their household before effecting the transaction. Employees may not execute a personal trade of the same general security (excluding open end mutual funds, variable products and government securities) as that of a client, either for themselves or for a member of their household, on the same day as that of a client trade unless both trades are done as a block trade and average pricing is applied (even if this may result in some non-discretionary account clients receiving different pricing based on the timing of the trade). Transactions found in violation of this policy will be bought in or sold out of the employee's account at the employee's expense. In addition, the Firm's employees must report all transactions in securities other than open-end mutual funds, variable products and government securities they have effected for their own account or a member of their household on a quarterly basis. Moreover, as all of the Firm's employees offering investment advice to the Firm's clients are also registered representatives of Cadaret, Grant & Co., Inc., they are also subject to the Rules of the Financial Industry Regulatory Authority and are mindful of Cadaret, Grant & Co., Inc.'s responsibility of reviewing their personal securities transactions.

D. Refer to response to Item 11C above.

American Investment Planners LLC (SEC No. 801-14337)

Item 12 Brokerage Practices

A. As noted, the Firm suggests broker-dealers to its clients, such as Cadaret, Grant & Co., Inc. to effect brokerage transactions on behalf of its clients. These broker-dealers are suggested based on the Firm's consideration of a number of factors, including but not limited to, their familiarity with the securities to be sold or purchased, their execution skills, order-flow capabilities, their commission rates or other fee schedules, their access to underwritten securities, their custodial services, their level of net capital (financial strength) and excess SIPC and other insurance coverages.

While these broker-dealers may charge commissions higher than those obtainable from other broker-dealers, the Firm will only cause its clients to pay brokerage commissions which it has determined, in good faith, to be reasonable in relation to the value of the brokerage and other services provided by such securities broker-dealers. The Firm will base this decision upon the particular transactions involved and the Firm's overall responsibilities with respect to all client portfolio management accounts.

1. Research and Other Soft Dollar Benefits. All of the Firm's employees offering advice to clients are also registered representatives of Cadaret, Grant & Co., Inc. Most of the Firm's employees are also licensed insurance sales agents with the Firm which is also an independent insurance agency. Clients are advised that they have the option of paying for investment advice by the hour, by an advisory fee based on a percentage of assets under management with the Firm, by effecting transactions in securities or insurance products through the financial planner in his capacity as a registered representative of Cadaret, Grant & Co., Inc. or as a properly licensed insurance agent, as the case may be. Clients are advised that they have the right to effect transactions in securities or purchase insurance products with any company of their choice, subject to their obligation to pay the \$250 hourly rate described in Item 4B above.

The commissions charged by Cadaret, Grant & Co., Inc. are competitive with similarly situated full-service broker retail broker-dealers offering the same variety of securities to clients. Clients are advised, however, that they may be able to effect transactions in securities through other securities broker-dealers at lower commission rates, particularly with respect to securities listed on a national securities exchange or in the over-the-counter market.

Clients should be aware that research reports obtained through other sources, are used to service all of the Firm's clients, regardless of whether they pay for financial planning advice by the hour or by paying commissions on transactions in securities effected by an employee of the Firm in his or her capacity as a registered representative of Cadaret, Grant & Co., Inc.

As previously noted, each of the Firm's employees who provides investment advice to clients also receive commissions from Cadaret, Grant & Co., Inc. in connection with the purchase and sale of securities. In addition, those employees of the Firm who are licensed insurance agents receive commissions based on sales of insurance products to their clients.

Form ADV – Part 2A**American Investment Planners LLC (SEC No. 801-14337)**

a. When American Investment Planners LLC uses client brokerage commissions to obtain research or services, American Investment Planners LLC is receiving a benefit because it does not have to produce or pay for the research.

b. As a result of its receipt of this research, American Investment Planners LLC may have an incentive to select or recommend a broker-dealer based on its interest in receiving the research, rather than on its client's interest in receiving the most favorable execution.

c. Refer to response to Item 12A above.

d. Refer to response to Item 12A1 above.

e. Refer to response to Item 12A1 above.

f. Refer to response to Item 12A1 above.

2. Brokerage for Client Referrals. Not Applicable.

3. Directed Brokerage

a. Refer to response to Item 12A1 above.

b. As stated above, clients may opt to execute their brokerage transactions other than through Cadaret, Grant & Co., Inc., the securities broker-dealer with whom the Firm's investment advisory professionals are also licensed as registered representatives. Under these circumstances, clients should be aware that the Firm may not be able to obtain the most favorable execution of client transactions. For example, in the event client directs Adviser to use a broker-dealer other than Cadaret, Grant & Co., Inc. to maintain client's account, Adviser may not be authorized, under those circumstances, to negotiate commissions, mark ups and other brokerage charges and may not be able to obtain volume discounts or best execution for client. In addition, under these circumstances, a disparity may exist in commission and related charges to clients who direct Adviser to use a particular broker-dealer and other clients who do not direct Adviser to use a particular broker-dealer.

B. The Firm may aggregate the purchase or sale of securities for various client accounts in instances where the Firm deems it appropriate such as when a large number of its clients are seeking to sell and/or buy a particular security.

Form ADV – Part 2A
American Investment Planners LLC (SEC No. 801-14337)

Item 13 Review of Accounts

A. The Firm has five Certified Financial Planners associated with it, of whom four are Senior Financial Planners. Each Senior Financial Planner is responsible for reviewing their own clients' plans and/or portfolio on at least an annual basis. In addition, the Senior Financial Planners and financial planners work with staff planners in reviewing clients' financial planning situations. The Firm's President, Lee Rosenberg, will periodically review plans prepared and the investment results of each client. Additional reviews may be done quarterly or monthly based upon changes in market conditions, interest rates and tax status.

B. Refer to response to Item 13A above.

C. The Firm prepares an annual review and written plan with a summary update for all clients. In addition, many of the Firm's clients have mutual fund accounts whose statements are reviewed each month and monitored based upon each client's goals and needs. Any changes in the market or status of a client's account would necessitate an additional review. The Firm maintains many software programs such as Advent, AdvantageOne, Net Exchange Pro, Adviser Channel, Naviplan Extended, Morningstar, Lacerte View Plan and Money Tree and periodicals which include, Value Line Reports and Morningstar which are utilized by its investment adviser representatives to calculate risk and performance of client portfolios.

Item 15 Custody

Not Applicable.

Form ADV – Part 2A**American Investment Planners LLC (SEC No. 801-14337)****Item 16 Investment Discretion**

As described in the response to Item 4B (advisory services offered), American Investment Planners LLC has discretionary authority to manage certain of its client accounts. The Firm has full discretion with respect to client accounts which utilize the TIMS II platform. The Firm has limited discretion with respect to client accounts which utilize the TIMS I platform (i.e. discretion only over purchases and sales of no-load or load-waived mutual funds, closed-end funds and exchange-traded funds).

Client agreements for each of these accounts specifically describe and authorize the Firm to act in a discretionary capacity.

Item 17 Voting Client Securities

It is American Investment Planners LLC's policy to have clients exercise their right to cast their own proxy votes. American Investment Planners LLC will not vote, nor give advice on how to vote proxies issued for securities held in a client account by a custodian. Clients will receive all proxy voting information directly from the custodian where their securities are held.

Moreover, if any of the assets in a client's account being managed by the Adviser, constitute assets subject to ERISA, clients shall retain responsibility for proxy voting absent a written agreement with the Adviser to the contrary.

Item 18 Financial Information

A. Not Applicable.

B. While American Investment Planners LLC exercises discretionary authority and limited discretionary authority over certain client accounts, it does not maintain custody of client funds or securities. Custody is maintained by Pershing LLC, the clearing firm for Cadaret Grant & Co., Inc., the broker-dealer with whom client brokerage accounts are maintained. The Firm is not aware of any condition reasonably likely to impair its ability to meet contractual commitments to clients.

C. Not Applicable.
