This firm has been in business since February 2011, and the principal owner is Darryl Wayne Bryant.

B. Types of Advisory Services

6th Street Advisors, LLC (hereinafter "6th Street") offers the following services to advisory clients:

Investment Supervisory Services

6th Street offers ongoing portfolio management services based on the individual goals, objectives, time horizon, and risk tolerance of each client. 6th Street creates an Investment Policy Statement for each client, which outlines the client's current situation (income, tax levels, and risk tolerance levels) and then constructs a plan (the Investment Policy Statement) to aid in the selection of a portfolio that matches each client's specific situation. Investment Supervisory Services include, but are not limited to, the following:

- Investment strategy
- Asset allocation
- Risk tolerance
- Personal investment policy
- Asset selection
- Regular portfolio monitoring

6th Street evaluates the current investments of each client with respect to their risk tolerance levels and time horizon. Risk tolerance levels are documented in the Investment Policy Statement, which is given to each client.

Financial Planning

Financial plans and financial planning may include, but are not limited to: investment planning, life insurance; tax concerns; retirement planning; college planning; and debt/credit planning. These services are based on fixed fees and the final fee structure is documented in Exhibit II of the Financial Planning Agreement.

Services Limited to Specific Types of Investments

6th Street limits its investment advice and/or money management to mutual funds, equities, bonds, fixed income, debt securities, ETFs, REITs, and government securities. 6th Street may use other securities as well to help diversify a portfolio when applicable.

C. Client Tailored Services and Client Imposed Restrictions

6th Street offers the same suite of services to all of its clients. However, specific client financial plans and their implementation are dependent upon the client Investment Policy Statement which outlines each client's current situation (income, tax levels, and risk tolerance levels) and is used to construct a client specific plan to aid in the selection of a portfolio that matches restrictions, needs, and targets.

Clients may impose restrictions in investing in certain securities or types of securities in accordance with their values or beliefs. However, if the restrictions prevent 6th Street from properly servicing the client account, or if the restrictions would require 6th Street to deviate from its standard suite of services, 6th Street reserves the right to end the relationship.

D. Wrap Fee Programs

6th Street does not participate in any wrap fee programs.

E. Amounts Under Management

6th Street has the following assets under management:

Advisory fees are withdrawn directly from the client's accounts with client written authorization. 6th Street will not be compensated on the basis of a share of capital gains upon or capital appreciation of the funds or any portion of the funds of the client.

In cases where Advisor fees are directly deducted, Advisor is required to a.) Obtain client authorization, b.) Investment Strategies

Long term trading is designed to capture market rates of both return and risk. Frequent trading, when done, can affect investment performance, particularly through increased brokerage and other transaction costs and taxes.

Short term trading generally hold greater risk and clients should be aware that there is a material risk of loss using any of those strategies.

C. Investing Personal Money in the Same Securities as Clients

From time to time, representatives of 6th Street may buy or sell securities for themselves that they also recommend to clients. This may provide an opportunity for representatives of 6th Street to buy or sell the same securities before or after recommending the same securities to clients resulting in representatives profiting off the recommendations they provide to clients. Such transactions may create a conflict of interest. 6th Street will always document any transactions that could be construed as conflicts of interest and will always transact client business before their own when similar securities are being bought or sold.

D. Trading Securities At/Around the Same Time as Clients' Securities

From time to time, representatives of 6th Street may buy or sell securities for themselves at or around the same time as clients. Item 12: Brokerage Practices

A. Factors Used to Select Custodians and/or Broker/Dealers

The Custodian, Shareholders Service Group, Inc. (CRD# 125226), was chosen based on their relatively low transaction fees and access to mutual funds and ETFs. 6th Street will never charge a premium or commission on transactions, beyond the actual cost imposed by Custodian.

1. Research and Other Soft-Dollar Benefits

6th Street receives no research, product, or service other than execution from a broker-dealer or third-party in connection with client securities transactions ("soft dollar benefits").

2. Brokerage for Client Referrals

6th Street receives no referrals from a broker-dealer or third party in exchange for using that broker-dealer or third party.

3. Clients Directing Which Broker/Dealer/Custodian to Use

6th Street allows clients to direct brokerage. 6th Street may be unable to achieve most favorable execution of client transactions if clients choose to direct brokerage. This may cost clients money because without the ability to direct brokerage 6th Street may not be able to aggregate orders to reduce transactions costs resulting in higher brokerage commissions and less favorable prices. Not all investment advisers allow their clients to direct brokerage.

B. Aggregating (Block) Trading for Multiple Client Accounts

6th Street maintains the ability to block trade purchases across accounts. While block trading may benefit clients by purchasing larger blocks in groups, we do not feel that the clients are at a disadvantage due to the best execution practices of our custodian.

Item 13: Reviews of Accounts

A. Frequency and Nature of Periodic Reviews and Who Makes Those Reviews

Client accounts are reviewed at least monthly only by Darryl Wayne Bryant, Managing Member. Darryl Wayne Bryant is the chief advisor and is instructed to review clients' accounts with regards to their investment policies and risk tolerance levels. All accounts at 6th Street are assigned to this reviewer.

All financial planning accounts are reviewed upon financial plan creation and plan delivery by Darryl Wayne Bryant, Managing Member. There is only one level of review and that is the total review conducted to create the financial plan.

B. Factors That Will Trigger a Non-Periodic Review of Client Accounts

Reviews may be triggered by material market, economic or political events, or by changes in client's financial situations (such as retirement, termination of employment, physical move, or inheritance).

C. Content and Frequency of Regular Reports Provided to Clients

Each client will receive at least quarterly a written report that details the clients account which may come from the custodian.

Clients are provided a one-time financial plan concerning their financial situation. After the presentation of the plan, there are no further reports. Clients may request additional plans or reports for a fee.

Form ADV 2A Version: 2/28/2012
