Item 4. Advisory Business

We specialize in the following types of services: comprehensive portfolio management, financial planning and consulting, portfolio monitoring. Our assets under management are \$0 as of 05/13/2011.

A. Description of our advisory firm, including how long we have been in business and our principal owner(s)¹.

We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a limited liability company formed in the State of Delaware. Our firm has been in business as an investment adviser since 2011 and is owned as follows:

DFPW Partners LLC – One-hundred-percent owner

B. Description of the types of advisory services we offer.

(i) Comprehensive Portfolio Management:

Our comprehensive portfolio management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds, mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once the relevant accounts are under our management, we review such accounts on a regular basis and at least quarterly. We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

¹ Please note that: (1) For purposes of this item, our principal owners include the *persons* we list as owning 25% or more of our firm on Schedule A of Part 1A of Form ADV (Ownership Codes C, D or E). (2) If we are a publicly held company without a 25% shareholder, we simply need to disclose that we are publicly held. (3) If an individual or company owns 25% or more of our firm through subsidiaries, we must identify the individual or parent company and intermediate subsidiaries. If we are a state-registered adviser, on Form ADV Part 2A Page 2, we must identify all intermediate subsidiaries. If we are an SEC-registered adviser, we must identify intermediate subsidiaries that are publicly held, but not other intermediate subsidiaries.

We may utilize Independent Money Managers, where we may design an investment portfolio and provide ongoing corresponding comprehensive portfolio management services on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered.

(ii) Financial Planning and Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

(iii) Portfolio Monitoring

Our Portfolio Monitoring Service provides for safekeeping/housekeeping of assets on behalf of clients with no on-going supervision, trading, nor discretion with respect to securities transactions. Clients are responsible for placing and executing their own trades, either on their own or with another investment adviser. We provide non-continuous and periodic outside account monitoring.

C. Explanation of whether (and, if so, how) we tailor our advisory services to the individual needs of *clients*, whether *clients* may impose restrictions on investing in certain securities or types of securities.

(i) Individual Tailoring of Advice to Clients:

We offer individualized investment advice to clients utilizing the following services offered by our firm: Comprehensive Portfolio Management. Additionally, we offer general investment advice to clients utilizing the following services offered by our firm: Financial Planning and Consulting and Portfolio Monitoring.

(ii) Ability of Clients to Impose Restrictions on Investing in Certain Securities or Types of Securities:

We usually do not allow clients to impose restrictions on investing in certain securities or types of securities due to the level of difficulty this would entail in managing their account. In the rare instance that we would allow restrictions, it would be limited to the following services: Comprehensive Portfolio Management. We do not manage assets through our other services.

D. Participation in *wrap fee programs*.

We offer wrap fee programs as further described in Part 2A, Appendix 1 (the “Wrap Fee Program Brochure”) of our Brochure. Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client’s investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts. As further described in our Wrap Fee Program Brochure, we receive a portion of the wrap fee for our services.

E. Disclosure of the amount of *client* assets we manage on a *discretionary basis* and the amount of *client* assets we manage on a *non-discretionary basis* as of 05/13/2011.

We manage² zero dollars (\$0) on a discretionary basis and zero dollars (\$0) on a non-discretionary basis as of 05/13/2011.

² Please note that our method for computing the amount of “*client* assets we manage” can be different from the method for computing “assets under management” required for Item 5.F in Part 1A of Form ADV. However, we have chosen to follow the method outlined for Item 5.F in Part 1A of Form ADV. If we decide to use a different method at a later date to compute “*client* assets we manage,” we must keep documentation describing the method we use and inform you of the change. The amount of assets we manage may be disclosed by rounding to the nearest \$100,000. Our “as of” date must not be more than three months before the date we last updated our Brochure in response to Item 4.E of Form ADV Part 2A.

Item 5. Fees and Compensation

We are required to describe our brokerage, custody, fees and fund expenses so you will know how much you are charged and by whom for our advisory services provided to you. Our fees are generally not negotiable.

A. Description of how we are compensated for our advisory services provided to you.

(i) Comprehensive Portfolio Management:

Our firm's annual fees for investment management services provided under this Agreement shall be based on the market value of assets under management and shall be calculated at up to one and a half percent (1.50%) of all assets under management. These fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter.

We pay compensation to Independent Managers for services rendered by these firms to our clients and our firm. This compensation is typically equal to a percentage of the overall investment advisory fee charged by our firm or an agreed upon fixed fee. The advisory fee paid to Independent Managers shall be negotiable in certain circumstances, but shall never exceed the overall amount in our published fee statement. We usually pay twenty-five (25) to fifty-percent (50%) of the overall advisory fee to Independent Managers for their services.

(ii) Financial Planning and Consulting:

We generally do not charge a fee for our separate financial planning and consultation services. If we do charge a fee, the maximum fee shall not exceed \$250,000.

(iii) Portfolio Monitoring:

Our firm's annual fees for investment management services provided under this Agreement shall be based on the market value of assets under management and shall be calculated at up to one and a half percent (1.50%) of all assets under management. These fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter.

B. Description of whether we deduct fees from *clients'* assets or bill *clients* for fees incurred.

(i) Comprehensive Portfolio Management:

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Fees will generally be automatically deducted from your managed account*. As part of this process, you understand and acknowledge the following:

- a) Your independent custodian sends statements at least quarterly to you showing all disbursements for your account, including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms;
- c) If we send a copy of our invoice to you, we send a copy of our invoice to the independent custodian at the same time we send the invoice to you;
- d) If we send a copy of our invoice to you, our invoice includes a legend as required by paragraph (a)(2) of Rule 206(4)-2 under the Investment Advisers Act of 1940.**

* We do not offer direct billing as an option to our comprehensive portfolio management clients.

**The legend urges the client to compare information provided in their statements with those from the qualified custodian in account opening notices and subsequent statements sent to the client for whom the adviser opens custodial accounts with the qualified custodian.

(ii) Financial Planning and Consulting:

We require a retainer of fifty-percent (50%) of the ultimate financial planning or consulting fee with the remainder of the fee directly billed to you and due to us within thirty (30) days of your financial plan being delivered or consultation rendered to you. In all cases, we will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 (six) months.

(iii) Portfolio Monitoring:

We will directly bill you for our portfolio monitoring service. Our bill is due and payable within thirty (30) days.

C. Description of any other types of fees or expenses *clients* may pay in connection with our advisory services, such as custodian fees or mutual fund expenses.

Non-Wrap fee Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

If our client chooses to have a mutual fund position, we will manage those securities under our Wrap Fee Program. Wrap fee clients will receive our Form ADV, Part 2A, Appendix 1 (the "Wrap Fee Program Brochure"). Our wrap fee clients will not incur transaction costs for trades. More information about our "Mutual Fund Wrap Fee Program" is disclosed in our separate Wrap Fee Program Brochure.

D. Client's advisory fees are due quarterly in advance.

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to

contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

E. Commissionable securities sales.

We do not sell securities for a commission. In order to sell securities for a commission, we would need to have our associated persons registered with a broker-dealer. We have chosen not to do so.

Item 6. Performance-Based Fees and Side-By-Side Management

We do not charge performance fees to our clients at this time.

Item 7. Types of Clients and Account Requirements

We have the following types of clients:

- Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, limited liability companies and/or other business types.

Our requirements for opening and maintaining accounts or otherwise engaging us:

- We do not require a minimum account balance for our comprehensive portfolio management service.

Item 8. Methods of Analysis, Investment Strategies and Risk of Loss

A. Description of the methods of analysis and investment strategies we use in formulating investment advice or managing assets.

Methods of Analysis:

- Charting;
- Fundamental;
- Technical;
- Cyclical.

Investment Strategies we use:

- Long term purchases (securities held at least a year);
- Short term purchases (securities sold within a year);
- Trading (securities sold within 30 days).

Please note:

Investing in securities involves risk of loss that *clients* should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

B. Our practices regarding cash balances in *client* accounts, including whether we invest cash balances for temporary purposes and, if so, how.

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to comprehensive portfolio management, asset management service and portfolio monitoring, as applicable.

Item 9. Disciplinary Information

We are required to disclose whether there are legal or disciplinary events that are material to a *client's* or prospective *client's* evaluation of our advisory business or the integrity of our management. There are a number of specific legal and disciplinary events that we must presume are material for this Item. If our advisory firm or a *management person* has been *involved* in one of these events, we must disclose it under this Item for ten years following the date of the event, unless (1) the event was resolved in our or the *management person's* favor, or was reversed, suspended or vacated, or (2) the event is not material (see Note below). For purposes of calculating this ten-year period, the "date" of an event is the date that the final *order*, judgment, or decree was entered, or the date that any rights of appeal from preliminary *orders*, judgments or decrees lapsed.

The SEC and/or State Regulators have not provided us with an exclusive list of material disciplinary events, which need to be disclosed. If our advisory firm or a *management person* has been *involved* in a legal or disciplinary event that is not specifically required to be disclosed, but nonetheless is material to a *client's* or prospective *client's* evaluation of our advisory business or the integrity of our management, we must disclose the event. Similarly, even if more than ten years has passed since the date of the event, we must disclose the event if it is so serious that it

remains currently material to a *client's* or prospective *client's* evaluation of our firm or management.

We have determined that our firm and management have nothing to disclose under the aforementioned standard.

Item 10. Other Financial Industry Activities and Affiliations

- A. Description of any relationship or arrangement that is material to our advisory business or to our *clients*, that we or any of our *management persons* have with any *related person*³ listed below. We are required to identify the *related person* and if the relationship or arrangement creates a material conflict of interest with *clients*, describe the nature of the conflict and how we address it.

We have nothing to disclose in this regard.

Item 11. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. Brief description of our Code of Ethics adopted pursuant to SEC rule 204A-1 and offer to provide a copy of our Code of Ethics to any *client* or prospective *client* upon request.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts⁴. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment

³ Our **Related Persons** are any *advisory affiliates* and any *person* that is under common *control* with our firm.

Advisory Affiliate: Our advisory affiliates are (1) all of our officers, partners, or directors (or any *person* performing similar functions); (2) all *persons* directly or indirectly *controlling* or *controlled* by us; and (3) all of our current *employees* (other than *employees* performing only clerical, administrative, support or similar functions).

Person: A natural person (an individual) or a company. A company includes any partnership, corporation, trust, limited liability company ("LLC"), limited liability partnership ("LLP"), sole proprietorship, or other organization.

⁴ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

- B. If our firm or a *related person* invests in the same securities (or related securities, *e.g.*, warrants, options or futures) that our firm or a *related person* recommends to *clients*, we are required to describe our practice and discuss the conflicts of interest this presents and generally how we address the conflicts that arise in connection with personal trading.

See Item 11A of this Brochure.

- C. If our firm or a *related person* recommends securities to *clients*, or buys or sells securities for *client* accounts, at or about the same time that you or a *related person* buys or sells the same securities for our firm's (or the *related person's* own) account, we are required to describe our practice and discuss the conflicts of interest it presents. We are also required to describe generally how we address conflicts that arise.

See Item 11A of this Brochure.

Item 12. Brokerage Practices

- A. Description of the factors that we consider in selecting or recommending broker-dealers for *client* transactions and determining the reasonableness of their compensation (*e.g.*, commissions).
1. Research and Other Soft Dollar Benefits. If we receive research or other products or services other than execution from a broker-dealer or a third party in connection with *client* securities transactions ("soft dollar benefits"), we are required to disclose our practices and discuss the conflicts of interest they create. Please note that we must disclose all soft dollar benefits we receive, including, in the case of research, both proprietary research (created or developed by the broker-dealer) and research created or developed by a third party.

Our firm has an arrangement with Fidelity Brokerage Services LLC (together with all affiliates, "Fidelity") through which Fidelity provides our firm with Fidelity's "platform" services. The platform services include, among others, brokerage, custodial, administrative

support, record keeping and related services that are intended to support our firm in conducting business and in serving the best interests of our clients but that may benefit our firm.

- a. Explanation of when we use *client* brokerage commissions (or markups or markdowns) to obtain research or other products or services, and how we receive a benefit because our firm does not have to produce or pay for the research, products or services.

As part of the arrangement described in Item 12A1, Fidelity also makes certain research and brokerage services available at no additional cost to our firm. These services include certain research and brokerage services, including research services obtained by Fidelity directly from independent research companies, as selected by our firm (within specific parameters). The research and brokerage services provided by Fidelity are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

- b. Incentive to select or recommend a broker-dealer based on our interest in receiving the research or other products or services, rather than on our *clients'* interest in receiving best execution.

As a result of receiving the services discussed in 12A(1)a of this Firm Brochure for no additional cost, we may have an incentive to continue to use or expand the use of Fidelity's services. Our firm examined this potential conflict of interest when we chose to enter into the relationship with Fidelity and we have determined that the relationship is in the best interest of our firm's clients and satisfies our client obligations, including our duty to seek best execution.

Fidelity charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). Fidelity enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. Fidelity's commission rates are generally discounted from customary retail commission rates. However, the commission and transaction fees charged by Fidelity may be higher or lower than those charged by other custodians and broker-dealers. It should also be noted that Fidelity has agreed to cover up to ten thousand dollars (\$10,000) worth of transition costs for our firm to move our business to Fidelity.

- c. Causing *clients* to pay commissions (or markups or markdowns) higher than those charged by other broker-dealers in return for soft dollar benefits (known as paying-up).

Our clients may pay a commission to Fidelity that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and

research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

- d. Disclosure of whether we use soft dollar benefits to service all of our *clients*' accounts or only those that paid for the benefits, as well as whether we seek to allocate soft dollar benefits to *client* accounts proportionately to the soft dollar credits the accounts generate.

Although the investment research products and services that may be obtained by our firm will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account.

- 2) Brokerage for *Client* Referrals. If we consider, in selecting or recommending broker-dealers, whether our firm or a *related person* receives *client* referrals from a broker-dealer or third party, we are required to disclose this practice and discuss the conflicts of interest it creates.

Our firm does not receive brokerage business for client referrals.

- 3) Directed Brokerage.

- a. If we routinely recommend, request or require that a *client* directs us to execute transactions through a specified broker-dealer, we are required to describe our practice or policy. Further, we must explain that not all advisers require their *clients* to direct brokerage. If our firm and the broker-dealer are affiliates or have another economic relationship that creates a material conflict of interest, we are further required to describe the relationship and discuss the conflicts of interest it presents by explaining that through the direction of brokerage we may be unable to achieve best execution of *client* transactions, and that this practice may cost our *clients* more money.

In certain instances, clients may seek to limit or restrict our discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are effected. Any such client direction must be in writing (often through our advisory agreement), and may contain a representation from the client that the arrangement is permissible under its governing laws and documents, if this is relevant.

We provide appropriate disclosure in writing to clients who direct trades to particular brokers, that with respect to their directed trades, they will be treated as if they have

retained the investment discretion that we otherwise would have in selecting brokers to effect transactions and in negotiating commissions and that such direction may adversely affect our ability to obtain best price and execution. In addition, we will inform you in writing that your trade orders may not be aggregated with other clients' orders and that direction of brokerage may hinder best execution.

Special Considerations for ERISA Clients

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

- b. If we permit a *client* to direct brokerage, we are required to describe our practice. If applicable, we must also explain that we may be unable to achieve best execution of your transactions. Directed brokerage may cost *clients* more money. For example, in a directed brokerage account, you may pay higher brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or you may receive less favorable prices on transactions.

See Item 12A(3) of this Brochure.

- B. Discussion of whether, and under what conditions, we aggregate the purchase or sale of securities for various *client* accounts in quantities sufficient to obtain reduced transaction costs (known as bunching). If we do not bunch orders when we have the opportunity to do so, we are required to explain our practice and describe the costs to *clients* of not bunching.

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation

Item 13. Review of Accounts or Financial Plans

- A. Review of *client* accounts or financial plans, along with a description of the frequency and nature of our review, and the titles of our *employees* who conduct the review.

We review accounts on at least a quarterly basis for our clients subscribing to the following services: Comprehensive Portfolio Management and Portfolio Monitoring. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

Financial planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

- B. Review of *client* accounts on other than a periodic basis, along with a description of the factors that trigger a review.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

- C. Description of the content and indication of the frequency of written or verbal regular reports we provide to *clients* regarding their accounts.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we meet with clients who subscribe to the following services: Comprehensive Portfolio Management and Portfolio Monitoring.

As mentioned in Item 13A of this Brochure, financial planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately contract with us for a post-financial plan meeting or update to their initial written financial plan.

Item 14. Client Referrals and Other Compensation

- A. If someone who is not a *client* provides an economic benefit to our firm for providing investment advice or other advisory services to our *clients*, we must generally describe the arrangement. For purposes of this Item, economic benefits include any sales awards or other prizes.

Except for the arrangements outlined in Item 12 of this Brochure, we have no additional arrangements to disclose.

- B. If our firm or a *related person* directly or indirectly compensates any *person* who is not our *employee* for *client* referrals, we are required to describe the arrangement and the compensation.

We may pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain *Solicitors Agreements* in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

Item 15. Custody

- A. If we have *custody* of *client* funds or securities and a qualified custodian as defined in SEC rule 206(4)-2 or similar state rules (for example, a broker-dealer or bank) does not send account statements with respect to those funds or securities directly to our *clients*, we must disclose that we have *custody* and explain the risks that you will face because of this.

All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm.

- B. If we have *custody* of *client* funds or securities and a qualified custodian sends quarterly, or more frequent, account statements directly to our *clients*, we are required to explain that you will receive account statements from the broker-dealer, bank, or other qualified custodian and that you should carefully review those statements.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

Item 16. Investment Discretion

If we accept *discretionary authority* to manage securities accounts on behalf of *clients*, we are required to disclose this fact and describe any limitations our *clients* may place on our authority. The following procedures are followed before we assume this authority:

Our clients need to sign a discretionary investment advisory agreement with our firm for the management of their account. This type of agreement only applies to our Comprehensive Portfolio Management clients. We do not take or exercise discretion with respect to our other clients.

Item 17. Voting Client Securities

- A. If we have, or will accept, proxy authority to vote *client* securities, we must briefly describe our voting policies and procedures, including those adopted pursuant to SEC Rule 206(4)-6.

SEC Rule 206(4)-6 requires investment advisers who have voting authority with respect to securities held in their clients' accounts to monitor corporate actions and vote proxies in their clients' interests. We are required by the SEC to adopt written policies and procedures, make those policies and procedures available to clients, and retain certain records with respect to proxy votes cast.

We consider proxy voting an important right of our clients as shareholders and believe that reasonable care and diligence must be taken to ensure that such rights are properly and timely exercised. When we have discretion to vote the proxies of our clients, we will vote those proxies in your best interests and in accordance with these policies and procedures. Clients may request a copy of our written policies and procedures regarding proxy voting and/or information on how particular proxies were voted by contacting our Chief Compliance Officer, Tyler Dritz by phone at (424) 208-8000 or email at Tyler@Lindbrookcapital.com.

1. Policy for Voting Proxies.

All proxies received by our firm will be given to our Chief Compliance Officer for processing. Our Chief Compliance Officer will determine which accounts managed by our firm hold the security to which the proxy relates. These accounts and their share holdings will be matched to the proxies received for each security. Missing proxies or significant variances in shares held will be investigated.

A grid of shares held by the client for each security being voted will be updated with each proxy being voted. Our Chief Compliance Officer will review each item for voting on each proxy. Based on our Proxy Voting Guidelines outlined below, a determination of how our firm votes will be made. Any undefined issues will be referred to our President.

A listing of each proxy voted will be updated at the time the proxy is voted.

Proxies will generally be voted online unless custodian requires mailed form.

In the absence of specific voting guidelines from the client, we will vote proxies in the best interest of each particular client.

We look to ensure that our firm is compliant with the New Exchange Act Rule 14a-11. In accordance with the aforementioned rule, our firm provides shareholders with the opportunity to nominate directors at a shareholder meeting under the applicable state or foreign law. Clients also have the ability to have their nominees included in the company proxy materials sent to all of our shareholders. Furthermore, the clients as shareholders also have the ability to use the shareholder proposal process to establish procedures for the inclusion of shareholder director nominations in company proxy materials.

2. Proxies Voting Guidelines.

Where voting authority exists, proxies are voted by our firm in the best interests of plan beneficiaries:

- FOR directors and FOR management on routine matters.
- FOR a limit on or reduction of the number of directors, and FOR an increase in the number of directors on a case by case basis.
- AGAINST the creation of a tiered board.
- FOR the elimination of cumulative voting.
- FOR independence of auditors
- FOR deferred compensation.
- FOR profit sharing plans.
- FOR stock option plans unless the plan could result in material dilution to shares outstanding or is excessive.
- FOR stock repurchases.
- FOR an increase in authorized shares unless the authorization effectively results in a blind investment pool for shareholders.
- FOR reductions in the par value of stock.
- FOR company name changes.
- FOR routine appointments of auditors.

We abstain on motions to limit directors' liability. Material issues not addressed above (e.g., mergers, poison pills, social investing and miscellaneous shareholder proposals) are dealt with on a case-by-case basis.

(i) Description of whether (and, if so, how) our *clients* can direct our vote in a particular solicitation.

Our firm will defer to client voting policies as directed. Eligible shares are monitored against ballots received from custodians, and detailed records of all issues and votes are maintained and reported to clients as requested.

(ii) How we address conflicts of interest between our firm and *clients* are addressed with respect to voting their securities.

We recognize that under certain circumstances we may have a conflict of interest between us and our clients. Such circumstances may include, but are not limited to, situations where our firm or one or more of our affiliates, including officers, directors and employees, has or is seeking a client relationship with the issuer of the security that is the subject of the proxy vote. We shall periodically inform our employees that they are under an obligation to be aware of the potential for conflicts of interest on the part of our firm with respect to voting proxies on behalf of funds, both as a result of our employee's personal relationships and due to circumstances that may arise during the conduct of our business, and to bring conflicts of interest of which they become aware to the attention of the proxy manager. We shall not vote proxies relating to such issuers on behalf of client accounts until we have determined that the conflict of interest is not material or a method of resolving such conflict of interest has been agreed upon by our management team. A conflict of interest will be considered material to the extent that it is determined that such conflict has the potential to influence our decision-making in voting a proxy. Materiality determinations will be based upon an assessment of the particular facts and circumstances. If we determine that a conflict of interest is not material, we may vote proxies notwithstanding the existence of a conflict. If the conflict of interest is determined to be material, the conflict shall be disclosed to our management team and we shall follow the instructions of the management team. We shall keep a record of all materiality decisions and report them to the management team on an annual basis.

(iii) Description of how *clients* may obtain information from us about how we voted their securities.

Our Chief Compliance Officer will maintain files relating to our proxy voting procedures. Records will be maintained and preserved for five years from the end of the fiscal year during which the last entry was made on a record, with records for the last two years kept on our premises. Records of the following will be included in the files:

Copies of these proxy voting policies and procedures, and any amendments thereto.

A copy of each proxy statement that we receive, provided however that our firm may rely on obtaining a copy of proxy statements from the SEC's EDGAR system for those proxy statements that are available.

A record of each vote that we cast.

A copy of any document we created that was material to making a decision how to vote proxies, or that memorializes that decision.

A copy of each written client request for information on how we voted such client's proxies, and a copy of any written response to any client request for information on how we voted their proxies.

(iv) How *clients* may obtain a copy of our proxy voting policies and procedures upon request.

Clients may request a copy of our written policies and procedures regarding proxy voting and/or information on how particular proxies were voted by contacting our Chief Compliance Officer, Tyler Dritz at (424) 208-8000 or email at Tyler@Lindbrookcapital.com.

B. If we routinely rely on one or more third-party proxy voting services to advise you in connection with voting *client* securities, we are required to list the proxy voting services that we use⁵, describe how we select the proxy voting services, and explain whether we permit *clients* to direct the use of a particular proxy voting service with respect to the securities held in their accounts.

(i) Whether we pay for proxy voting services with soft dollars or pass the cost on to our *clients* through a supplement to our advisory fee.

We do not pay for proxy voting services with soft dollars. Also, we do not charge an additional fee to vote proxies.

C. If we do not have authority to vote *client* securities, we must disclose this fact.

See Item 17A of this Brochure.

Item 18. Financial Information

A. If we require or solicit prepayment of more than \$1,200 in fees per *client*, six months or more in advance, we must include a balance sheet for our most recent fiscal year.

We do not require nor do we solicit prepayment of more than \$1,200 in fees per *client*, six months or more in advance. Therefore we have not included a balance sheet for our most recent fiscal year.

B. If we are an SEC-registered adviser and have *discretionary authority or custody* of *client* funds or securities, or we require or solicit prepayment of more than \$1,200 in fees per *client*, six months or more in advance, we must disclose any financial condition that is reasonably likely to impair our ability to meet contractual commitments to *clients*.

We have nothing to disclose in this regard.

⁵ We do not need to identify a proxy voting service that a *client* directs us to use unless we also use the service for the purpose of voting the securities of other *clients*.

- C. If we have been the subject of a bankruptcy petition at any time during the past ten years, we must disclose this fact, the date the petition was first brought, and the current status.

We have nothing to disclose in this regard.
